

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
WASHINGTON, D.C. 20549

FORM 10-K

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF  
THE SECURITIES EXCHANGE ACT OF 1934  
**For The Fiscal Year Ended December 31, 2008**  
OR  
 TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d)  
OF THE SECURITIES EXCHANGE ACT OF 1934

Commission File Number 1-3610

**ALCOA INC.**

(Exact name of registrant as specified in its charter)

Pennsylvania  
(State of incorporation)

25-0317820  
(I.R.S. Employer Identification No.)

**390 Park Avenue, New York, New York 10022-4608**  
(Address of principal executive offices) (Zip code)

**Registrant's telephone numbers:**

**Investor Relations----- (212) 836-2674**  
**Office of the Secretary----- (212) 836-2732**

**Securities registered pursuant to Section 12(b) of the Act:**

<u>Title of each class</u>	<u>Name of each exchange on which registered</u>
Common Stock, par value \$1.00	New York Stock Exchange

**Securities registered pursuant to Section 12(g) of the Act: None**

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes  No .

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act. Yes  No .

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months, and (2) has been subject to such filing requirements for the past 90 days. Yes  No .

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act.  
Large accelerated filer  Accelerated filer  Non-accelerated filer  Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No .

The aggregate market value of the outstanding common stock, other than shares held by persons who may be deemed affiliates of the registrant, as of the last business day of the registrant's most recently completed second fiscal quarter was approximately \$29 billion. As of February 10, 2009, there were 801,774,739 shares of common stock, par value \$1.00 per share, of the registrant outstanding.

**Documents incorporated by reference.**

Part III of this Form 10-K incorporates by reference certain information from the registrant's definitive Proxy Statement for its 2009 Annual Meeting of Shareholders to be filed pursuant to Regulation 14A (Proxy Statement).

#### **Note on Incorporation by Reference**

In this Form 10-K, selected items of information and data are incorporated by reference to portions of the Proxy Statement. Unless otherwise provided herein, any reference in this report to disclosures in the Proxy Statement shall constitute incorporation by reference of only that specific disclosure into this Form 10-K.

## PART I

### Item 1. Business.

#### **General**

Formed in 1888, Alcoa Inc. is a Pennsylvania corporation with its principal office in New York, New York. In this report, unless the context otherwise requires, “Alcoa” or the “company” means Alcoa Inc. and all subsidiaries consolidated for the purposes of its financial statements.

The company’s Internet address is <http://www.alcoa.com>. Alcoa makes available free of charge on or through its website its annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 as soon as reasonably practicable after the company electronically files such material with, or furnishes it to, the Securities and Exchange Commission (SEC). The SEC maintains an Internet site that contains these reports at <http://www.sec.gov>.

#### **Forward-Looking Statements**

This report contains (and oral communications made by Alcoa may contain) statements that relate to future events and expectations and, as such, constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include those containing such words as “anticipates,” “believes,” “estimates,” “expects,” “hopes,” “targets,” “should,” “will,” “will likely result,” “forecast,” “outlook,” “projects” or other words of similar meaning. All statements that reflect Alcoa’s expectations, assumptions or projections about the future other than statements of historical fact are forward-looking statements, including, without limitation, forecasts concerning aluminum industry growth or other trend projections, anticipated financial results or operating performance, and statements about Alcoa’s strategies, objectives, goals, targets, outlook, and business and financial prospects. Forward-looking statements are subject to a number of known and unknown risks, uncertainties and other factors and are not guarantees of future performance. Actual results, performance or outcomes may differ materially from those expressed in or implied by those forward-looking statements. For a discussion of some of the specific factors that may cause Alcoa’s actual results to differ materially from those projected in any forward-looking statements, see the following sections of this report: Part I, Item 1A (Risk Factors), Part II, Item 7 (Management’s Discussion and Analysis of Financial Condition and Results of Operations), including the disclosures under Segment Information, Market Risks and Derivative Activities, and Environmental Matters, and Note N to the Consolidated Financial Statements in Part II, Item 8 (Financial Statements and Supplementary Data). Alcoa disclaims any intention or obligation to update publicly any forward-looking statements, whether in response to new information, future events or otherwise, except as required by applicable law.

#### **Overview**

Alcoa is the world leader in the production and management of primary aluminum, fabricated aluminum, and alumina combined, through its active and growing participation in all major aspects of the industry: technology, mining, refining, smelting, fabricating, and recycling. Aluminum is a commodity that is traded on the London Metal Exchange (LME) and priced daily based on market supply and demand. Aluminum and alumina represent more than three-fourths of Alcoa’s revenues, and the price of aluminum influences the operating results of Alcoa. Nonaluminum products include precision castings and aerospace and industrial fasteners. Alcoa’s products are used worldwide in aircraft, automobiles, commercial transportation, packaging, building and construction, oil and gas, defense, and industrial applications.

Alcoa is a global company operating in 35 countries. Based upon the country where the point of sale occurred, North America and Europe generated 54% and 26%, respectively, of Alcoa’s sales in 2008. In addition, Alcoa has

## [Table of Contents](#)

investments and activities in Australia, Brazil, China, Iceland, Guinea and Russia, all of which present opportunities for substantial growth. Governmental policies and other economic factors, including inflation and fluctuations in foreign currency exchange rates and interest rates, affect the results of operations in these countries.

Alcoa's operations consist of five worldwide segments: Alumina, Primary Metals, Flat-Rolled Products, Engineered Products and Solutions, and Packaging and Consumer (this segment no longer contains any operations as the businesses within this segment were divested during 2008).

### **Description of the Business**

Information describing Alcoa's businesses can be found on the indicated pages of this report:

The following charts and related discussion of the company's Bauxite Interests, Alumina Refining and Primary Aluminum Facilities and Capacities, and Flat-Rolled Products, Engineered Products and Solutions and Corporate Facilities provide additional description of Alcoa's businesses. The Alumina segment primarily consists of a series of affiliated operating entities referred to as Alcoa World Alumina and Chemicals (AWAC). Alcoa owns 60% and Alumina Limited owns 40% of these individual entities. For more information on AWAC, see Exhibit Nos. 10 (a) through 10(f)(1) to this report.

**Bauxite Interests**

Aluminum is one of the most plentiful elements in the earth’s crust. Aluminum is produced primarily from bauxite, an ore containing aluminum in the form of aluminum oxide, commonly referred to as alumina. Aluminum is made by extracting alumina from bauxite and then removing oxygen from the alumina. Alcoa processes most of the bauxite that it mines into alumina. The company obtains bauxite from resources held by AWAC, from the company’s interests in the countries listed in the chart below, and under both long-term and short-term contracts and mining leases. In 2008, Alcoa consumed 35.2 million metric tons (mt) of bauxite from its own resources, 6.0 million mt from related third parties and 3.3 million mt from unrelated third parties. Alcoa’s present sources of bauxite are sufficient to meet the forecasted requirements of its alumina refining operations for the foreseeable future. The following table provides information regarding the company’s bauxite interests:

**Alcoa Active Bauxite Interests<sup>1</sup>**

Country	Project	Owners’ Mining Rights (% Entitlement)	Expiration Date of Mining Rights
Australia	Darling Range Mines	Alcoa of Australia Limited (AofA) <sup>2</sup> (100%)	2045
Brazil	Poços de Caldas	Alcoa Alumínio S.A. (Alumínio) (100%)	2020 <sub>3</sub>
	Trombetas	Mineração Rio do Norte S.A. (MRN) <sup>4</sup> (100%)	2046 <sub>3</sub>
Guinea	Boké	Compagnie des Bauxites de Guinée (CBG) <sup>5</sup> (100%)	2038 <sub>6</sub>
Jamaica	Clarendon/Manchester Plateau	Alcoa Minerals of Jamaica, L.L.C. <sup>7</sup> (55%) Clarendon Alumina Production Ltd. <sup>8</sup> (45%)	2042
Suriname	Caramacca	BHP Billiton (45%) Suriname Aluminum Company, L.L.C. (Suralco) <sup>7</sup> (55%)	2012 <sub>9</sub>
	Coermotibo	BHP Billiton (45%) Suralco (55%)	2033 <sub>9</sub>
	Kaimangrasi	BHP Billiton (45%) Suralco (55%)	2033 <sub>9</sub>
	Klaverblad	BHP Billiton (45%) Suralco (55%)	2033 <sub>9</sub>

- <sup>1</sup> Alcoa also has interests at the following locations that are bauxite resources which do not currently produce bauxite: Cape Bougainville and Mitchell Plateau in Australia and Juruti in Brazil (currently scheduled for completion in mid 2009 and expected to initially produce 2.6 million mt per year) as well as Brownsberg, Coermotibo DS, Lely Mountains, and Nassau, all in eastern Suriname.
- <sup>2</sup> AofA is part of the AWAC group of companies and is owned 60% by Alcoa and 40% by Alumina Limited.
- <sup>3</sup> Brazilian mineral legislation does not establish the duration of mining concessions. The concession remains in force until the complete exhaustion of the deposit. The company estimates that (i) the concessions at Poços de Caldas will last at least until 2020 and (ii) the concessions at Trombetas will last until 2046. Depending, however, on actual and future needs, the rate at which the deposits are explored and government approval is obtained, the concessions may be extended to (or expire at) a later (or an earlier) date.
- <sup>4</sup> Alumínio holds an 8.125% interest, Alcoa World Alumina Brasil Ltda. (formerly Abalco S.A., which merged with Alcoa World Alumina Brasil Ltda. in December 2008) (AWA Brasil) holds a 4.375% interest and Alcoa World Alumina LLC (AWA LLC) holds a 5% interest in MRN. AWA Brasil and AWA LLC are both part of the AWAC group of companies and are owned 60% by Alcoa and 40% by Alumina Limited. MRN is jointly owned with affiliates of Rio Tinto Alcan Inc. (formerly Alcan Inc.), Companhia Brasileira de Alumínio, Companhia Vale do Rio Doce, BHP Billiton Plc (BHP Billiton) and Norsk Hydro. Alumínio, AWA Brasil, and AWA LLC purchase bauxite from MRN under long-term supply contracts.
- <sup>5</sup> AWA LLC owns a 45% interest in Halco (Mining), Inc. Halco owns 100% of Boké Investment Company, a Delaware company, which owns 51% of CBG. The Guinean Government owns 49% of CBG, which has the exclusive right through 2038 to develop and mine bauxite in certain areas within a 10,000 square-mile perimeter in northwestern Guinea.

## [Table of Contents](#)

- 6 AWA LLC has a bauxite purchase contract with CBG that will provide Alcoa with bauxite through 2011.
- 7 This entity is part of the AWAC group of companies and is owned 60% by Alcoa and 40% by Alumina Limited.
- 8 Clarendon Alumina Production Ltd. is a wholly-owned subsidiary of the Government of Jamaica.
- 9 In addition to the other named Suriname interests, Lelydorp was an active site until the mine was exhausted and closed in February 2007. While mining rights at Caramacca extend until 2012 and rights at the remaining Suriname locations extend until 2033, it is likely that all Suriname bauxite resources will also be exhausted within the next several years. Alcoa is evaluating alternative sources of bauxite including resources from Suralco's concession in eastern Suriname, such as the Nassau plateau.

### **Alumina Refining Facilities and Capacity**

Alcoa is the world's leading producer of alumina. Alcoa's alumina refining facilities and its worldwide alumina capacity are shown in the following table:

#### **Alcoa Worldwide Alumina Refining Capacity**

Country	Facility	Owners (% of Ownership)	Nameplate Capacity <sup>1</sup> (000 MTPY)	Alcoa Consolidated Capacity <sup>2</sup> (000 MTPY)
Australia	Kwinana	AofA <sup>3</sup> (100%)	2,150	2,150
	Pinjarra	AofA <sup>3</sup> (100%)	4,234	4,234
	Wagerup	AofA <sup>3</sup> (100%)	2,500	2,500
Brazil	Poços de Caldas	Alumínio (100%)	390	390
	São Luís (Alumar)	AWA Brasil <sup>3</sup> (18.9%) Rio Tinto Alcan Inc. <sup>4</sup> (10%) Alumínio (35.1%) BHP Billiton <sup>4</sup> (36%)	1,495	807
Jamaica	Jamalco	Alcoa Minerals of Jamaica, L.L.C. <sup>3</sup> (55%) Clarendon Alumina Production Ltd. (45%)	1,421 <sup>5</sup>	784
Spain	San Ciprián	Alúmina Española, S.A. <sup>3</sup> (100%)	1,500	1,500
Suriname	Suralco	BHP Billiton <sup>4</sup> (45%) Suralco <sup>3</sup> (55%)	2,207	1,214
U.S.	Point Comfort, TX	Alcoa World Alumina LLC <sup>3</sup> (100%)	2,305 <sup>6</sup>	2,305
<b>TOTAL</b>			<b>18,202</b>	<b>15,884</b>

<sup>1</sup> Nameplate Capacity is an estimate based on design capacity and normal operating efficiencies and does not necessarily represent maximum possible production. Here, as in the remainder of this report "MTPY" or "mtpy" represents metric tons per year.

<sup>2</sup> The figures in this column reflect Alcoa's share of production from these facilities. For facilities owned by AWAC entities, Alcoa takes 100% of the production.

<sup>3</sup> This entity is part of the AWAC group of companies and is owned 60% by Alcoa and 40% by Alumina Limited.

<sup>4</sup> The named company or an affiliate holds this interest.

<sup>5</sup> In August 2007, Hurricane Dean forced a temporary shut-down of the Jamalco refinery and caused substantial damage to the Rocky Point port from which Jamalco ships alumina. The refinery is currently operating at approximately 95% of nameplate capacity. The facility is shipping alumina from onsite port facilities constructed in 2007. Permanent repairs to the Rocky Point Pier are expected to be completed in 2010.

<sup>6</sup> Production at Point Comfort was partially curtailed by 550,000 mtpy in the second half of 2008 as a result of overall market conditions.

## [Table of Contents](#)

In September 2005, Alcoa announced that its Board of Directors approved plans to make further investments in the company's Brazilian "upstream" operations. Investments include (i) a 2.1 million mtpy expansion of the Alumar consortium alumina refinery in São Luís, state of Maranhão (expected to increase the refinery's current capacity to approximately 3.5 million mtpy in 2009, with Alcoa's share of the total facility output more than doubling to 1.89 million mtpy based on its 54% ownership stake through Alumínio and AWAC) and (ii) the modernization of the Poços de Caldas aluminum smelter, in the state of Minas Gerais.

In November 2005, Alcoa World Alumina LLC (AWA LLC) and Rio Tinto Alcan Inc. signed a Basic Agreement with the Government of Guinea that sets forth the framework for development of a 1.5 million mtpy alumina refinery in Guinea. In 2006, the Basic Agreement was approved by the Guinean National Assembly and was promulgated into law. The Basic Agreement was set to expire in November 2008 but has been extended to 2010. Pre-feasibility studies were completed in 2008. Further project activities may be considered in 2009, but execution is dependent upon global economic conditions and conditions within Guinea.

In September 2006, Alcoa received environmental approval from the Government of Western Australia for expansion of the Wagerup alumina refinery to a maximum capacity of 4.7 million mtpy, a potential increase of over 2 million mtpy. This approval included environmental conditions that must be satisfied before Alcoa can seek construction approval for the project. The project was suspended in November 2008 due to global economic conditions and the unavailability of a secure long term energy supply in Western Australia.

In 2007, Jamalco completed the Early Works Program at its Clarendon, Jamaica refinery, which added 146,000 mtpy of production, increasing the total capacity to 1.421 million mtpy. As a result of the Early Works Program, AWAC's ownership in Jamalco increased to approximately 55%, with the Government of Jamaica owning approximately 45%.

In June 2008 AWAC and Vietnam National Coal-Minerals Industries Group (Vinacomin) signed a Cooperation Agreement in which AWAC agreed to conduct due diligence on the acquisition of a 40% interest in the 600,000 mtpy Nhan Co alumina refinery to be constructed in Vietnam's Central Highlands in Dak Nong Province by a joint stock company majority owned by Vinacomin. Separately, AWAC and Vinacomin agreed to conduct a joint feasibility study of the Gia Nghia bauxite mine and alumina refinery project, also located in Dak Nong Province, with first stage capacity expected to be between 1.0 and 1.5 million mtpy. The due diligence on the Nhan Co project was undertaken in 2008 and Alcoa advised Vinacomin that it does not intend to acquire an interest in the refinery project at this time. The cooperation between AWAC and Vinacomin on Gia Nghia is subject to approval by the Government of Vietnam. If established, the Gia Nghia venture is expected to be 51% owned by Vinacomin, 40% by AWAC and 9% by others.

As a result of the poorer industry economics and liquidity constraints, during the fourth quarter of 2008, we determined the brown field expansion project in Jamaica will not be completed for at least the next several years. In the event the expansion of the Jamaican refinery is revisited at some point in the future, in all likelihood the utility of the costs incurred to date (primarily relating to preliminary engineering with a finite life) would be minimal. As a result, all previously-capitalized costs associated with the expansion (except costs associated with machinery and equipment that can be used elsewhere), totaling \$84 million, were written off in December 2008.

[Table of Contents](#)

**Primary Aluminum Facilities and Capacity**

The company's primary aluminum smelters and their respective capacities are shown in the following table:

**Alcoa Worldwide Smelting Capacity**

Country	Facility	Owners (% Of Ownership)	Nameplate Capacity <sup>1</sup> (000 MTPY)	Alcoa Consolidated Capacity <sup>2</sup> (000 MTPY)
Australia	Point Henry	AofA (100%)	190	190 <sub>3</sub>
	Portland	AofA <sup>4</sup> (55%) CITIC (22.5%) Marubeni (22.5%)	358 <sub>5</sub>	197 <sub>3</sub>

	Wenatchee, WA	Alcoa (100%)	184 <sub>16</sub>	184
<b>TOTAL</b>			<b>5,088</b>	<b>4,531</b>

<sup>1</sup> Nameplate Capacity is an estimate based on design capacity and normal operating efficiencies and does not necessarily represent maximum possible production.

<sup>2</sup> The figures in this column reflect Alcoa's share of production from these facilities.

<sup>3</sup> Figures include the minority interest of Alumina Limited in facilities owned by AofA. From these facilities, Alcoa takes 100% of the production allocated to AofA.

<sup>4</sup> The named company or an affiliate holds this interest.

## Table of Contents

- 5 In December 2008, approximately 15,000 mtpy of annualized production was curtailed at the Portland facility due to overall market conditions.
- 6 In January 2009, approximately 32,000 mtpy of annualized production was curtailed at the Poços de Caldas facility due to overall market conditions.
- 7 In November 2008, Baie Comeau permanently idled one potline as part of a modernization program.
- 8 Owned through Rio Tinto Alcan Inc. subsidiary, Pechiney Reynolds Quebec, Inc.
- 9 In April 2007, Alcoa began production at its new Fjarðaál aluminum smelter in east Iceland. Full production was achieved in April 2008.
- 10 The Warrick facility currently has one idled potline of approximately 40,000 mtpy of annualized production.
- 11 At the end of 2005, all production was temporarily curtailed at the Eastalco smelter located in Frederick, Maryland.
- 12 The Badin, North Carolina facility has been idled since August 2002. In addition, one of the two idled potlines was fully decommissioned in 2007 and will not be returned to service. The decommissioning reduced Nameplate and Alcoa Consolidated Capacities by 60,000 mtpy.
- 13 A power line failed during a severe storm at Tennessee Operations in April 2007. Production on a temporarily idled line increased throughout 2007 and 2008. Full curtailment of smelting at this facility is expected to be implemented by the end of the first quarter 2009.
- 14 Between June and October 2008, three of Rockdale's six potlines were idled as a result of uneconomical power prices. The remaining three operative lines were idled in November 2008 due to uncompetitive power supply and overall market conditions.
- 15 In November 2008, one of Intalco's three potlines (approximately 93,000 mtpy of annualized production) was idled.
- 16 Wenatchee is operating at approximately one-half of its capacity.

As of December 31, 2008, Alcoa had approximately 807,000 mtpy of idle capacity against total Alcoa Consolidated Capacity of 4,531,000 mtpy.

Alcoa and the Government of Iceland began detailed feasibility studies for the development of a 250,000 mtpy aluminum smelter at Bakki near Húsavík in north Iceland in 2006; the MOU related to this activity was extended in 2008. Separate MOU agreements between Alcoa and Landsvirkjun and Alcoa and Landsnet covering development of power generation and transmission for this smelter project were signed in May 2006. Although the MOU between Alcoa and Landsvirkjun expired in 2008, the company anticipates continued negotiation and further studies on the project.

In 2007, Alcoa and Greenland Home Rule Government entered into an MOU regarding cooperation on a feasibility study for an aluminum smelter with a 360,000 mtpy capacity in Greenland. The MOU also encompasses a hydroelectric power system and related infrastructure improvements, including a port. In 2008, Greenland's parliament allocated funding to support the second phase of joint studies with Alcoa and endorsed that the smelter be located at Maniitsoq. Related studies are expected to extend through 2010. When it reconvenes in late 2009, Greenland's parliament is expected to consider Greenland's ownership position in the project.

In September 2007, Alcoa, in partnership with Elkem Aluminium ANS (a Norwegian smelting partnership) (EA), opened a new 280,000 mtpy anode plant in Mosjøen, Norway to supply anodes to Alcoa's Fjarðaál, Iceland and EA's Mosjøen, Norway smelters. Historically, EA was a partnership owned 50% by Alcoa and 50% by Orkla ASA (Orkla), through Orkla's subsidiary Elkem AS. However, in December 2008 Alcoa and Orkla agreed to exchange their respective stakes in EA and Sapa AB (a Swedish extrusion joint venture) (Sapa) in order to focus on their respective areas of expertise and best practices. As a result, Alcoa will receive Orkla's 50% stake in EA while Orkla will receive Alcoa's 45.45% stake in Sapa. EA, which will be 100% owned by Alcoa upon completion of the transaction, operates smelters in Mosjøen and Lista, Norway, with a combined output of 282,000 mtpy, and supplies extrusion billets, rolling ingots and foundry ingots to rolling mills, extrusion plants and foundries in Europe. Included in the transaction is EA's stake in the Mosjøen anode plant in which Alcoa already holds an approximate 82% stake. The addition of

## [Table of Contents](#)

these assets will increase Alcoa's global smelting capacity to more than 4.7 million mtpy. The transaction is expected to be completed in the first quarter of 2009.

In January 2008, Alcoa and the Brunei Economic Development Board signed a memorandum of understanding (MOU) to enable more detailed studies into the feasibility of establishing a modern, gas-powered aluminum smelter in Brunei Darussalam. The MOU extends a memorandum signed originally in 2003. Phase one of the feasibility study will determine scope and dimensions of the proposed facility, power-delivery strategy and location, as well as an associated port and infrastructure. At completion of phase one, the parties will determine whether a more detailed phase two study is warranted. If completed, it is expected that the smelter would have an initial operating capacity of 360,000 mtpy with the potential for future increase.

Alcoa owns interests in the following primary aluminum facilities that are accounted for on the equity or cost basis method. The capacity associated with these facilities is not included in Alcoa's consolidated capacity.

<b>Country</b>	<b>Facility</b>	<b>Owners (% Of Ownership)</b>	<b>Nameplate Capacity<sup>1</sup> (000 MTPY)</b>
Norway	Lista <sup>2</sup>	Alcoa (50%) Elkem AS (50%)	94
	Mosjøen <sup>2</sup>	Alcoa (50%) Elkem AS (50%)	188
Venezuela	Alcasa	Alcoa (<1%) Corporación Venezolana de Guayana (CVG) and Japanese Interests (>99%)	210

<sup>1</sup> Nameplate Capacity is an estimate based on design capacity and normal operating efficiencies and does not necessarily represent maximum possible production.

<sup>2</sup> As discussed above, in December 2008, Alcoa and Orkla agreed to exchange their respective stakes in the Sapa extrusion profiles business and EA. Once the exchange is final, Alcoa will own 100% of the Lista and Mosjøen smelters.

In June 2008, Alcoa sold its 10% interest in the Tema facility in Ghana to the Government of Ghana.

[Table of Contents](#)

**Flat-Rolled Products Facilities**

The principal business of the company's Flat-Rolled Products segment is the production and sale of aluminum plate, sheet, foil and hard alloy extrusions. These products serve the packaging and consumer, transportation, building and construction, distribution, aerospace and automotive markets.

**Flat-Rolled Products Principal Facilities**

<sup>1</sup> In January 2009, the company announced its intention to sell its Global Foil business.

<sup>2</sup> In September 2006, Alcoa completed the acquisition of its 70% interest in the aluminum brazing sheet venture in Kunshan City, China. Alcoa is the managing partner in the venture, with the remaining 30% interest held by Shanxi Yuncheng Engraving Group. Kunshan Aluminum is designed to produce 50,000 mtpy of aluminum brazing sheet primarily for the Asian automotive market. It is the third flat-rolled products facility managed by Alcoa in China including those owned and operated by Alcoa Bohai Aluminum Industries Company Limited (Bohai) in Qinhuangdao and Alcoa (Shanghai) Aluminum Products Limited.

<sup>3</sup> In September 2005, Alcoa inaugurated a restructured joint venture with China International Trust & Investment Corporation (CITIC), its equity partner, to produce aluminum rolled products in Bohai, Qinhuangdao City, Hebei Province, China. Alcoa was the managing partner in the new venture, holding a 73% stake, with CITIC holding a 27% stake. In March 2008, Alcoa acquired CITIC's 27% equity interest and Bohai became a wholly owned subsidiary of Alcoa. Bohai operates aluminum cold rolling facilities and is undertaking a major expansion, which includes a hot rolling mill and related equipment. Production from the expansion began in 2008 and is expected to reach approximately 90% of capacity in 2011. Although Bohai ceased foil products production at the end of 2008, it will ship its remaining foil products in the first quarter of 2009.

<sup>1</sup> In January 2009, the company announced its intention to sell its Electrical and Electronic Solutions and Transportation Products Europe businesses.

<sup>2</sup> The company intends to exit the auto cast wheel business and as a result, expects to consolidate this facility by June 2009.

## [Table of Contents](#)

### **Corporate Facilities**

In 2008, management approved a realignment of Alcoa's reportable segments to better reflect the core businesses in which Alcoa operates and how it is managed. As a result of this realignment, the Latin American extrusions business, previously a component of the former Extruded and End Products Segment, is reported in Corporate. For more information, see Note Q to the Consolidated Financial Statements in Part II, Item 8 (Financial Statements and Supplementary Data).

### **Latin American Extrusions Facilities**

<b>COUNTRY</b>	<b>FACILITY</b>	<b>PRODUCTS</b>
Brazil	Itapissuma	Extrusions/Architectural Products
	Utinga	Extrusions/Architectural Products
	Sorocaba	Extrusions/Architectural Products/Dies
	Tubarão	Extrusions/Architectural Products

### **Sources and Availability of Raw Materials**

The major purchased raw materials in 2008 for each of the company's reportable segments are listed below. The company completed the sale of its packaging and consumer business in February 2008. Therefore raw materials for the Packaging & Consumer segment are not included in the list below.

#### **Alumina**

Bauxite  
Caustic soda  
Electricity  
Fuel oil  
Natural gas

#### **Flat-Rolled Products**

Alloying materials  
Aluminum scrap  
Coatings  
Electricity  
Natural gas  
Nitrogen  
Primary aluminum (ingot, billet,  
P1020, high purity)  
Steam

#### **Primary Metals**

Alloying materials  
Alumina  
Aluminum fluoride  
Calcined petroleum coke  
Cathode blocks  
Electricity  
Liquid pitch  
Natural gas  
Silicon carbide

#### **Engineered Products and Solutions**

Cobalt  
Copper  
Electricity  
Natural gas  
Nickel  
Primary aluminum (ingot, billet)  
Resin  
Steel  
Titanium

Other materials generally are purchased from third party suppliers under competitively-priced supply contracts or bidding arrangements. The company believes that the raw materials necessary to its business are and will continue to be available.

**Energy**

Alcoa produces aluminum from alumina by an electrolytic process requiring large amounts of electric power. Electric power accounts for approximately 26% of the company's primary aluminum costs. Alcoa generates approximately 22% of the power used at its smelters worldwide and generally purchases the remainder under long-term arrangements. Power generated by natural gas, or in the alternative, by fuel oil, as purchased by the company, accounts for approximately 15% and 14%, respectively, of the company's total refining production costs. The paragraphs below summarize the sources of power and the long-term power arrangements for Alcoa's smelters and refineries.

*North America – Electricity*

The Deschambault, Baie Comeau and Bécancour smelters in Quebec purchase electricity under long-term contracts with Hydro-Quebec that expire in 2014, subject to extension provisions. The smelter located in Baie Comeau, Quebec purchases approximately 65% of its power needs under the Hydro-Quebec contract and receives the remainder from a 40%-owned hydroelectric generating company, Manicouagan Power Company. In December 2008, new contracts with Hydro-Quebec were signed providing each of the three smelters with an assured power supply through December 2040, provided that Alcoa completes the modernization of the Baie Comeau smelter by the end of 2015. The modernization consists of replacing a Soderberg line with a pre-bake line.

The company's wholly-owned subsidiary, Alcoa Power Generating Inc. (APGI), generates approximately 23% of the power requirements for Alcoa's U.S. smelters. The company generally purchases the remainder under long-term contracts. APGI owns and operates two hydroelectric projects, Tapoco and Yadkin, consisting of eight dams, under Federal Energy Regulatory Commission (FERC) licenses. APGI hydroelectric facilities provide electric power for the aluminum smelters at Alcoa, Tennessee and Badin, North Carolina. The Tennessee smelter also purchases power from the Tennessee Valley Authority under a contract that extends to 2010.

APGI received a renewed 40-year FERC license for the Tapoco project in 2005. The relicensing process is nearing completion for the Yadkin hydroelectric project license. In 2007, APGI filed with FERC a Relicensing Settlement Agreement with the majority of the interested stakeholders that broadly resolved open issues. The National Environmental Policy Act process is complete, with a final environmental impact statement having been issued in April 2008. One remaining requirement for the relicensing is the issuance by North Carolina of the required water quality certification under Section 401 of the Clean Water Act. The Section 401 water quality certification process is ongoing, after the original certification was issued and then withdrawn due to certain technical defects. APGI received a year-to-year license renewal from FERC in May 2008, and will continue to operate under that annual license until the new Section 401 certification is issued and the FERC relicensing process is complete. The entire process is expected to be completed during 2009, including issuance of a new project license. With the Badin smelter idled, power generated from APGI's Yadkin system is largely being sold to an affiliate, Alcoa Power Marketing LLC, and then sold into the wholesale market.

In the Pacific Northwest, Alcoa has been operating under a contract with Chelan County Public Utility District (Chelan PUD) located in the State of Washington that is sufficient to supply about half of the capacity of the Wenatchee smelter through October 2011. In July 2008, Alcoa and Chelan PUD executed a new contract which will begin in November 2011 and run through October 2028 under which Alcoa will receive approximately 26% of the hydropower output of Chelan PUD's Rocky Reach and Rock Island dams.

Alcoa has a contract through September 2011 with the Bonneville Power Administration (BPA) under which Alcoa was receiving financial benefits to reduce the cost of power purchased from the market to partially operate the Intalco smelter. In December 2008, the 9<sup>th</sup> Circuit Court of Appeals issued its opinion in the Pacific Northwest Generating Cooperative v. BPA case which invalidated the financial benefits portion of that arrangement. In January 2009, Alcoa and BPA executed a short-term agreement running through September 2009 that transforms that arrangement into one consistent with the Court's opinion, and a further contract for the October 2009-September 2011 period is expected to be agreed upon in 2009. Alcoa and BPA continue to work on a long-term contract for the supply of a yet-undetermined amount of power for the Intalco smelter for the October 2011-September 2028 period, consistent with BPA's regional public process.

## [Table of Contents](#)

The company, through APGI, generates substantially all of the power used at its Warrick smelter in Indiana using nearby coal reserves. In May 2005, Alcoa acquired mining rights to the nearby Friendsville, Illinois coal reserves and subsequently hired Vigo Coal Company, Inc. to manage and operate the mine. The mine is producing approximately one million tons of coal per year, 45% of the Warrick power plant's requirements. The balance of the coal used is purchased principally from local Illinois basin coal producers pursuant to term contracts of varying duration. In July 2005, Alcoa announced its plans to invest approximately \$525 million at the Warrick power plant to improve environmental performance and operational efficiency, as well as to lower costs. This project was completed in 2008.

Power for the Rockdale smelter in Texas was historically supplied from company-owned generating units and units owned by TXU Generation Company LP (now Luminant Generation Company LLC) (Luminant), both of which used lignite supplied by the company's Sandow Mine. Upon completion of lignite mining in the Sandow Mine in 2005, lignite supply transitioned to the formerly Alcoa-owned Three Oaks Mine. The company retired its three wholly-owned generating units at Rockdale (Units 1, 2 and 3) in late 2006, and transitioned to an arrangement under which Luminant supplies all of the Rockdale smelter's electricity requirements under a long-term power contract that does not expire until at least the end of 2038, with the parties having the right to terminate the contract after 2013 if there has been an unfavorable change in law (or after 2025 if the cost of the electricity exceeds the market price). In August 2007, Luminant and Alcoa closed on the definitive agreements under which Luminant will construct, own and operate a new circulating fluidized bed power plant adjacent to the existing Sandow Unit Four Power Plant, and in September 2007, on the sale of the Three Oaks Mine to Luminant. In June, 2008, Alcoa temporarily idled half of the capacity at the Rockdale smelter due to electricity supply issues with Luminant, and in September 2008 announced the curtailment of the remainder of Rockdale's smelting capacity due to an unreliable power supply and overall market conditions.

In the northeast, the purchased power contracts for both the Massena East and Massena West smelters in New York expire not earlier than June 30, 2013, following their extension in 2003 for 10 years upon New York Power Authority (NYPA) having relicensed its St. Lawrence-FDR Hydro Project. In December 2007, Alcoa and NYPA reached agreement in principle on a new energy contract to supply the Massena East and Massena West smelters for 30 years, beginning on July 1, 2013. The definitive agreement implementing this arrangement has been finalized, approved by the NYPA board, and awaits signatures by NYPA and the company, expected in the first quarter of 2009. Implementation of the Massena East modernization plan is subject to further approval of the Alcoa Board.

The Mt. Holly smelter in South Carolina purchases electricity from Santee Cooper under a contract that expires December 31, 2015, subject to certain extension provisions.

At the end of 2005, all production was temporarily curtailed at the Eastalco smelter located in Frederick, Maryland. The curtailment coincided with the expiration of the smelter's power contract on December 31, 2005, as a competitively-priced replacement power supply could not be obtained. Alcoa continues efforts to find an alternative power source for Eastalco.

### *Australia – Electricity*

Power is generated from extensive brown coal deposits covered by a long-term mineral lease held by AofA, and that power currently provides approximately 40% of the electricity for the company's smelter in Point Henry, Victoria. The State Electricity Commission of Victoria provides the remaining power for this smelter and all power for the Portland smelter, under contracts with AofA that extend to 2014 and 2016, respectively.

### *Brazil – Electricity*

The Alumar smelter is almost entirely supplied by Eletronorte (Centrais Elétricas do Norte do Brasil S.A.) through a long-term power purchase agreement expiring in December 2024. Eletronorte has supplied the Alumar smelter from the beginning of its operations in 1984. Alumínio's remaining power needs for the smelter are supplied from the Barra Grande hydroelectric project.

## [Table of Contents](#)

Alumínio owns a 30.99% stake in Maesa – Machadinho Energética S.A., which is the owner of 83.06% of the Machadinho hydroelectric power plant located in southern Brazil. Alumínio's share of the plant's output is supplied to the Poços de Caldas smelter, and is sufficient to cover 55% of its operating needs.

Alumínio also has a 42.18% interest in Energética Barra Grande S.A. – BAESA, which built the Barra Grande hydroelectric power plant in southern Brazil. Alumínio's share of the power generated by BAESA covers the remaining power needs of the Poços de Caldas smelter and a portion of the power needs of Alumínio's interest in the Alumar smelter.

With Machadinho and Barra Grande, Alumínio's current power self-sufficiency is approximately 40%, to meet a total energy demand of approximately 695 megawatts from Brazilian primary plants.

Alumínio is also participating in a number of other Brazilian hydropower projects. Two of these projects have received the Environmental License Permits from the Federal Government and started construction in 2007:

- *Estreito*, northern Brazil – Alumínio's share is 25.49%
- *Serra do Facão*, in the southeast of Brazil – Alumínio's share is 34.97%

Both projects are expected to begin generating power in 2010.

The Pai Querê project in southern Brazil (Alumínio's share is 35%) and the Santa Isabel project in northern Brazil (Alumínio's share is 20%) are still in the process of obtaining necessary environmental licenses.

If these projects are completed, the power will be used in Alumínio's smelters or sold into the Brazilian grid.

### *Europe – Electricity*

The company purchases electricity for its smelters at Portovesme and Fusina, Italy in the deregulated market, under contracts expiring in December 2009 for both locations. A new law went into effect on May 14, 2005, that extends through December 2010 the special tariff conditions applicable to the Italian smelters. That measure provides a competitive power supply to the primary aluminum industry and is not considered state aid by the Italian Government. However, in July 2006 the European Union (EU) opened an ongoing investigation into whether this provision should be considered unlawful state aid, which may not be compatible with European legislation. Alcoa understands that the Italian Government's continuation of the electricity tariff was done in conformity with all applicable laws and regulations. While Alcoa believes that any additional cost would only be assessed prospectively from the date of the decision of the EU Commission (EC) on this matter, it is possible that the EC could rule that the assessment must be retroactively applied to January 2006. A decision by the EC is not expected until late 2009. On November 29, 2006, Alcoa filed an appeal before the European Court of First Instance seeking the annulment of the decision of the EC to open the investigation alleging that such a decision did not follow the applicable procedural rules. This appeal, which may be withdrawn by Alcoa at any time, is expected to be resolved in 2009.

The company's smelters at San Ciprián, La Coruña and Avilés, Spain purchase electricity from the power grid at the lowest applicable industrial tariff rate under regulations that were to expire in December 2008, but which have been extended on an interim basis. Alcoa is currently negotiating power contracts for the supply of power to its three Spanish smelters in order to provide competitive supplies of electricity after the expiry of the extended industrial tariff, the finalization of which will depend on the completion of the Spanish Government's regulatory package for the electricity sector. On January 25, 2007, the EC announced that it has opened an investigation to establish whether the regulated electricity tariffs granted by Spain comply with EU state aid rules. Alcoa has been operating in Spain for more than ten years under a power supply structure approved by the Spanish Government in 1986, an equivalent tariff having been granted in 1983. The investigation is limited to the year 2005 and it is focused both on the energy-intensive consumers and the distribution companies. It is Alcoa's understanding that the Spanish tariff system for electricity is in conformity with all applicable laws and regulations, and therefore no state aid is present in that tariff system. A decision by the EC is expected in 2009. If the EC's investigation concludes that the regulated electricity tariffs for industries are unlawful, Alcoa will have an opportunity to challenge the decision in the EU courts.

## [Table of Contents](#)

### *Iceland – Electricity*

As noted above, Alcoa's new Fjarðaál smelter in eastern Iceland began operation in 2007. Central to those operations is a 40-year power contract under which Landsvirkjun, the Icelandic national power company, built the Kárahnjúkar dam and hydro-power project, and supplies competitively priced electricity to the smelter. First power was supplied to the Fjarðaál smelter in April 2007, and with the completion of the Kárahnjúkar project in late 2007, the smelter achieved full production in April 2008.

### *Minority Interests – Electricity*

The smelter in Venezuela, in which Alcoa has only an equity stake and is not the operational manager, has a variety of electricity purchase arrangements through its managing or majority partners.

Pursuant to the exchange arrangement with Orkla described above, Alcoa expects to assume 100% ownership of the two smelters in Norway, Lista and Mosjøen, by the end of the first quarter of 2009. These smelters have long-term power arrangements in place which continue until at least 2019.

### *Canada & U.S. – Natural Gas*

In order to supply its refineries and smelters in the U.S. and Canada, the company generally procures natural gas on a competitive bid basis from a variety of sources including producers in the gas production areas and independent gas marketers. For Alcoa's larger consuming locations in Canada and the U.S., the gas commodity as well as interstate pipeline transportation is procured to provide increased flexibility and reliability. Contract pricing for gas is typically based on a published industry index or New York Mercantile Exchange (NYMEX) price. The company may choose to reduce its exposure to NYMEX pricing by hedging a portion of required natural gas consumption.

### *Australia – Natural Gas*

AofA holds a 20% equity interest in a consortium that bought the Dampier-to-Bunbury natural gas pipeline in October 2004. This pipeline transports gas from the northwest gas fields to Alcoa's alumina refineries and other users in the Southwest of Western Australia. AofA uses gas to co-generate steam and electricity for its alumina refining processes at the Kwinana, Pinjarra and Wagerup refineries. Gas supply from Apache Northwest Pty Ltd and a separate joint venture in which Apache is a participant was curtailed beginning in June 2008 following an explosion and fire at its Varanus Island gas processing plant. Supply was progressively restored beginning in August 2008, and full supply is expected to return in early 2009. Although AofA declared force majeure to its alumina customers, the shortfall in gas supply from Varanus Island has been covered by short term contracts with other gas producers and liquid fuels. Production at the Kwinana, Pinjarra and Wagerup refineries was not materially impacted.

## **Patents, Trade Secrets and Trademarks**

The company believes that its domestic and international patent, trade secret and trademark assets provide it with a significant competitive advantage. The company's rights under its patents, as well as the products made and sold under them, are important to the company as a whole and, to varying degrees, important to each business segment. The patents owned by Alcoa generally concern particular products or manufacturing equipment or techniques. Alcoa's business as a whole is not, however, materially dependent on any single patent, trade secret or trademark.

The company has a number of trade secrets, mostly regarding manufacturing processes and material compositions, that give many of its businesses important advantages in their markets. The company continues to strive to improve those processes and generate new material compositions that provide additional benefits.

The company also has a number of domestic and international registered trademarks that have significant recognition within the markets that are served. Examples include Alcoa and the Alcoa Symbol for aluminum products, Howmet metal castings, Huck® fasteners, Kawneer building panels and Dura-Bright® surface treatments. The company's rights under its trademarks are important to the company as a whole and, to varying degrees, important to each business segment.

### **Competitive Conditions**

Alcoa is subject to highly competitive conditions in all aspects of its aluminum and nonaluminum businesses. Competitors include a variety of both U.S. and non-U.S. companies in all major markets. Price, quality and service are the principal competitive factors in Alcoa's markets. Where aluminum products compete with other materials – such as steel and plastics for automotive and building applications; magnesium, titanium, composites and plastics for aerospace and defense applications; steel, plastics and glass for packaging applications – aluminum's diverse characteristics, particularly its light weight, recyclability and flexibility are also significant factors. For Alcoa's segments that market products under Alcoa's brand names, brand recognition and brand loyalty also play a role.

### **Research and Development**

Alcoa, a technology leader in the aluminum industry, engages in research and development programs that include process and product development, and basic and applied research. Expenditures for R&D activities were \$246 million in 2008, \$238 million in 2007 and \$201 million in 2006.

Most of the major process areas within the company have a Technology Management Review Board (TMRB) consisting of members from various worldwide locations. Each TMRB is responsible for formulating and communicating a technology strategy for the corresponding process area, developing and managing the technology portfolio and ensuring the global transfer of technology. Certain business units alternatively conduct these activities and research and development programs within the worldwide business unit, supported by the Alcoa Technical Center. Technical personnel from the TMRBs, the Technical Center and such business units also participate in the corresponding Market Sector Teams. In this manner, research and development activities are aligned with corporate and business unit goals.

During 2008, the company continued to work on new developments for a number of strategic projects in all business segments. In Primary Metals, progress was made on inert anode technology. Progress has been successful in many respects as a result of full pot testing of anode assemblies, although there remain technical and cost targets to achieve. If the technology proves to be commercially feasible, the company believes that it would be able to convert its existing potlines to this new technology, resulting in significant operating cost savings. The new technology would also generate environmental benefits by reducing and eliminating certain emissions, especially carbon dioxide. No timetable has been established for commercial use. Progress was also made on carbothermic projects, which if commercially feasible may reduce capital and energy costs, as well as provide environmental benefits related to waste reduction.

In the semi-fabrication businesses, NASA has certified Alcoa's Davenport, Iowa facility as the only supplier in the U.S. to produce aluminum-lithium alloy 2195 thin plate for the Ares 1 crew launch vehicle, the rocket that will enable astronauts to explore space beyond low earth orbit with the goal of reaching the moon by 2020.

Alcoa has also moved from the research and development stage to "pilot scale" on its continuous cast-rolled products process. In addition, a number of low grade scrap use technologies were developed and implemented providing both cost and environmental benefits. Alcoa's first carbon capture technology plant was launched in 2008, which locks up significant amounts of carbon dioxide that would otherwise be released into the atmosphere. The Kwinana, Australia plant has demonstrated the viability of the technology, and the company is investigating options to deploy the technology throughout Alcoa's refinery system.

A number of products were commercialized in 2008 including Dura Bright® wheels for automotive applications; forged aluminum wheels that are 6% lighter than the traditional forged wheel; unique surface sheet for the consumer electronics market; the vented, wide-mouth can – the industry's first-ever can with a built-in vent that enables consumers to enjoy a smoother pour; lightweight, high-strength applications for the defense market; and high performance products for the oil and gas markets.

## [Table of Contents](#)

For the aerospace market, new multi-material technologies continue to be developed to effectively compete with composites. Alcoa's advanced aerospace alloys contributed to the successful operation of China's first home-produced regional jet, ARJ21-700. In the automotive market, Alcoa also commercialized its proprietary aluminum mold alloy, QC-10<sup>®</sup>, offering an alternative to customers that produce plastic parts using steel tooling.

The company currently has at least 60 new products in various development stages. As a result of product development and technological advancement, the company continues to pursue patent protection in jurisdictions throughout the world.

### **Environmental Matters**

Information relating to environmental matters is included in the following sections of this report: under Management's Discussion and Analysis of Financial Condition and Results of Operations, under the heading, "Environmental Matters" on pages 55-57; in Note A to the Financial Statements under the caption "Environmental Expenditures" on pages 86-87 and in Note N to the Financial Statements under the caption "Environmental Matters" on page 114.

### **Employees**

Total worldwide employment at year-end 2008 was approximately 87,000 employees in 35 countries. About 57,000 of these employees are represented by labor unions. The company believes that relations with its employees and any applicable union representatives generally are good.

In the United States, approximately 12,000 employees are represented by various labor unions. The master collective bargaining agreement between Alcoa and the United Steelworkers covering 10 locations and approximately 7,000 United States employees is scheduled to expire on May 31, 2010. There are 20 other collective bargaining agreements in the United States with varying expiration dates. Various collective bargaining agreements with varying expiration dates cover about 27,000 employees in Europe, 7,000 employees in Mexico, 4,500 employees in South America, 4,000 employees in Australia and 2,500 employees in Canada.

In January 2009, Alcoa announced that it expects to reduce headcount by more than 13,500 worldwide employees by the end of 2009. The company also expects to eliminate 1,700 contractor positions. Alcoa has instituted a global salary and hiring freeze.

### **Item 1A. Risk Factors.**

Alcoa's business, financial condition or results of operations may be impacted by a number of factors. In addition to the factors discussed elsewhere in this report, the following are some of the important factors that could cause Alcoa's actual results to differ materially from those projected in any forward-looking statements:

#### **Risks Relating to Global Economic Downturn and Disruptions in Financial Markets**

**The duration or severity of the current global economic downturn and disruptions in the financial markets, and their impact on Alcoa, are uncertain.**

The aluminum industry generally is highly cyclical, with prices subject to worldwide market forces of supply and demand and other influences. Alcoa is subject to cyclical fluctuations in LME prices, economic conditions generally, and aluminum end-use markets. The recent global economic downturn, coupled with the global financial and credit market disruptions, have had a historic negative impact on the aluminum industry and Alcoa. These events have contributed to an unprecedented decline (56% in the last five months of 2008) in LME-based aluminum prices, weak end markets, a sharp drop in demand, increased global inventories, and higher costs of borrowing and/or diminished credit availability. While Alcoa believes that the long-term prospects for aluminum remain bright, the company is unable to predict the duration or severity of the current global economic and financial crisis. The company has implemented or is taking a number of actions to conserve cash, reduce costs and strengthen its competitiveness, including curtailing production, halting non-critical capital expenditures, accelerating new sourcing strategies for raw

## [Table of Contents](#)

materials, divesting non-core assets, initiating global headcount reductions, suspending its existing share repurchase program, and making other liquidity enhancements. However, there can be no assurance that these actions, or any others that the company may take in response to further deterioration in economic and financial conditions, will be sufficient. A protracted continuation or worsening of the global economic downturn or disruptions in the financial markets could have a material adverse effect on Alcoa's business, financial condition or results of operations.

### **Alcoa could be materially adversely affected by further declines in aluminum prices.**

The price of aluminum is frequently volatile and changes in response to general economic conditions, expectations for supply and demand growth or contraction, and the level of global inventories. The influence of hedge funds and other financial investment funds participating in commodity markets has also increased in recent years, contributing to higher levels of price volatility. During recent months, there has been a significant decline (56% over the second half of 2008), as well as substantial volatility in aluminum prices, due at least in part to the deteriorating global economic environment. At the same time, there is often a lag effect for a reduction in LME-linked costs of production. For example, reduction of certain key smelting input costs (such as alumina and power) may lag declining average primary metal revenue by up to three months. A sustained weak aluminum pricing environment or a further deterioration in aluminum prices could have a material adverse effect upon Alcoa's business, financial condition, results of operations or cash flow.

### **Recent downgrades in Alcoa's credit ratings, as well as any additional downgrades, will increase Alcoa's cost of borrowing and could further adversely affect Alcoa's access to the capital markets.**

Alcoa's cost of borrowing and ability to access the capital markets are affected not only by market conditions but also by the short- and long-term debt ratings assigned to Alcoa's debt by the major credit rating agencies. These ratings are based, in significant part, on the company's performance as measured by credit metrics such as interest coverage and leverage ratios. In February 2009, Standard & Poor's Ratings Services (S&P) and Fitch Ratings (Fitch) each lowered Alcoa's long-term debt rating to BBB-; S&P and Fitch lowered the company's short-term debt ratings to A-3 and F3, respectively; and both indicated that the current outlook is negative. Also in February 2009, Moody's Investors Service lowered Alcoa's long-term debt rating to Baa3 and the company's short-term debt rating to Prime-3, and indicated that the current outlook is stable. Although the company has available to it committed revolving credit facilities to provide liquidity, these recent downgrades in Alcoa's credit ratings, as well as any additional downgrades, will increase Alcoa's cost of borrowing and could have a further adverse effect on its access to the capital markets, including restricting, in whole or in part, its access to the commercial paper market. There can be no assurance that the commercial paper market will continue to be a reliable source of short-term financing for the company. An inability to access the capital markets could have a material adverse effect on Alcoa's financial condition, results of operations or cash flow.

### **Alcoa could be adversely affected by the failure of financial institutions to fulfill their commitments under committed credit facilities.**

As discussed in Part II, Item 7 (Management's Discussion and Analysis of Financial Condition and Results of Operations – Liquidity and Capital Resources) of this report, Alcoa has committed revolving credit facilities with financial institutions available for its use, for which the company pays commitment fees. Each facility is provided by a syndicate of several financial institutions, with each institution agreeing severally (and not jointly) to make revolving credit loans to Alcoa in accordance with the terms of the related credit agreement. If one or more of the financial institutions providing these committed credit facilities were to default on its obligation to fund its commitment, the portion of the committed facility provided by such defaulting financial institution would not be available to the company.

## Other Business Risks

### **Alcoa's operations consume substantial amounts of energy; profitability may decline if energy costs rise or if energy supplies are interrupted.**

Alcoa consumes substantial amounts of energy in its operations. Although Alcoa generally expects to meet the energy requirements for its alumina refineries and primary aluminum smelters from internal sources or from long-term contracts, the following could affect Alcoa's results of operations:

- significant increases in electricity costs rendering smelter operations uneconomic;
- significant increases in natural gas prices;
- unavailability of electrical power or other energy sources due to droughts, hurricanes or other natural causes;
- unavailability of energy due to energy shortages resulting in insufficient supplies to serve consumers;
- interruptions in energy supply due to equipment failure or other causes; or
- curtailment of one or more refineries or smelters due to inability to extend energy contracts upon expiration or negotiate new arrangements on cost-effective terms.

### **Alcoa's profitability could be adversely affected by increases in the cost of raw materials or by significant lag effects for decreases in commodity- or LME-linked costs.**

Alcoa's results of operations will be affected by increases in the cost of raw materials, including energy, carbon products, caustic soda and other key inputs, as well as freight costs associated with transporting raw materials to refining and smelting locations. Alcoa may not be able to offset fully the effects of higher raw material costs or energy costs through price increases, productivity improvements or cost reduction programs. Similarly, Alcoa's operating results will be affected by significant lag effects for declines in key costs of production that are commodity- or LME-linked. For example, declines in LME-linked costs of alumina and power in a particular period may not be adequate to offset sharp declines in metal price in that period.

### **Alcoa may not be able to successfully implement its Brazilian growth projects or realize expected benefits from its portfolio streamlining strategy.**

As a result of the current global economic downturn and as part of the company's initiative to conserve cash, Alcoa has halted all non-critical capital investment, except for the completion of the São Luís refinery expansion and the greenfield Juruti bauxite mine in Brazil, which are targeted for completion in the first half of 2009. There can be no assurance that these projects will be completed within budget or by the targeted completion date, or that they will be beneficial to Alcoa, whether due to a further deteriorating global economic environment, lack of financing, increases in construction costs, currency fluctuations, or other factors.

In addition, as part of its strategy to strengthen its competitiveness, Alcoa has announced restructuring actions to streamline its portfolio and an agreement to exchange assets to increase Alcoa's smelter capacity while divesting itself of a business that operates in a difficult market. There can be no assurance that these actions will be beneficial to Alcoa, that targeted completion dates will be met, or that estimated proceeds from asset sales will be realized.

### **Alcoa's global operations are exposed to political and economic risks and events beyond its control in the countries in which it operates.**

Alcoa has operations or activities in numerous countries outside the U.S. having varying degrees of political and economic risk, including China, Guinea and Russia, among others. Risks include those associated with political instability, civil unrest, expropriation, nationalization, renegotiation or nullification of existing agreements, mining leases and permits, and changes in local government laws, regulations and policies, including those related to tariffs

## [Table of Contents](#)

and trade barriers, taxation, exchange controls, employment regulations and repatriation of earnings. While the impact of these factors is difficult to predict, any one or more of them could adversely affect Alcoa's business, financial condition or operating results.

### **Alcoa is exposed to fluctuations in foreign currency exchange rates and interest rates, as well as inflation and other economic factors in the countries in which it operates.**

Economic factors, including inflation and fluctuations in foreign currency exchange rates and interest rates, competitive factors in the countries in which Alcoa operates, and continued volatility or deterioration in the global economic and financial environment, could affect Alcoa's revenues, expenses and results of operations. Changes in the valuation of the U.S. dollar against other currencies, particularly the Brazilian real, Canadian dollar, Euro and Australian dollar, may affect profitability as some important raw materials are purchased in other currencies, while products generally are sold in U.S. dollars.

### **A reduction in Chinese demand may negatively impact Alcoa's results.**

The Chinese market is a significant source of global demand for commodities. A sustained slowdown in China's economic growth, whether as part of the current global economic downturn or otherwise, could have an adverse effect on the global supply and demand for aluminum and aluminum prices. In addition, China's investments to increase its self-sufficiency in key commodities may impact future demand and supply balances and prices.

### **Alcoa faces significant competition.**

As discussed in Part I, Item 1 (Business – Competitive Conditions) of this report, the markets for most aluminum products are highly competitive. Alcoa's competitors include a variety of both U.S. and non-U.S. companies in all major markets. In addition, aluminum competes with other materials, such as steel, plastics, composites, and glass, among others, for various applications in Alcoa's key markets. The willingness of customers to accept substitutions for the products sold by Alcoa, the ability of large customers to exert leverage in the marketplace to affect the pricing for fabricated aluminum products, or other developments by or affecting Alcoa's competitors or customers could affect Alcoa's results of operations.

### **Further metals industry consolidation could impact Alcoa's business.**

The metals industry has experienced consolidation over the past several years, and there may be further industry consolidation in the future. Although current industry consolidation has not negatively impacted Alcoa's business, further consolidation in the aluminum industry could possibly have negative impacts that we cannot reliably predict.

### **Alcoa could be adversely affected by changes in the business or financial condition of a significant customer or customers.**

A significant downturn or further deterioration in the business or financial condition of a key customer or customers supplied by Alcoa, as a result of the current global economic and financial crisis or otherwise, could affect Alcoa's results of operations in a particular period. Alcoa's customers may experience delays in the launch of new products, labor strikes, diminished liquidity or credit unavailability, weak demand for their products, or other difficulties in their businesses. If Alcoa is not successful in replacing business lost from such customers, profitability may be adversely affected.

### **Alcoa may be exposed to significant legal proceedings, investigations or changes in law.**

Alcoa's results of operations or liquidity in a particular period could be affected by new or increasingly stringent laws, regulatory requirements or interpretations, or significant legal proceedings or investigations adverse to Alcoa. The company is subject to a variety of legal compliance risks. These risks include, among other things, potential claims

## [Table of Contents](#)

relating to product liability, health and safety, environmental matters, intellectual property rights, government contracts, taxes, and compliance with U.S. and foreign export laws, competition laws and sales and trading practices. Alcoa could be subject to fines, penalties, damages (in certain cases, treble damages), or suspension or debarment from government contracts. While Alcoa believes it has adopted appropriate risk management and compliance programs to address and reduce these risks, the global and diverse nature of its operations means that these risks will continue to exist and additional legal proceedings and contingencies may arise from time to time. Alcoa's results of operations or liquidity in a particular period may be affected by the outcome of legal proceedings, changes in law or other contingencies that it cannot predict with certainty.

### **Alcoa is subject to a broad range of health, safety and environmental laws and regulations in the jurisdictions in which it operates and may be exposed to substantial costs and liabilities associated with such laws.**

Alcoa's operations worldwide are subject to numerous complex and increasingly stringent health, safety and environmental laws and regulations. The costs of complying with such laws and regulations, including participation in assessments and cleanups of sites, as well as internal voluntary programs, are significant and will continue to be so for the foreseeable future. Alcoa's results of operations or liquidity in a particular period could be affected by certain health, safety or environmental matters, including remediation costs and damages related to several sites. Additionally, evolving regulatory standards and expectations can result in increased litigation and/or increased costs, all of which can have a material and adverse effect on earnings and cash flows.

### **Climate change, climate change regulations and greenhouse effects may adversely impact Alcoa's operations and markets.**

Energy is a significant input in a number of Alcoa's operations. There is growing recognition that energy consumption is a contributor to global warming, greenhouse effects and potentially climate change.

A number of governments or governmental bodies have introduced or are contemplating regulatory change in response to the potential impacts of climate change. There is also current and emerging regulation, such as the mandatory renewable energy target in Australia, or potential carbon trading regimes that will affect energy prices. Alcoa will likely see changes in the margins of greenhouse gas-intensive assets and energy-intensive assets as a result of regulatory impacts in the countries in which the company operates. These regulatory mechanisms may be either voluntary or legislated and may impact Alcoa's operations directly or indirectly through customers. Inconsistency of regulations may also change the attractiveness of the locations of some of the company's assets. Assessments of the potential impact of future climate change regulation are uncertain, given the wide scope of potential regulatory change in countries in which Alcoa operates.

The potential physical impacts of climate change on the company's operations are highly uncertain, and will be particular to the geographic circumstances. These may include changes in rainfall patterns, water shortages, changing sea levels, changing storm patterns and intensities, and changing temperature levels. These effects may adversely impact the cost, production and financial performance of Alcoa's operations.

### **Alcoa could be required to make additional contributions to its defined benefit pension plans as a result of adverse changes in interest rates and the capital markets.**

Alcoa's estimates of liabilities and expenses for pensions and other post-retirement benefits incorporate significant assumptions including the rate used to discount the future estimated liability, the long-term rate of return on plan assets and several assumptions relating to the employee workforce (salary increases, medical costs, retirement age and mortality). Alcoa's results of operations, liquidity or shareholders' equity in a particular period could be affected by a decline in the rate of return on plan assets, the rate used to discount the future estimated liability or changes in employee workforce assumptions.

**Union disputes and other employee relations issues could adversely affect Alcoa's financial results.**

Some of Alcoa's employees are represented by labor unions in a number of countries under various collective bargaining agreements with varying durations and expiration dates. Alcoa may not be able to satisfactorily renegotiate collective bargaining agreements in the United States and other countries when they expire. In addition, existing collective bargaining agreements may not prevent a strike or work stoppage at Alcoa's facilities in the future. Alcoa may also be subject to general country strikes or work stoppages unrelated to its business or collective bargaining agreements. Any such work stoppages (or potential work stoppages) could have a material adverse effect on Alcoa's financial results.

**Alcoa may not realize expected benefits from its productivity and cost-reduction initiatives.**

Alcoa has undertaken and may continue to undertake productivity and cost-reduction initiatives to improve performance and conserve cash, including new procurement strategies for raw materials, such as backward integration and non-traditional sourcing from numerous geographies, and deployment of company-wide business process models, such as the Alcoa Business System and the Alcoa Enterprise Business Solution (an initiative designed to build a common global infrastructure across Alcoa for data, processes and supporting software). There can be no assurance that these initiatives will be completed or beneficial to Alcoa or that any estimated cost savings from such activities will be realized.

**Alcoa may not be able to successfully develop and implement new technology initiatives.**

Alcoa is working on new developments in advanced smelting process technologies, including inert anode and carbothermic technology, in addition to multi-alloy casting processes. There can be no assurance that such technologies will be commercially feasible or beneficial to Alcoa.

**Unexpected events may increase Alcoa's cost of doing business or disrupt Alcoa's operations.**

Unexpected events, including fires or explosions at facilities, natural disasters, war or terrorist activities, unplanned outages, supply disruptions, or failure of equipment or processes to meet specifications, may increase the cost of doing business or otherwise impact Alcoa's financial performance. Further, existing insurance arrangements may not provide protection for all of the costs that may arise from such events.

The above list of important factors is not all-inclusive or necessarily in order of importance.

**Item 1B. Unresolved Staff Comments.**

None.

**Item 2. Properties.**

Alcoa's principal office is located at 390 Park Avenue, New York, New York 10022-4608. Alcoa's corporate center is located at 201 Isabella Street, Pittsburgh, Pennsylvania 15212-5858. The Alcoa Technical Center for research and development is located at 100 Technical Drive, Alcoa Center, Pennsylvania 15069.

Alcoa leases some of its facilities, however, it is the opinion of management that the leases do not materially affect the continued use of the properties or the properties' values.

Alcoa believes that its facilities are suitable and adequate for its operations. Although no title examination of properties owned by Alcoa has been made for the purpose of this report, the company knows of no material defects in title to any such properties. See Notes A and H to the financial statements for information on properties, plants and equipment.

## [Table of Contents](#)

Alcoa has active plants and holdings under the following segments and in the following geographic areas:

### **ALUMINA**

**Bauxite:** See the table and related text in the **Bauxite Interests** section on pages 5-6.

**Alumina:** See the table and related text in the **Alumina Refining Facilities and Capacity** section on pages 6-7.

### **PRIMARY METALS**

See the table and related text in the **Primary Aluminum Facilities and Capacity** section on pages 8-10.

### **FLAT-ROLLED PRODUCTS**

See the table and related text in the **Flat-Rolled Products Facilities** section on pages 11.

### **ENGINEERED PRODUCTS AND SOLUTIONS**

See the table and related text in the **Engineered Products and Solutions Facilities** section on pages 12-13.

### **PACKAGING AND CONSUMER**

Alcoa completed the sale of its packaging and consumer business in February 2008 and no longer maintains active plants under this segment.

### **CORPORATE**

See the table and related text in the **Corporate Facilities** section on page 14.

### **Item 3. Legal Proceedings.**

In the ordinary course of its business, Alcoa is involved in a number of lawsuits and claims, both actual and potential, including some that it has asserted against others. While the amounts claimed may be substantial, the ultimate liability cannot now be determined because of the considerable uncertainties that exist. It is possible that results of operations or liquidity in a particular period could be materially affected by certain contingencies. Management believes, however, that the disposition of matters that are pending or asserted will not have a material adverse effect on the financial position of the company.

#### Environmental Matters

As previously reported, Alcoa is involved in proceedings under the Comprehensive Environmental Response, Compensation and Liability Act, also known as Superfund (CERCLA) or analogous state provisions regarding the usage, disposal, storage or treatment of hazardous substances at a number of sites in the U.S. The company has committed to participate, or is engaged in negotiations with federal or state authorities relative to its alleged liability for participation, in clean up efforts at several such sites.

As previously reported, since 1989, Alcoa has been conducting investigations and studies of the Grasse River, adjacent to Alcoa's Massena, New York plant site, under order from the U.S. Environmental Protection Agency (EPA) issued under Section 106 of CERCLA. Sediments and fish in the river contain varying levels of polychlorinated biphenyl (PCB). In early 2002, Alcoa submitted a revised Analysis of Alternatives Report to EPA. This Report identified potential remedial actions related to PCB contamination of the river, including additional remedial alternatives that may be required by EPA. It also reflected certain recent studies and investigations on the river, including pilot tests of

## [Table of Contents](#)

sediment capping techniques and other remediation technologies. The range of costs associated with the remedial alternatives evaluated in the 2002 Report was between \$2 million and \$525 million. Alcoa believes that rational, scientific analysis supports a remedy involving the containment of sediments in place via natural or man-made processes. Because the selection of the \$2 million alternative (natural recovery) was considered remote, the company adjusted the reserve for the Grasse River in 2002 to \$30 million representing the low end of the range of possible alternatives, as no single alternative could be identified as more probable than the others. In June 2003, based on then recent river observations, EPA requested that Alcoa gather additional field data to assess the potential for sediment erosion from winter river ice formation and breakup so that it could be factored into the range of remedial alternatives being considered. The results of these additional studies, submitted in a report to EPA in April 2004, suggest that this phenomenon has the potential to occur approximately every 10 years and may impact sediments in certain portions of the river under all remedial scenarios. Those evaluations were submitted to EPA along with a proposal to perform additional pilot remedial studies in the river. In May 2004, EPA approved Alcoa's proposed Remedial Options Pilot Study (ROPS) that includes sediment removal and capping, the installation of an ice control structure, and significant monitoring. At the same time, Alcoa adjusted the reserve for the river to include the \$35 million estimated cost of the ROPS, in addition to the \$30 million previously reserved. Most of the construction work for the ROPS was completed in 2005 with monitoring through 2008. The reserves for the Grasse River were re-evaluated in the fourth quarter of 2006 and an adjustment of \$4 million was made. This adjustment covered commitments made to the EPA for additional investigation work for the ongoing monitoring program, including that associated with the ROPS program; to prepare a revised Analysis of Alternatives Report, and for an interim measure that involves, annually, the mechanical ice breaking of the river to prevent the formation of ice jams until a permanent remedy is selected. EPA has since eliminated the ice breaking requirement. The findings from the ROPS program and from these additional investigations were incorporated into a revised Analysis of Alternatives Report that was submitted to EPA in 2008. This update incorporated new information obtained from the ROPS regarding the feasibility and costs associated with various capping and dredging alternatives and incorporated various options for ice control. EPA will use this information to develop a remedy for the river. Alcoa adjusted the reserve in the fourth quarter of 2008 by an additional \$40 million for increases associated with updated cost for a proposed remedy incorporating ice control and for partial settlement of potential resource damages. The EPA's ultimate selection of a remedy could result in additional liability. Alcoa may be required to record a subsequent reserve adjustment at the time the EPA's Record of Decision is issued, which is expected in 2009 or later.

As previously reported, representatives of various U.S. federal and state agencies and a Native American tribe, acting in their capacities as trustees for natural resources, have asserted that Alcoa and Reynolds Metals Company (Reynolds) may be liable for loss or damage to such resources under federal and state law based on Alcoa's and Reynolds' operations at their Massena, New York and St. Lawrence, New York facilities. While formal proceedings have not been instituted, the company continues to actively investigate these claims. The company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

As previously reported, in September 1998, Hurricane Georges struck the U.S. Virgin Islands, including the St. Croix Alumina, L.L.C. (SCA) facility on the island of St. Croix. The wind and rain associated with the hurricane caused material at the location to be blown into neighboring residential areas. Various cleanup and remediation efforts were undertaken by or on behalf of SCA. A Notice of Violation was issued by the Division of Environmental Protection of the Department of Planning and Natural Resources of the Virgin Islands Government, and has been contested by the company. A civil suit was commenced in the Territorial Court of the Virgin Islands by certain residents of St. Croix in February 1999 seeking compensatory and punitive damages and injunctive relief for alleged personal injuries and property damages associated with "bauxite or red dust" from the SCA facility. The suit, which has been removed to the District Court of the Virgin Islands (the "Court"), names SCA, Alcoa Inc., and Glencore Ltd. as defendants, and, in August 2000, was accorded class action treatment. The class is defined to include persons in various defined neighborhoods who "suffered damages and/or injuries as a result of exposure during and after Hurricane Georges to red dust and red mud blown during Hurricane Georges." All of the defendants have denied liability, and discovery and other pretrial proceedings have been underway since 1999. In October 2003, the defendants received plaintiffs' expert reports. These reports also claim that the material blown during Hurricane Georges consisted of bauxite and red mud, and contained crystalline silica, chromium, and other substances. The reports further claim, among other things, that the population of the six subject neighborhoods as of the

## [Table of Contents](#)

2000 census (a total of 3,730 people) has been exposed to toxic substances through the fault of the defendants, and hence will be able to show entitlement to lifetime medical monitoring as well as other compensatory and punitive relief. These opinions have been contested by the defendants' expert reports, that state, among other things, that plaintiffs were not exposed to the substances alleged and that in any event the level of alleged exposure does not justify lifetime medical monitoring. In August 2005, Alcoa and SCA moved to decertify the plaintiff class, and in March 2006, the assigned magistrate judge issued a recommendation that class certification be maintained for liability issues only, and that the class be decertified after liability issues have been resolved. This recommendation has been adopted by the assigned district judge. Alcoa and SCA have turned over this matter to their insurance carriers who are providing a defense. Glencore Ltd. is jointly defending the case with Alcoa and SCA and has a pending motion to dismiss. On June 3, 2008, the Court granted defendants' joint motion to decertify the class of plaintiffs, and simultaneously granted in part and denied in part plaintiffs' motion for certification of a new class. Under the new certification order, there is no class as to the personal injury, property damage, or punitive damages claims. (The named plaintiffs had previously dropped their claims for medical monitoring during the course of the briefing of the certification motions.) The Court did certify a new class as to the claim of on-going nuisance, insofar as plaintiffs seek cleanup, abatement, or removal of the red mud currently present at the facility. The Court expressly denied certification of a class as to any claims for remediation or clean up of any area outside the facility (including plaintiffs' property). The new class may seek only injunctive relief rather than monetary damages. Named plaintiffs, however, may continue to prosecute their claims for personal injury, property damage, and punitive damages. The company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

As previously reported, on September 26, 2003, EPA Region VI filed an Administrative Complaint, Compliance Order and Notice of Opportunity for Hearing against the Wichita Falls, Texas facility of Howmet Corporation (Howmet) for violations of hazardous waste regulations relating to shipments of used potassium hydroxide to a fertilizer manufacturer from 1997 until 2000. The Complaint proposes a penalty of \$265,128. In addition, EPA ordered Howmet to cease sending used potassium hydroxide to fertilizer manufacturers or employing used potassium hydroxide in any use constituting disposal and to certify compliance with hazardous waste regulations within 30 days. On October 22, 2003, EPA Region II issued an almost identical Complaint, Compliance Order and Notice of Opportunity for Hearing against Howmet's Dover, New Jersey facility, seeking \$180,021 in penalties. Howmet filed its Answers to EPA Region VI's and EPA Region II's Complaints. Howmet's Answers denied the substance of EPA's Complaints, requested that no penalties be imposed and requested Hearings on both the hazardous waste allegations and the Compliance Orders. On April 25, 2005, the administrative Court granted EPA's motions for partial accelerated decision with respect to both cases, finding that Howmet violated the cited regulatory provisions alleged in the Complaints and moved the case to the penalty phase. The Court rejected Howmet's interlocutory appeal of this decision on May 16, 2005. On September 2, 2005, EPA and Howmet stipulated to a penalty amount of \$309,091 for the consolidated matters should the finding of liability be upheld and Howmet appealed the administrative Court's decision to the Environmental Appeals Board on September 28, 2005. On May 24, 2007, the Environmental Appeals Board upheld the administrative Court's liability finding against Howmet and assessed the parties' stipulated penalty of \$309,091. On July 23, 2007, Howmet appealed the Environmental Appeals Board decision to the United States District Court for the District of Columbia.

As previously reported, in May 2005, Alcoa World Alumina LLC (AWA LLC) and SCA were among the defendants listed in a lawsuit brought by the Commissioner of the Department of Planning and Natural Resources, Dean Plaskett, in his capacity as Trustee for Natural Resources of the Territory of the United States Virgin Islands in the District Court of the Virgin Islands, Division of St. Croix. The complaint seeks damages for alleged injuries to natural resources caused by alleged releases from an alumina refinery facility in St. Croix that was owned by SCA from 1995 to 2002. Also listed in the lawsuit are previous and subsequent owners of the alumina refinery and the owners of an adjacent oil refinery. Claims are brought under CERCLA, U.S. Virgin Islands law, and common law. The plaintiff has not specified in the complaint the amount it seeks in damages. The defendants filed motions to dismiss and, in September 2006, filed a motion for an order staying discovery pending resolution of those motions. In September 2007, the court asked the parties to brief the issue of whether the natural resource provisions of the federal Superfund law preempted territorial statutory and common law claims in the case. The parties have complied. In October 2007, the plaintiff and St. Croix Renaissance Group, L.L.P. (SCRG) filed a joint Agreement and Consent Decree to resolve

## [Table of Contents](#)

SCRG's liability in the lawsuit, along with any CERCLA liability it may have with respect to the facility. The remaining defendants each filed objections to the Agreement and Consent Decree, and on October 22, 2008, the court denied entry of the Agreement and Consent Decree. On October 31, 2008, the court ruled on the motions to dismiss that were submitted by all defendants in 2005. The court dismissed two counts from the complaint (common law trespass and V.I. Water Pollution Control Act), but denied the motions with regard to the other six counts (CERCLA, V.I. Oil Spill Prevention and Pollution Control Act, and common law strict liability, negligence, negligence per se and nuisance). The court also ruled that the Virgin Islands Government was the proper plaintiff for the territorial law claims and required re-filing of the complaint by the proper parties, which was done on November 18, 2008. AWA and SCA filed an answer, counterclaim and cross-claim against SCRG in response to the complaint on December 4, 2008. SCRG filed an answer to the AWA and SCA cross-claim on January 5, 2009. In response to the plaintiffs' amended complaint, the other former owners of the alumina refinery filed answers, counterclaims, and cross-claims against SCRG and certain agencies of the Virgin Islands government. The owners of the oil refinery filed a motion for summary judgment. Responsive pleadings from plaintiffs and cross-claimants are pending. By order of the magistrate judge, the parties are to make initial disclosures on or before February 17, 2009. At this stage of the proceeding, the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

As previously reported, in August 2005, Dany Lavoie, a resident of Baie Comeau in the Canadian Province of Quebec, filed a Motion for Authorization to Institute a Class Action and for Designation of a Class Representative against Alcoa Canada Inc., Alcoa Limitee, Societe Canadienne de Metaux Reynolds Limitee and Canadian British Aluminum in the Superior Court of Quebec in the District of Baie Comeau. Plaintiff seeks to institute the class action on behalf of a putative class consisting of all past, present and future owners, tenants and residents of Baie Comeau's St. Georges neighborhood. He alleges that defendants, as the present and past owners and operators of an aluminum smelter in Baie Comeau, have negligently allowed the emission of certain contaminants from the smelter, specifically Polycyclic Aromatic Hydrocarbons or "PAHs", that have been deposited on the lands and houses of the St. Georges neighborhood and its environs causing damage to the property of the putative class and causing health concerns for those who inhabit that neighborhood. If allowed to proceed as a class action, plaintiff seeks to compel additional remediation to be conducted by the defendants beyond that already undertaken by them voluntarily, seeks an injunction against further emissions in excess of a limit to be determined by the court in consultation with an independent expert, and seeks money damages on behalf of all class members. A hearing on plaintiff's motion for class certification was held April 24-26, 2007. On May 23, 2007, the court issued its ruling which granted the motion in part and authorized a class action suit to include only people who suffered property damage or personal injury damages caused by the emission of PAHs from the smelter. On September 13, 2007, the plaintiff filed its claim against the original defendants, which the court had authorized in May. At this stage of the proceeding, the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

As previously reported, on December 5, 2005, Alcoa received service of a lawsuit filed in the United States District Court for the Northern District of New York and styled as Margaret George, et al., v. General Motors Corporation and Alcoa Inc., Docket No. 05-CV-1482. The complaint alleged personal injury and damages arising from exposure to PCB released from the defendants' industrial facilities in Massena, New York and sought certification of a class of plaintiffs comprised of individual Mohawk Indians residing on the Akwesane Territory, a Mohawk Indian Reservation, situated along the St. Lawrence River in the United States and Canada. The suit alleged that approximately 12,000 individuals reside on the reservation. Alcoa investigated the allegations and filed an answer denying liability. In February 2008, the parties reached an agreement on the terms of a settlement. By order of court dated November 19, 2008 all settlement funds were distributed pursuant to the settlement agreement which was filed under seal in the court. The case was dismissed and discontinued by court order dated November 20, 2008. There will be no further reporting on this matter.

As previously reported, in January 2006, in *Musgrave v. Alcoa, et al*, Warrick Circuit Court, County of Warrick, Indiana; 87-C01-0601-CT-0006, Alcoa Inc. and a subsidiary were sued by an individual, on behalf of himself and all persons similarly situated, claiming harm from alleged exposure to waste that had been disposed in designated pits at the Squaw Creek Mine in the 1970s. During February 2007, class allegations were dropped and the matter now proceeds as an individual claim.

## [Table of Contents](#)

Also as previously reported, in October 2006, in *Barnett, et al. v. Alcoa and Alcoa Fuels, Inc.*, Warrick Circuit Court, County of Warrick, Indiana; 87C01-0601-PL-499, forty-one plaintiffs sued Alcoa Inc. and a subsidiary, asserting claims similar to the Musgrave matter, discussed above. In November 2007, Alcoa Inc. and its subsidiary filed motions to dismiss both the Musgrave and Barnett cases. In October 2008, the Warrick County Circuit Court granted Alcoa's motions to dismiss, dismissing all claims arising out of alleged occupational exposure to wastes at the Squaw Creek Mine, but in November 2008, the trial court clarified its ruling, indicating that the order does not dispose of plaintiffs' personal injury claims based upon alleged "recreational" or non-occupational exposure. The parties have each requested that the court certify an interlocutory appeal from the court's rulings and the court indicated that it will grant the parties' request. Plaintiffs also filed a "second amended complaint" in response to the court's orders granting Alcoa's motions to dismiss. The trial court is likely to stay any further proceedings regarding the second amended complaint while the parties pursue an interlocutory appeal to the Indiana Court of Appeals. The Musgrave and Barnett matters are in their preliminary stages and the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

As previously reported, on April 5, 2006, Alcoa was notified by the Court of Venice (Tribunal di Venezia) that Alcoa Trasformazioni S.r.l., Fusina site (Venice), was sued by the Italian Minister of Environment and Minister of Public Works for an alleged liability for environmental damages. The plaintiffs asserted that Alcoa, as present owner of the site contaminated by previous activities, had the duty to act promptly to prevent the site from contaminating the Venice Lagoon and its surrounding natural resources. Alcoa Trasformazioni denies responsibility for the pre-existing condition and for failing to eliminate or circumscribe the pollution which was already the object of initiatives by the public authorities and a clear duty of the previous owner and plant seller. Alcoa has sued Alumix and Efim (the sellers of the Fusina site) before the Court of Rome for indemnification against any liability related to the pollution of former Alumix sites, purchased by Alcoa in 1996 (Bolzano, Feltre, Fusina and Portovesme). Plaintiffs seek compensation for damages to the environment plus costs of installing a physical barrier along the plant's border with the Lagoon. At this stage of the proceeding, the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

As previously reported, in December 2006, SCA was sued by the Commissioner of the Department of Planning and Natural Resources (DPNR), U.S. Virgin Islands, in the Superior Court of the Virgin Islands, Division of St. Croix. The plaintiff alleges violations of the Coastal Zone Management Act and a construction permit issued thereunder. The complaint seeks a civil fine of \$10,000 under the Coastal Zone Management Act, civil penalties of \$10,000 per day for alleged intentional and knowing violations of the Coastal Zone Management Act, exemplary damages, costs, interest and attorney's fees, and "other such amounts as may be just and proper." SCA responded to the complaint on February 2, 2007 by filing an answer and motion to disqualify DPNR's private attorney. The parties fully briefed the motion and are awaiting a decision from the court. At this stage of the proceeding, the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

As previously reported, in December 2006, SCA, along with unaffiliated prior and subsequent owners, were sued by the Commissioner of the DPNR, U.S. Virgin Islands, in the Superior Court of the Virgin Islands, Division of St. Croix. This second suit alleges violations by the defendants of certain permits and environmental statutes said to apply to the facility. The complaint seeks the completion of certain actions regarding the facility, a civil fine from each defendant of \$10,000 under the Coastal Zone Management Act, civil penalties of \$50,000 per day for each alleged violation of the Water Pollution Control Act, \$10,000 per day for alleged intentional and knowing violations of the Coastal Zone Management Act, exemplary damages, costs, interest and attorney's fees, and "other such amounts as may be just and proper." SCA responded to the complaint on February 2, 2007 by filing an answer and motion to disqualify DPNR's private attorney. The parties fully briefed the motion and are awaiting a decision from the court. In October 2007, Plaintiff and defendant SCRG entered into a settlement agreement resolving claims against SCRG. Plaintiff filed a notice of dismissal with the court, and the court entered an order dismissing SCRG on November 2, 2007. SCA objected to the dismissal and requested that the court withdraw its order, and the parties have briefed SCA's objection and request. A decision from the court is pending. On November 10, 2007, SCA filed a motion for summary judgment seeking dismissal of all claims in the case. The parties completed briefing of the motion in January 2008. A decision from the court is pending. At this stage of the proceeding, the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

## Table of Contents

On December 8, 2008, Alcoa of Australia (AofA) received a formal notice of prosecution in connection with a dust event that allegedly occurred on May 14, 2006 in the area of AofA's Wagerup alumina refinery's residue storage areas. The Department of Environment and Conservation commenced a formal investigation into the alleged events in late 2007 and interviewed relevant AofA personnel in 2008. The prosecution purports to be undertaken under section 49(2) of the Environmental Protection Act 1986 (WA) which provides that a person who, with criminal negligence, causes or allows pollution to be caused, commits an offense. The maximum potential penalty is \$1,000,000 (AUD). At the initial hearing in January 2009, the matter was adjourned to April 2009. This litigation is in its preliminary stages and the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

### Other Matters

As previously reported, along with various asbestos manufacturers and distributors, Alcoa and its subsidiaries as premises owners are defendants in several hundred active lawsuits filed on behalf of persons alleging injury predominantly as a result of occupational exposure to asbestos at various company facilities. In addition, an Alcoa subsidiary company has been named, along with a large common group of industrial companies, in a pattern complaint where the company's involvement is not evident. Since 1999, several thousand such complaints have been filed. To date, the subsidiary has been dismissed from almost every case that was actually placed in line for trial. Alcoa, its subsidiaries and acquired companies, all have had numerous insurance policies over the years that provide coverage for asbestos based claims. Many of these policies provide layers of coverage for varying periods of time and for varying locations. Alcoa believes that between its reserves and insurance it is adequately covered for its known asbestos exposure related liabilities. The costs of defense and settlement have not been and are not expected to be material to the financial condition of the company.

As previously reported, on July 20, 2006, the European Commission (EC) announced that it has opened an investigation to establish whether an extension of the regulated preferential electricity tariff granted by Italy to some energy intensive industries complies with European Union (EU) state aid rules. The new Italian power tariff modifies the preferential tariff that was in force until December 31, 2005 and extends it through 2010. Alcoa has been operating in Italy for more than 10 years under a power supply structure approved by the EC in 1996. That measure, like the new one, was based on Italian state legislation that provides a competitive power supply to the primary aluminum industry and is not considered state aid by the Italian Government. The EC's announcement states that it has doubts about the measure's compatibility with (EU) legislation and concerns about distortion of competition in the European market of primary aluminum, where energy is an important part of the production costs. The opening of an in-depth investigation gives interested parties the opportunity to comment on the proposed measures. It does not prejudice the outcome of the procedure. It is Alcoa's understanding that the Italian Government's continuation of the electricity tariff was done in conformity with all applicable laws and regulations. Alcoa believes that the total potential impact from a loss of the tariff would be approximately \$21 million, or €15 million, (pre-tax) per month in higher power costs at its Italian smelters. The estimated total potential impact has increased since 2006 due predominantly to the weakening of the U.S. dollar, as the liability would be payable in Euros in the event of a negative outcome. While Alcoa believes that any additional cost would only be assessed prospectively from the date of the EC's decision on this matter, it is possible that the EC could rule that the assessment must be retroactively applied to January 2006. If the EC's investigation concludes that extension of the regulated preferential electricity tariff is unlawful, Alcoa will follow through with the appeal it filed before the Court of First Instance in Luxembourg in November of 2006 in response to the investigation.

As previously reported, in November 2006, in *Curtis v. Alcoa Inc.*, Civil Action No. 3:06cv448 (E.D. Tenn.), a class action was filed by plaintiffs representing approximately 13,000 retired former employees of Alcoa or Reynolds and spouses and dependents of such retirees alleging violation of the Employee Retirement Income Security Act (ERISA) and the Labor-Management Relations Act by requiring plaintiffs, beginning January 1, 2007, to pay health insurance premiums and increased co-payments and co-insurance for certain medical procedures and prescription drugs. Plaintiffs allege these changes to their retiree health care plans violate their rights to vested health care benefits. Plaintiffs additionally allege that Alcoa has breached its fiduciary duty to plaintiffs under ERISA by misrepresenting to them that their health benefits would never change. Plaintiffs seek injunctive and declaratory relief, back payment of

## [Table of Contents](#)

benefits and attorneys' fees. Alcoa has consented to treatment of plaintiffs' claims as a class action. During the fourth quarter of 2007, following briefing and argument, the court ordered consolidation of the plaintiffs' motion for preliminary injunction with trial, certified a plaintiff class, bifurcated and stayed the plaintiffs' breach of fiduciary duty claims, struck the plaintiffs' jury demand, but indicated it would use an advisory jury, and initially set a trial date of September 17, 2008. In August 2008, the court set a new trial date of March 24, 2009 and in January 2009 moved it to September 22, 2009. Alcoa estimates that, in the event of an unfavorable outcome, the maximum exposure would be an additional post-retirement benefit liability of approximately \$300 million and approximately \$40 million of expense (includes an interest cost component) annually, on average, for the next 11 years. Alcoa believes that it has valid defenses and intends to defend this matter vigorously. However, at this stage of the proceeding, the company is unable to reasonably predict the outcome.

As previously reported, on January 25, 2007, the EC announced that it has opened an investigation to establish whether the regulated electricity tariffs granted by Spain comply with EU state aid rules. Alcoa has been operating in Spain for more than 9 years under a power supply structure approved by the Spanish Government in 1986, an equivalent tariff having been granted in 1983. The investigation is limited to the year 2005 and it is focused both on the energy-intensive consumers and the distribution companies. The investigation provided 30 days to any interested party to submit observations and comments to the EC. With respect to the energy-intensive consumers, the EC is opening the investigation on the assumption that prices paid under the tariff in 2005 were lower than the pool price mechanism, therefore being, in principle, artificially below market conditions. Alcoa has submitted comments in which the company has provided evidence that prices paid by energy-intensive consumers were in line with the market, in addition to various legal arguments defending the legality of the Spanish tariff system. Therefore, it is Alcoa's understanding that the Spanish tariff system for electricity is in conformity with all applicable laws and regulations, and therefore no state aid is present in that tariff system. While Alcoa believes that any additional cost would only be assessed for the year 2005, it is possible that the EC could extend its investigation to later years. Alcoa believes that the total potential impact from an unfavorable decision would be approximately \$11 million, or €8 million, (pre-tax) for 2005. If the EC's investigation concludes that the regulated electricity tariffs for industries are unlawful, Alcoa will have an opportunity to challenge the decision in the EU courts.

As previously reported, on February 27, 2008, Alcoa Inc. received notice that Aluminium Bahrain B.S.C. (Alba) had filed suit against Alcoa Inc. and Alcoa World Alumina LLC (collectively, "Alcoa"), and others, in the U.S. District Court for the Western District of Pennsylvania (the "Court"), Civil Action number 08-299, styled Aluminium Bahrain B.S.C. v. Alcoa Inc., Alcoa World Alumina LLC, William Rice, and Victor Phillip Dahdaleh. The complaint alleges that certain Alcoa entities and their agents, including Victor Phillip Dahdaleh, have engaged in a conspiracy over a period of 15 years to defraud Alba. The complaint further alleges that Alcoa and its employees or agents (1) illegally bribed officials of the government of Bahrain and (or) officers of Alba in order to force Alba to purchase alumina at excessively high prices, (2) illegally bribed officials of the government of Bahrain and (or) officers of Alba and issued threats in order to pressure Alba to enter into an agreement by which Alcoa would purchase an equity interest in Alba, and (3) assigned portions of existing supply contracts between Alcoa and Alba for the sole purpose of facilitating alleged bribes and unlawful commissions. The complaint alleges that Alcoa and the other defendants violated the Racketeer Influenced and Corrupt Organizations Act (RICO) and committed fraud. Alba's complaint seeks compensatory, consequential, exemplary, and punitive damages, rescission of the 2005 alumina supply contract, and attorneys' fees and costs. Alba seeks treble damages with respect to its RICO claims. On February 26, 2008, Alcoa Inc. had advised the U.S. Department of Justice (DOJ) and the Securities and Exchange Commission (SEC) that it had recently become aware of these claims, had already begun an internal investigation, and intended to cooperate fully in any investigation that the DOJ or the SEC may commence. On March 17, 2008, the DOJ notified Alcoa that it had opened a formal investigation and Alcoa has been cooperating with the government. In response to a motion filed by the DOJ on March 27, 2008, the Court ordered the suit filed by Alba to be administratively closed and that all discovery be stayed to allow the DOJ to fully conduct an investigation without the interference and distraction of ongoing civil litigation. The Court further ordered that the case will be reopened at the close of the DOJ's investigation. The company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

## [Table of Contents](#)

As previously reported, on July 21, 2008, the Teamsters Local #500 Severance Fund and the Southeastern Pennsylvania Transportation Authority filed a shareholder derivative suit in the civil division of the Court of Common Pleas of Allegheny County, Pennsylvania against certain officers and directors of Alcoa claiming breach of fiduciary duty, gross mismanagement, and other violations. This derivative action stems from the previously disclosed civil litigation brought by Aluminium Bahrain B.S.C. (Alba) against Alcoa, Alcoa World Alumina LLC, Victor Dahdaleh, and others, and the subsequent investigation of Alcoa by the DOJ and SEC with respect to Alba's claims. The Alba suit and the investigation are more fully described immediately above. This derivative action claims that the defendants caused or failed to prevent the matters alleged in the Alba lawsuit. The director defendants filed a motion to dismiss on November 21, 2008. The derivative action is in its preliminary stage and the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

### **Item 4. Submission of Matters to a Vote of Security Holders.**

No matters were submitted to a vote of the company's security holders during the fourth quarter of 2008.

### **Item 4A. Executive Officers of the Registrant.**

The names, ages, positions and areas of responsibility of the executive officers of the company as of February 13, 2009 are listed below.

**Alain J. P. Belda**, 65, Director and Chairman of the Board. Mr. Belda was elected to Alcoa's Board of Directors in September 1998 and became Chairman in January 2001. He served as Chairman of the Board and Chief Executive Officer of Alcoa from January 2001 to May 8, 2008. He was President and Chief Executive Officer of Alcoa from May 1999 to January 2001; President and Chief Operating Officer from 1997 to May 1999; Vice Chairman from 1995 to 1997; and Executive Vice President from 1994 to 1995.

**William F. Christopher**, 54, Executive Vice President – Alcoa and Group President, Engineered Products and Solutions. In January 2003, Mr. Christopher assumed responsibility for Alcoa's global automotive market and since September 2002, has been Group President for Alcoa's Aerospace and Commercial Transportation Group. He also led the customer and marketing initiatives for growth for the company until January 2006. In 2001, he assumed responsibility for the global deployment of the Alcoa Business System and the company's customer and quality initiatives. Mr. Christopher was elected a Vice President of Alcoa in 1999 and Executive Vice President in 2001. He was President of Alcoa Forged Products from 1996 to 2001.

**Klaus Kleinfeld**, 51, Director, President and Chief Executive Officer. Mr. Kleinfeld was elected to Alcoa's Board of Directors in November 2003 and was elected President and Chief Executive Officer of Alcoa on May 8, 2008. He was President and Chief Operating Officer of Alcoa from October 1, 2007 to May 8, 2008. Mr. Kleinfeld was President and Chief Executive Officer of Siemens AG from January 2005 to June 2007. He served as Deputy Chairman of the Managing Board and Executive Vice President of Siemens AG from 2004 to January 2005. He was President and Chief Executive Officer of Siemens Corporation, the U.S. arm of Siemens AG, from 2002 to 2004, and was Chief Operating Officer of Siemens Corporation from January to December 2001.

**Charles D. McLane, Jr.**, 55, Executive Vice President and Chief Financial Officer. Mr. McLane was elected an Alcoa Executive Vice President in September 2007 and was elected Vice President and Chief Financial Officer of Alcoa in January 2007. He was elected Vice President and Corporate Controller in October 2002. He joined Alcoa in May 2000 as director of investor relations, following Alcoa's merger with Reynolds Metals Company. He became Assistant Treasurer of Reynolds in 1999 and Assistant Controller of that company in 1995.

**Bernt Reitan**, 60, Executive Vice President – Alcoa and Group President, Global Primary Products. Mr. Reitan was named Group President, Global Primary Products in October 2004 and was elected an Alcoa Executive Vice President in November 2004. He was named Group President, Alcoa Primary Products in January 2004. He was elected Vice President

## [Table of Contents](#)

of Primary Metals in 2003. He was named President of Alcoa World Alumina and Chemicals and was elected a Vice President of Alcoa in July 2001. He joined Alcoa in 2000 as general manager of Alcoa World Alumina in Europe. Before joining Alcoa, Mr. Reitan held a series of positions with Elkem in Norway over a twenty-year period, serving as Senior Vice President of Materials and Technology and managing director of Elkem Aluminium ANS from 1988 to June 2000.

**J. Michael Schell**, 61, Executive Vice President – Business Development and Law/Chief Compliance Officer. Mr. Schell was elected Executive Vice President – Business Development and Law of Alcoa effective May 8, 2008 and Chief Compliance Officer of Alcoa effective July 18, 2008. He was Vice Chairman of Global Banking of Citigroup Inc. from mid-2005 until he joined Alcoa. He was a mergers and acquisitions lawyer with Skadden, Arps, Slate, Meagher & Flom LLP from 1979 to mid-2005, being elected a partner of that firm in 1984. He was an attorney with Cadwalader, Wickersham & Taft from 1976 to 1979.

**Tony R. Thene**, 48, Vice President and Controller. Mr. Thene was elected to his current position effective January 18, 2008. He joined Alcoa in 1989 and served in a series of financial management positions from that time to his most recent appointment. He was director of investor relations of Alcoa from January 2006 to January 2008. He served as chief financial officer of Alcoa's Global Mill Products from November 2004 to January 2006. He became vice president, finance, of Alcoa World Alumina and Chemicals in 2002 and was manager of Alcoa's corporate financial analysis and planning group in 2001. He served as division controller for the Alcoa Forging business from 1998 to 2001.

**Helmut Wieser**, 55, Executive Vice President – Alcoa and Group President, Global Rolled Products, Hard Alloy Extrusions & Asia. Mr. Wieser was elected an Alcoa Executive Vice President in November 2005 and was named Group President, Global Rolled Products, Hard Alloy Extrusions and Asia at that time. Mr. Wieser was named Group President, Mill Products Europe/North America in October 2004 and was elected a Vice President of Alcoa in November 2004. He joined Alcoa in October 2000 as Vice President of Operations in Europe and in 2004 he became President of Alcoa's flat rolled products business in Europe. Before joining Alcoa, Mr. Wieser worked for Austria Metall Group, where he was an executive member of the board and chief operating officer from 1997 to 2000.

The company's executive officers are elected or appointed to serve until the next annual meeting of the Board of Directors (held in conjunction with the annual meeting of shareholders) except in the case of earlier death, retirement, resignation or removal.

**PART II****Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.**

The company's common stock is listed on the New York Stock Exchange, Inc. (symbol AA). The company's quarterly high and low trading stock prices and dividends per common share for 2007 and 2008 are shown below.

<b>Quarter</b>	<b>2008</b>			<b>2007</b>		
	<b>High</b>	<b>Low</b>	<b>Dividend</b>	<b>High</b>	<b>Low</b>	<b>Dividend</b>
First	\$39.67	\$26.69	\$ .17	\$36.05	\$28.09	\$ .17
Second	44.77	33.65	.17	42.90	33.63	.17
Third	35.66	20.93	.17	48.77	30.25	.17
Fourth	22.35	6.80	.17	40.70	33.22	.17
Year	\$44.77	\$ 6.80	\$ .68	\$48.77	\$28.09	\$ .68

The number of record holders of common stock was approximately 292,000 as of February 11, 2009.

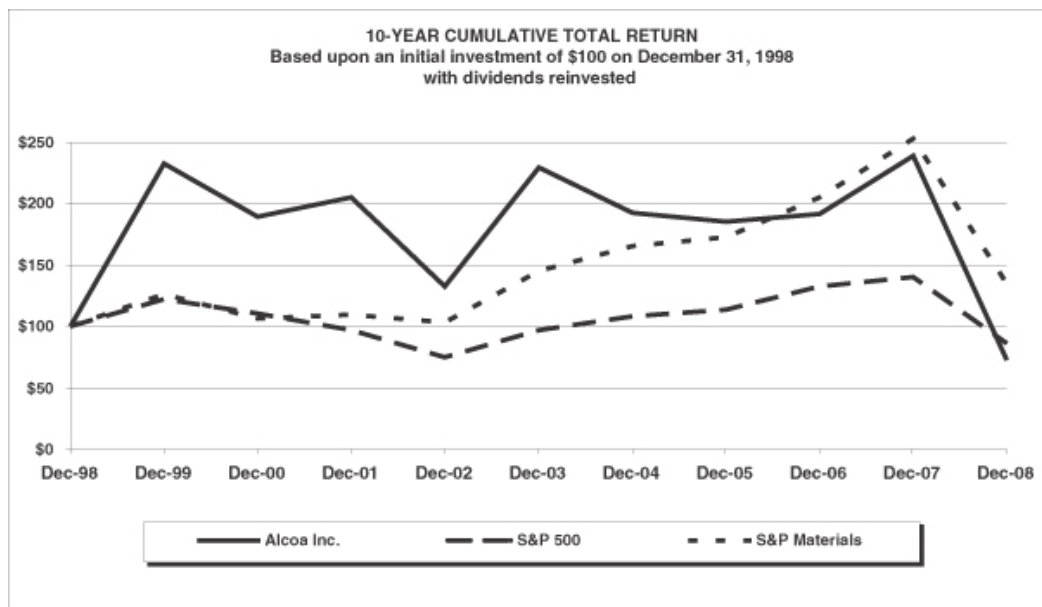

**Stock Performance Graphs**

The following graphs compare the most recent five-year and 10-year performance of Alcoa common stock with (1) the Standard & Poor's 500® Index and (2) the Standard & Poor's 500® Materials Index. Such information shall not be deemed to be "filed". Alcoa is a component of the Standard & Poor's 500® Materials Index, a group of 29 companies which closely mirror the companies Alcoa used for return on capital comparisons to establish performance equity awards for senior management in 2008.

- (a) This column includes (i) purchases under Alcoa’s publicly announced share repurchase program described in (b) below and (ii) the deemed surrender to the company by plan participants of shares of common stock to satisfy the exercise price related to the exercise of employee stock options, in each case to the extent applicable during the period indicated. The shares used to satisfy the exercise price related to stock options are not considered part of the publicly announced share repurchase program approved by Alcoa’s Board of Directors as described in (b) below.
- (b) On October 8, 2007, Alcoa’s Board of Directors approved a new share repurchase program, which was publicly announced by Alcoa on October 9, 2007. The new program authorizes the purchase of up to 25% (or approximately 217 million shares) of the outstanding common stock of Alcoa at December 31, 2006, in the open market or through privately negotiated transactions, directly or through brokers or agents, and expires on December 31, 2010. In October 2008, Alcoa elected to temporarily suspend share repurchases under this program to preserve liquidity in light of the global economic downturn.

**Item 6. Selected Financial Data.**

(in millions, except per-share amounts and ingot prices)

For the year ended December 31,	2008	2007	2006	2005	2004

\*Total assets as of December 31, 2006, 2005, and 2004 were reclassified to reflect \$34, \$207, and \$111, respectively, of cash collateral held that Alcoa elected to net against the fair value amounts recognized for certain derivative instruments executed with the same counterparties under master netting arrangements. There was no cash collateral held as of December 31, 2007. This election was made under the provisions of FSP FIN 39-1, which was adopted by Alcoa on January 1, 2008 (see Recently Adopted Accounting Standards in Part II Item 7 for additional information).

The financial information for all prior periods presented was reclassified to reflect discontinued operations and assets held for sale. See Note B to the Consolidated Financial Statements for additional information.

In addition to the operational results presented in Management's Discussion and Analysis of Financial Condition and Results of Operations, other significant items that impacted results included, but were not limited to, the following:

- 2008: Sale of the Packaging and Consumer businesses, restructuring and other charges associated with the disposition and planned sale of other businesses, and discontinued operations
- 2007: Sale of a significant investment in China, restructuring and other charges associated with the disposition and planned sale of businesses, including a related discrete income tax charge, and costs resulting from an acquisition offer for Alcan Inc.
- 2006: Disposition of a non-core business, restructuring and other charges, including impairment charges associated with the formation of a joint venture and other assets to be disposed of, and lower income tax expense associated with discrete items
- 2005: Acquisitions and dispositions of businesses, restructuring and other charges, the sale of investments, and a tax benefit resulting from the finalization of certain tax reviews and audits

## [Table of Contents](#)

2004: Disposition of businesses, restructuring and other charges, changes in the provision for income taxes, the restructuring of debt and associated settlement of interest rate swaps, the effects of the Bécancour strike, the sale of a portion of Alcoa's interest in the Juruti bauxite project, environmental charges, the termination of an alumina tolling arrangement, and discontinued operations

The data presented in the Selected Financial Data table should be read in conjunction with the information provided in Management's Discussion and Analysis of Financial Condition and Results of Operations and the Notes to the Consolidated Financial Statements.

### **Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

**(dollars in millions, except per-share amounts and ingot prices; production and shipments in thousands of metric tons [kmt])**

#### **Overview**

##### **Our Business**

Alcoa is the world leader in the production and management of primary aluminum, fabricated aluminum, and alumina combined, through its active and growing participation in all major aspects of the industry: technology, mining, refining, smelting, fabricating, and recycling. Aluminum is a commodity that is traded on the London Metal Exchange (LME) and priced daily based on market supply and demand. Aluminum and alumina represent more than three-fourths of Alcoa's revenues, and the price of aluminum influences the operating results of Alcoa. Nonaluminum products include precision castings and aerospace and industrial fasteners. Alcoa's products are used worldwide in aircraft, automobiles, commercial transportation, packaging, building and construction, oil and gas, defense, and industrial applications.

Alcoa is a global company operating in 35 countries. Based upon the country where the point of sale occurred, North America and Europe generated 54% and 26%, respectively, of Alcoa's sales. In addition, Alcoa has investments and activities in Australia, Brazil, China, Iceland, Guinea, and Russia, all of which present opportunities for substantial growth. Governmental policies and other economic factors, including inflation and fluctuations in foreign currency exchange rates and interest rates, affect the results of operations in these countries.

##### **Management Review of 2008 and Outlook for the Future**

The following items represent a summary of financial and nonfinancial information for 2008:

- Sales of \$26,901, despite the absence of 10 months of revenue related to the Packaging and Consumer businesses;
- Income from continuing operations of \$229, or \$0.28 per diluted share, which includes \$670 of restructuring and other charges;
- Cash from operations of \$1,234, reduced by pension contributions of \$523;
- Cash on hand of \$762, almost double historical levels;
- Debt-to-capital ratio of 42.5%;
- Significant progress made in the refinery expansion and bauxite mine development in Brazil;
- Successful start-up of the first greenfield smelter in two decades;
- Secured long-term power contracts for almost half of the global smelting system; and
- Completed the divestiture of the Packaging and Consumer businesses.

## [Table of Contents](#)

In 2008, the Company was faced with numerous challenges, including significantly higher costs for raw materials, energy, and other input costs and the continued depreciation of the U.S. dollar against the Brazilian real. During the second half of 2008, global economic markets began an unprecedented decline, which resulted in a historic drop in the LME cash price per metric ton. In response to such extraordinary market conditions, management made the decision to reduce Alcoa's aluminum and alumina production by 750 kmt and 1,500 kmt, respectively. Management also initiated the following actions to secure cash and safeguard Alcoa's liquidity: halted all non-critical capital expenditures; suspended the existing share repurchase program; added a new 364-day revolving credit facility; initiated global headcount reductions; instituted a global salary and hiring freeze; and decided to sell the Electrical and Electronic Solutions, Global Foil, and Transportation Products Europe businesses and to close the lone remaining Auto Cast Wheels facility. Additionally, Alcoa agreed to exchange its stake in the Sapa AB joint venture for Orkla ASA's stake in the Elkem Aluminium ANS joint venture. This transaction will provide Alcoa with increased smelting capacity by gaining full control of two smelters with competitive hydropower contracts while divesting itself of a business that management determined to exit in 2007.

While global demand for aluminum is expected to continue to decline in 2009, the actions that were initiated near the end of 2008 will allow Alcoa to emerge even stronger when the global economy recovers. In 2009, management will work toward the following goals:

- Conserve cash and preserve liquidity;
- Complete the São Luis alumina refinery expansion and Juruti bauxite mine development in Brazil; and
- Seek out and take advantage of unique opportunities that arise during the global economic downturn.

## **Results of Operations**

### **Earnings Summary**

Alcoa's income from continuing operations for 2008 was \$229, or \$0.28 per diluted share, compared with \$2,814, or \$3.23 per share, in 2007. The decrease in income from continuing operations was mostly due to the following: the absence of the gain related to the sale of Alcoa's investment in Aluminum Corporation of China Limited (Chalco); significantly higher charges for the 2008 restructuring program; continued increases in raw materials, energy, and other inputs; increased net unfavorable foreign currency movements; the absence of all of the businesses within the Packaging and Consumer segment for 10 months; and costs associated with a gas outage in Western Australia and a complete smelter curtailment in Rockdale, TX.

These negative impacts were slightly offset by the absence of certain costs associated with the Rockdale, Tennessee, and Iceland smelters and the absence of transaction costs and interest charges related to a potential business combination, all of which occurred in 2007.

Net loss for 2008 was \$74, or \$0.09 per diluted share, compared with net income of \$2,564, or \$2.95 per share, in 2007. In 2008, the net loss of \$74 included a loss from discontinued operations of \$303, all related to the Electrical and Electronic Solutions (EES) business.

Alcoa's income from continuing operations for 2007 was \$2,814, or \$3.23 per diluted share, compared with \$2,226, or \$2.54 per share, in 2006. The increase in income from continuing operations was primarily due to the following: higher realized prices for alumina and aluminum; strong demand in the downstream businesses serving the aerospace and packaging markets; a gain on the sale of the investment in Chalco; a favorable adjustment related to the estimated fair value of the soft alloy extrusion business, a decrease in the charge recorded for last-in, first-out (LIFO) inventory reserves; a non-recurring foreign currency gain in Russia; and the absence of labor contract and strike preparation costs recognized in 2006.

These positive impacts were mostly offset by the following items: significant increases in energy, raw materials, and other input costs; net unfavorable foreign currency movements due to a significantly weaker U.S. dollar; asset

## [Table of Contents](#)

impairments and restructuring charges associated with the Packaging and Consumer businesses and the Automotive Castings business, as well as a discrete income tax charge related to the Packaging and Consumer businesses; smelter curtailment costs associated with the power outage in Tennessee and the shutdown of one of the potlines in Rockdale; startup costs at the Iceland smelter; costs associated with the national labor strike in Guinea, the repairs of the refinery in Jamaica, and the restart of one of Intalco's smelter lines; transaction costs and interest charges associated with a potential business acquisition; stock-based compensation expense for reloaded options; and the absence of a favorable legal settlement that occurred in 2006 related to a former Reynolds distribution business.

Net income for 2007 was \$2,564, or \$2.95 per diluted share, compared with \$2,248, or \$2.57 per share, in 2006. In 2007, net income of \$2,564 included a loss from discontinued operations of \$250, comprised of a \$243 loss related to the EES business, an \$11 loss related to working capital and other adjustments associated with the 2006 sale of the home exteriors business, and net operating income of \$4 of other discontinued businesses.

In June 2008, a major gas supplier to Alcoa's Western Australia refining operations (part of Alcoa of Australia) suffered a pipeline rupture and fire, which resulted in a complete shutdown of the supplier's gas production operations at a certain hub and a declaration of force majeure by the supplier to all customers. The disruption in gas supply caused an immediate reduction in Alcoa's production capacity and required the purchase of alternative fuel at a much higher cost than the natural gas displaced resulting in a significant negative impact on operations. As a result, shortly thereafter, Alcoa of Australia notified its own customers that it was declaring force majeure under its alumina supply contracts. During the second half of 2008, the supplier partially restored the gas supply to Alcoa of Australia (full restoration is expected in the first half of 2009). In addition, insurance recoveries of \$52 were received in the second half of 2008. Net of insurance benefits, Alcoa's earnings impact of the disruption in gas supply was \$49 after-tax and minority interest (\$102 before tax and minority interest) in 2008. The Alumina segment was impacted by \$33 after-tax (\$47 before tax) and the remaining impact of \$29 after-tax (\$55 before tax) was reflected in Corporate due to Alcoa's captive insurance program. Alcoa of Australia is part of Alcoa World Alumina and Chemicals (AWAC), which is 60% owned by Alcoa and 40% owned by Alumina Limited.

Also in June 2008, Alcoa temporarily idled half of the aluminum production (three of six operating potlines or 120 kmt) at its Rockdale smelter due to ongoing power supply issues with Rockdale's onsite supplier and the uneconomical power that Alcoa was forced to purchase in the open market as a result of such issues. In September 2008, Alcoa announced it was temporarily idling the remaining three potlines, or 147 kmt, as a result of the cumulative effect of operating only half of the smelter, well-known issues regarding the cost and long-term reliability of the power supply, and overall market conditions. In 2008, the earnings impact of the idled potlines was \$55 (\$90 pretax). Alcoa is seeking damages and other relief from its power supplier through ongoing litigation. Additionally, in conjunction with the idling of all six potlines, Alcoa recorded restructuring charges in 2008 of \$31 (\$48 pretax) mostly for the layoff of approximately 870 employees (see Restructuring and Other Charges below for additional information).

Late in 2008, management made the decision to reduce Alcoa's alumina and aluminum production in response to the significant economic downturn. As a result of this decision, including the already completed production curtailment at the Rockdale smelter, reductions of 750 kmt, or 18%, of annualized output of Alcoa's global smelting system were implemented. Smelters located in the United States (Tennessee, Indiana, and Washington) and Canada will be partially or fully curtailed. Also, alumina production will be reduced accordingly by a total of 1,500 kmt across the global refining system, including a partial curtailment at the Point Comfort, TX refinery. The alumina and aluminum production curtailments will be fully implemented by the end of the first quarter of 2009.

**Sales**—Sales for 2008 were \$26,901 compared with sales of \$29,280 in 2007, a decline of \$2,379, or 8%. The decrease was driven mainly by the absence of 10 months of sales (\$2,781) from the businesses within the Packaging and Consumer segment, the absence of sales from the soft alloy extrusion business (\$1,115 in 2007), and volume declines for most downstream businesses, especially related to the automotive and commercial transportation markets in North America and Europe. These negative impacts were principally offset by significantly higher primary aluminum volumes, mostly as a result of sales related to the production of the Iceland smelter for a full year, and favorable foreign currency movements, primarily due to a stronger Euro and Australian dollar.

## [Table of Contents](#)

Sales for 2007 were \$29,280 compared with sales of \$28,950 in 2006, an increase of \$330 or 1%. The increase was primarily due to higher realized prices for alumina and aluminum of 7% and 4%, respectively; an increase in primary aluminum volume; higher demand in the aerospace and packaging markets; and favorable foreign currency movements due to a stronger Euro. These positive contributions were mostly offset by the absence of seven months of sales associated with the soft alloy extrusion business.

**Cost of Goods Sold**—COGS as a percentage of sales was 82.4% in 2008 compared with 77.9% in 2007. The increase in the percentage was mainly the result of continued cost increases in raw materials, energy, and other inputs; unfavorable foreign currency movements due to a significantly weaker U.S. dollar; the production at the Iceland smelter that did not occur in 2007; and the impacts of the gas outage in Western Australia and the 2008 smelter curtailment at Rockdale. These items were primarily offset by the absence of the businesses within the Packaging and Consumer segment for 10 months (84.0%); the absence of the soft alloy extrusion business (97.1% in 2007); productivity improvements in most of the businesses within the Engineered Products and Solutions segment; and the absence of certain costs incurred in 2007 as a result of production curtailments associated with the Tennessee and Rockdale smelters and startup costs at the Iceland smelter, among others.

COGS as a percentage of sales was 77.9% in 2007 compared with 75.8% in 2006. The percentage increase was negatively impacted by significant increases in energy, raw materials, and other input costs, as a result of global inflation, and unfavorable foreign currency movements due to a weaker U.S. dollar. Other items that contributed to the higher percentage include smelter curtailment costs associated with the power outage in Tennessee and the shutdown of one of the potlines in Rockdale; repair costs at the Jamaica refinery due to the damage caused by Hurricane Dean; startup costs at the Iceland smelter; costs associated with the national labor strike in Guinea; restart costs for one of Intalco's smelter lines; and the absence of a 2006 favorable legal settlement related to a former Reynolds distribution business. All of these items were partially offset by the absence of the soft alloy extrusion business; the increase in sales; a decrease in the charge recorded for LIFO inventory reserves; and the absence of labor contract and strike preparation costs that occurred in 2006.

**Selling, General Administrative, and Other Expenses**—SG&A expenses were \$1,167, or 4.3% of sales, in 2008 compared with \$1,444, or 4.9% of sales, in 2007. Expenses decreased by \$277 mostly due to the absence of 10 months of expenses (\$180) from the businesses within the Packaging and Consumer segment; the absence of transaction costs related to the 2007 offer for Alcan Inc. (\$46); and the absence of expenses from the soft alloy extrusion business (\$33 in 2007).

SG&A expenses were \$1,444, or 4.9% of sales, in 2007 compared with \$1,372, or 4.7% of sales, in 2006. Expenses increased by \$72 primarily due to \$46 in transaction costs (investment banking, legal, audit-related, and other third-party expenses) related to the offer for Alcan Inc., an increase in stock-based compensation expense as a result of reload features of exercised stock options, and unfavorable foreign currency movements due to a weaker U.S. dollar. Partially offsetting these increases was the absence of seven months of expenses related to the soft alloy extrusion business.

**Research and Development Expenses**—R&D expenses were \$246 in 2008 compared with \$238 in 2007 and \$201 in 2006. The increase in 2008 as compared to 2007 was driven mainly by expenditures related to various projects for the businesses within the Flat-Rolled Products segment and the Primary Metals segment, partially offset by the absence of 10 months of expenditures (\$16) from the businesses within the Packaging and Consumer segment. The increase in 2007 as compared to 2006 was primarily due to expenditures related to various projects for the businesses within the Flat-Rolled Products segment and the Primary Metals segment.

**Provision for Depreciation, Depletion, and Amortization**—The provision for DD&A was \$1,234 in 2008 compared with \$1,244 in 2007. The decline of \$10, or 1%, was principally the result of the absence of nine months of depreciation from the businesses within the Packaging and Consumer segment (\$89 in 2007) and the extension of depreciable lives for the majority of refining and smelting locations and various rolled products and hard alloy extrusions locations based upon a review of estimated useful lives completed during 2008 (\$61). Offsetting these

## [Table of Contents](#)

reductions was a significant increase (\$83) in depreciation expense related to the Iceland smelter and Norway anode facility being in service for a full year and unfavorable foreign currency movements as a result of a weaker U.S. dollar.

The provision for DD&A was \$1,244 in 2007 compared with \$1,252 in 2006. The decrease of \$8, or 1%, was primarily due to the cessation of depreciation beginning in November 2006 related to the soft alloy extrusion business and beginning in October 2007 associated with the businesses in the Packaging and Consumer segment, all of which was the result of the classification of these businesses as held for sale. These decreases were mostly offset by an increase in depreciation related to placing growth projects into service, such as the Pinjarra, Australia refinery expansion and the Jamaica Early Works Program that were both placed in service during 2006, and the start-up of operations related to the Iceland smelter and the Mosjøen anode facility during 2007.

**Restructuring and Other Charges**—Restructuring and other charges for each of the three years in the period ended December 31, 2008 were comprised of the following:

	2008	2007	2006
Asset impairments	\$670	\$214	\$442
Layoff costs	183	35	71
Other exit costs	109	47	35
Reversals of previously recorded layoff and other exit costs*	(23)	(28)	(41)
Restructuring and other charges	\$939	\$268	\$507

\*Reversals of previously recorded layoff and other exit costs resulted from changes in facts and circumstances that led to changes in estimated costs.

Employee termination and severance costs were recorded based on approved detailed action plans submitted by the operating locations that specified positions to be eliminated, benefits to be paid under existing severance plans, union contracts or statutory requirements, and the expected timetable for completion of the plans.

**2008 Restructuring Program**—Late in 2008, Alcoa took specific actions to reduce costs and strengthen its portfolio, partly due to the current economic downturn. Such actions include targeted reductions, curtailments, and plant closures and consolidations, which will reduce headcount by approximately 5,400 by the end of 2009, resulting in severance charges of \$138 (\$98 after-tax and minority interests), asset impairments of \$156 (\$88 after-tax and minority interests), and other exit costs of \$58 (\$57 after-tax). The significant components of these actions were as follows:

– As a result of recent market conditions, the Primary Metals segment will reduce production by 483 kmt and the Alumina segment will reduce production by a total of 1,500 kmt, all of which will be fully implemented by the end of the first quarter of 2009. These production curtailments as well as targeted reductions will result in the elimination of approximately 1,110 positions totaling \$23 in severance costs. Asset impairments of \$116 related to these two segments were also recognized, including the write off of \$84 in engineering costs related to a 1,500 kmt planned expansion of Jamalco's Clarendon, Jamaica refinery.

– The Flat-Rolled Products segment was restructured through the following actions:

- Restructuring and downsizing of the Mill Products businesses in Europe and North America, resulting in severance charges of \$53 for the reduction of approximately 850 positions;
- Optimization of the Global Hard Alloy Extrusion operations, resulting in severance charges of \$13 for a headcount reduction of approximately 240 and asset impairments of \$3;
- Alignment of production with demand at operations in Russia, through the elimination of approximately 1,400 positions resulting in severance charges of \$7;
- The shutdown of the Foil business in Bohai, resulting in severance charges of \$6 for the reduction of approximately 400 positions, asset impairments of \$24, and other exits costs of \$54, primarily related to lease termination costs.

## [Table of Contents](#)

– The Engineered Products and Solutions segment was restructured through the following actions:

- Exiting of the Auto Cast Wheel business, through the closure of the only remaining facility, which employs approximately 270, by June 2009 for severance costs of \$2;
- Consolidation of operations in the Building and Construction Systems business to maximize operating efficiencies and align capacity with the decline in the commercial building and construction markets, resulting in severance charges of \$6 for the elimination of approximately 500 positions;
- Alignment of production with demand across the Power and Propulsion business, resulting in the reduction of approximately 250 positions for a cost of \$6;
- Other severance charges of \$8 for the elimination of approximately 250 positions, asset impairments of \$13, and other exit costs of \$1.

– In order to reduce overhead serving various businesses, approximately 130 positions will be eliminated at Corporate, resulting in severance charges of \$14 and other exit costs of \$3.

In addition to the above actions, Alcoa intends to sell its Global Foil and Transportation Products Europe businesses in order to streamline its portfolio. As a result of this decision, the assets and related liabilities of the Global Foil and Transportation Products Europe businesses were classified as held for sale. Asset impairments of \$129 (\$100 after-tax) and \$52 (\$49 after-tax) were recognized to reflect the estimated fair values of the Global Foil and Transportation Products Europe businesses, respectively. Also, Alcoa and Orkla agreed to exchange their stakes in the Sapa AB and Elkem Aluminium ANS joint ventures. This portfolio action resulted in an impairment charge of \$333 (\$223 after-tax) to reflect the estimated fair value of Alcoa's investment in Sapa AB.

Earlier in 2008, Alcoa recorded \$48 (\$31 after-tax) in charges, which consists of \$44 (\$29 after-tax) for the layoff of approximately 870 employees and related curtailment of postretirement benefits and \$4 (\$2 after-tax) for other exit costs, associated with the complete production curtailment of the Rockdale, TX smelter (267 kmt) due to ongoing power supply issues with Rockdale's onsite supplier and the uneconomical power that Alcoa was forced to purchase in the open market as a result of such issues. Also during 2008, Alcoa recorded a loss of \$43 (\$32 after-tax) on the sale of its Packaging and Consumer businesses. The remaining net charges in 2008 were comprised of \$1 (\$1 after-tax and minority interests) for severance related to a reduction in headcount of approximately 30, \$4 for other exit costs (\$6 after-tax), and \$23 (\$15 after-tax and minority interests) for reversals of previously recorded costs, slightly more than half of which related to the reversal of a reserve related to a shutdown facility.

As of December 31, 2008, approximately 1,000 of the 6,300 employees were terminated. Cash payments of \$7 were made against the 2008 program reserves in 2008. As a result of the implementation of this restructuring plan, Alcoa expects to eliminate approximately \$330 (pretax) on an annual basis from its cost base once the program has been completed.

**2007 Restructuring Program**—In 2007, Alcoa recorded restructuring and other charges of \$268 (\$201 after-tax and minority interests), which were comprised of the following components: \$257 (\$174 after-tax) in asset impairments associated with a strategic review of certain businesses; a \$62 (\$23 after-tax) reduction to the original impairment charge recorded in 2006 related to the estimated fair value of the soft alloy extrusion business, which was contributed to a joint venture effective June 1, 2007 (see the 2006 Restructuring Program for additional information); and \$73 (\$50 after-tax and minority interests) in net charges comprised of severance charges of \$35 (\$26 after-tax and minority interests) related to the elimination of approximately 400 positions and asset impairments of \$19 (\$12 after-tax) of various other businesses and facilities, other exit costs of \$47 (\$31 after-tax and minority interests), primarily for accelerated depreciation associated with the shutdown of certain facilities in 2007 related to the 2006 Restructuring Program, and reversals of previously recorded layoff and other exit costs of \$28 (\$19 after-tax and minority interests) due to normal attrition and changes in facts and circumstances.

In April 2007, Alcoa announced it was exploring strategic alternatives for the potential disposition of the businesses within the Packaging and Consumer segment and the Automotive Castings business. In September 2007, management completed its review of strategic alternatives and determined that the best course of action was to sell the Packaging

## [Table of Contents](#)

and Consumer and Automotive Castings businesses. As a result of this decision, the assets and related liabilities of the Packaging and Consumer and Automotive Castings businesses were classified as held for sale. In the third quarter of 2007, Alcoa recorded impairment charges of \$215 (\$140 after-tax) related to the Packaging and Consumer businesses and \$68 (\$51 after-tax) for the Automotive Castings business to reflect the write-down of the carrying value of the assets of these businesses to their respective estimated fair values. In addition, Alcoa recorded a \$464 discrete income tax charge related to goodwill associated with the planned sale of the Packaging and Consumer businesses that would have been non-deductible for tax purposes under the transaction structure contemplated at the time. In November 2007, Alcoa completed the sale of the Automotive Castings business and recognized a loss of \$4 (\$2 after-tax) in Restructuring and other charges on the Statement of Consolidated Operations. In December 2007, Alcoa agreed to sell the Packaging and Consumer businesses for \$2,700 in cash, and reduced the impairment charge by \$26 (\$17 after-tax) and the discrete income tax charge by \$322 as a result of the structure of the agreed upon sale (this sale was completed in 2008).

As of December 31, 2008, the terminations associated with the 2007 restructuring program were essentially complete. Cash payments of \$20 and \$13 were made against the 2007 program reserves in 2008 and 2007, respectively.

**2006 Restructuring Program**—In November 2006, Alcoa executed a plan to re-position several of its downstream operations in order to further improve returns and profitability, and to enhance productivity and efficiencies through a targeted restructuring of operations, and the creation of a soft alloy extrusion joint venture. The restructuring program encompassed identifying assets to be disposed of, plant closings and consolidations, that led to the elimination of approximately 1,800 positions across the company's global businesses. Restructuring charges of \$507 (\$347 after-tax and minority interests) were recorded in 2006 and were comprised of the following components: \$71 of charges for employee termination and severance costs spread globally across the company; \$442 related to asset impairments for structures, machinery, equipment, and goodwill, more than half of which relates to the soft alloy extrusion business; and \$35 for other exit costs, consisting primarily of accelerated depreciation associated with assets for which the useful life has been changed due to plans to close certain facilities in the near term and environmental clean-up costs. Partially offsetting these charges was \$41 of income related to the reversal of previously recorded layoff and other exit costs resulting from new facts and circumstances that arose subsequent to the original estimates.

The significant components of the 2006 restructuring program were as follows:

- The hard and soft alloy extrusion businesses, included within the former Extruded and End Products segment, were restructured through the following actions:
  - Alcoa signed a letter of intent with Orkla ASA's SAPA Group (Sapa) to create a joint venture that would combine its soft alloy extrusion business with Sapa's Profiles extruded aluminum business. Effective June 1, 2007, the joint venture was completed. The new venture is majority-owned by Orkla ASA and operated by Sapa. In 2006, Alcoa recorded an impairment charge of \$301 to reduce the carrying value of the soft alloy extrusion business' assets to their estimated fair value. In conjunction with the contribution of the soft alloy extrusion business to the joint venture, Alcoa recorded a \$62 (\$23 after-tax) reduction to the original impairment charge recorded in 2006.
  - Consolidation of selected operations within the global hard alloy extrusion production operations serving the aerospace, automotive and industrial products markets, resulting in charges of \$7 for severance costs associated with the elimination of approximately 325 positions, primarily in the U.S. and Europe.
- Operations within the Flat-Rolled Products segment were affected by the following actions:
  - Restructuring of the can sheet operations resulting in the elimination of approximately 320 positions, including the closure of the Swansea facility in the U.K. in the first quarter of 2007, resulting in charges of \$33, comprised of \$16 for severance costs and \$17 for other exit costs, including accelerated depreciation.
  - Conversion of the temporarily-idled San Antonio, TX rolling mill into a temporary research and development facility serving Alcoa's global flat-rolled products business, resulting in a \$53 asset impairment charge as these assets have no alternative future uses.

## [Table of Contents](#)

- Charges for asset impairments of \$47 related to a global flat-rolled product asset portfolio review and rationalization.

– Reduction within the Primary Metals and Alumina segments' operations by approximately 330 positions to further strengthen the company's position on the global cost curve. This action resulted in charges of \$44, consisting of \$24 for asset impairments, \$14 for severance costs and \$6 for other exit costs.

– Consolidation of selected operations within the Packaging and Consumer segment, resulting in the elimination of approximately 440 positions and charges of \$19, consisting of \$10 related to severance costs and \$9 for other exit costs, consisting primarily of accelerated depreciation.

– Restructuring at various other locations accounted for the remaining charges of \$35, more than half of which are for severance costs related to approximately 400 layoffs and the remainder for asset impairments and other exit costs.

As of December 31, 2008, the terminations associated with the 2006 restructuring program were essentially complete. Cash payments of \$9 and \$37 were made against the 2006 program reserves in 2008 and 2007, respectively.

Alcoa does not include restructuring and other charges in the segment results. The pretax impact of allocating restructuring and other charges to the segment results would have been as follows:

	2008	2007	2006
Alumina	\$ 89	\$ -	\$ 4
Primary Metals	94	(2)	26
Flat-Rolled Products	289	56	139
Engineered Products and Solutions	88	67	-
Packaging and Consumer	45	189	15
Segment total	605	310	184
Corporate	334	(42)	323
Total restructuring and other charges	\$939	\$268	\$507

**Interest Expense**—Interest expense was \$407 in 2008 compared with \$401 in 2007, resulting in an increase of \$6, or 1%. The increase was principally caused by a 22% higher average debt level, mostly due to the issuance of \$1,500 in new senior notes in July 2008 and significantly higher commercial paper levels; and a decrease in capitalized interest (\$32), primarily due to placing growth projects into service, such as the Iceland smelter and the Norway anode facility in 2007. These items were almost completely offset by the absence of credit facility commitment fees related to the 2007 offer for Alcan Inc. (\$67) and a lower weighted-average effective interest rate, driven mainly by the decrease in LIBOR rates.

Interest expense was \$401 in 2007 compared with \$384 in 2006, resulting in an increase of \$17, or 4%. The increase was primarily due to the amortization of \$30 in commitment fees paid and capitalized in June 2007 and an expense of \$37 for additional commitment fees paid in July 2007, both of which were paid to secure an 18-month \$30,000 senior unsecured credit facility associated with the offer for Alcan Inc., and a higher average debt level, partially offset by an increase in the amount of interest capitalized related to construction projects, including the Iceland smelter, the Juruti bauxite mine and São Luís refinery expansion in Brazil, and the Mosjøen anode facility.

**Other Income, net**—Other income, net was \$59 in 2008 compared with \$1,920 in 2007. The decrease of \$1,861, or 97%, was mostly due to the absence of the \$1,754 gain related to the sale of Alcoa's investment in Chalco. Other items impacting this decline were losses related to the cash surrender value of life insurance as a result of the deterioration of the investment markets; unfavorable foreign currency movements due to a weaker U.S. dollar; the absence of dividend income from Alcoa's former stake in Chalco; and the absence of a non-recurring foreign currency gain in Russia; all of which was partially offset by mark-to-market gains on derivative contracts and income related to a negotiated partial refund of an indemnification payment previously made to the buyer of a prior Alcoa divestiture (\$39).

## [Table of Contents](#)

Other income, net, was \$1,920 in 2007 compared with \$236 in 2006. The increase of \$1,684 was primarily due to the sale of Alcoa's investment in Chalco, which resulted in a gain of \$1,754, net of transaction fees and other expenses, and a non-recurring foreign currency gain in Russia, slightly offset by a decrease in the amount of dividends received from Chalco between periods, and the absence of interest related to a Brazilian court settlement in 2006.

**Income Taxes**—Alcoa's effective tax rate was 43.2% in 2008 compared with the U.S. federal statutory rate of 35% and Alcoa's effective tax rate of 33.8% in 2007. The effective tax rate in 2008 differs from the U.S. federal statutory rate principally due to the following income tax charges: \$73 for the asset impairments included in the 2008 restructuring program; \$28 due to a decrease in deferred tax assets of the Iceland operations as a result of an applicable tax rate change; a net \$19 associated with the sale of the Packaging and Consumer businesses, mainly due to the allocation of sale proceeds to higher tax rate jurisdictions as opposed to the allocation previously contemplated, somewhat offset by changes in tax assumptions surrounding transaction costs and the finalization of the divestiture of certain foreign locations. These charges were partially offset by foreign income taxed in lower rate jurisdictions and a \$20 discrete income tax benefit related to the filing of the 2007 U.S. income tax return.

Alcoa's effective tax rate was 33.8% in 2007 compared with the U.S. federal statutory rate of 35% and Alcoa's effective tax rate of 24.3% in 2006. The effective tax rate in 2007 differs from the U.S. federal statutory rate of 35% primarily due to lower taxes on foreign income, mostly offset by a discrete income tax charge of \$142 related to goodwill that is non-deductible for tax purposes associated with the sale of the Packaging and Consumer businesses.

Management anticipates that the effective tax rate in 2009 will be approximately 30%. However, changes in the current economic environment, currency fluctuations, and the results of operations in certain taxing jurisdictions may cause this estimated rate to fluctuate significantly.

**Minority Interests**—Minority interests' share of income from continuing operations was \$221 in 2008 compared with \$365 in 2007. The decline of \$144 was mostly due to lower earnings at AWAC attributed primarily to significant cost increases for raw materials and energy, unfavorable foreign currency movements due to a weaker U.S. dollar, and the impact of the gas outage in Western Australia.

Minority interests' share of income from continuing operations was \$365 in 2007 compared with \$436 in 2006. The \$71 decrease was principally due to lower earnings at AWAC driven mainly by unfavorable foreign currency movements due to a weaker U.S. dollar and a significant increase in energy costs.

**(Loss) Income From Discontinued Operations**—Loss from discontinued operations was \$303 in 2008 compared with a loss of \$250 in 2007 and income of \$22 in 2006. The loss of \$303 in 2008 is all related to the EES business comprised of asset impairments of \$162 to reflect the estimated fair value of the business and a net operating loss of \$141, which includes restructuring charges of \$39 for headcount reductions of approximately 6,200 and a charge of \$16 for obsolete inventory. The loss of \$250 in 2007 consisted of a \$243 loss related to the EES business, including severance charges of \$36 for headcount reductions of approximately 5,900 as part of a strategic business review to restructure EES and impairment charges of \$93 for goodwill and \$60 for various fixed assets as the forecasted future earnings and cash flows of the EES business no longer supported the carrying values of such assets; an \$11 loss related to working capital and other adjustments associated with the 2006 sale of the home exteriors business; and net operating income of \$4 of other discontinued businesses. The income of \$22 in 2006 was comprised of a \$110 gain related to the sale of the home exteriors business; a \$65 operating loss related to the EES business, including severance charges of \$30 for headcount reductions of approximately 4,800; net operating losses of \$20 of other discontinued businesses; and a loss of \$3 related to the 2005 sale of the imaging and graphics communications business. See Note B to the Consolidated Financial Statements for additional information.

Late in 2008, Alcoa reclassified its EES business to discontinued operations based on the decision to sell the business. The Consolidated Financial Statements for all prior periods presented were reclassified to reflect the EES business in discontinued operations. The EES business designs and manufactures electrical and electronic systems, wire harnesses and components for the ground transportation industry worldwide. In 2008, the EES business generated sales of \$1,218

## [Table of Contents](#)

and had approximately 19,000 employees as of December 31, 2008. During 2006, Alcoa reclassified its home exteriors business to discontinued operations upon the signing of a definitive sale agreement with Ply Gem Industries, Inc. The sale of the home exteriors business was completed in October 2006. Also during 2006, Alcoa reclassified the Hawesville, KY automotive casting facility to discontinued operations upon closure of the facility. The results of the Engineered Products and Solutions segment were reclassified to reflect the movement of EES, the home exteriors business, and the Hawesville automotive casting facility into discontinued operations.

### Segment Information

In 2008, management approved a realignment of Alcoa's reportable segments to better reflect the core businesses in which Alcoa operates and how it is managed. This realignment consisted of eliminating the Extruded and End Products segment and realigning its component businesses as follows: the building and construction systems business is reported in the Engineered Products and Solutions segment; the hard alloy extrusions business and the Russian extrusions business are reported in the Flat-Rolled Products segment; and the remaining segment components, consisting primarily of the equity investment/income of Alcoa's interest in the Sapa AB joint venture, and the Latin American extrusions business, are reported in Corporate. Additionally, the Russian forgings business was moved from the Engineered Products and Solutions segment to the Flat-Rolled Products segment, where all Russian operations are now reported. Prior period amounts were reclassified to reflect the new segment structure. Also, the Engineered Solutions segment was renamed the Engineered Products and Solutions segment.

Alcoa's operations consist of five worldwide segments: Alumina, Primary Metals, Flat-Rolled Products, Engineered Products and Solutions, and Packaging and Consumer (this segment no longer contains any operations as the businesses within this segment were divested during 2008). Segment performance under Alcoa's management reporting system is evaluated based on a number of factors; however, the primary measure of performance is the after-tax operating income (ATOI) of each segment. Certain items such as the impact of LIFO inventory accounting; interest income and expense; minority interests; corporate expense (general administrative and selling expenses of operating the corporate headquarters and other global administrative facilities, along with depreciation and amortization on corporate-owned assets); restructuring and other charges; discontinued operations; and other items, including intersegment profit and other metal adjustments, differences between tax rates used in the segments and the corporate effective tax rate, and other nonoperating items such as foreign currency translation gains/losses are excluded from segment ATOI. Segment assets exclude, among others, cash and cash equivalents, deferred income taxes, goodwill allocated to corporate, corporate fixed assets, LIFO reserves, and assets held for sale.

ATOI for all segments totaled \$2,199 in 2008, \$3,162 in 2007, and \$3,505 in 2006. See Note Q to the Consolidated Financial Statements for additional information. The following discussion provides shipments, sales, and ATOI data of each segment, and production data for the Alumina and Primary Metals segments for each of the three years in the period ended December 31, 2008.

### Alumina

	2008	2007	2006
Alumina production (kmt)	15,256	15,084	15,128
Third-party alumina shipments (kmt)	8,041	7,834	8,420
Third-party sales	\$ 2,924	\$ 2,709	\$ 2,785
Intersegment sales	2,803	2,448	2,144
Total sales	\$ 5,727	\$ 5,157	\$ 4,929
ATOI	\$ 727	\$ 956	\$ 1,050

This segment consists of Alcoa's worldwide alumina system, including the mining of bauxite, which is then refined into alumina. Alumina is sold directly to internal and external smelter customers worldwide or is processed into industrial chemical products. Slightly more than half of Alcoa's alumina production is sold under supply contracts to third parties worldwide, while the remainder is used internally.

## [Table of Contents](#)

In 2008, alumina production increased by 172 kmt compared to 2007. Three of Alcoa's nine refineries achieved production records in 2008 with the largest increase occurring at the Pinjarra (Australia) refinery due to the continued positive effects of the efficiency upgrade expansion completed in 2006. Late in 2008, Alcoa reduced production at its Point Comfort, TX refinery by 550 kmt per year due to negative market conditions; however, production for the year slightly exceeded the refinery's 2007 production performance. In 2007, alumina production decreased by 44 kmt compared to 2006. Impacts from the national labor strike in Guinea and Hurricane Dean weighed on production with 8% and 14% decreases at Point Comfort, TX and Jamaica, respectively, offsetting a 4% increase at Pinjarra. Paranam (Suriname), São Luís, Wagerup (Australia), and Pinjarra set production records in 2007.

Third-party sales for the Alumina segment rose 8% in 2008 compared with 2007, primarily related to favorable foreign currency movements due to a stronger Australian dollar and increases of 3% and 2% in third-party shipments and realized prices, respectively. Third-party sales for this segment decreased 3% in 2007 compared with 2006, principally due to a 7% reduction in third-party shipments more than offsetting an LME-driven increase in realized prices.

Intersegment sales for the Alumina segment climbed 15% in 2008 compared with 2007 and 14% in 2007 compared with 2006, mainly as a result of a 6% and 7% increase in volumes, respectively, and higher realized prices.

ATOI for the Alumina segment decreased 24% in 2008 compared with 2007, mostly due to significant cost increases for bauxite, caustic soda, fuel oil, and natural gas; unfavorable foreign currency movements due to a weaker U.S. dollar; and the impact of the gas outage in Western Australia (\$33 net of insurance benefits), all of which was partially offset by higher realized prices, productivity improvements, and a positive impact due to the curtailment of production at the Point Comfort refinery. ATOI for this segment declined 9% in 2007 compared with 2006, principally due to unfavorable foreign currency movements due to a weaker U.S. dollar, significantly higher energy costs, and rising freight cost, all of which more than offset increases in realized prices.

In 2009, Alcoa will continue to focus on completing the expansion of the São Luís refinery (total additional alumina production of 2,100 kmt, Alcoa's share is 1,134 kmt) and the development of the Juruti bauxite mine (total additional 2,600 kmt of bauxite, Alcoa's share is 1,560 kmt) by the end of the first half. Also, in response to negative market conditions, Alcoa plans to reduce production by another 1,000 kmt per year by the end of the 2009 first quarter (1,500 kmt including the previously mentioned curtailment at Point Comfort). Additionally, fuel oil costs are expected to decrease while realized prices may decline significantly based on the LME's current prices and short-term outlook.

### **Primary Metals**

	2008	2007	2006
Aluminum production (kmt)	4,007	3,693	3,552
Third-party aluminum shipments (kmt)	2,926	2,291	2,087
Alcoa's average realized price per metric ton of aluminum	\$ 2,714	\$ 2,784	\$ 2,665
Third-party sales	\$ 8,021	\$ 6,576	\$ 6,171
Intersegment sales	3,927	4,994	6,208
Total sales	\$ 11,948	\$ 11,570	\$ 12,379
ATOI	\$ 931	\$ 1,445	\$ 1,760

This segment consists of Alcoa's worldwide smelter system. Primary Metals receives alumina, primarily from the Alumina segment, and produces primary aluminum used by Alcoa's fabricating businesses, as well as sold to external customers, aluminum traders, and commodity markets. Results from the sale of aluminum powder, scrap, and excess power are also included in this segment, as well as the results of aluminum derivative contracts. Primary aluminum produced by Alcoa and used internally is transferred to other segments at prevailing market prices. The sale of primary aluminum represents more than 90% of this segment's third-party sales.

In 2008, aluminum production increased by 314 kmt, mostly due to the Iceland smelter, as 2008 was its first full year of production; the Intalco, WA smelter as a result of the restart of additional pots early in the year; and the Tennessee smelter; all of which was slightly offset by a reduction at the Rockdale, TX smelter due to Alcoa's decision to curtail

## [Table of Contents](#)

all production at this facility until competitive market conditions return (267 kmt per year). Late in 2008, Alcoa started partial production curtailments at various smelters, including Intalco and Baie Comeau, Quebec, which will result in an additional decline of 350 kmt per year. In 2007, aluminum production rose 141 kmt due to the Intalco smelter's completed restart of one potline in the second quarter of 2007, the acquisition of the minority interests in the Intalco smelter in June 2006, and the Iceland smelter's start-up in the second quarter of 2007.

Third-party sales for the Primary Metals segment climbed 22% in 2008 compared with 2007, mostly due to higher volumes, primarily the result of the sales related to the production from the Iceland smelter, shipments made to the Packaging and Consumer businesses subsequent to their divestiture in 2008, and shipments made in the first half of 2008 to the Sapa AB joint venture (shipments to Alcoa's soft alloy extrusion business were included in intersegment sales in the first half of 2007), somewhat offset by lower realized prices of 3%. Third-party sales for this segment increased 7% in 2007 compared with 2006, primarily due to an increase in realized prices of 4% and improved volumes, mainly due to shipments made in 2007 to the Sapa AB joint venture.

Intersegment sales for the Primary Metals segment declined 21% in 2008 compared with 2007, mainly as a result of lower demand from Alcoa's downstream businesses, the absence of 10 months of shipments to the Packaging and Consumer businesses that occurred in 2007, and the absence of shipments to the soft alloy extrusion business that occurred in 2007. Intersegment sales decreased 20% in 2007 compared with 2006 due to the absence of shipments to the soft alloy extrusion business that occurred in 2006 and production curtailments associated with the Tennessee and Rockdale smelters that occurred in 2007.

ATOI for the Primary Metals segment dropped 36% in 2008 compared with 2007 principally related to higher alumina, carbon, and energy costs; increased spending on repairs and maintenance, outside services, and labor; lower realized prices; the impact of the 2008 curtailment of all production at Rockdale (\$55); and unfavorable foreign currency movements due to a weaker U.S. dollar. These negative impacts were partially offset by the absence of costs incurred in 2007 associated with the following: the start-up of the Iceland smelter, the smelter production curtailment of one of the potlines in Rockdale, and the smelter curtailment associated with the power outage in Tennessee. ATOI for this segment declined 18% in 2007 compared with 2006 as unfavorable foreign currency movements related to a weaker U.S. dollar; costs associated with the Rockdale and Tennessee smelter curtailments; continued increases in raw material, freight, and energy costs; and Iceland smelter start-up costs were partially offset by higher realized prices.

At December 31, 2008, Alcoa had 807 kmt of idle capacity on a base capacity of 4,531 kmt. In 2008, idle capacity increased by 355 kmt as compared to 2007 due to the complete production curtailment at Rockdale (267 kmt) and partial curtailments of approximately 88 kmt related to other smelters, all of which are the result of current negative market conditions. At December 31, 2007, Alcoa had 452 kmt of idle capacity on a base capacity of 4,573 kmt. In 2007, idle capacity decreased by 93 kmt as compared to 2006 due to the completed restart of one of Intalco's smelter lines. Base capacity increased by 364 kmt in 2007 as compared to 2006 primarily due to the completion of the 344 kmt Iceland smelter.

In 2009, Alcoa will curtail production by an additional 395 kmt (750 kmt including the previously mentioned curtailments), which includes all smelting at the Tennessee operations (215 kmt), by the end of the first quarter. Also, input costs are expected to decrease while Alcoa anticipates the realization of cost savings from recent procurement initiatives. Lastly, realized prices may decline significantly based on the LME's current prices and short-term outlook.

### **Flat-Rolled Products**

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Third-party aluminum shipments (kmt)	2,296	2,441	2,387
Third-party sales	\$9,563	\$ 9,932	\$8,995
Intersegment sales	249	283	253
Total sales	\$9,812	\$10,215	\$9,248
ATOI	\$ 27	\$ 204	\$ 244

## [Table of Contents](#)

This segment's principal business is the production and sale of aluminum plate, sheet, foil, and hard alloy extrusions. This segment includes rigid container sheet (RCS), which is sold directly to customers in the packaging and consumer market and is used to produce aluminum beverage cans. Seasonal increases in RCS sales are generally experienced in the second and third quarters of the year. This segment also includes sheet and plate used in the transportation, building and construction, and distribution markets (mainly used in the production of machinery and equipment and consumer durables), which is sold directly to customers and through distributors. Additionally, hard alloy extrusions products, which are also sold directly to customers and through distributors, serve the distribution, aerospace, automotive, and commercial transportation markets. Approximately one-third of the third-party sales in this segment consist of RCS, while the remaining two-thirds of third-party sales are derived from sheet and plate, foil used in industrial markets, and hard alloy extrusions. While the customer base for flat-rolled products is large, a significant amount of sales of RCS, sheet, and plate is to a relatively small number of customers.

Third-party sales for the Flat-Rolled Products segment decreased 4% in 2008 compared with 2007. The decline was principally due to lower volumes across all businesses, mainly the result of weak end markets in North America and Europe, partially offset by positive foreign currency movements, mostly due to a stronger Euro, and a favorable pricing and product mix. Third-party sales for this segment climbed 10% in 2007 compared with 2006. The increase was primarily due to passing through material price increases, favorable product mix associated with aerospace, higher volumes in the aerospace and packaging markets, and favorable foreign currency movements due to a stronger Euro. These increases were somewhat offset by the absence of sales associated with the shutdown of the Swansea, U.K. can sheet facility in the first quarter of 2007, as well as lower volumes in the distribution, automotive and commercial transportation markets.

ATOI for the Flat-Rolled Products segment fell 87% in 2008 compared with 2007, mainly the result of continued higher direct materials, energy, and other cost increases and lower volumes across all businesses, partially offset by favorable pricing and product mix. ATOI for this segment declined 16% in 2007 compared with 2006, primarily due to cost increases for direct materials and energy; higher ramp-up costs at facilities in both Russia and China; and the impact of distributor de-stocking in the second half of 2007; somewhat offset by favorable pricing and product mix, and higher volumes in the markets noted previously.

In 2009, the weakness in most end markets is expected to continue resulting in declining volumes while lower input costs, such as direct materials and energy, are anticipated. Also, the Global Foil business will be divested.

### **Engineered Products and Solutions**

	2008	2007	2006
Third-party aluminum shipments (kmt)	182	207	227
Third-party sales	\$5,602	\$5,251	\$4,877
ATOI	\$ 503	\$ 409	\$ 356

This segment includes titanium, aluminum, and super alloy investment castings; forgings and fasteners; aluminum wheels; integrated aluminum structural systems; and architectural extrusions used in the aerospace, automotive, building and construction, commercial transportation, and power generation markets. These products are sold directly to customers and through distributors. In 2008, the EES business was classified as discontinued operations; therefore, all periods presented exclude the results of this business.

Third-party sales for the Engineered Products and Solutions segment increased 7% in 2008 compared with 2007. The improvement was primarily due to higher demand in the aerospace and industrial gas turbine markets; favorable pricing in the building and construction market; positive foreign currency movements due to a stronger Euro; and the addition of two fastener businesses acquired early in 2008; all of which was partially offset by significant volume declines in the commercial transportation market. Third-party sales for this segment increased 8% in 2007 compared with 2006. The improvement was principally due to aerospace and power generation increases and higher volumes and prices in the building and construction business more than offsetting the decline in commercial transportation.

## [Table of Contents](#)

ATOI for the Engineered Products and Solutions segment climbed 23% in 2008 compared with 2007, mainly due to continued strong demand and productivity improvements in the aerospace and industrial gas turbine markets, favorable foreign currency movements due to a stronger Euro, and the positive contribution of the acquired fastener businesses, all of which was somewhat offset by significantly lower volumes in the commercial transportation market. ATOI for this segment increased 15% in 2007 compared with 2006, largely due to continued strong demand and operational performance in the aerospace and industrial gas turbine markets; favorable prices and higher volumes in the building and construction business; and productivity improvements. These positive impacts were partially offset by demand decline in the North America heavy truck market.

In 2009, market conditions in the commercial transportation and building and construction markets are expected to further weaken. However, it is anticipated that productivity initiatives will materialize to partially offset the market downturn. Also, the lone remaining Cast Auto Wheels facility will be closed and the Transportation Products Europe business will be divested.

### **Packaging and Consumer**

	2008	2007	2006
Third-party aluminum shipments (kmt)	19	157	169
Third-party sales	\$516	\$3,288	\$3,235
ATOI	\$ 11	\$ 148	\$ 95

The businesses within this segment were sold to Rank Group Limited in 2008; therefore, this segment no longer contains any operations. Prior to the sale of these businesses, this segment included consumer, foodservice, and flexible packaging products; food and beverage closures; and plastic sheet and film for the packaging industry. The principal products in this segment included aluminum foil; plastic wraps and bags; plastic beverage and food closures; flexible packaging products; thermoformed plastic containers; and extruded plastic sheet and film. Consumer products were marketed under brands including Reynolds Wrap®, Diamond®, Baco®, and Cut-Rite®. Seasonal increases generally occurred in the second and fourth quarters of the year for such products as consumer foil and plastic wraps and bags, while seasonal slowdowns for closures generally occurred in the fourth quarter of the year. Products were generally sold directly to customers, consisting of supermarkets, beverage companies, food processors, retail chains, and commercial foodservice distributors.

Third-party sales for the Packaging and Consumer segment increased 2% in 2007 compared with 2006, primarily due to higher volume and favorable pricing and mix across all businesses.

ATOI for the Packaging and Consumer segment climbed 56% in 2007 compared with 2006, primarily due to productivity improvements across all businesses and the cessation of depreciation beginning in October 2007, as the assets of this segment were classified as held for sale due to management's announced intent to actively pursue the sale of these businesses.

[Table of Contents](#)

**Reconciliation of ATOI to Consolidated Net (Loss) Income**—The following table reconciles total segment ATOI to consolidated net (loss) income:

	2008	2007	2006
Total segment ATOI	\$2,199	\$3,162	\$3,505
Unallocated amounts (net of tax):			
Impact of LIFO	(7)	(24)	(170)
Interest income	35	40	58
Interest expense	(265)	(261)	(250)
Minority interests	(221)	(365)	(436)
Corporate expense	(328)	(388)	(317)
Restructuring and other charges	(693)	(201)	(347)
Discontinued operations	(303)	(250)	22
Other	(491)	851	183
Consolidated net (loss) income	\$ (74)	\$2,564	\$2,248

Items required to reconcile segment ATOI to consolidated net (loss) income include:

- The impact of LIFO inventory accounting;
- Interest income and expense;
- Minority interests;
- Corporate expense, comprised of general administrative and selling expenses of operating the corporate headquarters and other global administrative facilities, along with depreciation and amortization on corporate-owned assets;
- Restructuring and other charges;
- Discontinued operations; and
- Other, which includes intersegment profit and other metal adjustments, differences between tax rates used in the segments and the corporate effective tax rate, and other nonoperating items such as foreign currency translation gains/losses.

The significant changes in the reconciling items between total segment ATOI and consolidated net (loss) income for 2008 compared with 2007 consisted of:

- A \$4 increase in Interest expense, principally caused by a 22% higher average debt level, mostly due to the issuance of \$1,500 in new senior notes in July 2008 and significantly higher commercial paper levels; and a decrease in capitalized interest (\$21), primarily due to placing growth projects into service, such as the Iceland smelter and the Norway anode facility in 2007; both of which were almost completely offset by the absence of credit facility commitment fees related to the 2007 offer for Alcan Inc. (\$43) and a lower weighted-average effective interest rate, driven mainly by the decrease in LIBOR rates;
- A \$144 decrease in Minority interests, mostly due to lower earnings at AWAC, attributed primarily to significant cost increases for raw materials and energy, unfavorable foreign currency movements due to a weaker U.S. dollar, and the impact of the gas outage in Western Australia;
- A \$60 decline in Corporate expense, principally due to the absence of transaction costs related to the 2007 offer for Alcan Inc. (\$30);
- A \$492 increase in Restructuring and other charges, primarily due to significantly higher charges for the 2008 restructuring program;
- A \$53 higher loss in Discontinued operations, mainly due to a \$51 increase in the net operating loss of the EES business; and

## Table of Contents

- A \$1,342 change in Other, mostly due to the following: the absence of a \$1,140 gain on the sale of the Chalco investment; a net income tax charge of \$100 for various items; losses related to the cash surrender value of life insurance as a result of the deterioration of the investment markets; and unfavorable foreign currency movements due to a weaker U.S. dollar; all of which was somewhat offset by the absence of a \$142 discrete income tax charge related to goodwill that is non-deductible for tax purposes associated with the sale of the Packaging and Consumer businesses; mark-to-market gains on derivative contracts; and income related to a negotiated partial refund of an indemnification payment previously made to the buyer of a prior Alcoa divestiture (\$24).

The significant changes in the reconciling items between total segment ATOI and consolidated net income for 2007 compared with 2006 consisted of:

- A \$146 decrease in the Impact of LIFO, primarily due to a significantly lower increase in metal prices in 2007 as compared to 2006;
- An \$18 decrease in Interest income, mainly due to the absence of \$11 in interest earned on a 2006 Brazilian court settlement;
- An \$11 increase in Interest expense, primarily due to \$43 in credit facility commitment fees related to the offer for Alcan Inc., partially offset by an increase in capitalized interest related to construction projects, including the Iceland smelter, the Juruti bauxite mine, the São Luís refinery expansion, and the Mosjøen anode facility;
- A \$71 decrease in Minority interests, principally due to lower earnings at AWAC driven mainly by unfavorable foreign currency movements due to a weaker U.S. dollar and a significant increase in energy costs;
- A \$71 increase in Corporate expense, mostly due to \$30 in transaction costs related to the offer for Alcan and an increase in stock-based compensation expense as a result of reload features of exercised stock options;
- A \$146 decrease in Restructuring and other charges, due to a smaller restructuring program in 2007 as compared to 2006;
- A change of \$272 in Discontinued operations, primarily due to \$153 in impairment charges related to the EES business and the absence of a \$110 gain recognized on the sale of the home exteriors business in 2006; and
- A \$668 increase in Other, principally due to a \$1,140 gain on the sale of the Chalco investment, partially offset by a \$142 discrete income tax charge related to goodwill that is non-deductible for tax purposes associated with the planned sale of the Packaging and Consumer businesses; the absence of \$83 in discrete income tax benefits in 2006 related to the finalization of certain tax reviews and audits and the reversal of valuation allowances related to international net operating losses; the absence of a \$26 favorable legal settlement in 2006 related to a former Reynolds distribution business; and an increase in income taxes in order to reconcile the estimated tax rates used in the segments with Alcoa's effective tax rate.

## Environmental Matters

Alcoa continues to participate in environmental assessments and cleanups at a number of locations. These include 31 owned or operating facilities and adjoining properties, 33 previously owned or operating facilities and adjoining properties, and 71 waste sites, including Superfund sites. A liability is recorded for environmental remediation when a cleanup program becomes probable and the costs or damages can be reasonably estimated.

As assessments and cleanups proceed, the liability is adjusted based on progress made in determining the extent of remedial actions and related costs and damages. The liability can change substantially due to factors such as the nature and extent of contamination, changes in remedial requirements, and technological changes.

## [Table of Contents](#)

The following discussion provides details regarding the current status of certain significant reserves related to current or former Alcoa sites.

**Massena, NY**—Alcoa has been conducting investigations and studies of the Grasse River, adjacent to Alcoa’s Massena plant site, under a 1989 order from the U.S. Environmental Protection Agency (EPA) issued under the Comprehensive Environmental Response, Compensation and Liability Act, also known as Superfund. Sediments and fish in the river contain varying levels of polychlorinated biphenyls (PCBs).

Alcoa submitted various Analysis of Alternatives Reports to the EPA starting in 1998 through 2002 that reported the results of river and sediment studies, potential alternatives for remedial actions related to the PCB contamination, and additional information requested by the EPA.

In June 2003, the EPA requested that Alcoa gather additional field data to assess the potential for sediment erosion from winter river ice formation and breakup. The results of these additional studies, submitted in a report to the EPA in April 2004, suggest that this phenomenon has the potential to occur approximately every 10 years and may impact sediments in certain portions of the river under all remedial scenarios. The EPA informed Alcoa that a final remedial decision for the river could not be made without substantially more information, including river pilot studies on the effects of ice formation and breakup on each of the remedial techniques. Alcoa submitted to the EPA, and the EPA approved, a Remedial Options Pilot Study (ROPS) to gather this information. The scope of this study included sediment removal and capping, the installation of an ice control structure, and significant monitoring.

From 2004 through 2008, Alcoa completed the work outlined in the ROPS. In November 2008, Alcoa submitted an updated Analysis of Alternatives Report to the EPA incorporating the new information obtained from the ROPS related to the feasibility and costs associated with various capping and dredging alternatives, including options for ice control. As a result, Alcoa increased the reserve associated with the Grasse River by \$40 for the estimated costs of a proposed ice control remedy and for partial settlement of potential damages of natural resources.

This new information will be used by the EPA to select a remedy for the entire river. The EPA’s ultimate selection of a remedy could result in additional liability. Alcoa may be required to record a subsequent reserve adjustment at the time the EPA’s Record of Decision is issued, which is expected in 2009 or later.

**Sherwin, TX**—In connection with the sale of the Sherwin alumina refinery, which was required to be divested as part of the Reynolds merger in 2000, Alcoa agreed to retain responsibility for the remediation of the then existing environmental conditions, as well as a pro rata share of the final closure of the active waste disposal areas, which remain in use. Alcoa’s share of the closure costs is proportional to the total period of operation of the active waste disposal areas. Alcoa estimated its liability for the active disposal areas by making certain assumptions about the period of operation, the amount of material placed in the area prior to closure, and the appropriate technology, engineering, and regulatory status applicable to final closure.

**East St. Louis, IL**—In response to questions regarding environmental conditions at the former East St. Louis operations, Alcoa and the City of East St. Louis, the owner of the site, entered into an administrative order with the EPA in December 2002 to perform a remedial investigation and feasibility study of an area used for the disposal of bauxite residue from historic alumina refining operations. A draft feasibility study was submitted to the EPA in April 2005. The feasibility study included remedial alternatives that ranged from no further action to significant grading, stabilization, and water management of the bauxite residue disposal areas. As a result, Alcoa increased the environmental reserve for this location by \$15 in 2005. The EPA’s ultimate selection of a remedy could result in additional liability. Alcoa may be required to record a subsequent reserve adjustment at the time the EPA’s Record of Decision is issued, which is expected late in 2009 or later.

**Vancouver, WA**—In 1987, Alcoa sold its Vancouver smelter to a company that is now known as Evergreen Aluminum (Evergreen). The purchase and sale agreement contained a provision that Alcoa retain liability for any environmental issues that arise subsequent to the sale that pre-date 1987. As a result of this obligation, Alcoa recorded a reserve for the Vancouver location at that time. Evergreen decommissioned the smelter and cleaned up its portion of

## [Table of Contents](#)

the site under a consent order with the Washington Department of Ecology (WDE). In February 2008, Evergreen notified Alcoa that it had identified numerous areas containing contamination that predated 1987.

Separately, in September 2008, Alcoa completed a Remedial Investigation/Feasibility Study (RI/FS) under the Washington State Model Toxics Control Act and negotiated a consent decree with WDE, which requires Alcoa to complete cleanup of PCB contaminated sediments in the Columbia River as well as remediate soil contamination in upland portions of the Vancouver property.

Late in 2008, Alcoa started cleanup work on the Columbia River and discovered additional contamination and waste materials along the shoreline area and in upland areas. In addition, Evergreen presented additional cost estimates for contaminated areas that were discovered since March 2008.

As a result of all of the above items related to the former Vancouver site, Alcoa increased the environmental reserve by \$16 in 2008. As cleanup work progresses and final remedies are negotiated with WDE, a subsequent reserve adjustment may be necessary.

Based on the foregoing, it is possible that Alcoa's financial position, liquidity, or results of operations, in a particular period, could be materially affected by matters relating to these sites. However, based on facts currently available, management believes that adequate reserves have been provided and that the disposition of these matters will not have a materially adverse effect on the financial position, liquidity, or the results of operations of the Company.

Alcoa's remediation reserve balance was \$316 and \$279 at December 31, 2008 and December 31, 2007 (of which \$39 and \$51 was classified as a current liability), respectively, and reflects the most probable costs to remediate identified environmental conditions for which costs can be reasonably estimated. In 2008, the remediation reserve was increased by \$69, mostly due to the adjustments related to the Grasse River and former Vancouver property discussed above. In 2007, the remediation reserve was decreased by \$10 consisting of a \$15 adjustment for the liabilities associated with a previously owned smelter site and a \$5 adjustment for liabilities at the Russian rolling mills and extrusion plants, both of which were partially offset by a net increase of \$10 in liabilities associated with various locations. The \$15 and \$5 adjustments were made after further investigations were completed and Alcoa was able to obtain additional information about the environmental condition and the associated liabilities related to these sites. The changes to the remediation reserve were recorded in Cost of goods sold on the Statement of Consolidated Operations in both periods. Payments related to remediation expenses applied against the reserve were \$32 and \$30 in 2008 and 2007, respectively. These amounts include expenditures currently mandated, as well as those not required by any regulatory authority or third party.

Included in annual operating expenses are the recurring costs of managing hazardous substances and environmental programs. These costs are estimated to be approximately 2% of cost of goods sold.

### **Liquidity and Capital Resources**

Alcoa takes a very disciplined approach to cash management and strengthening of its balance sheet. Management faced the significant challenge of maintaining this approach while providing the Company with the necessary liquidity to operate effectively, especially in the second half of 2008. In response to recent changes in the economic markets across the globe, management reacted quickly to solidify Alcoa's liquidity position. The following actions were initiated in the second half of 2008 to conserve cash and preserve liquidity: greater scrutiny over the daily management of Alcoa's cash position; higher risk tolerance on raw materials with lower minimum order quantities and lower carrying levels; targeted headcount reductions across the globe; a salary and hiring freeze at the Corporate level; suspension of the existing share repurchase program; and the addition of a new 364-day \$1,900 revolving credit facility. A number of changes were also made to Alcoa's capital expenditures strategy as follows: capital expenditure approval levels were lowered dramatically; growth projects were halted where it was deemed economically feasible; and all non-critical capital expenditures were stopped. Capital expenditures are deemed critical if they maintain Alcoa's compliance with the law, keep a facility operating, or satisfy customer requirements if the benefits outweigh the costs. The planned sale

## [Table of Contents](#)

or shutdown of various businesses will also contribute positively to Alcoa's liquidity position in 2009. Along with the foregoing actions, cash provided from operations and financing activities is expected to be adequate to cover Alcoa's current operational and business needs. For a discussion of long-term liquidity, see the disclosures included in Contractual Obligations and Off-Balance Sheet Arrangements.

### **Cash from Operations**

Cash from operations in 2008 was \$1,234 compared with \$3,111 in 2007, resulting in a decrease of \$1,877, or 60%. The decline of \$1,877 was primarily due to a decrease in earnings after taking into account non-cash income and expenses; a \$988 cash outflow associated with working capital; \$201 in higher pension contributions; and the absence of \$93 in cash received on a long-term aluminum supply contract. These cash outflows were slightly offset by a \$336 cash inflow related to noncurrent assets and liabilities and a \$97 increase in cash provided from discontinued operations. The major components of the \$988 change in working capital are as follows: a \$351 smaller decrease in receivables, primarily as a result of improved sales from most businesses not classified as held for sale; a \$522 increase in inventories, mostly due to higher costs of raw materials and other inputs; a \$156 smaller increase in accounts payable, trade; a \$209 decrease in accrued expenses; and a \$213 increase in taxes, including taxes on income.

Cash from operations in 2007 was \$3,111 compared with \$2,567 in 2006, resulting in an increase of \$544, or 21%. The improvement of \$544 is principally related to a \$1,415 positive change associated with working capital, primarily due to improvements in receivables, inventories, and accounts payable and accrued expenses; higher net income of \$316; and a cash inflow of \$93 related to a long-term aluminum supply contract. These positive impacts were partially offset by a significant increase in non-cash adjustments, mostly related to the sale of the Chalco investment.

### **Financing Activities**

Cash provided from financing activities was \$1,478 in 2008 compared with cash used for financing activities of \$1,538 in 2007. The change of \$3,016 was primarily due to a \$1,414 reduction in the repurchase of common stock, mainly the result of the temporary suspension of the share repurchase program; a \$1,296 change in commercial paper, principally due to an increase in commercial paper issued and the absence of a \$1,132 reduction of commercial paper with the proceeds from newly-issued long-term debt in January 2007; and a \$669 decrease in payments on long-term debt, mostly due to the purchase (\$333) and repayment (\$459) of 4.25% Notes due August 2007, as compared to the repayment of \$150 in 6.625% Notes due March 2008. These cash inflows were somewhat offset by a \$658 decline in common stock issued for compensation plans, primarily due to fewer stock option exercises as result of the significant decline in the market price of Alcoa's common stock.

Cash used for financing activities was \$1,538 in 2007 compared with \$20 in 2006. The change of \$1,518 was primarily due to a \$2,206 increase in the repurchase of common stock due to a significant increase in the number of shares repurchased as a result of the January 2007 and October 2007 authorized programs; a \$1,177 change in the net change in commercial paper, mostly due to the repayment of commercial paper with the majority of the proceeds from the issuance of new long-term debt in 2007; an \$837 increase in payments on long-term debt, primarily related to the January 2007 purchase of \$333 of outstanding 4.25% Notes due August 2007 and the repayment of the remaining \$459 of outstanding 4.25% Notes in August 2007; \$126 in payments for debt issuance costs, including a commitment fee of \$30 paid to secure a credit facility related to the offer for Alcan Inc.; and a \$66 increase in dividends paid to shareholders as a result of the eight cents per share annual increase approved in January 2007. Partially offsetting these cash inflows was a \$2,021 increase in additions to long-term debt, principally due to proceeds received of \$1,994 (net of \$6 in original issue discounts) from the issuance of new 5.55% Notes due 2017, 5.9% Notes due 2027, and 5.95% Notes due 2037; a \$679 increase in common stock issued for stock compensation plans related to cash received for the exercise of stock options; and a \$132 increase in minority interest contributions, primarily from an increase in contributions received from Alumina Limited, related to their share of capital spending at the São Luís and Juruti facilities.

In October 2007, Alcoa entered into a Five-Year Revolving Credit Agreement, dated as of October 2, 2007 (the "Credit Agreement"), with a syndicate of lenders and issuers named therein. The Credit Agreement provides a \$3,250 senior unsecured revolving credit facility (the "Credit Facility"), the proceeds of which are to be used to provide working

## [Table of Contents](#)

capital or for other general corporate purposes of Alcoa, including support of Alcoa's commercial paper program. Subject to the terms and conditions of the Credit Agreement, Alcoa may from time to time request increases in lender commitments under the Credit Facility, not to exceed \$500 in aggregate principal amount, and may also request the issuance of letters of credit, subject to a letter of credit sub-limit of \$500 under the Credit Facility.

The Credit Facility matures on October 2, 2012, unless extended or earlier terminated in accordance with the provisions of the Credit Agreement. Alcoa may make two one-year extension requests during the term of the Credit Facility, with any extension being subject to the lender consent requirements set forth in the Credit Agreement.

The Credit Facility is unsecured and amounts payable under it will rank *pari passu* with all other unsecured, unsubordinated indebtedness of Alcoa. Borrowings under the Credit Facility may be denominated in U.S. dollars or Euros. Loans will bear interest at (i) a base rate or (ii) a rate equal to LIBOR plus an applicable margin based on the credit ratings of Alcoa's outstanding senior unsecured long-term debt. The applicable margin on LIBOR loans will be 0.33% per annum based on Alcoa's long-term debt ratings, as of December 31, 2008. Loans may be prepaid without premium or penalty, subject to customary breakage costs.

The Credit Facility replaces \$3,000 in aggregate principal amount of revolving credit facilities maintained by Alcoa under the following credit agreements, which were terminated effective October 2, 2007: (i) \$1,000 Five-Year Revolving Credit Agreement dated as of April 22, 2005, (ii) \$1,000 Five-Year Revolving Credit Agreement dated as of April 23, 2004, as amended, and (iii) \$1,000 Five-Year Revolving Credit Agreement dated as of April 25, 2003, as amended (collectively, the "Former Credit Agreements").

The Credit Agreement includes covenants substantially similar to those in the Former Credit Agreements, including, among others, (a) a leverage ratio, (b) limitations on Alcoa's ability to incur liens securing indebtedness for borrowed money, (c) limitations on Alcoa's ability to consummate a merger, consolidation or sale of all or substantially all of its assets and (d) limitations on Alcoa's ability to change the nature of its business.

The obligation of Alcoa to pay amounts outstanding under the Credit Facility may be accelerated upon the occurrence of an "Event of Default" as defined in the Credit Agreement. Such Events of Default include, among others, (a) Alcoa's failure to pay the principal of, or interest on, borrowings under the Credit Facility, (b) any representation or warranty of Alcoa in the Credit Agreement proving to be materially false or misleading, (c) Alcoa's breach of any of its covenants contained in the Credit Agreement, and (d) the bankruptcy or insolvency of Alcoa.

In July 2008, Alcoa increased the capacity of the Credit Facility by \$175 as provided for under the Credit Agreement. In October 2008, Lehman Commercial Paper Inc. (LCPI), a lender under the Credit Agreement with \$150 in commitments, filed for bankruptcy protection under section 11 of the United States Bankruptcy Code. It is not certain if LCPI will honor its obligations under the Credit Agreement. The total capacity of the Credit Facility, excluding LCPI's commitment, is \$3,275.

There were no amounts outstanding under the Credit Facility at December 31, 2008 and 2007.

In January 2008, Alcoa entered into a Revolving Credit Agreement (RCA-1) with two financial institutions. RCA-1 provided a \$1,000 senior unsecured revolving credit facility (RCF-1), with a stated maturity of March 28, 2008. RCA-1 contained a provision that if there were amounts borrowed under RCF-1 at the time Alcoa received the proceeds from the sale of the Packaging and Consumer businesses, the company must use the net cash proceeds to prepay the amount outstanding under RCF-1. Additionally, upon Alcoa's receipt of such proceeds, the lenders' commitments under RCF-1 would be reduced by a corresponding amount, up to the total commitments then in effect under RCF-1, regardless of whether there was an amount outstanding under RCF-1. In February 2008, Alcoa borrowed \$1,000 under RCF-1 and used the proceeds to reduce outstanding commercial paper and for general corporate purposes. Subsequent to the \$1,000 borrowing, Alcoa completed the sale of its Packaging and Consumer businesses in February 2008. As a result, Alcoa also repaid the \$1,000 under RCF-1 in February 2008, and the lenders' commitments under RCF-1 were reduced to zero effectively terminating RCA-1.

## [Table of Contents](#)

Also in January 2008, Alcoa entered into a Revolving Credit Agreement (RCA-2) with LCPI, as administrative agent, and Lehman Brothers Commercial Bank (LBCB), as lender. RCA-2 provided a \$1,000 senior unsecured revolving credit facility (RCF-2), which would have matured on January 31, 2009. In October 2008, LCPI filed for bankruptcy protection under section 11 of the United States Bankruptcy Code. To Alcoa's knowledge, LBCB has not filed for bankruptcy protection. As a result, in October 2008, Alcoa gave notice in accordance with the provisions of RCA-2 to permanently terminate in whole LBCB's total commitments under RCF-2 effective October 30, 2008.

On October 14, 2008, Alcoa entered into a Revolving Credit Agreement (RCA-3) with a syndicate of lenders. RCA-3 provides a \$1,150 senior unsecured revolving credit facility (RCF-3), which matures on October 12, 2009. Loans will bear interest at (i) a base rate or (ii) a rate equal to LIBOR, plus an applicable margin based on the credit ratings of Alcoa's outstanding senior unsecured long-term debt. The applicable margin on base rate and LIBOR loans will be 1.375% and 1.875%, respectively, per annum based on Alcoa's long-term debt ratings, as of December 31, 2008. Alcoa will also pay a facility fee, currently 0.375%, on the aggregate commitments, whether used or unused, based on its long-term debt ratings. Additionally, if there is an amount outstanding under RCF-3 on the last calendar day of any of the next three quarterly periods, Alcoa will pay a duration fee to the lenders. The duration fee is equal to 0.5% of such outstanding amount on the respective day starting on December 31, 2008 and increases by 0.5% each quarter thereafter.

Loans may be prepaid without premium or penalty, subject to customary breakage costs. RCA-3 also provides for a mandatory prepayment, not to exceed the amount outstanding under RCF-3 at such time, equal to 100% of the net proceeds Alcoa receives from certain future debt or equity issuances in capital markets transactions or 50% of the net proceeds Alcoa receives from asset sales (other than those in the ordinary course of business), if the proceeds from all asset sales exceed \$50. Any prepayments made related to the net proceeds from assets sales or that would have been made if amounts were outstanding under RCF-3 also reduce the lenders' commitments by a corresponding amount. Amounts payable under RCF-3 will rank *pari passu* with all other unsecured, unsubordinated indebtedness of Alcoa.

RCA-3 includes the following covenants, among others, (a) a leverage ratio, (b) limitations on Alcoa's ability to incur liens securing indebtedness for borrowed money, (c) limitations on Alcoa's ability to consummate a merger, consolidation, or sale of all or substantially all of its assets, and (d) limitations on Alcoa's ability to change the nature of its business.

The obligation of Alcoa to pay amounts outstanding under RCF-3 may be accelerated upon the occurrence of an "Event of Default" as defined in RCA-3. Such Events of Default include, among others, (a) Alcoa's failure to pay the principal of, or interest on, borrowings under RCF-3, (b) any representation or warranty of Alcoa in RCA-3 proving to be materially false or misleading, (c) Alcoa's breach of any of its covenants contained in RCA-3, and (d) the bankruptcy or insolvency of Alcoa.

In October and November 2008, Alcoa increased the capacity of RCF-3 by \$500 and \$250, respectively, as provided for under RCA-3. Alcoa paid a total of \$43 in financing costs, which were deferred and will be amortized to interest expense over the term of the facility, for the initial capacity under RCF-3 as well as for the \$750 in increased capacity.

There were no amounts outstanding under RCF-3 at December 31, 2008.

In March 2008, Alcoa filed an automatic shelf registration statement with the Securities and Exchange Commission for an indeterminate amount of securities for future issuance. This shelf registration statement replaced Alcoa's existing shelf registration statement. As of December 31, 2008, \$1,500 in senior debt securities were issued under the new shelf registration statement.

Standard and Poor's Ratings Services' (S&P) long-term debt rating of Alcoa is BBB+ and its short-term debt rating is A-2. The current outlook, which was revised in October 2008 (placed on negative creditwatch in January 2009), is negative, as S&P cited weaker than expected earnings, the result of falling aluminum prices, and weak end markets coupled with large capital spending and share repurchases (the existing share repurchase program has been temporarily suspended). Moody's Investors Service's (Moody's) long-term debt rating of Alcoa is Baa1 and its short-term debt rating of Alcoa is Prime-2. The current outlook, which was revised in October 2008 (placed on negative creditwatch in December 2008), is negative, as Moody's cited weak aluminum end markets. Fitch Ratings' (Fitch) long-term debt

## Table of Contents

rating of Alcoa is BBB and its short-term debt rating is F2. The current outlook, which was revised in April 2008 and affirmed in October 2008, is stable, as Fitch cited current aluminum market conditions and Alcoa's operating flexibility. See Note Y to the Consolidated Financial Statements for an update to these credit ratings and outlooks that occurred subsequent to December 31, 2008.

### **Investing Activities**

Cash used for investing activities was \$2,410 in 2008 compared with \$1,625 in 2007. The increase in cash used of \$785 was mainly due to a decline of \$1,939 in sales of investments, as a result of the absence of the \$1,942 in proceeds received from the sale of the Chalco investment; a \$1,172 increase in additions to investments, due to the \$1,200 investment made in Shining Prospect Pte. Ltd. to acquire common stock of Rio Tinto plc; and a \$399 rise in acquisitions, including minority interests, driven by the purchase of two aerospace fastener manufacturing businesses for \$276, the buyout of the outstanding minority interest in Bohai for \$79, and a \$47 contingent payment made to Camargo Corrêa Group related to the 2003 acquisition of 40.9% of Alcoa Alumínio S.A. These cash outflows were principally offset by a \$2,527 increase in proceeds from the sale of assets and businesses, mostly related to the \$2,651 in net proceeds received from the sale of the businesses within the Packaging and Consumer segment.

Cash used for investing activities was \$1,625 in 2007 compared with \$2,841 in 2006. The decrease in cash used of \$1,216 was primarily due to a \$1,976 increase in sales of investments, mostly related to the \$1,942 in proceeds received from the sale of the Chalco investment. This cash inflow was partially offset by a \$431 increase in capital expenditures, principally related to higher spending on certain growth projects, including the São Luís refinery expansion; the development of the Juruti bauxite mine; and projects at various facilities in Russia, Hungary, and China; all of which were partially offset by a decrease in capital expenditures related to the Iceland smelter and the Møsjøen anode facility, as these two projects were placed in service during 2007, and the Early Works Program in Jamaica, as this project was completed near the end of 2006; and a decrease of \$189 in proceeds from the sales of assets and businesses, principally due to the \$305 in cash received for the sale of the home exterior business in 2006 as compared to the \$70 and \$33 in cash received from the sales of a mine in Texas and the Automotive Castings business, respectively, in 2007.

Capital expenditures were \$3,438 in 2008 compared with \$3,636 and \$3,205 in 2007 and 2006, respectively. Of the total capital expenditures in 2008, approximately 58% related to growth projects, including the refinery expansion in São Luís, the development of the Juruti bauxite mine, the Estreito hydroelectric power project in Brazil, and projects at various facilities in Russia and China. Also included are costs related to environmental control in new and expanded facilities totaling \$241 in 2008, \$274 in 2007, and \$182 in 2006. Total capital expenditures are anticipated to be approximately \$1,800 in 2009, approximately half of which is expected to occur in the first half of 2009 related to the São Luís refinery expansion and the development of the Juruti bauxite mine.

Alcoa added \$1,303, \$131, and \$58, to its investments in 2008, 2007, and 2006, respectively. As noted above, in 2008, Alcoa invested \$1,200 in Shining Prospect Pte. Ltd. to acquire common stock of Rio Tinto plc. In 2008, 2007, and 2006, Alcoa invested an additional \$9, \$31, and \$26, respectively, in the Dampier to Bunbury Natural Gas Pipeline in Western Australia. Also in 2008, Alcoa made additional investments related to its Serra do Facão hydroelectric power project in Brazil.

### **Critical Accounting Policies and Estimates**

The preparation of the Consolidated Financial Statements in accordance with accounting principles generally accepted in the United States of America requires management to make certain judgments, estimates, and assumptions regarding uncertainties that affect the amounts reported in the Consolidated Financial Statements and disclosed in the accompanying Notes. Areas that require significant judgments, estimates, and assumptions include the accounting for derivatives and hedging activities; environmental matters; asset retirement obligations; the testing of goodwill, equity investments, and properties, plants, and equipment for impairment; estimated proceeds on businesses to be divested; pension plans and other postretirement benefits; stock-based compensation; and income taxes.

## [Table of Contents](#)

Management uses historical experience and all available information to make these judgments, estimates, and assumptions, and actual results may differ from those used to prepare the Company's Consolidated Financial Statements at any given time. Despite these inherent limitations, management believes that Management's Discussion and Analysis of Financial Condition and Results of Operations and the Consolidated Financial Statements and accompanying Notes provide a meaningful and fair perspective of the Company. A discussion of the judgments, estimates, assumptions, and uncertainties associated with accounting for derivatives and hedging activities and environmental matters can be found in the Market Risks and Derivative Activities and the Environmental Matters sections, respectively.

A summary of the Company's significant accounting policies is included in Note A to the Consolidated Financial Statements. Management believes that the application of these policies on a consistent basis enables the Company to provide the users of the Consolidated Financial Statements with useful and reliable information about the Company's operating results and financial condition.

**Asset Retirement Obligations.** Alcoa recognizes asset retirement obligations (AROs) related to legal obligations associated with the normal operation of Alcoa's bauxite mining, alumina refining, and aluminum smelting facilities. These AROs consist primarily of costs associated with spent pot lining disposal, closure of bauxite residue areas, mine reclamation, and landfill closure. Alcoa also recognizes AROs for any significant lease restoration obligation, if required by a lease agreement, and for the disposal of regulated waste materials related to the demolition of certain power facilities. The fair values of these AROs are recorded on a discounted basis, at the time the obligation is incurred, and accreted over time for the change in present value. Additionally, Alcoa capitalizes asset retirement costs by increasing the carrying amount of the related long-lived assets and depreciating these assets over their remaining useful life.

Certain conditional asset retirement obligations (CAROs) related to alumina refineries, aluminum smelters, and fabrication facilities have not been recorded in the Consolidated Financial Statements due to uncertainties surrounding the ultimate settlement date. A CARO is a legal obligation to perform an asset retirement activity in which the timing and (or) method of settlement are conditional on a future event that may or may not be within Alcoa's control. Such uncertainties exist as a result of the perpetual nature of the structures, maintenance and upgrade programs, and other factors. At the date a reasonable estimate of the ultimate settlement date can be made, Alcoa would record a retirement obligation for the removal, treatment, transportation, storage and (or) disposal of various regulated assets and hazardous materials such as asbestos, underground and aboveground storage tanks, PCBs, various process residuals, solid wastes, electronic equipment waste and various other materials. Such amounts may be material to the Consolidated Financial Statements in the period in which they are recorded. If Alcoa was required to demolish all such structures immediately, the estimated CARO as of December 31, 2008 ranges from less than \$1 to \$52 per structure (157 structures) in today's dollars.

**Goodwill.** Goodwill is not amortized; instead, it is tested for impairment annually (in the fourth quarter) or more frequently if indicators of impairment exist or if a decision is made to sell a business. A significant amount of judgment is involved in determining if an indicator of impairment has occurred. Such indicators may include a decline in expected cash flows, a significant adverse change in legal factors or in the business climate, unanticipated competition, or slower growth rates, among others.

Goodwill is allocated among and evaluated for impairment at the reporting unit level, which is defined as an operating segment or one level below an operating segment. Alcoa has 10 reporting units, of which three are included in the Flat-Rolled Products segment and five are included in the Engineered Products and Solutions segment. The remaining two reporting units are the Alumina and Primary Metals segments. Almost 90% of Alcoa's total goodwill is allocated to three reporting units as follows: Alcoa Fastening Systems (AFS) (\$1,014) and Alcoa Power and Propulsion (APP) (\$1,601) businesses, both of which are included in the Engineered Products and Solutions segment, and Primary Metals (\$1,767). These amounts include an allocation of Corporate goodwill.

The evaluation of impairment involves comparing the current fair value of each reporting unit to its carrying value, including goodwill. Alcoa uses a discounted cash flow model (DCF model) to estimate the current fair value of its

## [Table of Contents](#)

reporting units when testing for impairment. A number of significant assumptions and estimates are involved in the application of the DCF model to forecast operating cash flows, including markets and market share, sales volumes and prices, costs to produce, tax rates, capital spending, discount rate, and working capital changes. Most of these assumptions vary significantly among the reporting units. Cash flow forecasts are generally based on approved business unit operating plans for the early years' cash flows and historical relationships in later years. The betas used in calculating the individual reporting units' weighted average cost of capital (WACC) rate are estimated for each business with the assistance of valuation experts.

In 2008, the estimated fair value of nine of the ten reporting units, including AFS and APP, were well in excess of the carrying value of these businesses resulting in no impairment. For Primary Metals, while the estimated fair value of this business exceeded its carrying value, the excess was significantly impacted due to the historic drop in the LME price that occurred in the second half of 2008. Management performed an updated goodwill impairment test for Primary Metals in late December 2008, which again resulted in no impairment (the tests for the other nine reporting units were also updated).

Historically, LME pricing levels and the corresponding input costs (e.g., raw materials, energy) have generally trended in the same manner, resulting in relatively consistent cash margins over time. As a result, the estimated fair value of Primary Metals traditionally has been well in excess of its carrying value. However, during the second half of 2008, the LME price decreased at an unprecedented rate, significantly outpacing any decreases in associated input costs. As a result of this near-term disruption in the historical relationship between LME and input costs, the expected cash margins in the early years in the DCF model were lower than normal and lower than long-term expectations.

In the event the estimated fair value of a reporting unit per the DCF model is less than the carrying value, additional analysis would be required. The additional analysis would compare the carrying amount of the reporting unit's goodwill with the implied fair value of that goodwill, which may involve the use of valuation experts. The implied fair value of goodwill is the excess of the fair value of the reporting unit over the fair value amounts assigned to all of the assets and liabilities of that unit as if the reporting unit was acquired in a business combination and the fair value of the reporting unit represented the purchase price. If the carrying value of goodwill exceeds its implied fair value, an impairment loss equal to such excess would be recognized, which could significantly and adversely impact reported results of operations and shareholders' equity.

With Alcoa's common stock price at extraordinary lows late in 2008, management analyzed the valuations derived from the DCF models in relation to Alcoa's market capitalization. In management's judgment, a significant portion of the recent decline in Alcoa's stock price is related to the current unprecedented liquidity crisis in the overall economy and is not reflective of the underlying cash flows of the reporting units. As a result, management believes the Company's forecasted cash flows constitute a better indicator of the current fair value of Alcoa's reporting units than the current pricing of its common shares. The sum of the individual estimated fair values of Alcoa's reporting units per the DCF models is greater than the market value of Alcoa's common stock. However, fair values that could be realized in an actual transaction may differ from those used to evaluate the impairment of goodwill.

**Equity investments.** Alcoa invests in a number of privately-held companies, primarily through joint ventures and consortiums. These investments are accounted for on the equity method and include the Company's investment in Shining Prospect Pte. Ltd. The equity method is applied in situations where Alcoa has the ability to exercise significant influence, but not control, over the investee. Management reviews equity investments for impairment whenever certain indicators are present suggesting that the carrying value of an investment is not recoverable. This analysis requires a significant amount of judgment from management to identify events or circumstances indicating that an equity investment is impaired. The following items are examples of impairment indicators: significant, sustained declines in an investee's revenue, earnings, and cash flow trends; adverse market conditions of the investee's industry or geographic area; the investee's ability to continue operations measured by several items including liquidity; and other factors. Once an impairment indicator is identified, management uses considerable judgment to determine if the impairment is other than temporary, in which case the equity investment is written down to its estimated fair value. An impairment that is other than temporary could significantly and adversely impact reported results of operations.

**Properties, Plants, and Equipment.** Properties, plants, and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets (asset group) may not be recoverable. Recoverability of assets is determined by comparing the estimated undiscounted net cash flows of the operations related to the assets (asset group) to their carrying amount. An impairment loss would be recognized when the carrying amount of the assets (asset group) exceeds the estimated undiscounted net cash flows. The amount of the impairment loss to be recorded is calculated as the excess of the carrying value of the assets (asset group) over their fair value, with fair value determined using the best information available, which generally is a DCF model.

**Discontinued Operations and Assets Held For Sale.** The fair values of all businesses to be divested are estimated using accepted valuation techniques such as a DCF model, valuations performed by third parties, earnings multiples, or indicative bids, when available. A number of significant estimates and assumptions are involved in the application of these techniques, including the forecasting of markets and market share, sales volumes and prices, costs and expenses, and multiple other factors. Management considers historical experience and all available information at the time the estimates are made; however, the fair values that are ultimately realized upon the sale of the businesses to be divested may differ from the estimated fair values reflected in the Consolidated Financial Statements.

**Pension Plans and Other Postretirement Benefits.** Liabilities and expenses for pension plans and other postretirement benefits are determined using actuarial methodologies and incorporate significant assumptions, including the rate used to discount the future estimated liability, the long-term rate of return on plan assets, and several assumptions relating to the employee workforce (salary increases, medical costs, retirement age, and mortality). The rate used to discount future estimated liabilities is determined considering the rates available at year-end on debt instruments that could be used to settle the obligations of the plan. The impact on the liabilities of a change in the discount rate of 1/4 of 1% is approximately \$325 and either a charge or credit of \$16 to after-tax earnings in the following year. The long-term rate of return on plan assets is estimated by considering historical returns and expected returns on current and projected asset allocations and is generally applied to a five-year average market value of assets. A change in the assumption for the long-term rate of return on plan assets of 1/4 of 1% would impact after-tax earnings by approximately \$15 for 2009. Although the 10-year moving average of actual performance fell below 9% for the first time in 20 years, the 20-year moving average has continued to exceed 9%. The expected long-term rate of return on plan assets will be reduced to 8.75% for 2009 reflecting recent market conditions.

In 2008, a net charge of \$2,181 (\$1,374 after-tax) was recorded in other comprehensive loss primarily due to the decrease in the fair value of plan assets, which was somewhat offset by the decrease in the accumulated benefit obligation (as a result of a 20 basis-point increase in the discount rate) and the recognition of actuarial losses and prior service costs. Additionally, a charge of \$8 was recorded in other comprehensive loss due to the reclassification of deferred taxes related to the Medicare Part D prescription drug subsidy. In 2007, a net credit of \$659 (\$426 after-tax) was recorded in other comprehensive income due to a net decrease in the accumulated benefit obligations (as a result of a 25 basis-point increase in the discount rate, which was partially offset by plan amendments) and the recognition of actuarial losses and prior service costs. Additionally, a credit of \$80 was recorded in other comprehensive income due to the reclassification of deferred taxes related to the Medicare Part D prescription drug subsidy.

**Stock-based Compensation.** Alcoa recognizes compensation expense for employee equity grants using the non-substantive vesting period approach, in which the expense (net of estimated forfeitures) is recognized ratably over the requisite service period based on the grant date fair value. The fair value of each new stock option is estimated on the date of grant using a lattice-pricing model. Determining the fair value of stock options at the grant date requires judgment including estimates for the average risk-free interest rate, dividend yield, volatility, annual forfeiture rate, and exercise behavior. If any of these assumptions differ significantly from actual, stock-based compensation expense could be impacted.

As part of Alcoa's stock-based compensation plan design, individuals who are retirement-eligible have a six-month requisite service period in the year of grant. Equity grants are issued in January each year. As a result, a larger portion of expense will be recognized in the first and second quarters of each year for these retirement-eligible employees. Compensation expense recorded in 2008, 2007, and 2006 was \$94 (\$63 after-tax), \$97 (\$63 after-tax), and \$72 (\$48

## Table of Contents

after-tax), respectively. Of this amount, \$19, \$19, and \$20 in 2008, 2007, and 2006, respectively, pertains to the acceleration of expense related to retirement-eligible employees.

On December 31, 2005, Alcoa accelerated the vesting of 11 million unvested stock options granted to employees in 2004 and on January 13, 2005. The 2004 and 2005 accelerated options had weighted average exercise prices of \$35.60 and \$29.54, respectively, and in the aggregate represented approximately 12% of Alcoa's total outstanding options. The decision to accelerate the vesting of the 2004 and 2005 options was made primarily to avoid recognizing the related compensation expense in future Consolidated Financial Statements upon the adoption of a new accounting standard. The accelerated vesting of the 2004 and 2005 stock options reduced Alcoa's after-tax stock option compensation expense in 2007 and 2006 by \$7 and \$21, respectively.

Beginning in 2006, plan participants can choose whether to receive their award in the form of stock options, stock awards, or a combination of both. This choice is made before the grant is issued and is irrevocable.

**Income Taxes.** The provision for income taxes is determined using the asset and liability approach of accounting for income taxes. Under this approach, the provision for income taxes represents income taxes paid or payable for the current year plus the change in deferred taxes during the year. Deferred taxes represent the future tax consequences expected to occur when the reported amounts of assets and liabilities are recovered or paid, and result from differences between the financial and tax bases of Alcoa's assets and liabilities and are adjusted for changes in tax rates and tax laws when enacted. Valuation allowances are recorded to reduce deferred tax assets when it is more likely than not that a tax benefit will not be realized. Deferred tax assets for which no valuation allowance is recorded may not be realized upon changes in facts and circumstances. Tax benefits related to uncertain tax positions taken or expected to be taken on a tax return are recorded when such benefits meet a more likely than not threshold. Otherwise, these tax benefits are recorded when a tax position has been effectively settled, which means that the appropriate taxing authority has completed their examination even though the statute of limitations remains open, or the statute of limitation expires. Interest and penalties related to uncertain tax positions are recognized as part of the provision for income taxes and are accrued beginning in the period that such interest and penalties would be applicable under relevant tax law until such time that the related tax benefits are recognized. Alcoa also has unamortized tax-deductible goodwill of \$397 resulting from intercompany stock sales and reorganizations (generally at a 30% to 34% rate). Alcoa recognizes the tax benefits associated with this tax-deductible goodwill as it is being amortized for local income tax purposes rather than in the period in which the transaction is consummated.

### Related Party Transactions

Alcoa buys products from and sells products to various related companies, consisting of entities in which Alcoa retains a 50% or less equity interest, at negotiated arm's-length prices between the two parties. These transactions were not material to the financial position or results of operations of Alcoa for all periods presented.

### Recently Adopted Accounting Standards

On January 1, 2008, Alcoa adopted Statement of Financial Accounting Standards (SFAS) No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities – including an amendment of FASB Statement No. 115," (SFAS 159). SFAS 159 permits entities to choose to measure many financial instruments and certain other assets and liabilities at fair value on an instrument-by-instrument basis (the fair value option) with changes in fair value reported in earnings. Alcoa already records marketable securities at fair value in accordance with SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities," and derivative contracts and hedging activities at fair value in accordance with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended (SFAS 133). The adoption of SFAS 159 had no impact on the Consolidated Financial Statements as management did not elect the fair value option for any other financial instruments or certain other assets and liabilities.

On January 1, 2008, Alcoa adopted SFAS No. 157, "Fair Value Measurements," (SFAS 157) as it relates to financial assets and financial liabilities. In February 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) No. FAS 157-2, "Effective Date of FASB Statement No. 157," which delayed the effective date of

## [Table of Contents](#)

SFAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on at least an annual basis, until January 1, 2009 for calendar year-end entities. Also in February 2008, the FASB issued FSP No. FAS 157-1, "Application of FASB Statement No. 157 to FASB Statement No. 13 and Other Accounting Pronouncements That Address Fair Value Measurements for Purposes of Lease Classification or Measurement under Statement 13," which states that SFAS No. 13, "Accounting for Leases," (SFAS 13) and other accounting pronouncements that address fair value measurements for purposes of lease classification or measurement under SFAS 13 are excluded from the provisions of SFAS 157, except for assets and liabilities related to leases assumed in a business combination that are required to be measured at fair value under SFAS No. 141, "Business Combinations," (SFAS 141) or SFAS No. 141 (revised 2007), "Business Combinations," (SFAS 141(R)).

SFAS 157 defines fair value, establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (GAAP), and expands disclosures about fair value measurements. The provisions of this standard apply to other accounting pronouncements that require or permit fair value measurements and are to be applied prospectively with limited exceptions. The adoption of SFAS 157, as it relates to financial assets, had no impact on the Consolidated Financial Statements. Management has determined that the adoption of SFAS 157, as it relates to nonfinancial assets and nonfinancial liabilities, will not have an impact on the Consolidated Financial Statements.

SFAS 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This standard is now the single source in GAAP for the definition of fair value, except for the fair value of leased property as defined in SFAS 13. SFAS 157 establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under SFAS 157 are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates); and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs that are both significant to the fair value measurement and unobservable.

The following sections describe the valuation methodologies used by Alcoa to measure different financial instruments at fair value, including an indication of the level in the fair value hierarchy in which each instrument is generally classified. Where appropriate the description includes details of the valuation models, the key inputs to those models, and any significant assumptions.

**Available-for-sale securities.** Alcoa uses quoted market prices to determine the fair value of available-for-sale securities. These financial instruments consist of exchange-traded fixed income and equity securities, and are classified in Level 1 of the fair value hierarchy.

**Derivative contracts.** Derivative contracts are valued using quoted market prices and significant other observable and unobservable inputs. Such financial instruments consist of aluminum, interest rate, commodity (principally energy-related), and foreign currency contracts. The fair values for the majority of these derivative contracts are based upon current quoted market prices. These financial instruments are typically exchange-traded and are generally classified within Level 1 or Level 2 of the fair value hierarchy depending on whether the exchange is deemed to be an active market or not.

## [Table of Contents](#)

For certain derivative contracts whose fair values are based upon trades in liquid markets, such as aluminum options, valuation model inputs can generally be verified and valuation techniques do not involve significant management judgment. The fair values of such financial instruments are generally classified within Level 2 of the fair value hierarchy.

Alcoa has other derivative contracts that do not have observable market quotes. For these financial instruments, management uses significant other observable inputs (i.e., information concerning time premiums and volatilities for certain option type embedded derivatives and regional premiums for swaps). For periods beyond the term of quoted market prices for aluminum, Alcoa uses a macroeconomic model that estimates the long-term price of aluminum based on anticipated changes in worldwide supply and demand. Where appropriate, valuations are adjusted for various factors such as liquidity, bid/offer spreads, and credit considerations. Such adjustments are generally based on available market evidence (Level 2). In the absence of such evidence, management's best estimate is used (Level 3).

The following table presents Alcoa's assets and liabilities that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2008:

	Level 1	Level 2	Level 3	Collateral*	Total
<b>Assets:</b>					
Available-for-sale securities	\$ 27	\$ -	\$ -	\$ -	\$ 27
Derivative contracts	79	160	-	(67)	172
Total assets	\$ 106	\$ 160	\$ -	\$ (67)	\$ 199
<b>Liabilities:</b>					
Derivative contracts	\$ 569	\$ 30	\$ 341	\$ (119)	\$ 821

\*These amounts represent cash collateral paid (\$119) and held (\$67) that Alcoa elected to net against the fair value amounts recognized for certain derivative instruments executed with the same counterparties under master netting arrangements. This election was made under the provisions of FSP FIN 39-1, which was adopted by Alcoa on January 1, 2008 (see below). The collateral paid of \$119 relates to derivative contracts for aluminum included in Level 1 and the collateral held of \$67 relates to derivative contracts for interest rates included in Level 2.

Financial instruments classified as Level 3 in the fair value hierarchy represent derivative contracts in which management has used at least one significant unobservable input in the valuation model. The following table presents a reconciliation of activity for such derivative contracts on a net basis:

	Year ended December 31, 2008
Balance at beginning of period	\$ 408
Total realized/unrealized (losses) or gains included in:	
Sales	(54)
Cost of goods sold	3
Other comprehensive loss	(35)
Purchases, sales, issuances, and settlements	19
Transfers in and (or) out of Level 3	-
Balance at end of period	\$ 341
Total (losses) or gains included in earnings attributable to the change in unrealized gains or losses relating to derivative contracts still held at December 31, 2008:	
Sales	\$ (54)
Cost of goods sold	3

## [Table of Contents](#)

As reflected in the table above, the net unrealized loss on derivative contracts using Level 3 valuation techniques was \$341 as of December 31, 2008. This loss is mainly attributed to embedded derivatives in a power contract that index the price of power to the LME price of aluminum. These embedded derivatives are primarily valued using observable market prices. However, due to the length of the contract, the valuation model also requires management to estimate the long-term price of aluminum based upon anticipated changes in worldwide supply and demand. The embedded derivatives have been designated as hedges of forward sales of aluminum and their realized gains and losses are included in Sales on the Statement of Consolidated Operations. Also, included within Level 3 measurements are derivative financial instruments that hedge the cost of electricity. Transactions involving on-peak power are observable as there is an active market. However, due to Alcoa's power consumption, there are certain off-peak times when there is not an actively traded market for electricity. Therefore, management utilizes various forecast services, historical relationships, and near term market actual pricing to determine the fair value. Gains and losses realized for the electricity contracts are included in Cost of goods sold on the Statement of Consolidated Operations. Additionally, an embedded derivative in a power contract that indexes the difference between the long-term debt ratings of Alcoa and the counterparty from any of the three major credit rating agencies is included in Level 3. Management uses forecast services, historical relationships, and market prices to determine fair value. None of the Level 3 positions on hand at December 31, 2008 resulted in any unrealized gains in the Statement of Consolidated Operations.

Effective September 30, 2008, Alcoa adopted FSP No. FAS 157-3, "Determining the Fair Value of a Financial Asset When the Market for That Asset Is Not Active" (FSP FAS 157-3), which was issued on October 10, 2008. FSP FAS 157-3 clarifies the application of SFAS 157 in a market that is not active and provides an example to illustrate key considerations in determining the fair value of a financial asset when the market for that financial asset is not active. The adoption of FSP FAS 157-3 had no impact on the Consolidated Financial Statements.

On January 1, 2008, Alcoa adopted FSP No. FIN 39-1, "Amendment of FASB Interpretation No. 39," (FSP FIN 39-1). FSP FIN 39-1 amends FIN No. 39, "Offsetting of Amounts Related to Certain Contracts," by permitting entities that enter into master netting arrangements as part of their derivative transactions to offset in their financial statements net derivative positions against the fair value of amounts (or amounts that approximate fair value) recognized for the right to reclaim cash collateral or the obligation to return cash collateral under those arrangements. As a result, management elected to net cash collateral against fair value amounts recognized for derivative instruments executed with the same counterparty when a master netting arrangement exists. The provisions of FSP FIN 39-1 are to be applied retroactively for all financial statement periods presented. As of December 31, 2008, the obligation to return cash collateral in the amount of \$67 was netted against the fair value of derivative contracts, of which \$4 is included in Prepaid expenses and other current assets and \$63 is included in Other assets on the Consolidated Balance Sheet, and the right to receive cash collateral in the amount of \$119 was netted against the fair value of derivative contracts included in Other current liabilities on the Consolidated Balance Sheet. The adoption of FSP FIN 39-1 did not impact the Consolidated Balance Sheet as of December 31, 2007 as no cash collateral was held or posted.

On January 1, 2008, Alcoa adopted Emerging Issues Task Force (EITF) Issue No. 06-10, "Accounting for Collateral Assignment Split-Dollar Life Insurance Arrangements," (EITF 06-10). Under the provisions of EITF 06-10, an employer is required to recognize a liability for the postretirement benefit related to a collateral assignment split-dollar life insurance arrangement in accordance with either SFAS No. 106, "Employers' Accounting for Postretirement Benefits Other Than Pensions," or Accounting Principles Board Opinion No. 12, "Omnibus Opinion – 1967," if the employer has agreed to maintain a life insurance policy during the employee's retirement or provide the employee with a death benefit based on the substantive arrangement with the employee. The provisions of EITF 06-10 also require an employer to recognize and measure the asset in a collateral assignment split-dollar life insurance arrangement based on the nature and substance of the arrangement. The adoption of EITF 06-10 had no impact on the Consolidated Financial Statements.

On January 1, 2008, Alcoa adopted Statement 133 Implementation Issue No. E23, "Hedging – General: Issues Involving the Application of the Shortcut Method under Paragraph 68" (Issue E23). Issue E23 provides guidance on certain practice issues related to the application of the shortcut method by amending paragraph 68 of SFAS 133 with respect to the conditions that must be met in order to apply the shortcut method for assessing hedge effectiveness of

## [Table of Contents](#)

interest rate swaps. In addition to applying the provisions of Issue E23 on hedging arrangements designated on or after January 1, 2008, an assessment was required to be made on January 1, 2008 to determine whether preexisting hedging arrangements met the provisions of Issue E23 as of their original inception. Management performed such an assessment and determined that the adoption of Issue E23 had no impact on preexisting hedging arrangements. Alcoa will apply the provisions of Issue E23 on future hedging arrangements so designated.

On January 1, 2007, Alcoa adopted FASB Interpretation (FIN) No. 48, "Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109," (FIN 48). FIN 48 prescribes a comprehensive model for how a company should recognize, measure, present, and disclose in its financial statements, uncertain tax positions that it has taken or expects to take on a tax return. This Interpretation requires that a company recognize in its financial statements the impact of tax positions that meet a "more likely than not" threshold, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement.

Effective January 1, 2007, Alcoa adopted FSP No. FIN 48-1, "Definition of Settlement in FASB Interpretation No. 48," (FSP FIN 48-1), which was issued on May 2, 2007. FSP FIN 48-1 amends FIN 48 to provide guidance on how an entity should determine whether a tax position is effectively settled for the purpose of recognizing previously unrecognized tax benefits. The term "effectively settled" replaces the term "ultimately settled" when used to describe recognition, and the terms "settlement" or "settled" replace the terms "ultimate settlement" or "ultimately settled" when used to describe measurement of a tax position under FIN 48. FSP FIN 48-1 clarifies that a tax position can be effectively settled upon the completion of an examination by a taxing authority without being legally extinguished. For tax positions considered effectively settled, an entity would recognize the full amount of tax benefit, even if the tax position is not considered more likely than not to be sustained based solely on the basis of its technical merits and the statute of limitations remains open.

The adoption of FIN 48 and FSP FIN 48-1 did not have an impact on the Consolidated Financial Statements. See Note T to the Consolidated Financial Statements for the required disclosures in accordance with the provisions of FIN 48.

Alcoa adopted SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement – an amendment of FASB Statements No. 87, 88, 106 and 132(R)," (SFAS 158), effective December 31, 2006. SFAS 158 requires an employer to recognize the funded status of each of its defined pension and postretirement benefit plans as a net asset or liability in its statement of financial position with an offsetting amount in accumulated other comprehensive income, and to recognize changes in that funded status in the year in which changes occur through comprehensive income. Following the adoption of SFAS 158, additional minimum pension liabilities and related intangible assets are no longer recognized. The adoption of SFAS 158 resulted in the following impacts: a reduction of \$119 in existing prepaid pension costs and intangible assets, the recognition of \$1,234 in accrued pension and postretirement liabilities, and a charge of \$1,353 (\$877 after-tax) to accumulated other comprehensive loss.

Additionally, SFAS 158 requires an employer to measure the funded status of each of its plans as of the date of its year-end statement of financial position. This provision became effective for Alcoa for its December 31, 2008 year-end and resulted in a charge of \$9, which was recorded as an adjustment to December 31, 2008 retained earnings. Prior to the effective date of this provision, the funded status of most of Alcoa's pension and other postretirement benefit plans were already measured as of December 31st.

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 108, "Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements," (SAB 108). SAB 108 was issued to provide interpretive guidance on how the effects of the carryover or reversal of prior year misstatements should be considered in quantifying a current year misstatement. The provisions of SAB 108 were effective for Alcoa for its December 31, 2006 year-end. The adoption of SAB 108 did not have a material impact on Alcoa's Consolidated Financial Statements.

On January 1, 2006, Alcoa adopted SFAS No. 123 (revised 2004), "Share-Based Payment", (SFAS 123(R)), which requires the company to recognize compensation expense for stock-based compensation based on the grant date fair

## [Table of Contents](#)

value. SFAS 123(R) revises SFAS No. 123, "Accounting for Stock-Based Compensation," and supersedes Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. Alcoa elected the modified prospective application method for adoption, and prior period financial statements have not been restated. As a result of the implementation of SFAS 123(R), Alcoa recognized additional compensation expense of \$29 (\$19 after-tax) in 2006 comprised of \$11 (\$7 after-tax) and \$18 (\$12 after-tax) related to stock options and stock awards, respectively.

Effective January 1, 2006, Alcoa adopted EITF Issue No. 04-6, "Accounting for Stripping Costs Incurred During Production in the Mining Industry," (EITF 04-6). EITF 04-6 requires that stripping costs incurred during the production phase of a mine are to be accounted for as variable production costs that should be included in the costs of the inventory produced (that is, extracted) during the period that the stripping costs are incurred. Upon adoption, Alcoa recognized a cumulative effect adjustment in the opening balance of retained earnings of \$3, representing the reduction in the net book value of post-production stripping costs of \$8, offset by a related deferred tax liability of \$3 and minority interests of \$2.

### **Recently Issued Accounting Standards**

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities – an amendment of FASB Statement No. 133," (SFAS 161). SFAS 161 requires enhanced disclosures about an entity's derivative and hedging activities, including (i) how and why an entity uses derivative instruments, (ii) how derivative instruments and related hedged items are accounted for under SFAS 133, and (iii) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. This standard becomes effective for Alcoa on January 1, 2009. Earlier adoption of SFAS 161 and, separately, comparative disclosures for earlier periods at initial adoption are encouraged. As SFAS 161 only requires enhanced disclosures, management has determined that the adoption of SFAS 161 will not have an impact on the Consolidated Financial Statements.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51," (SFAS 160). SFAS 160 amends Accounting Research Bulletin No. 51, "Consolidated Financial Statements," to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This standard defines a noncontrolling interest, sometimes called a minority interest, as the portion of equity in a subsidiary not attributable, directly or indirectly, to a parent. SFAS 160 requires, among other items, that a noncontrolling interest be included in the consolidated statement of financial position within equity separate from the parent's equity; consolidated net income to be reported at amounts inclusive of both the parent's and noncontrolling interest's shares and, separately, the amounts of consolidated net income attributable to the parent and noncontrolling interest all on the consolidated statement of income; and if a subsidiary is deconsolidated, any retained noncontrolling equity investment in the former subsidiary be measured at fair value and a gain or loss be recognized in net income based on such fair value. SFAS 160 becomes effective for Alcoa on January 1, 2009. Management has determined that the adoption of SFAS 160 will not have an impact on the Consolidated Financial Statements.

In December 2007, the FASB issued SFAS 141(R), which replaces SFAS 141 and retains the fundamental requirements in SFAS 141, including that the purchase method be used for all business combinations and for an acquirer to be identified for each business combination. This standard defines the acquirer as the entity that obtains control of one or more businesses in the business combination and establishes the acquisition date as the date that the acquirer achieves control instead of the date that the consideration is transferred. SFAS 141(R) requires an acquirer in a business combination, including business combinations achieved in stages (step acquisition), to recognize the assets acquired, liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date, with limited exceptions. It also requires the recognition of assets acquired and liabilities assumed arising from certain contractual contingencies as of the acquisition date, measured at their acquisition-date fair values. Additionally, SFAS 141(R) requires acquisition-related costs to be expensed in the period in which the costs are incurred and the services are received instead of including such costs as part of the acquisition price. SFAS 141(R) becomes effective for Alcoa for any business combination with an acquisition date on or after January 1, 2009.

## [Table of Contents](#)

Management has determined that the adoption of SFAS 141(R) will result in a charge of \$18 (\$12 after-tax) in the Statement of Consolidated Operations for the write off of third-party costs related to potential business acquisitions.

In April 2008, the FASB issued FSP No. FAS 142-3, "Determination of the Useful Life of Intangible Assets," (FSP FAS 142-3). FSP FAS 142-3 amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under FASB Statement No. 142, "Goodwill and Other Intangible Assets," (SFAS 142) in order to improve the consistency between the useful life of a recognized intangible asset under SFAS 142 and the period of expected cash flows used to measure the fair value of the asset under SFAS 141(R) and other GAAP. FSP FAS 142-3 becomes effective for Alcoa on January 1, 2009. Management has determined that the adoption of FSP FAS 142-3 will not have an impact on the Consolidated Financial Statements.

In June 2008, the FASB issued FSP No. EITF 03-6-1, "Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities," (FSP EITF 03-6-1). FSP EITF 03-6-1 states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share pursuant to the two-class method. FSP EITF 03-6-1 becomes effective for Alcoa on January 1, 2009. Management has determined that the adoption of FSP EITF 03-6-1 will not have an impact on the Consolidated Financial Statements.

In December 2008, the FASB issued FSP No. FAS 132(R)-1, "Employers' Disclosures about Postretirement Benefit Plan Assets," (FSP FAS 132(R)-1). FSP FAS 132(R)-1 amends SFAS No. 132 (revised 2003), "Employers' Disclosures about Pensions and Other Postretirement Benefits," to provide guidance on an employer's disclosures about plan assets of a defined benefit pension or other postretirement plan. This guidance is intended to ensure that an employer meets the objectives of the disclosures about plan assets in an employer's defined benefit pension or other postretirement plan to provide users of financial statements with an understanding of the following: how investment allocation decisions are made; the major categories of plan assets; the inputs and valuation techniques used to measure the fair value of plan assets; the effect of fair value measurements using significant unobservable inputs on changes in plan assets; and significant concentrations of risk within plan assets. FSP FAS 132(R)-1 becomes effective for Alcoa on December 31, 2009. As FSP FAS 132(R)-1 only requires enhanced disclosures, management has determined that the adoption of FSP FAS 132(R)-1 will not have an impact on the Consolidated Financial Statements.

**Contractual Obligations and Off-Balance Sheet Arrangements**

**Contractual Obligations.** Alcoa is required to make future payments under various contracts, including long-term purchase obligations, debt agreements, and lease agreements. Alcoa also has commitments to fund its pension plans, provide payments for postretirement benefit plans, and finance capital projects. These contractual obligations are grouped in the same manner as they are classified in the Statement of Consolidated Cash Flows in order to provide a better understanding of the nature of the obligations and to provide a basis for comparison to historical information. As of December 31, 2008, a summary of Alcoa's outstanding contractual obligations is as follows:

	Total	2009	2010-2011	2012-2013	Thereafter
<b>Operating activities:</b>					
Energy-related purchase obligations	\$19,206	\$1,002	\$ 1,677	\$ 1,568	\$ 14,959
Raw material purchase obligations	3,135	1,158	1,589	259	129
Other purchase obligations	244	30	88	84	42
Interest related to total debt	5,044	587	955	763	2,739
Operating leases	1,506	398	535	252	321
Estimated minimum required pension funding	2,370	140	1,190	1,040	-
Postretirement benefit payments	2,845	295	595	585	1,370
Layoff and other restructuring payments	328	236	92	-	-
Deferred revenue arrangements	187	47	16	16	108
Uncertain tax positions	34	-	-	-	34
<b>Financing activities:</b>					
Total debt	10,578	2,069	1,403	2,148	4,958
Dividends to shareholders	-	-	-	-	-
<b>Investing activities:</b>					
Capital projects	1,866	1,049	614	203	-
Payments related to acquisitions	-	-	-	-	-
<b>Totals</b>	<b>\$47,343</b>	<b>\$7,011</b>	<b>\$ 8,754</b>	<b>\$ 6,918</b>	<b>\$ 24,660</b>

**Obligations for Operating Activities**

Energy-related purchase obligations consist primarily of electricity and natural gas contracts with expiration dates ranging from less than 1 year to 40 years. The majority of raw material and other purchase obligations have expiration dates of 24 months or less. Certain purchase obligations contain variable pricing components, and, as a result, actual cash payments may differ from the estimates provided in the preceding table. Operating leases represent multi-year obligations for certain computer equipment, plant equipment, vehicles, and buildings.

Interest related to total debt is based on interest rates in effect as of December 31, 2008 and is calculated on debt with maturities that extend to 2037. The effect of outstanding interest rate swaps, which are accounted for as fair value hedges, are included in interest related to total debt. As of December 31, 2008, these hedges effectively convert the interest rate from fixed to floating on \$1,890 of debt through 2018. As the contractual interest rates for certain debt and interest rate swaps are variable, actual cash payments may differ from the estimates provided in the preceding table.

Estimated minimum required pension funding and postretirement benefit payments are based on actuarial estimates using current assumptions for discount rates, long-term rate of return on plan assets, rate of compensation increases, and health care cost trend rates. The minimum required cash outlays for pension funding are estimated to be \$140 for 2009 and \$590 for 2010. The increase in the projected funding is the result of a significant decline in the fair value of plan assets and the reduction of available pension funding credits from 2009 to 2010. The funding estimate is \$600 for 2011, \$530 for 2012 and \$510 for 2013. The expected pension contributions in 2009 and later reflect the impacts of the Pension Protection Act of 2006 that was signed into law on August 17, 2006. Pension contributions are expected to decline beginning in 2014 if all actuarial assumptions are realized and remain the same in the future. Postretirement

## [Table of Contents](#)

benefit payments are expected to approximate \$300 annually, net of the estimated subsidy receipts related to Medicare Part D, and are reflected in the preceding table through 2018. Alcoa has determined that it is not practicable to present pension funding and postretirement benefit payments beyond 2013 and 2018, respectively.

Layoff and other restructuring payments primarily relate to severance costs and are expected to be paid within one year. Amounts scheduled to be paid greater than one year are related to ongoing site remediation work, special termination benefit payments, and lease termination costs.

Deferred revenue arrangements require Alcoa to deliver aluminum and alumina over the specified contract period. While these obligations are not expected to result in cash payments, they represent contractual obligations for which the company would be obligated if the specified product deliveries could not be made. The longest such contract expires in 2027.

Uncertain tax positions taken or expected to be taken on an income tax return may result in additional payments to tax authorities. The amount in the preceding table includes interest and penalties accrued related to such positions as of December 31, 2008. The total amount of uncertain tax positions is included in the "Thereafter" column as the company is not able to reasonably estimate the timing of potential future payments. If a tax authority agrees with the tax position taken or expected to be taken or the applicable statute of limitations expires, then additional payments will not be necessary.

### **Obligations for Financing Activities**

Total debt amounts in the preceding table represent the principal amounts of all outstanding debt, including short-term borrowings, commercial paper and long-term debt. Maturities for long-term debt extend to 2037.

The company has historically paid quarterly dividends on its preferred and common stock. Including dividends on preferred stock, Alcoa paid \$556 in dividends to shareholders during 2008. Because all dividends are subject to approval by Alcoa's Board of Directors, amounts are not included in the preceding table until such authorization has occurred. As of December 31, 2008, there were 800,317,368 and 546,024 shares of common stock and preferred stock outstanding, respectively. In January 2007, Alcoa increased its annual common stock dividend from \$0.60 per share to \$0.68 per share.

### **Obligations for Investing Activities**

Alcoa has made announcements indicating its participation in several significant expansion projects. These projects include the expansion of an alumina refinery in São Luis; the development of a bauxite mine in Juruti; global rolled products expansion projects in Russia and China; and the continued investment in several hydroelectric power projects in Brazil. These projects are in various stages of development and, depending on business and (or) regulatory circumstances, may not be completed. The amounts included in the preceding table for capital projects represent the amounts that have been approved by management for these and other projects as of December 31, 2008. Funding levels may vary in future years based on anticipated construction schedules of the projects. It is anticipated that significant expansion projects will be funded through various sources, including cash provided from operations. Alcoa anticipates that financing required to execute all of these investments will be readily available over the time frame required. Including the previously mentioned growth projects, total capital expenditures are anticipated to be approximately \$1,800 in 2009.

Payments related to acquisitions are based on provisions in certain acquisition agreements that state additional funds are due to the seller from Alcoa if the businesses acquired achieve stated financial and operational thresholds. Amounts are only presented in the preceding table if it is has been determined that payment is more likely than not to occur. In connection with an acquisition made prior to 2006, Alcoa could be required to make additional contingent payments of approximately \$85 through 2015, but are not included in the preceding table as they have not met such standard.

## [Table of Contents](#)

**Off-Balance Sheet Arrangements.** As of December 31, 2008, Alcoa has maximum potential future payments for guarantees issued on behalf of certain third parties of \$230. These guarantees expire in 2015 through 2018 and relate to project financing for hydroelectric power projects in Brazil. Alcoa also has outstanding bank guarantees related to legal, customs duties, and leasing obligations, among others, which expire at various dates, that total \$389 at December 31, 2008.

Alcoa has outstanding letters of credit in the amount of \$600 as of December 31, 2008. These letters of credit relate primarily to workers' compensation, derivative contracts, and leasing obligations, and expire at various dates mostly in 2009. Alcoa also has outstanding surety bonds primarily related to customs duties, self-insurance, and legal obligations. The total amount committed under these bonds, which automatically renew or expire at various dates in 2009, was \$41 at December 31, 2008.

In November 2007, Alcoa entered into a program to sell a senior undivided interest in certain customer receivables, without recourse, on a continuous basis to a third-party for cash. In August 2008, Alcoa increased the capacity of this program from \$100 to \$250. As of December 31, 2008 and 2007, Alcoa received \$250 and \$100, respectively, in cash proceeds, which reduced Receivables from customers on the accompanying Consolidated Balance Sheet. Alcoa services the customer receivables for the third-party at market rates; therefore, no servicing asset or liability was recorded.

Alcoa had an existing program with a different third-party to sell certain customer receivables. The sale of receivables under this program was conducted through a qualifying special purpose entity (QSPE) that was bankruptcy remote, and, therefore, was not consolidated by Alcoa. Effective August 31, 2008, Alcoa terminated this program and all outstanding accounts receivable were collected by the QSPE through the end of 2008. As of December 31, 2007, Alcoa sold trade receivables of \$139 to the QSPE.

### **Item 7A. Quantitative and Qualitative Disclosures About Market Risk.**

In addition to the risks inherent in its operations, Alcoa is exposed to financial, market, political, and economic risks. The following discussion provides information regarding Alcoa's exposure to the risks of changing commodity prices, interest rates, and foreign currency exchange rates.

Alcoa's commodity and derivative activities are subject to the management, direction, and control of the Strategic Risk Management Committee (SRMC). The SRMC is composed of the chief executive officer, the chief financial officer, and other officers and employees that the chief executive officer selects. The SRMC reports to the Board of Directors on the scope of its activities.

The interest rate, foreign currency, aluminum, and other commodity contracts are held for purposes other than trading. They are used primarily to mitigate uncertainty and volatility, and to cover underlying exposures. The Company is not involved in trading activities for energy, weather derivatives, or other nonexchange commodities.

**Commodity Price Risks**—Alcoa is a leading global producer of primary aluminum and aluminum fabricated products. As a condition of sale, customers often require Alcoa to enter into long-term, fixed-price commitments. These commitments expose Alcoa to the risk of higher aluminum prices between the time the order is committed and the time that the order is shipped. Alcoa uses futures contracts, totaling 760 kmt at December 31, 2008, to reduce the aluminum price risk associated with a portion of these fixed-price firm commitments. The effects of this hedging activity will be recognized in earnings over the designated hedge periods in 2009 to 2012.

Alcoa also sells aluminum products to third parties at then-current market prices and is exposed to the risk of lower market prices at the time of shipment. Alcoa has also entered into futures contracts, totaling 358 kmt at December 31, 2008, to hedge a portion of future production. The effects of this hedging activity will be recognized in earnings over the designated hedge periods in 2009 to 2011.

Alcoa has also entered into futures contracts to minimize its price risk related to other customer sales and pricing arrangements. Alcoa has not qualified these contracts for hedge accounting treatment, and therefore, the fair value gains and losses on these contracts are recorded in earnings. These contracts totaled 46 kmt at December 31, 2008. In

## [Table of Contents](#)

addition, Alcoa has power supply and other contracts that contain pricing provisions related to the LME aluminum price. The LME-linked pricing features are considered embedded derivatives. A majority of these embedded derivatives have been designated as hedges of future sales of aluminum. Gains and losses on the remainder of these embedded derivatives are recognized in earnings.

The net mark-to-market pretax earnings impact from aluminum derivative and hedging activities was a gain of \$78 in 2008.

Alcoa purchases certain energy commodities to meet its production requirements and believes it is highly likely that such purchases will continue in the future. These purchases expose the Company to the risk of higher prices. To hedge a portion of these risks, Alcoa uses futures and forward contracts. The effects of this hedging activity will be recognized in earnings over the designated hedge periods in 2009 to 2011.

### Financial Risk

**Interest Rates**—Alcoa uses interest rate swaps to help maintain a strategic balance between fixed- and floating-rate debt and to manage overall financing costs. For a portion of its fixed-rate debt, the Company has entered into pay floating, receive fixed interest rate swaps to effectively change the fixed interest rates to floating interest rates. Alcoa is also subject to an exposure in the differential between its long-term debt rating and the long-term debt rating of its counterparty in a long-term power contract, which begins in 2011 and expires in 2028.

**Currencies**—Alcoa is subject to exposure from fluctuations in foreign currency exchange rates. Foreign currency exchange contracts may be used from time to time to hedge the variability in cash flows from the forecasted payment or receipt of currencies other than the functional currency. These contracts cover periods consistent with known or expected exposures through 2009.

**Fair Values and Sensitivity Analysis**—The following table shows the fair values of outstanding derivative contracts at December 31, 2008 and the effect on fair values of a hypothetical change (increase or decrease of 10%) in the market prices or rates that existed at December 31, 2008:

	Fair value (loss)/gain	Index change of + / - 10%
Aluminum*	\$ (632)	\$ 123
Interest rates*	70	15
Other commodities, principally energy related	(34)	17

\* Aluminum reflects \$119 of cash collateral paid that Alcoa elected to net against the fair value amounts recognized for certain derivative instruments executed with the same counterparties under master netting arrangements. Interest rates reflect \$67 of cash collateral held that Alcoa elected to net against the fair value amounts recognized for certain derivative instruments executed with the same counterparties under master netting arrangements. These elections were made under the provisions of FSP FIN 39-1, which was adopted by Alcoa on January 1, 2008 (see Recently Adopted Accounting Standards).

Aluminum consists primarily of losses on hedge contracts, embedded derivatives in power contracts in Iceland and Brazil, and Alcoa's share of gains and losses on hedge contracts of Norwegian smelters that are accounted for under the equity method.

**Material Limitations**—The disclosures with respect to commodity prices, interest rates, and foreign currency exchange risk do not take into account the underlying commitments or anticipated transactions. If the underlying items were included in the analysis, the gains or losses on the futures contracts would be offset. Actual results will be determined by a number of factors that are not under Alcoa's control and could vary significantly from those factors disclosed.

## [Table of Contents](#)

Alcoa is exposed to credit loss in the event of nonperformance by counterparties on the above instruments, as well as credit or performance risk with respect to its hedged customers' commitments. Although nonperformance is possible, Alcoa does not anticipate nonperformance by any of these parties. Contracts are with creditworthy counterparties and are further supported by cash, treasury bills, or irrevocable letters of credit issued by carefully chosen banks. In addition, various master netting arrangements are in place with counterparties to facilitate settlement of gains and losses on these contracts.

See Notes A, K, and X to the Consolidated Financial Statements for additional information on derivative instruments.

### **Item 8. Financial Statements and Supplementary Data.**

#### **Management's Reports to Alcoa Shareholders**

##### **Management's Report on Financial Statements and Practices**

The accompanying Consolidated Financial Statements of Alcoa Inc. and its subsidiaries (the "Company") were prepared by management, which is responsible for their integrity and objectivity. The statements were prepared in accordance with generally accepted accounting principles and include amounts that are based on management's best judgments and estimates. The other financial information included in the annual report is consistent with that in the financial statements.

Management also recognizes its responsibility for conducting the Company's affairs according to the highest standards of personal and corporate conduct. This responsibility is characterized and reflected in key policy statements issued from time to time regarding, among other things, conduct of its business activities within the laws of the host countries in which the Company operates and potentially conflicting outside business interests of its employees. The Company maintains a systematic program to assess compliance with these policies.

##### **Management's Report on Internal Control over Financial Reporting**

Management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. In order to evaluate the effectiveness of internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act, management has conducted an assessment, including testing, using the criteria in *Internal Control – Integrated Framework*, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's system of internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Based on the assessment, management has concluded that the Company maintained effective internal control over financial reporting as of December 31, 2008, based on criteria in *Internal Control – Integrated Framework* issued by the COSO.

---

[Table of Contents](#)

The effectiveness of the Company's internal control over financial reporting as of December 31, 2008 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report, which is included herein.

**Management's Certifications**

The certifications of the Company's Chief Executive Officer and Chief Financial Officer required by the Sarbanes-Oxley Act have been included as Exhibits 31 and 32 in the Company's Form 10-K. In addition, in 2008, the Company's Chief Executive Officer provided to the New York Stock Exchange the annual CEO certification regarding the Company's compliance with the New York Stock Exchange's corporate governance listing standards.

Chief Financial Officer

**Report of Independent Registered Public Accounting Firm**

To the Shareholders and Board of Directors of Alcoa Inc.:

In our opinion, the accompanying consolidated balance sheets and the related statements of consolidated operations, shareholders' equity and consolidated cash flows present fairly, in all material respects, the financial position of Alcoa Inc. and its subsidiaries (Alcoa) at December 31, 2008 and 2007, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2008 in conformity with accounting principles generally accepted in the United States of America. Also in our opinion, Alcoa maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Alcoa's management is responsible for these financial statements, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express opinions on these financial statements and on Alcoa's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The accompanying notes are an integral part of the consolidated financial statements.

**Notes to the Consolidated Financial Statements**  
**(dollars in millions, except per-share amounts)**

**A. Summary of Significant Accounting Policies**

**Basis of Presentation.** The Consolidated Financial Statements of Alcoa Inc. and its subsidiaries (“Alcoa” or the “Company”) are prepared in conformity with accounting principles generally accepted in the United States of America and require management to make certain estimates and assumptions. These may affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. They also may affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates upon subsequent resolution of identified matters.

**Principles of Consolidation.** The Consolidated Financial Statements include the accounts of Alcoa and companies in which Alcoa has a controlling interest. Intercompany transactions have been eliminated. The equity method of accounting is used for investments in affiliates and other joint ventures over which Alcoa has significant influence but does not have effective control. Investments in affiliates in which Alcoa cannot exercise significant influence are accounted for on the cost method.

Alcoa also evaluates consolidation of entities under Financial Accounting Standards Board (FASB) Interpretation No. 46, “Consolidation of Variable Interest Entities” (FIN 46). FIN 46 requires management to evaluate whether an entity or interest is a variable interest entity and whether Alcoa is the primary beneficiary. Consolidation is required if both of these criteria are met. Alcoa does not have any variable interest entities requiring consolidation.

**Cash Equivalents.** Cash equivalents are highly liquid investments purchased with an original maturity of three months or less.

**Inventory Valuation.** Inventories are carried at the lower of cost or market, with cost for a substantial portion of U.S. and Canadian inventories determined under the last-in, first-out (LIFO) method. The cost of other inventories is principally determined under the average-cost method. See Note G for additional information.

**Properties, Plants, and Equipment.** Properties, plants, and equipment are recorded at cost. Depreciation is recorded principally on the straight-line method at rates based on the estimated useful lives of the assets. For greenfield smelters, the units of production method is used to record depreciation. The following table details the weighted-average useful lives of structures and machinery and equipment by reporting segment (numbers in years):

Segment	Structures	Machinery and equipment
Alumina	33	26
Primary Metals	35	21
Flat-Rolled Products	31	20
Engineered Products and Solutions	28	16

Gains or losses from the sale of assets are generally recorded in other income (see policy that follows for assets classified as held for sale and discontinued operations). Repairs and maintenance are charged to expense as incurred. Interest related to the construction of qualifying assets is capitalized as part of the construction costs. Depletion related to mineral reserves is recorded using the units of production method. See Notes H and V for additional information.

During 2008, Alcoa completed a review of the estimated useful lives of its alumina refining and aluminum smelting facilities. Such a review was performed because considerable engineering data and other information (readily available due to the recent construction of the Iceland smelter as well as various expansions and other growth projects in-process or completed over the past two years) indicated that the useful lives of many of the assets in these businesses were no longer appropriate. As a result of this review, for the majority of its refining and smelting locations, Alcoa extended the useful lives of structures to an average of 26 and 32 years (previously 23 and 29 years), respectively, and machinery and equipment to an average of 27 and 20 years (previously 17 and 19 years), respectively.

## [Table of Contents](#)

Also during 2008, Alcoa completed a review of the estimated useful lives of its flat-rolled products and engineered products and solutions facilities. As a result of this review, for a portion of its flat-rolled products locations, Alcoa extended the useful lives of structures to an average of 33 years (previously 29 years) and machinery and equipment to an average of 18 years (previously 16 years). No change was made to the useful lives related to the engineered products and solutions locations as the study determined that the average useful lives of structures (26 years) and machinery and equipment (17 years) were appropriate.

The extension of depreciable lives qualifies as a change in accounting estimate and was made on a prospective basis effective January 1, 2008 for the alumina refining and aluminum smelting facilities and July 1, 2008 for the flat-rolled products facilities. In 2008, Depreciation, depletion, and amortization expense was \$35 (after-tax and minority interests) less than it would have been had the depreciable lives not been extended. The effect of this change on both basic and diluted earnings per share was \$0.04.

Properties, plants, and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets (asset group) may not be recoverable. Recoverability of assets is determined by comparing the estimated undiscounted net cash flows of the operations related to the assets (asset group) to their carrying amount. An impairment loss would be recognized when the carrying amount of the assets (asset group) exceeds the estimated undiscounted net cash flows. The amount of the impairment loss to be recorded is calculated as the excess of the carrying value of the assets (asset group) over their fair value, with fair value determined using the best information available, which generally is a discounted cash flow model (DCF model).

**Goodwill and Other Intangible Assets.** Goodwill and intangible assets with indefinite useful lives are not amortized. Intangible assets with finite useful lives are amortized generally on a straight-line basis over the periods benefited. The following table details the weighted-average useful lives of software and other intangible assets by reporting segment (numbers in years):

Segment	Software	Other intangible assets
Alumina	10	-
Primary Metals	10	37
Flat-Rolled Products	10	9
Engineered Products and Solutions	10	35

Goodwill is not amortized; instead, it is tested for impairment annually (in the fourth quarter) or more frequently if indicators of impairment exist or if a decision is made to sell a business. A significant amount of judgment is involved in determining if an indicator of impairment has occurred. Such indicators may include a decline in expected cash flows, a significant adverse change in legal factors or in the business climate, unanticipated competition, or slower growth rates, among others.

Goodwill is allocated among and evaluated for impairment at the reporting unit level, which is defined as an operating segment or one level below an operating segment. Alcoa has 10 reporting units, of which three are included in the Flat-Rolled Products segment and five are included in the Engineered Products and Solutions segment. The remaining two reporting units are the Alumina and Primary Metals segments. Almost 90% of Alcoa's total goodwill is allocated to three reporting units as follows: Alcoa Fastening Systems (AFS) (\$1,014) and Alcoa Power and Propulsion (APP) (\$1,601) businesses, both of which are included in the Engineered Products and Solutions segment, and Primary Metals (\$1,767). These amounts include an allocation of Corporate goodwill.

The evaluation of impairment involves comparing the current fair value of each reporting unit to its carrying value, including goodwill. Alcoa uses a discounted cash flow model (DCF model) to estimate the current fair value of its reporting units when testing for impairment. A number of significant assumptions and estimates are involved in the application of the DCF model to forecast operating cash flows, including markets and market share, sales volumes and prices, costs to produce, tax rates, capital spending, discount rate, and working capital changes. Most of these assumptions vary significantly among the reporting units. Cash flow forecasts are generally based on approved

## [Table of Contents](#)

business unit operating plans for the early years' cash flows and historical relationships in later years. The betas used in calculating the individual reporting units' weighted average cost of capital (WACC) rate are estimated for each business with the assistance of valuation experts.

In 2008, the estimated fair value of nine of the ten reporting units, including AFS and APP, were well in excess of the carrying value of these businesses resulting in no impairment. For Primary Metals, while the estimated fair value of this business exceeded its carrying value, the excess was significantly impacted due to the historic drop in the LME price that occurred in the second half of 2008. Management performed an updated goodwill impairment test for Primary Metals in late December 2008, which again resulted in no impairment (the tests for the other nine reporting units were also updated).

Historically, LME pricing levels and the corresponding input costs (e.g., raw materials, energy) have generally trended in the same manner, resulting in relatively consistent cash margins over time. As a result, the estimated fair value of Primary Metals traditionally has been well in excess of its carrying value. However, during the second half of 2008, the LME price decreased at an unprecedented rate, significantly outpacing any decreases in associated input costs. As a result of this near-term disruption in the historical relationship between LME and input costs, the expected cash margins in the early years in the DCF model were lower than normal and lower than long-term expectations.

In the event the estimated fair value of a reporting unit per the DCF model is less than the carrying value, additional analysis would be required. The additional analysis would compare the carrying amount of the reporting unit's goodwill with the implied fair value of that goodwill, which may involve the use of valuation experts. The implied fair value of goodwill is the excess of the fair value of the reporting unit over the fair value amounts assigned to all of the assets and liabilities of that unit as if the reporting unit was acquired in a business combination and the fair value of the reporting unit represented the purchase price. If the carrying value of goodwill exceeds its implied fair value, an impairment loss equal to such excess would be recognized, which could significantly and adversely impact reported results of operations and stockholders' equity.

With Alcoa's common stock price at extraordinary lows late in 2008, management analyzed the valuations derived from the DCF models in relation to Alcoa's market capitalization. In management's judgment, a significant portion of the recent decline in Alcoa's stock price is related to the current unprecedented liquidity crisis in the overall economy and is not reflective of the underlying cash flows of the reporting units. As a result, management believes the Company's forecasted cash flows constitute a better indicator of the current fair value of Alcoa's reporting units than the current pricing of its common shares. The sum of the individual estimated fair values of Alcoa's reporting units per the DCF models is greater than the market value of Alcoa's common stock. However, fair values that could be realized in an actual transaction may differ from those used to evaluate the impairment of goodwill.

**Revenue Recognition.** Alcoa recognizes revenue when title, ownership, and risk of loss pass to the customer, all of which occurs upon shipment or delivery of the product and is based on the applicable shipping terms. The shipping terms vary across all businesses and depend on the product, the country of origin, and the type of transportation (truck, train, or vessel).

Alcoa periodically enters into long-term supply contracts with alumina and aluminum customers and receives advance payments for product to be delivered in future periods. These advance payments are recorded as deferred revenue, and revenue is recognized as shipments are made and title, ownership, and risk of loss pass to the customer during the term of the contracts.

**Environmental Expenditures.** Expenditures for current operations are expensed or capitalized, as appropriate. Expenditures relating to existing conditions caused by past operations, and which do not contribute to future revenues, are expensed. Liabilities are recorded when remediation efforts are probable and the costs can be reasonably estimated. The liability may include costs such as site investigations, consultant fees, feasibility studies, outside contractors, and monitoring expenses. Estimates are generally not discounted or reduced by potential claims for recovery. Claims for recovery are recognized as agreements are reached with third parties. The estimates also include costs related to other

## [Table of Contents](#)

potentially responsible parties to the extent that Alcoa has reason to believe such parties will not fully pay their proportionate share. The liability is periodically reviewed and adjusted to reflect current remediation progress, prospective estimates of required activity, and other factors that may be relevant, including changes in technology or regulations. See Note N for additional information.

**Asset Retirement Obligations.** Alcoa recognizes asset retirement obligations (AROs) related to legal obligations associated with the normal operation of Alcoa's bauxite mining, alumina refining, and aluminum smelting facilities. These AROs consist primarily of costs associated with spent pot lining disposal, closure of bauxite residue areas, mine reclamation, and landfill closure. Alcoa also recognizes AROs for any significant lease restoration obligation, if required by a lease agreement, and for the disposal of regulated waste materials related to the demolition of certain power facilities. The fair values of these AROs are recorded on a discounted basis, at the time the obligation is incurred, and accreted over time for the change in present value. Additionally, Alcoa capitalizes asset retirement costs by increasing the carrying amount of the related long-lived assets and depreciating these assets over their remaining useful life.

Certain conditional asset retirement obligations (CAROs) related to alumina refineries, aluminum smelters, and fabrication facilities have not been recorded in the Consolidated Financial Statements due to uncertainties surrounding the ultimate settlement date. A CARO is a legal obligation to perform an asset retirement activity in which the timing and (or) method of settlement are conditional on a future event that may or may not be within Alcoa's control. Such uncertainties exist as a result of the perpetual nature of the structures, maintenance and upgrade programs, and other factors. At the date a reasonable estimate of the ultimate settlement date can be made, Alcoa would record a retirement obligation for the removal, treatment, transportation, storage, and (or) disposal of various regulated assets and hazardous materials such as asbestos, underground and aboveground storage tanks, polychlorinated biphenyls (PCBs), various process residuals, solid wastes, electronic equipment waste, and various other materials. Such amounts may be material to the Consolidated Financial Statements in the period in which they are recorded.

**Income Taxes.** The provision for income taxes is determined using the asset and liability approach of accounting for income taxes. Under this approach, the provision for income taxes represents income taxes paid or payable for the current year plus the change in deferred taxes during the year. Deferred taxes represent the future tax consequences expected to occur when the reported amounts of assets and liabilities are recovered or paid, and result from differences between the financial and tax bases of Alcoa's assets and liabilities and are adjusted for changes in tax rates and tax laws when enacted. Valuation allowances are recorded to reduce deferred tax assets when it is more likely than not that a tax benefit will not be realized. Deferred tax assets for which no valuation allowance is recorded may not be realized upon changes in facts and circumstances. Tax benefits related to uncertain tax positions taken or expected to be taken on a tax return are recorded when such benefits meet a more likely than not threshold. Otherwise, these tax benefits are recorded when a tax position has been effectively settled, which means that the appropriate taxing authority has completed their examination even though the statute of limitations remains open, or the statute of limitation expires. Interest and penalties related to uncertain tax positions are recognized as part of the provision for income taxes and are accrued beginning in the period that such interest and penalties would be applicable under relevant tax law until such time that the related tax benefits are recognized. Alcoa also has unamortized tax-deductible goodwill of \$397 resulting from intercompany stock sales and reorganizations (generally at a 30% to 34% rate). Alcoa recognizes the tax benefits associated with this tax-deductible goodwill as it is being amortized for local income tax purposes rather than in the period in which the transaction is consummated.

**Stock-Based Compensation.** Alcoa recognizes compensation expense for employee equity grants using the non-substantive vesting period approach, in which the expense (net of estimated forfeitures) is recognized ratably over the requisite service period based on the grant date fair value. The fair value of each new stock option is estimated on the date of grant using a lattice-pricing model. Determining the fair value of stock options at the grant date requires judgment, including estimates for the average risk-free interest rate, dividend yield, volatility, annual forfeiture rate, and exercise behavior. If any of these assumptions differ significantly from actual, stock-based compensation expense could be impacted.

## [Table of Contents](#)

As part of Alcoa's stock-based compensation plan design, individuals who are retirement-eligible have a six-month requisite service period in the year of grant. Equity grants are issued in January each year. As a result, a larger portion of expense will be recognized in the first and second quarters of each year for these retirement-eligible employees. Compensation expense recorded in 2008, 2007, and 2006 was \$94 (\$63 after-tax), \$97 (\$63 after-tax), and \$72 (\$48 after-tax), respectively. Of this amount, \$19, \$19, and \$20 in 2008, 2007, and 2006, respectively, pertains to the acceleration of expense related to retirement-eligible employees.

On December 31, 2005, Alcoa accelerated the vesting of 11 million unvested stock options granted to employees in 2004 and on January 13, 2005. The 2004 and 2005 accelerated options had weighted average exercise prices of \$35.60 and \$29.54, respectively, and in the aggregate represented approximately 12% of Alcoa's total outstanding options. The decision to accelerate the vesting of the 2004 and 2005 options was made primarily to avoid recognizing the related compensation expense in future Consolidated Financial Statements upon the adoption of a new accounting standard. The accelerated vesting of the 2004 and 2005 stock options reduced Alcoa's after-tax stock option compensation expense in 2007 and 2006 by \$7 and \$21, respectively.

Beginning in 2006, plan participants can choose whether to receive their award in the form of stock options, stock awards, or a combination of both. This choice is made before the grant is issued and is irrevocable.

**Derivatives and Hedging.** Derivatives are held as part of a formally documented risk management program. The derivatives are straightforward and are held for purposes other than trading. For derivatives designated as fair value hedges, Alcoa measures hedge effectiveness by formally assessing, at least quarterly, the historical high correlation of changes in the fair value of the hedged item and the derivative hedging instrument. For derivatives designated as cash flow hedges, Alcoa measures hedge effectiveness by formally assessing, at least quarterly, the probable high correlation of the expected future cash flows of the hedged item and the derivative hedging instrument. The ineffective portions of both types of hedges are recorded in revenues or other income or expense in the current period. A gain of \$2 was recorded in 2008 (gains of \$4 and \$10 in 2007 and 2006, respectively) for the ineffective portion of aluminum hedges. If the hedging relationship ceases to be highly effective or it becomes probable that an expected transaction will no longer occur, future gains or losses on the derivative are recorded in other income or expense. No significant hedging transactions ceased to qualify as hedges in 2008, 2007 or 2006.

Alcoa accounts for interest rate swaps related to its existing long-term debt and hedges of firm customer commitments for aluminum as fair value hedges. As a result, the fair values of the derivatives and changes in the fair values of the underlying hedged items are reported in other current and noncurrent assets and liabilities in the Consolidated Balance Sheet. Changes in the fair values of these derivatives and underlying hedged items generally offset and are recorded each period in sales or interest expense, consistent with the underlying hedged item.

Alcoa accounts for hedges of foreign currency exposures and certain forecasted transactions as cash flow hedges. The fair values of the derivatives are recorded in other current and noncurrent assets and liabilities in the Consolidated Balance Sheet. The effective portions of the changes in the fair values of these derivatives are recorded in other comprehensive loss (losses of \$125 and \$565 at December 31, 2008 and 2007, respectively) and are reclassified to sales, cost of goods sold, or other income in the period in which earnings are impacted by the hedged items or in the period that the transaction no longer qualifies as a cash flow hedge. These contracts cover the same periods as known or expected exposures, generally not exceeding five years. Assuming market rates remain constant with the rates at December 31, 2008, a gain of \$45 is expected to be recognized in earnings over the next 12 months.

If no hedging relationship is designated, the derivative is marked to market through earnings.

Cash flows from financial instruments are recognized in the Statement of Consolidated Cash Flows in a manner consistent with the underlying transactions. See Notes K and X for additional information.

**Foreign Currency.** The local currency is the functional currency for Alcoa's significant operations outside the U.S., except certain operations in Canada, Brazil, Russia and Iceland, where the U.S. dollar is used as the functional currency. The determination of the functional currency for Alcoa's operations is made based on the appropriate economic and management indicators.

## [Table of Contents](#)

**Acquisitions.** Alcoa's acquisitions are accounted for using the purchase method. The purchase price is allocated to the assets acquired and liabilities assumed based on their estimated fair values. Any excess purchase price over the fair value of the net assets acquired is recorded as goodwill. For all acquisitions, operating results are included in the Statement of Consolidated Operations since the dates of the acquisitions. See Note F for additional information.

**Discontinued Operations and Assets Held For Sale.** For those businesses where management has committed to a plan to divest, each business is valued at the lower of its carrying amount or estimated fair value less cost to sell. If the carrying amount of the business exceeds its estimated fair value, an impairment loss is recognized. The fair values are estimated using accepted valuation techniques such as a DCF model, valuations performed by third parties, earnings multiples, or indicative bids, when available. A number of significant estimates and assumptions are involved in the application of these techniques, including the forecasting of markets and market share, sales volumes and prices, costs and expenses, and multiple other factors. Management considers historical experience and all available information at the time the estimates are made; however, the fair values that are ultimately realized upon the sale of the businesses to be divested may differ from the estimated fair values reflected in the Consolidated Financial Statements. Depreciation is no longer recorded on assets of businesses to be divested once they are classified as held for sale.

Businesses to be divested are classified in the Consolidated Financial Statements as either discontinued operations or assets held for sale. For businesses classified as discontinued operations, the balance sheet amounts and income statement results are reclassified from their historical presentation to assets and liabilities of operations held for sale on the Consolidated Balance Sheet and to discontinued operations in the Statement of Consolidated Operations, respectively, for all periods presented. The gains or losses associated with these divested businesses are recorded in income (loss) from discontinued operations in the Statement of Consolidated Operations. The Statement of Consolidated Cash Flows is also reclassified for assets held for sale and discontinued operations for all periods presented. Additionally, segment information does not include the operating results of businesses classified as discontinued operations. Management does not expect any continuing involvement with these businesses following the sales, and these businesses are expected to be disposed of within one year.

For businesses classified as assets held for sale that do not qualify for discontinued operations treatment, the balance sheet and cash flow amounts are reclassified from their historical presentation to assets and liabilities of operations held for sale. The income statement results continue to be reported in the historical income statement categories as income from continuing operations. The gains or losses associated with these divested businesses are recorded in restructuring and other charges in the Statement of Consolidated Operations. The segment information includes the operating results of businesses classified as assets held for sale for all periods presented. Management expects that Alcoa will have continuing involvement with these businesses following the sale, primarily in the form of equity participation, or ongoing aluminum or other significant supply contracts.

**Recently Adopted Accounting Standards.** On January 1, 2008, Alcoa adopted Statement of Financial Accounting Standards (SFAS) No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities – including an amendment of FASB Statement No. 115," (SFAS 159). SFAS 159 permits entities to choose to measure many financial instruments and certain other assets and liabilities at fair value on an instrument-by-instrument basis (the fair value option) with changes in fair value reported in earnings. Alcoa already records marketable securities at fair value in accordance with SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities," and derivative contracts and hedging activities at fair value in accordance with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended (SFAS 133). The adoption of SFAS 159 had no impact on the Consolidated Financial Statements as management did not elect the fair value option for any other financial instruments or certain other assets and liabilities.

On January 1, 2008, Alcoa adopted SFAS No. 157, "Fair Value Measurements," (SFAS 157) as it relates to financial assets and financial liabilities. In February 2008, the FASB issued FASB Staff Position (FSP) No. FAS 157-2, "Effective Date of FASB Statement No. 157," which delayed the effective date of SFAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on at least an annual basis, until January 1, 2009 for calendar year-end entities. Also in February 2008, the FASB issued FSP

## [Table of Contents](#)

No. FAS 157-1, “Application of FASB Statement No. 157 to FASB Statement No. 13 and Other Accounting Pronouncements That Address Fair Value Measurements for Purposes of Lease Classification or Measurement under Statement 13,” which states that SFAS No. 13, “Accounting for Leases,” (SFAS 13) and other accounting pronouncements that address fair value measurements for purposes of lease classification or measurement under SFAS 13 are excluded from the provisions of SFAS 157, except for assets and liabilities related to leases assumed in a business combination that are required to be measured at fair value under SFAS No. 141, “Business Combinations,” (SFAS 141) or SFAS No. 141 (revised 2007), “Business Combinations,” (SFAS 141(R)).

SFAS 157 defines fair value, establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (GAAP), and expands disclosures about fair value measurements. The provisions of this standard apply to other accounting pronouncements that require or permit fair value measurements and are to be applied prospectively with limited exceptions. The adoption of SFAS 157, as it relates to financial assets, had no impact on the Consolidated Financial Statements. Management has determined that the adoption of SFAS 157, as it relates to nonfinancial assets and nonfinancial liabilities, will not have an impact on the Consolidated Financial Statements.

SFAS 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This standard is now the single source in GAAP for the definition of fair value, except for the fair value of leased property as defined in SFAS 13. SFAS 157 establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity’s own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under SFAS 157 are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates); and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs that are both significant to the fair value measurement and unobservable.

The following sections describe the valuation methodologies used by Alcoa to measure different financial instruments at fair value, including an indication of the level in the fair value hierarchy in which each instrument is generally classified. Where appropriate the description includes details of the valuation models, the key inputs to those models, and any significant assumptions.

**Available-for-sale securities.** Alcoa uses quoted market prices to determine the fair value of available-for-sale securities. These financial instruments consist of exchange-traded fixed income and equity securities, and are classified in Level 1 of the fair value hierarchy.

**Derivative contracts.** Derivative contracts are valued using quoted market prices and significant other observable and unobservable inputs. Such financial instruments consist of aluminum, interest rate, commodity (principally energy-related), and foreign currency contracts. The fair values for the majority of these derivative contracts are based upon current quoted market prices. These financial instruments are typically exchange-traded and are generally classified within Level 1 or Level 2 of the fair value hierarchy depending on whether the exchange is deemed to be an active market or not.

For certain derivative contracts whose fair values are based upon trades in liquid markets, such as aluminum options, valuation model inputs can generally be verified and valuation techniques do not involve significant management judgment. The fair values of such financial instruments are generally classified within Level 2 of the fair value hierarchy.

## Table of Contents

Alcoa has other derivative contracts that do not have observable market quotes. For these financial instruments, management uses significant other observable inputs (i.e., information concerning time premiums and volatilities for certain option type embedded derivatives and regional premiums for swaps). For periods beyond the term of quoted market prices for aluminum, Alcoa uses a macroeconomic model that estimates the long-term price of aluminum based on anticipated changes in worldwide supply and demand. Where appropriate, valuations are adjusted for various factors such as liquidity, bid/offer spreads, and credit considerations. Such adjustments are generally based on available market evidence (Level 2). In the absence of such evidence, management's best estimate is used (Level 3).

The following table presents Alcoa's assets and liabilities that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2008:

	Level 1	Level 2	Level 3	Collateral*	Total
<b>Assets:</b>					
Available-for-sale securities	\$ 27	\$ -	\$ -	\$ -	\$ 27
Derivative contracts	79	160	-	(67)	172
Total assets	\$ 106	\$ 160	\$ -	\$ (67)	\$ 199

<b>Liabilities:</b>					
Derivative contracts	\$ 569	\$ 30	\$ 341	\$ (119)	\$ 821

\*These amounts represent cash collateral paid (\$119) and held (\$67) that Alcoa elected to net against the fair value amounts recognized for certain derivative instruments executed with the same counterparties under master netting arrangements. This election was made under the provisions of FSP FIN 39-1, which was adopted by Alcoa on January 1, 2008 (see below). The collateral paid of \$119 relates to derivative contracts for aluminum included in Level 1 and the collateral held of \$67 relates to derivative contracts for interest rates included in Level 2.

Financial instruments classified as Level 3 in the fair value hierarchy represent derivative contracts in which management has used at least one significant unobservable input in the valuation model. The following table presents a reconciliation of activity for such derivative contracts on a net basis:

	Year ended December 31, 2008
Balance at beginning of period	\$ 408
Total realized/unrealized (losses) or gains included in:	
Sales	(54)
Cost of goods sold	3
Other comprehensive loss	(35)
Purchases, sales, issuances, and settlements	19
Transfers in and (or) out of Level 3	-
Balance at end of period	\$ 341
Total (losses) or gains included in earnings attributable to the change in unrealized gains or losses relating to derivative contracts still held at December 31, 2008:	
Sales	\$ (54)
Cost of goods sold	3

As reflected in the table above, the net unrealized loss on derivative contracts using Level 3 valuation techniques was \$341 as of December 31, 2008. This loss is mainly attributed to embedded derivatives in a power contract that index the price of power to the LME price of aluminum. These embedded derivatives are primarily valued using observable market prices. However, due to the length of the contract, the valuation model also requires management to estimate the long-term price of aluminum based upon anticipated changes in worldwide supply and demand. The embedded derivatives have been designated as hedges of forward sales of aluminum and their realized gains and losses are included in Sales on the accompanying Statement of Consolidated Operations. Also, included within Level 3

## [Table of Contents](#)

measurements are derivative financial instruments that hedge the cost of electricity. Transactions involving on-peak power are observable as there is an active market. However, due to Alcoa's power consumption, there are certain off-peak times when there is not an actively traded market for electricity. Therefore, management utilizes various forecast services, historical relationships, and near term market actual pricing to determine the fair value. Gains and losses realized for the electricity contracts are included in Cost of goods sold on the accompanying Statement of Consolidated Operations. Additionally, an embedded derivative in a power contract that indexes the difference between the long-term debt ratings of Alcoa and the counterparty from any of the three major credit rating agencies is included in Level 3. Management uses forecast services, historical relationships, and market prices to determine fair value. None of the Level 3 positions on hand at December 31, 2008 resulted in any unrealized gains in the accompanying Statement of Consolidated Operations.

Effective September 30, 2008, Alcoa adopted FSP No. FAS 157-3, "Determining the Fair Value of a Financial Asset When the Market for That Asset Is Not Active" (FSP FAS 157-3), which was issued on October 10, 2008. FSP FAS 157-3 clarifies the application of SFAS 157 in a market that is not active and provides an example to illustrate key considerations in determining the fair value of a financial asset when the market for that financial asset is not active. The adoption of FSP FAS 157-3 had no impact on the Consolidated Financial Statements.

On January 1, 2008, Alcoa adopted FSP No. FIN 39-1, "Amendment of FASB Interpretation No. 39," (FSP FIN 39-1). FSP FIN 39-1 amends FIN No. 39, "Offsetting of Amounts Related to Certain Contracts," by permitting entities that enter into master netting arrangements as part of their derivative transactions to offset in their financial statements net derivative positions against the fair value of amounts (or amounts that approximate fair value) recognized for the right to reclaim cash collateral or the obligation to return cash collateral under those arrangements. As a result, management elected to net cash collateral against fair value amounts recognized for derivative instruments executed with the same counterparty when a master netting arrangement exists. The provisions of FSP FIN 39-1 are to be applied retroactively for all financial statement periods presented. As of December 31, 2008, the obligation to return cash collateral in the amount of \$67 was netted against the fair value of derivative contracts, of which \$4 is included in Prepaid expenses and other current assets and \$63 is included in Other assets on the accompanying Consolidated Balance Sheet, and the right to receive cash collateral in the amount of \$119 was netted against the fair value of derivative contracts included in Other current liabilities on the accompanying Consolidated Balance Sheet. The adoption of FSP FIN 39-1 did not impact the Consolidated Balance Sheet as of December 31, 2007 as no cash collateral was held or posted.

On January 1, 2008, Alcoa adopted Emerging Issues Task Force (EITF) Issue No. 06-10, "Accounting for Collateral Assignment Split-Dollar Life Insurance Arrangements," (EITF 06-10). Under the provisions of EITF 06-10, an employer is required to recognize a liability for the postretirement benefit related to a collateral assignment split-dollar life insurance arrangement in accordance with either SFAS No. 106, "Employers' Accounting for Postretirement Benefits Other Than Pensions," or Accounting Principles Board Opinion No. 12, "Omnibus Opinion – 1967," if the employer has agreed to maintain a life insurance policy during the employee's retirement or provide the employee with a death benefit based on the substantive arrangement with the employee. The provisions of EITF 06-10 also require an employer to recognize and measure the asset in a collateral assignment split-dollar life insurance arrangement based on the nature and substance of the arrangement. The adoption of EITF 06-10 had no impact on the Consolidated Financial Statements.

On January 1, 2008, Alcoa adopted Statement 133 Implementation Issue No. E23, "Hedging—General: Issues Involving the Application of the Shortcut Method under Paragraph 68" (Issue E23). Issue E23 provides guidance on certain practice issues related to the application of the shortcut method by amending paragraph 68 of SFAS 133 with respect to the conditions that must be met in order to apply the shortcut method for assessing hedge effectiveness of interest rate swaps. In addition to applying the provisions of Issue E23 on hedging arrangements designated on or after January 1, 2008, an assessment was required to be made on January 1, 2008 to determine whether preexisting hedging arrangements met the provisions of Issue E23 as of their original inception. Management performed such an assessment and determined that the adoption of Issue E23 had no impact on preexisting hedging arrangements. Alcoa will apply the provisions of Issue E23 on future hedging arrangements so designated.

## [Table of Contents](#)

On January 1, 2007, Alcoa adopted FASB Interpretation (FIN) No. 48, “Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109,” (FIN 48). FIN 48 prescribes a comprehensive model for how a company should recognize, measure, present, and disclose in its financial statements, uncertain tax positions that it has taken or expects to take on a tax return. This Interpretation requires that a company recognize in its financial statements the impact of tax positions that meet a “more likely than not” threshold, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement.

Effective January 1, 2007, Alcoa adopted FSP No. FIN 48-1, “Definition of Settlement in FASB Interpretation No. 48,” (FSP FIN 48-1), which was issued on May 2, 2007. FSP FIN 48-1 amends FIN 48 to provide guidance on how an entity should determine whether a tax position is effectively settled for the purpose of recognizing previously unrecognized tax benefits. The term “effectively settled” replaces the term “ultimately settled” when used to describe recognition, and the terms “settlement” or “settled” replace the terms “ultimate settlement” or “ultimately settled” when used to describe measurement of a tax position under FIN 48. FSP FIN 48-1 clarifies that a tax position can be effectively settled upon the completion of an examination by a taxing authority without being legally extinguished. For tax positions considered effectively settled, an entity would recognize the full amount of tax benefit, even if the tax position is not considered more likely than not to be sustained based solely on the basis of its technical merits and the statute of limitations remains open.

The adoption of FIN 48 and FSP FIN 48-1 did not have an impact on the accompanying Consolidated Financial Statements. See Note T for the required disclosures in accordance with the provisions of FIN 48.

Alcoa adopted SFAS No. 158, “Employers’ Accounting for Defined Benefit Pension and Other Postretirement Plans—an amendment of FASB Statements No. 87, 88, 106 and 132(R),” (SFAS 158), effective December 31, 2006. The adoption of SFAS 158 resulted in the following impacts: a reduction of \$119 in existing prepaid pension costs and intangible assets, the recognition of \$1,234 in accrued pension and postretirement liabilities, and a charge of \$1,353 (\$877 after-tax) to accumulated other comprehensive loss.

Additionally, SFAS 158 requires an employer to measure the funded status of each of its plans as of the date of its year-end statement of financial position. This provision became effective for Alcoa for its December 31, 2008 year-end and resulted in a charge of \$9, which was recorded as an adjustment to December 31, 2008 retained earnings. See Note W for additional information.

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 108, “Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements,” (SAB 108). SAB 108 was issued to provide interpretive guidance on how the effects of the carryover or reversal of prior year misstatements should be considered in quantifying a current year misstatement. The provisions of SAB 108 were effective for Alcoa for its December 31, 2006 year-end. The adoption of SAB 108 did not have a material impact on Alcoa’s Consolidated Financial Statements.

On January 1, 2006, Alcoa adopted SFAS No. 123 (revised 2004), “Share-Based Payment,” (SFAS 123(R)), which requires the company to recognize compensation expense for stock-based compensation based on the grant date fair value. SFAS 123(R) revises SFAS No. 123, “Accounting for Stock-Based Compensation,” and supersedes Accounting Principles Board Opinion No. 25, “Accounting for Stock Issued to Employees,” and related interpretations. Alcoa elected the modified prospective application method for adoption, and prior period financial statements have not been restated. As a result of the implementation of SFAS 123(R), Alcoa recognized additional compensation expense of \$29 (\$19 after-tax) in 2006 comprised of \$11 (\$7 after-tax) and \$18 (\$12 after-tax) related to stock options and stock awards, respectively.

Effective January 1, 2006, Alcoa adopted EITF Issue No. 04-6, “Accounting for Stripping Costs Incurred During Production in the Mining Industry,” (EITF 04-6). EITF 04-6 requires that stripping costs incurred during the production phase of a mine are to be accounted for as variable production costs that should be included in the costs of

## [Table of Contents](#)

the inventory produced (that is, extracted) during the period that the stripping costs are incurred. Upon adoption, Alcoa recognized a cumulative effect adjustment in the opening balance of retained earnings of \$3, representing the reduction in the net book value of post-production stripping costs of \$8, offset by a related deferred tax liability of \$3 and minority interests of \$2.

**Recently Issued Accounting Standards.** In March 2008, the FASB issued SFAS No. 161, “Disclosures about Derivative Instruments and Hedging Activities—an amendment of FASB Statement No. 133,” (SFAS 161). SFAS 161 requires enhanced disclosures about an entity’s derivative and hedging activities, including (i) how and why an entity uses derivative instruments, (ii) how derivative instruments and related hedged items are accounted for under SFAS 133, and (iii) how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flows. This standard becomes effective for Alcoa on January 1, 2009. Earlier adoption of SFAS 161 and, separately, comparative disclosures for earlier periods at initial adoption are encouraged. As SFAS 161 only requires enhanced disclosures, management has determined that the adoption of SFAS 161 will not have an impact on the Consolidated Financial Statements.

In December 2007, the FASB issued SFAS No. 160, “Noncontrolling Interests in Consolidated Financial Statements—an amendment of ARB No. 51,” (SFAS 160). SFAS 160 amends Accounting Research Bulletin No. 51, “Consolidated Financial Statements,” to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This standard defines a noncontrolling interest, sometimes called a minority interest, as the portion of equity in a subsidiary not attributable, directly or indirectly, to a parent. SFAS 160 requires, among other items, that a noncontrolling interest be included in the consolidated statement of financial position within equity separate from the parent’s equity; consolidated net income to be reported at amounts inclusive of both the parent’s and noncontrolling interest’s shares and, separately, the amounts of consolidated net income attributable to the parent and noncontrolling interest all on the consolidated statement of income; and if a subsidiary is deconsolidated, any retained noncontrolling equity investment in the former subsidiary be measured at fair value and a gain or loss be recognized in net income based on such fair value. SFAS 160 becomes effective for Alcoa on January 1, 2009. Management has determined that the adoption of SFAS 160 will not have an impact on the Consolidated Financial Statements.

In December 2007, the FASB issued SFAS 141(R), which replaces SFAS 141 and retains the fundamental requirements in SFAS 141, including that the purchase method be used for all business combinations and for an acquirer to be identified for each business combination. This standard defines the acquirer as the entity that obtains control of one or more businesses in the business combination and establishes the acquisition date as the date that the acquirer achieves control instead of the date that the consideration is transferred. SFAS 141(R) requires an acquirer in a business combination, including business combinations achieved in stages (step acquisition), to recognize the assets acquired, liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date, with limited exceptions. It also requires the recognition of assets acquired and liabilities assumed arising from certain contractual contingencies as of the acquisition date, measured at their acquisition-date fair values. Additionally, SFAS 141(R) requires acquisition-related costs to be expensed in the period in which the costs are incurred and the services are received instead of including such costs as part of the acquisition price. SFAS 141(R) becomes effective for Alcoa for any business combination with an acquisition date on or after January 1, 2009. Management has determined that the adoption of SFAS 141(R) will result in a charge of \$18 (\$12 after-tax) in the Statement of Consolidated Operations for the write off of third-party costs related to potential business acquisitions.

In April 2008, the FASB issued FSP No. FAS 142-3, “Determination of the Useful Life of Intangible Assets,” (FSP FAS 142-3). FSP FAS 142-3 amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under FASB Statement No. 142, “Goodwill and Other Intangible Assets,” (SFAS 142) in order to improve the consistency between the useful life of a recognized intangible asset under SFAS 142 and the period of expected cash flows used to measure the fair value of the asset under SFAS 141(R) and other GAAP. FSP FAS 142-3 becomes effective for Alcoa on January 1, 2009. Management has determined that the adoption of FSP FAS 142-3 will not have an impact on the Consolidated Financial Statements.

## [Table of Contents](#)

In June 2008, the FASB issued FSP No. EITF 03-6-1, "Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities," (FSP EITF 03-6-1). FSP EITF 03-6-1 states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share pursuant to the two-class method. FSP EITF 03-6-1 becomes effective for Alcoa on January 1, 2009. Management has determined that the adoption of FSP EITF 03-6-1 will not have an impact on the Consolidated Financial Statements.

In December 2008, the FASB issued FSP No. FAS 132(R)-1, "Employers' Disclosures about Postretirement Benefit Plan Assets," (FSP FAS 132(R)-1). FSP FAS 132(R)-1 amends SFAS No. 132 (revised 2003), "Employers' Disclosures about Pensions and Other Postretirement Benefits," to provide guidance on an employer's disclosures about plan assets of a defined benefit pension or other postretirement plan. This guidance is intended to ensure that an employer meets the objectives of the disclosures about plan assets in an employer's defined benefit pension or other postretirement plan to provide users of financial statements with an understanding of the following: how investment allocation decisions are made; the major categories of plan assets; the inputs and valuation techniques used to measure the fair value of plan assets; the effect of fair value measurements using significant unobservable inputs on changes in plan assets; and significant concentrations of risk within plan assets. FSP FAS 132(R)-1 becomes effective for Alcoa on December 31, 2009. As FSP FAS 132(R)-1 only requires enhanced disclosures, management has determined that the adoption of FSP FAS 132(R)-1 will not have an impact on the Consolidated Financial Statements.

**Reclassification.** Certain amounts in previously issued financial statements were reclassified to conform to the 2008 presentation. See Note B for additional information.

### **B. Discontinued Operations and Assets Held for Sale**

For all periods presented in the accompanying Statement of Consolidated Operations, the Electrical and Electronic Solutions (EES) business was classified as discontinued operations. The home exteriors business and the Hawesville, KY automotive casting facility were also included in discontinued operations in 2006. There were no other active businesses classified as discontinued operations in the three-year period ended December 31, 2008.

Late in 2008, Alcoa reclassified its EES business to discontinued operations based on the decision to sell the business. The Consolidated Financial Statements for all prior periods presented were reclassified to reflect the EES business in discontinued operations. The EES business designs and manufactures electrical and electronic systems, wire harnesses and components for the ground transportation industry worldwide. In 2008, the EES business generated sales of \$1,218 and had approximately 19,000 employees as of December 31, 2008. During 2006, Alcoa reclassified its home exteriors business to discontinued operations upon the signing of a definitive sale agreement with Ply Gem Industries, Inc. The sale of the home exteriors business was completed in October 2006 (see Note F for additional information). Also during 2006, Alcoa reclassified the Hawesville automotive casting facility to discontinued operations upon closure of the facility. The results of the Engineered Products and Solutions segment were reclassified to reflect the movement of EES, the home exteriors business, and the Hawesville automotive casting facility into discontinued operations.

The following table details selected financial information for the businesses included within discontinued operations:

	2008	2007	2006
Sales	\$1,218	\$1,468	\$1,946
Loss from operations	\$ (199)	\$ (107)	\$ (109)
(Loss) gain on sale of businesses	-	(16)	176
Loss from impairment	(225)	(210)	(1)
Pretax (loss) income	(424)	(333)	66
Benefit (provision) for income taxes	121	83	(44)
(Loss) income from discontinued operations	\$ (303)	\$ (250)	\$ 22

## [Table of Contents](#)

In 2008, the loss from discontinued operations of \$303 all related to the EES business comprised of asset impairments of \$162 to reflect the estimated fair value of the business and a net operating loss of \$141, which includes restructuring charges of \$39 (\$53 pretax) for headcount reductions of approximately 6,200 and a charge of \$16 for obsolete inventory. In 2007, the loss from discontinued operations of \$250 consisted of a \$243 loss related to the EES business, including severance charges of \$36 (\$53 pretax) for headcount reductions of approximately 5,900 as part of a strategic business review to restructure EES and impairment charges of \$93 (\$133 pretax) for goodwill and \$60 (\$74 pretax) for various fixed assets as the forecasted future earnings and cash flows of the EES business no longer supported the carrying values of such assets; an \$11 loss related to working capital and other adjustments associated with the 2006 sale of the home exteriors business; and net operating income of \$4 of other discontinued businesses. In 2006, the income from discontinued operations of \$22 was comprised of a \$110 gain related to the sale of the home exteriors business; a \$65 operating loss related to the EES business, including severance charges of \$30 (\$37 pretax) for headcount reductions of approximately 4,800; net operating losses of \$20 of other discontinued businesses; and a loss of \$3 related to the 2005 sale of the imaging and graphics communications business.

For both periods presented in the accompanying Consolidated Balance Sheet, the assets and liabilities of operations classified as held for sale include EES, Global Foil, and the Transportation Products Europe businesses, the Hawesville automotive casting facility, the wireless component of the divested telecommunications business, and a small automotive casting business in the U.K. Additionally, the assets and related liabilities of the businesses within the Packaging and Consumer segment and a soft alloy extrusion facility in the U.S. that was not contributed to the Sapa AB joint venture were also classified as held for sale as of December 31, 2007.

Late in 2008, Alcoa reclassified its Global Foil and Transportation Products Europe businesses to held for sale based on the decision to sell these businesses (see Note D for additional information). These two businesses do not qualify as discontinued operations because Alcoa may have significant continuing involvement with these businesses subsequent to their divestiture. The assets of the Flat-Rolled Products and Engineered Products and Solutions segments were reclassified to reflect the movement of the Global Foil and Transportation Products Europe businesses, respectively, into assets held for sale. During 2007, Alcoa classified the assets and related liabilities of the businesses within the Packaging and Consumer segment as held for sale based upon management's decision to sell these businesses (see Notes D and F for additional information).

The major classes of assets and liabilities of operations held for sale are as follows:

<b>December 31,</b>	<b>2008</b>	<b>2007</b>
<b>Assets:</b>		
Receivables, less allowances	\$ 99	\$ 553
Inventories	102	618
Properties, plants, and equipment, net	30	1,082
Goodwill	-	1,101
Intangibles	1	377
Other assets	15	95
<b>Assets held for sale</b>	<b>\$ 247</b>	<b>\$ 3,826</b>
<b>Liabilities:</b>		
Accounts payable, trade	\$ 101	\$ 454
Accrued expenses	28	167
Other liabilities	1	36
<b>Liabilities of operations held for sale</b>	<b>\$ 130</b>	<b>\$ 657</b>

### **C. Asset Retirement Obligations**

Alcoa has recorded AROs related to legal obligations associated with the normal operations of bauxite mining, alumina refining, and aluminum smelting facilities. These AROs consist primarily of costs associated with spent pot lining disposal, closure of bauxite residue areas, mine reclamation, and landfill closure. Alcoa also recognizes AROs for any

## [Table of Contents](#)

significant lease restoration obligation, if required by a lease agreement, and for the disposal of regulated waste materials related to the demolition of certain power facilities.

The following table details the carrying value of recorded AROs by major category:

<b>December 31,</b>	<b>2008</b>	<b>2007</b>
Spent pot lining disposal	\$155	\$176
Closure of bauxite residue areas	89	73
Mine reclamation	45	49
Land fill closure	11	11
Other	2	2
	<b>\$302</b>	<b>\$311</b>

The following table details the changes in the total carrying value of recorded AROs:

<b>December 31,</b>	<b>2008</b>	<b>2007</b>
Balance at beginning of year	\$311	\$291
Accretion expense	15	13
Payments	(35)	(42)
Liabilities incurred	41	34
Translation and other	(30)	15
Balance at end of year	<b>\$302</b>	<b>\$311</b>

In addition to the above AROs, certain CAROs related to alumina refineries, aluminum smelters, and fabrication facilities have not been recorded in the Consolidated Financial Statements due to uncertainties surrounding the ultimate settlement date. Such uncertainties exist as a result of the perpetual nature of the structures, maintenance and upgrade programs, and other factors. At the date a reasonable estimate of the ultimate settlement date can be made, Alcoa would record a retirement obligation for the removal, treatment, transportation, storage, and (or) disposal of various regulated assets and hazardous materials such as asbestos, underground and aboveground storage tanks, PCBs, various process residuals, solid wastes, electronic equipment waste, and various other materials. If Alcoa was required to demolish all such structures immediately, the estimated CARO as of December 31, 2008 ranges from less than \$1 to \$52 per structure (157 structures) in today's dollars.

### **D. Restructuring and Other Charges**

Restructuring and other charges for each of the three years in the period ended December 31, 2008 were comprised of the following:

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Asset impairments	\$670	\$214	\$442
Layoff costs	183	35	71
Other exit costs	109	47	35
Reversals of previously recorded layoff and other exit costs*	(23)	(28)	(41)
Restructuring and other charges	<b>\$939</b>	<b>\$268</b>	<b>\$507</b>

\*Reversals of previously recorded layoff and other exit costs resulted from changes in facts and circumstances that led to changes in estimated costs.

Employee termination and severance costs were recorded based on approved detailed action plans submitted by the operating locations that specified positions to be eliminated, benefits to be paid under existing severance plans, union contracts or statutory requirements, and the expected timetable for completion of the plans.

## [Table of Contents](#)

**2008 Restructuring Program.** Late in 2008, Alcoa took specific actions to reduce costs and strengthen its portfolio, partly due to the current economic downturn. Such actions include targeted reductions, curtailments, and plant closures and consolidations, which will reduce headcount by approximately 5,400 by the end of 2009, resulting in severance charges of \$138 (\$98 after-tax and minority interests), asset impairments of \$156 (\$88 after-tax and minority interests), and other exit costs of \$58 (\$57 after-tax). The significant components of these actions were as follows:

– As a result of recent market conditions, the Primary Metals segment will reduce production by 483 thousand metric tons (kmt) and the Alumina segment will reduce production by a total of 1,500 kmt, all of which will be fully implemented by the end of the first quarter of 2009. These production curtailments as well as targeted reductions will result in the elimination of approximately 1,110 positions totaling \$23 in severance costs. Asset impairments of \$116 related to these two segments were also recognized, including the write off of \$84 in engineering costs related to a 1,500 kmt planned expansion of Jamalco's Clarendon, Jamaica refinery.

– The Flat-Rolled Products segment was restructured through the following actions:

- Restructuring and downsizing of the Mill Products businesses in Europe and North America, resulting in severance charges of \$53 for the reduction of approximately 850 positions;
- Optimization of the Global Hard Alloy Extrusion operations, resulting in severance charges of \$13 for a headcount reduction of approximately 240 and asset impairments of \$3;
- Alignment of production with demand at operations in Russia, through the elimination of approximately 1,400 positions resulting in severance charges of \$7;
- The shutdown of the Foil business in Bohai, resulting in severance charges of \$6 for the reduction of approximately 400 positions, asset impairments of \$24, and other exits costs of \$54, primarily related to lease termination costs.

– The Engineered Products and Solutions segment was restructured through the following actions:

- Exiting of the Auto Cast Wheel business, through the closure of the only remaining facility, which employs approximately 270, by June 2009 for severance costs of \$2;
- Consolidation of operations in the Building and Construction Systems business to maximize operating efficiencies and align capacity with the decline in the commercial building and construction markets, resulting in severance charges of \$6 for the elimination of approximately 500 positions;
- Alignment of production with demand across the Power and Propulsion business, resulting in the reduction of approximately 250 positions for a cost of \$6;
- Other severance charges of \$8 for the elimination of approximately 250 positions, asset impairments of \$13, and other exit costs of \$1.

– In order to reduce overhead serving various businesses, approximately 130 positions will be eliminated at Corporate, resulting in severance charges of \$14 and other exits costs of \$3.

In addition to the above actions, Alcoa intends to sell its Global Foil and Transportation Products Europe businesses in order to streamline its portfolio. As a result of this decision, the assets and related liabilities of the Global Foil and Transportation Products Europe businesses were classified as held for sale (see Note B for additional information). Asset impairments of \$129 (\$100 after-tax) and \$52 (\$49 after-tax) were recognized to reflect the estimated fair values of the Global Foil and Transportation Products Europe businesses, respectively. Also, Alcoa and Orkla agreed to exchange their stakes in the Sapa AB and Elkem Aluminium ANS joint ventures (see Note I for additional information). This portfolio action resulted in an impairment charge of \$333 (\$223 after-tax) to reflect the estimated fair value of Alcoa's investment in Sapa AB.

Earlier in 2008, Alcoa recorded \$48 (\$31 after-tax) in charges, which consists of \$44 (\$29 after-tax) for the layoff of approximately 870 employees and related curtailment of postretirement benefits and \$4 (\$2 after-tax) for other exit

## [Table of Contents](#)

costs, associated with the complete production curtailment of the Rockdale, TX smelter (267 kmt) due to ongoing power supply issues with Rockdale's onsite supplier and the uneconomical power that Alcoa was forced to purchase in the open market as a result of such issues. Also during 2008, Alcoa recorded a loss of \$43 (\$32 after-tax) on the sale of its Packaging and Consumer businesses (see Note F for additional information). The remaining net charges in 2008 were comprised of \$1 (\$1 after-tax and minority interests) for severance related to a reduction in headcount of approximately 30, \$4 for other exit costs (\$6 after-tax), and \$23 (\$15 after-tax and minority interests) for reversals of previously recorded costs, slightly more than half of which related to the reversal of a reserve related to a shutdown facility.

As of December 31, 2008, approximately 1,000 of the 6,300 employees were terminated. Cash payments of \$7 were made against the 2008 program reserves in 2008.

**2007 Restructuring Program.** In 2007, Alcoa recorded restructuring and other charges of \$268 (\$201 after-tax and minority interests), which were comprised of the following components: \$257 (\$174 after-tax) in asset impairments associated with a strategic review of certain businesses; a \$62 (\$23 after-tax) reduction to the original impairment charge recorded in 2006 related to the estimated fair value of the soft alloy extrusion business, which was contributed to a joint venture effective June 1, 2007 (see the 2006 Restructuring Program for additional information); and \$73 (\$50 after-tax and minority interests) in net charges comprised of severance charges of \$35 (\$26 after-tax and minority interests) related to the elimination of approximately 400 positions and asset impairments of \$19 (\$12 after-tax) of various other businesses and facilities, other exit costs of \$47 (\$31 after-tax and minority interests), primarily for accelerated depreciation associated with the shutdown of certain facilities in 2007 related to the 2006 Restructuring Program, and reversals of previously recorded layoff and other exit costs of \$28 (\$19 after-tax and minority interests) due to normal attrition and changes in facts and circumstances.

In April 2007, Alcoa announced it was exploring strategic alternatives for the potential disposition of the businesses within the Packaging and Consumer segment and the Automotive Castings business. In September 2007, management completed its review of strategic alternatives and determined that the best course of action was to sell the Packaging and Consumer and Automotive Castings businesses. As a result of this decision, the assets and related liabilities of the Packaging and Consumer and Automotive Castings businesses were classified as held for sale (see Note B for additional information). In the third quarter of 2007, Alcoa recorded impairment charges of \$215 (\$140 after-tax) related to the Packaging and Consumer businesses and \$68 (\$51 after-tax) for the Automotive Castings business to reflect the write-down of the carrying value of the assets of these businesses to their respective estimated fair values. In addition, Alcoa recorded a \$464 discrete income tax charge related to goodwill associated with the planned sale of the Packaging and Consumer businesses that would have been non-deductible for tax purposes under the transaction structure contemplated at the time. In November 2007, Alcoa completed the sale of the Automotive Castings business and recognized a loss of \$4 (\$2 after-tax) in Restructuring and other charges on the accompanying Statement of Consolidated Operations (see Note F for additional information). In December 2007, Alcoa agreed to sell the Packaging and Consumer businesses for \$2,700 in cash, and reduced the impairment charge by \$26 (\$17 after-tax) and the discrete income tax charge by \$322 as a result of the structure of the agreed upon sale (this sale was completed in 2008 – see Note F for additional information).

As of December 31, 2008, the terminations associated with the 2007 restructuring program were essentially complete. Cash payments of \$20 and \$13 were made against the 2007 program reserves in 2008 and 2007, respectively.

**2006 Restructuring Program.** In November 2006, Alcoa executed a plan to re-position several of its downstream operations in order to further improve returns and profitability, and to enhance productivity and efficiencies through a targeted restructuring of operations, and the creation of a soft alloy extrusion joint venture. The restructuring program encompassed identifying assets to be disposed of, plant closings and consolidations, that led to the elimination of approximately 1,800 positions across the company's global businesses. Restructuring charges of \$507 (\$347 after-tax and minority interests) were recorded in 2006 and were comprised of the following components: \$71 of charges for employee termination and severance costs spread globally across the company; \$442 related to asset impairments for structures, machinery, equipment, and goodwill, more than half of which relates to the soft alloy extrusion business;

## [Table of Contents](#)

and \$35 for other exit costs, consisting primarily of accelerated depreciation associated with assets for which the useful life has been changed due to plans to close certain facilities in the near term and environmental clean-up costs. Partially offsetting these charges was \$41 of income related to the reversal of previously recorded layoff and other exit costs resulting from new facts and circumstances that arose subsequent to the original estimates.

The significant components of the 2006 restructuring program were as follows:

- The hard and soft alloy extrusion businesses, included within the former Extruded and End Products segment, were restructured through the following actions:
  - Alcoa signed a letter of intent with Orkla ASA's Sapa Group (Sapa) to create a joint venture that would combine its soft alloy extrusion business with Sapa's Profiles extruded aluminum business. Effective June 1, 2007, the joint venture was completed. The new venture is majority-owned by Orkla ASA and operated by Sapa. In 2006, Alcoa recorded an impairment charge of \$301 to reduce the carrying value of the soft alloy extrusion business' assets to their estimated fair value. In conjunction with the contribution of the soft alloy extrusion business to the joint venture, Alcoa recorded a \$62 (\$23 after-tax) reduction to the original impairment charge recorded in 2006. See Note I for additional information.
  - Consolidation of selected operations within the global hard alloy extrusion production operations serving the aerospace, automotive and industrial products markets, resulting in charges of \$7 for severance costs associated with the elimination of approximately 325 positions, primarily in the U.S. and Europe.
- Operations within the Flat-Rolled Products segment were affected by the following actions:
  - Restructuring of the can sheet operations resulting in the elimination of approximately 320 positions, including the closure of the Swansea facility in the U.K. in the first quarter of 2007, resulting in charges of \$33, comprised of \$16 for severance costs and \$17 for other exit costs, including accelerated depreciation.
  - Conversion of the temporarily-idled San Antonio, TX rolling mill into a temporary research and development facility serving Alcoa's global flat-rolled products business, resulting in a \$53 asset impairment charge as these assets have no alternative future uses.
  - Charges for asset impairments of \$47 related to a global flat-rolled product asset portfolio review and rationalization.
- Reduction within the Primary Metals and Alumina segments' operations by approximately 330 positions to further strengthen the company's position on the global cost curve. This action resulted in charges of \$44, consisting of \$24 for asset impairments, \$14 for severance costs and \$6 for other exit costs.
- Consolidation of selected operations within the Packaging and Consumer segment, resulting in the elimination of approximately 440 positions and charges of \$19, consisting of \$10 related to severance costs and \$9 for other exit costs, consisting primarily of accelerated depreciation.
- Restructuring at various other locations accounted for the remaining charges of \$35, more than half of which are for severance costs related to approximately 400 layoffs and the remainder for asset impairments and other exit costs.

As of December 31, 2008, the terminations associated with the 2006 restructuring program were essentially complete. Cash payments of \$9 and \$37 were made against the 2006 program reserves in 2008 and 2007, respectively.

## Table of Contents

Alcoa does not include restructuring and other charges in the segment results. The pretax impact of allocating restructuring and other charges to the segment results would have been as follows:

	2008	2007	2006
Alumina	\$ 89	\$ -	\$ 4
Primary Metals	94	(2)	26
Flat-Rolled Products	289	56	139
Engineered Products and Solutions	88	67	-
Packaging and Consumer	45	189	15
Segment total	605	310	184
Corporate	334	(42)	323
Total restructuring and other charges	\$939	\$268	\$507

The remaining reserves are expected to be paid in cash during 2009, with the exception of approximately \$90 to \$95, which is expected to be paid over the next several years for ongoing site remediation work, special termination benefit payments, and lease termination costs. Activity and reserve balances for restructuring charges are as follows (the amounts in the table below include activity for the EES business because the related reserve balances are not included in liabilities of operations held for sale – see Note B for additional information):

	Employee termination and severance costs	Other exit costs	Total
Reserve balances at December 31, 2005	\$ 121	\$ 38	\$ 159
<b>2006:</b>			
Cash payments	(39)	(2)	(41)
Restructuring charges	100	16	116
Other*	(29)	(12)	(41)
Reserve balances at December 31, 2006	153	40	193
<b>2007:</b>			
Cash payments	(101)	(13)	(114)
Restructuring charges	88	22	110
Other*	(25)	(7)	(32)
Reserve balances at December 31, 2007	115	42	157
<b>2008:</b>			
Cash payments	(91)	(19)	(110)
Restructuring charges	236	65	301
Other*	(9)	(11)	(20)
Reserve balances at December 31, 2008	\$ 251	\$ 77	\$ 328

\*Other includes reversals of previously recorded restructuring charges.

## E. Goodwill and Other Intangible Assets

The following table details the changes in the carrying amount of goodwill:

December 31,	2008	2007
Balance at beginning of year	\$4,799	\$4,746
Acquisition of businesses	335	8
Divestiture of businesses	-	(9)
Translation	(160)	50
Other adjustments	7	4
Balance at end of year	\$4,981	\$4,799

## [Table of Contents](#)

Other intangible assets, which are included in Other assets on the accompanying Consolidated Balance Sheet, are as follows:

	Gross carrying amount	Accumulated amortization
<b>December 31, 2008</b>		
Computer software	\$ 872	\$ (398)
Patents and licenses	150	(68)
Other intangibles	73	(41)
Total amortizable intangible assets	1,095	(507)
Indefinite-lived trade names and trademarks	22	-
Total other intangible assets	\$ 1,117	\$ (507)

	Gross carrying amount	Accumulated amortization
<b>December 31, 2007</b>		
Computer software	\$ 811	\$ (343)
Patents and licenses	139	(73)
Other intangibles	77	(31)
Total amortizable intangible assets	1,027	(447)
Indefinite-lived trade names and trademarks	22	-
Total other intangible assets	\$ 1,049	\$ (447)

Computer software consists primarily of software costs associated with an enterprise business solution (EBS) within Alcoa to drive common systems among all businesses.

Amortization expense related to the intangible assets in the tables above for the years ended December 31, 2008, 2007, and 2006 was \$76, \$74, and \$67, respectively. Amortization expense is expected to be in the range of approximately \$80 to \$95 annually from 2009 to 2013.

### **F. Acquisitions and Divestitures**

**2008 Acquisitions.** In March 2008, Alcoa acquired the remaining outstanding minority interest of four percent in the Belaya Kalitva fabricating facility in Russia for \$15 in cash. Based on the allocation of the purchase price, Alcoa recorded \$6 in goodwill, all of which is non-deductible for income tax purposes.

Also in March 2008, Alcoa acquired the stock of Republic Fastener Manufacturing Corporation (“Republic”) and Van Petty Manufacturing (“Van Petty”) from The Wood Family Trust for \$276 in cash. The two aerospace fastener manufacturing businesses are located in Newbury Park, California, and employ a combined 240 people. Republic offers a wide variety of sheet metal and aerospace fasteners and Van Petty produces high performance precision aerospace fasteners, and, combined, the businesses had revenue of \$51 in 2007. These businesses are included in the Engineered Products and Solutions segment. Based on the current purchase price allocation, \$248 of goodwill was recorded for these transactions, all of which is deductible for income tax purposes. The final allocation of the purchase price will be based upon valuation and other studies, including environmental and other contingent liabilities, which will be completed early in 2009.

Lastly in March 2008, Alcoa received formal approval from regulators in China for the acquisition of the 27% outstanding minority interest in Alcoa Bohai Aluminum Industries Company Limited. In May 2008, Alcoa completed the purchase of such minority interest for \$79 in cash. Based on the allocation of the purchase price, Alcoa recorded \$24 in goodwill, all of which is non-deductible for income tax purposes. The final allocation of the purchase price will be based upon valuation and other studies, which will be completed early in 2009.

## [Table of Contents](#)

In connection with the August 2003 acquisition of 40.9% of Alcoa Alumínio S.A. (Alumínio), which was held by Camargo Corrêa Group (Camargo), the acquisition agreement provided for a contingent payment to Camargo based on the five-year performance of Alumínio limited by the appreciation in the market price of Alcoa's common stock. In July 2008, Alcoa paid Camargo \$47 under the contingent payment provisions in the acquisition agreement. This payment resulted in \$47 of goodwill, all of which is non-deductible for income tax purposes, representing an increase in the original purchase price. Alcoa is no longer subject to contingent payments related to the Alumínio acquisition.

**2008 Divestitures.** In February 2008, Alcoa completed the sale of its Packaging and Consumer businesses to Rank Group Limited (Rank). During 2008, Alcoa received \$2,693 in cash in exchange for a combination of assets and shares of stock in certain subsidiaries and recognized a loss of \$43 (\$32 after-tax) in Restructuring and other charges on the accompanying Statement of Consolidated Operations (see Note D for additional information). The loss was mainly the result of changes in the net book value of the businesses, additional transaction costs, and various post-closing adjustments. Also, a net discrete income tax charge of \$19 was recognized in 2008 primarily due to the allocation of the sale proceeds to higher tax rate jurisdictions as opposed to the allocation previously contemplated, changes in tax assumptions surrounding transaction costs, and the finalization of the divestiture of certain foreign locations. Furthermore, Alcoa paid Rank a net \$42 as a result of working capital and certain other post-closing adjustments as defined in the sales agreement. This transaction is no longer subject to working capital and other post-closing adjustments. Alcoa will sell metal to Rank under a supply agreement that was entered into in conjunction with the sale agreement in December 2007. This metal supply agreement constitutes significant continuing involvement in the sold businesses by Alcoa, and, therefore, the results of operations of the Packaging and Consumer businesses were not classified as discontinued operations (see Note B for additional information). The Packaging and Consumer segment generated sales of \$3,288 in 2007 and had approximately 9,300 employees in 22 countries. This segment no longer contains any operations. The following is a description of the four businesses that were included in this segment:

- Flexible Packaging, manufacturers of laminated, printed, and extruded non-rigid packaging materials such as pouch, blister packaging, unitizing films, high quality shrink labels, and foil lidding for the pharmaceutical, food and beverage, tobacco, and industrial markets;
- Closure Systems International, a leading global manufacturer of plastic and aluminum packaging closures and capping equipment for beverage, food, and personal care customers;
- Consumer Products, a leading manufacturer of branded and private label foil, wraps and bags, and includes the Reynolds® and Baco® branded products;
- Food Packaging, makers of stock and customer products for the foodservice, supermarket, food processor, and agricultural markets, including foil, film, and both plastic and foil food containers.

**2007 Acquisitions.** In connection with the 2005 acquisition of the Belaya Kalitva and Samara fabricating facilities located in Russia, Alcoa entered into a long-term aluminum supply contract with the seller of these facilities and made a prepayment of \$93. In January 2007, this \$93 was repaid to Alcoa as provided for in the contract, and is reflected in the cash from operations section on the accompanying Statement of Consolidated Cash Flows. The long-term aluminum supply contract is still in place and none of the provisions of the contract changed due to the receipt of the \$93.

In May 2007, Alcoa announced an offer to purchase all of the outstanding common shares of Alcan Inc. (Alcan), for a combination of cash and stock. In July 2007, Alcan's board of directors agreed to recommend acceptance of a takeover offer by Rio Tinto plc, and Alcoa effectively withdrew its offer for Alcan due to said agreement. In 2007, Alcoa recorded \$46 (\$30 after-tax) in transaction costs (investment banking, legal, audit-related, and other third-party expenses) related to the offer for Alcan in Selling, general administrative, and other expenses on the accompanying Statement of Consolidated Operations. In addition, in July 2007, Alcoa fully amortized \$30 (\$19 after-tax) in commitment fees that were paid and capitalized in June 2007 and expensed \$37 (\$24 after-tax) in commitment fees that were paid in July 2007. These commitment fees were paid to secure an 18-month \$30,000 senior unsecured credit facility associated with the offer for Alcan. The \$67 in commitment fees was recorded in Interest expense on the accompanying Statement of Consolidated Operations.

## [Table of Contents](#)

During 2007, Alcoa completed two acquisitions, including one for an outstanding minority interest in Russia, and made a final contingent payment related to its 2002 acquisition of Fairchild Fasteners (Fairchild), all for a total cash cost of \$18. None of these transactions had a material impact on Alcoa's Consolidated Financial Statements.

**2007 Divestitures.** In November 2007, Alcoa completed the sale of its Automotive Castings business to Compass Automotive Group, LLC (Compass), a portfolio company of Monomoy Capital Partners, L.P. for \$33 in cash, which is included in Proceeds from the sale of assets and businesses on the accompanying Statement of Consolidated Cash Flows. A loss of \$72 (\$53 after-tax) was recognized in Restructuring and other charges on the accompanying Statement of Consolidated Operations, of which \$68 (\$51 after-tax) was recorded in the third quarter of 2007 as an impairment charge to reflect the write-down of the carrying value of the assets of the business to its estimated fair value (see Note D for additional information). This business produced cast aluminum components, including steering knuckles, swing arms and control arms through a Vacuum Riserless Casting/Pressure Riserless Casting (VRC/PRC) process. The Automotive Castings business employed approximately 530 employees and consisted of two operating locations, one in Fruitport, MI (the Michigan Casting Center) and one in Farsund, Norway (the Scandinavian Casting Center). This business generated approximately \$150 in sales in 2006. Separately from the sale transaction, Alcoa entered into an agreement with Compass to supply metal to the Michigan Casting Center.

In September 2007, Alcoa completed the sale of a lignite mine in Texas to TXU Mining Company LP for \$140, which consisted of \$70 in cash and a \$70 note receivable due in 2009. No material gain or loss was recognized on the transaction. The cash proceeds are included in Proceeds from the sale of assets and businesses on the accompanying Statement of Consolidated Cash Flows and the note receivable was recorded in Other assets on the accompanying Consolidated Balance Sheet. In conjunction with this transaction, Alcoa entered into a supply agreement with TXU Mining Company LP to supply lignite for use at Alcoa's power plant in Rockdale, TX.

**2006 Acquisitions.** In September 2006, Alcoa completed the acquisition of its 70% interest in the aluminum brazing sheet venture in Kunshan City, China. Alcoa will be the managing partner in the venture, with the remaining 30% shares held by Shanxi Yuncheng Engraving Group. The total acquisition price was approximately \$61.

In June 2006, Alcoa completed the acquisition of the minority interests (including the purchase of certain raw material inventories) in its Intalco and Eastalco aluminum smelters in Ferndale, Washington, and Frederick, Maryland, respectively, in exchange for the assumption of certain liabilities related to the facilities and receipt of a net cash payment of \$25.

**2006 Divestitures.** In October 2006, Alcoa completed the sale of the home exteriors business to Ply Gem Industries, Inc. for \$305 in cash and recognized a gain of \$181 (\$110 after-tax). In 2007, Alcoa adjusted the gain by \$17 (\$11 after-tax), primarily related to working capital and other post-closing adjustments. The home exteriors business was reflected in discontinued operations in the Consolidated Financial Statements.

In 2008, Alcoa made a \$47 contingent payment related to a 2003 acquisition (see 2008 Acquisitions). During both 2007 and 2006, Alcoa made a contingent payment of \$13 related to the Fairchild acquisition. These payments were recorded as adjustments to goodwill and are included in Acquisitions, net of cash acquired on the accompanying Statement of Consolidated Cash Flows. Alcoa is no longer subject to contingent payments related to the Fairchild acquisition. In connection with the 2005 acquisition of two fabricating facilities in Russia, Alcoa could be required to make additional contingent payments of approximately \$85 through 2015 based upon the achievement of various financial and operating targets.

Pro forma results of the company, assuming all acquisitions were made at the beginning of each period presented, would not have been materially different from the results reported.

**G. Inventories**

December 31,	2008	2007
Finished goods	\$ 747	\$ 792
Work in process	960	1,005
Bauxite and alumina	724	652
Purchased raw materials	575	410
Operating supplies	232	225
	<b>\$3,238</b>	<b>\$3,084</b>

At December 31, 2008 and 2007, 39% and 43% of total inventories, respectively, were valued on a LIFO basis. If valued on an average-cost basis, total inventories would have been \$1,078 and \$1,069 higher at December 31, 2008 and 2007, respectively. During 2008 and 2007, LIFO inventory quantities were reduced, which resulted in a partial liquidation of the LIFO base. The impact of this liquidation increased net income by \$25 in 2008 and \$20 in 2007.

**H. Properties, Plants, and Equipment, at Cost**

December 31,	2008	2007
Land and land rights, including mines	\$ 447	\$ 460
Structures	7,825	7,226
Machinery and equipment	18,471	19,003
	26,743	26,689
Less: accumulated depreciation, depletion, and amortization	13,846	14,104
	12,897	12,585
Construction work in progress	4,558	3,956
	<b>\$ 17,455</b>	<b>\$ 16,541</b>

As of December 31, 2008 and 2007, the net carrying value of idled assets was \$453 and \$227, representing 807 kmt and 452 kmt of idle smelter capacity, respectively.

**I. Investments**

December 31,	2008	2007
Equity investments	\$ 1,885	\$ 1,952
Other investments	30	86
	<b>\$ 1,915</b>	<b>\$ 2,038</b>

**Equity Investments.** Equity investments are primarily comprised of a 45.45% investment in Sapa AB; a 50% investment in Elkem Aluminium ANS (Elkem); an 8.5% investment in Shining Prospect Pte. Ltd. (SPPL); and investments in several hydroelectric power construction projects in Brazil (see Note N for additional information).

On February 1, 2008, Alcoa joined with the Aluminum Corporation of China to acquire 12% of the U.K. common stock of Rio Tinto plc (RTP) for approximately \$14,000. The investment was made through a special purpose vehicle called SPPL, which is a private limited liability company, created solely for the purpose of acquiring the RTP shares. The RTP shares were purchased by SPPL in the open market through an investment broker. The following is a description of the transaction structure between Alcoa and SPPL and the related accounting impacts.

On February 6, 2008, Alcoa contributed \$1,200 of the \$14,000 through the purchase of a Convertible Senior Secured Note (the "Note") executed on January 30, 2008 by SPPL which is convertible into approximately 8.5% of the equity shares of SPPL. Under the Note, Alcoa has the right, at any time on or before the close of business on the maturity date of the Note (February 1, 2011), to convert the Note, in whole or in part, for a number of shares of SPPL that will result

## [Table of Contents](#)

in Alcoa having a debt-to-equity ratio in SPPL equal to the debt-to-equity ratio of all investors, in the aggregate, in SPPL. The unpaid principal amount of the Note will be proportionately reduced to reflect any conversion. The Note further provides that Alcoa is permitted at any time to increase the number of shares of SPPL which Alcoa would acquire on full conversion of the Note up to a maximum of 25% of the outstanding shares of SPPL by increasing the unpaid outstanding principal of the Note or acquiring shares of SPPL directly.

Additionally, under the Note, Alcoa has the right, at any time following the period ending six months from the issuance date of the Note or upon the liquidation or winding-up of SPPL, to require SPPL to either (i) distribute, in exchange for cancellation of the Note and any equity interests into which it may have been converted, to Alcoa a specified number of ordinary shares of RTP (the "Ordinary Shares") or (ii) to purchase Alcoa's debt and equity interest in SPPL at a price equal to the then-current market value of such specified number of Ordinary Shares.

The Note provides that SPPL will secure the principal, interest, and other obligations of SPPL to Alcoa under the Note with the number of Ordinary Shares it purchases with the proceeds it received from the issuance of the Note.

Alcoa's investment in SPPL through the Note is in-substance an investment in common stock of SPPL. Additionally, investments of three to five percent or greater in limited liability companies that are essentially equivalent to partnerships are considered to be more than minor, and, therefore, are accounted for under the equity method. As a result, Alcoa accounted for its \$1,200 investment in SPPL as an equity method investment. In 2008, Alcoa recorded \$14 in equity income, which represents Alcoa's share of the semiannual dividends that SPPL received as a shareholder of RTP. Also, Alcoa recorded an unrealized loss in other comprehensive income of \$427 (\$658 pretax) in 2008, representing its share of SPPL's total unrealized loss related to the decrease in fair value of the RTP shares, which are accounted for as available-for-sale securities by SPPL.

Lehman Brothers International Europe (LBIE) was the custodian of the RTP shares for SPPL. In November 2008, SPPL transferred the RTP shares to a new custodian. See Note Y for additional information related to Alcoa's investment in SPPL.

Effective June 1, 2007, Alcoa completed the formation of a joint venture with Sapa combining Alcoa's soft alloy extrusion business (excluding three facilities each in the U.S. and Brazil) with Sapa's Profiles extruded aluminum business. The new joint venture, Sapa AB, is majority-owned and operated by Sapa. As of December 31, 2007, Alcoa's ownership percentage in the joint venture was 46% (during 2008, Alcoa and Sapa reached an agreement on the final ownership percentages with Alcoa's estimated at 45.45%) and the carrying value of the investment was \$814. The equity income from Alcoa's ownership share was reflected in Corporate. Prior to June 1, 2007, the assets and liabilities of Alcoa's soft alloy extrusion business were classified as held for sale. In conjunction with the contribution of the soft alloy extrusion business to the joint venture, Alcoa recorded a \$62 (\$23 after-tax) reduction to the original impairment charge recorded in 2006. This adjustment was primarily the result of a higher estimated fair value of the soft alloy extrusion business than what was reflected in the original impairment charge, and was recorded as income in Restructuring and other charges on the accompanying Statement of Consolidated Operations (see Note D for additional information).

The three facilities in Brazil that were excluded from the joint venture are being retained by Alcoa. The net assets of the three U.S. facilities not contributed to the joint venture were classified as held for sale in all periods prior to October 2007. In October 2007, Alcoa completed the sale of two of the three U.S. facilities for approximately \$15 in cash while the third such U.S. facility ceased operations. An immaterial loss was recognized on the sale.

In December 2008, Alcoa entered into an agreement with Orkla ASA (Orkla) to exchange their stakes in the Sapa AB and Elkem joint ventures. Alcoa will receive Orkla's 50% stake in Elkem while Orkla will receive Alcoa's 45.45% stake in Sapa AB. Once the transaction is complete, Alcoa will own 100% of Elkem and Orkla will own 100% of Sapa AB. Elkem includes aluminum smelters in Lista and Mosjøen, Norway with a combined output of 282 kmt and the anode plant in Mosjøen in which Alcoa already holds an 82% stake. In 2008, as a result of this agreement, Alcoa recorded a charge of \$333 (\$223 after-tax) in Restructuring and other charges on the accompanying Statement of Consolidated Operations to adjust the carrying value of its investment in Sapa AB to the estimated fair value (see Note D for additional information). As of December 31, 2008, the carrying value of Alcoa's Sapa AB investment was \$475. This transaction is expected to be completed in the first quarter of 2009.

## [Table of Contents](#)

**Other Investments.** Other investments are primarily comprised of available-for-sale securities and are carried at fair value with unrealized gains and losses recorded in other comprehensive income.

In September 2007, Alcoa sold its investment in Chalco for \$1,942 in cash proceeds, net of transaction fees, which is reflected in Sales of investments on the accompanying Statement of Consolidated Cash Flows. Prior to its sale, the Chalco investment was classified and accounted for as an available-for-sale security. Alcoa's original cost basis of its 7% interest in Chalco was \$184 and this transaction resulted in a gain of \$1,754 (\$1,140 after-tax), net of transaction fees and other expenses, which was recorded in Other income, net on the accompanying Statement of Consolidated Operations and is reflected in Gains from investing activities – asset sales on the accompanying Statement of Consolidated Cash Flows. Alcoa reclassified \$1,159 (after-tax) in cumulative unrealized holding gains from other comprehensive income to net income (see Statement of Shareholders' Equity), as these gains were realized through the sale transaction.

## Table of Contents

The amount of long-term debt maturing in each of the next five years, including the effects of fair value adjustments, is \$56 in 2009, \$651 in 2010, \$752 in 2011, \$648 in 2012, and \$1,500 in 2013.

In March 2008, Alumínio entered into two separate loan agreements (the “Loans”) with BNDES (Brazil’s National Bank for Economic and Social Development). It is important to note that the interest rates presented below are based on amounts that will be borrowed in Brazil and are not equivalent to the interest rates Alcoa would pay if such amounts were borrowed in the U.S.

The first loan provides for a commitment of \$209 (R\$500), which is divided into five subloans, and will be used to pay for certain expenditures of the Juruti bauxite mine development. Interest on four of the subloans (R\$470) is equal to BNDES’ long-term interest rate, currently 6.25%, plus a weighted-average margin of 2.13%. Interest on the fifth subloan (R\$30) is equal to the average cost incurred by BNDES in raising capital outside of Brazil, currently 4.46%, plus a margin of 2.40%. Principal and interest are payable monthly beginning in September 2009 and ending in November 2014 for the four subloans totaling R\$470 and beginning in November 2009 and ending in January 2015 for the subloan totaling R\$30. Prior to these beginning payment dates, interest is payable quarterly on borrowed amounts.

The second loan provides for a commitment of \$271 (R\$650), which is divided into three subloans, and will be used to pay for certain expenditures of the São Luís refinery expansion. Interest on two of the subloans (R\$589) is equal to BNDES’ long-term interest rate plus a weighted-average margin of 1.99%. Interest on the third subloan (R\$61) is equal to the average cost incurred by BNDES in raising capital outside of Brazil plus a margin of 2.02%. Principal and interest are payable monthly beginning in December 2009 and ending in February 2015 for the two subloans totaling R\$589 and beginning in February 2010 and ending in April 2015 for the subloan totaling R\$61. Prior to these beginning payment dates, interest is payable quarterly on borrowed amounts.

The Loans may be repaid early without penalty with the approval of BNDES. Also, the Loans include a financial covenant that states that Alcoa must maintain a debt-to-equity ratio of 1.5 or lower. As of December 31, 2008, Alumínio borrowed \$196 (R\$469) and \$250 (R\$600) under the loans associated with the Juruti and São Luís growth projects, respectively.

In June 2008, Alumínio finalized certain documents related to another loan agreement with BNDES. This loan provides for a commitment of \$287 (R\$687), which is divided into three subloans, and will be used to pay for certain expenditures of the Estreito hydroelectric power project. Interest on the three subloans is equal to BNDES’ long-term interest rate plus a weighted-average margin of 1.48%. Principal and interest are payable monthly beginning in October 2011 and ending in September 2029 for the two subloans totaling R\$667 and beginning in January 2011 and ending in December 2016 for the subloan totaling R\$20. Prior to these beginning payment dates, interest is payable quarterly on borrowed amounts. This loan may be repaid early without penalty with the approval of BNDES. As of December 31, 2008, \$100 (R\$240) was borrowed under this loan.

Also in March 2008, Alcoa filed an automatic shelf registration statement with the Securities and Exchange Commission for an indeterminate amount of securities for future issuance. This shelf registration statement replaced Alcoa’s existing shelf registration statement. As of December 31, 2008, \$1,500 in senior debt securities were issued under the new shelf registration statement as follows.

In July 2008, Alcoa completed a public debt offering under its existing shelf registration statement (filed in March 2008) for \$1,500 in new notes. The \$1,500 is comprised of \$750 of 6.00% Notes due 2013 (the “2013 Notes”) and \$750 of 6.75% Notes due 2018 (the “2018 Notes”) and, collectively with the 2013 Notes, the “Notes”). Alcoa received \$1,489 in net proceeds from the public debt offering reflecting original issue discounts and the payment of financing costs. The net proceeds were used for general corporate purposes, including the reduction of outstanding commercial paper, purchases of outstanding common stock under the current stock repurchase program, working capital requirements, and capital expenditures. The original issue discounts and financing costs were deferred and will be amortized to interest expense using the effective interest method over the respective terms of the Notes. Interest on the Notes is paid semi-annually in January and July, commencing January 2009. Alcoa has the option to redeem the Notes,

## [Table of Contents](#)

as a whole or in part, at any time or from time to time, on at least 30 days, but not more than 60 days, prior notice to the holders of the Notes at a redemption price specified in the Notes. The Notes are subject to repurchase upon the occurrence of a change in control repurchase event (as defined in the Notes) at a repurchase price in cash equal to 101% of the aggregate principal amount of the Notes repurchased, plus any accrued and unpaid interest on the Notes repurchased. The Notes rank *pari passu* with Alcoa's other unsecured senior unsubordinated indebtedness.

Also, in July 2008, Alcoa entered into \$800 of forward starting swaps to hedge interest rates in anticipation of the Notes issuances. The swaps hedged equal amounts of the 2013 Notes and the 2018 Notes (\$400 each). These swaps were terminated in conjunction with the issuances of the Notes at a loss of \$11. This loss will be amortized over the life of the Notes as additional interest expense.

In January 2007, Alcoa completed a public debt offering under its existing shelf registration statement for \$2,000 in new senior notes. The \$2,000 is comprised of \$750 of 5.55% Notes due 2017, \$625 of 5.9% Notes due 2027, and \$625 of 5.95% Notes due 2037 (collectively, the "Senior Notes"). Alcoa received \$1,979 in net proceeds from the public debt offering reflecting original issue discounts and the payment of financing costs. A portion of the net proceeds from the Senior Notes was used by Alcoa to repay \$1,132 of its commercial paper outstanding as of December 31, 2006 in January 2007. Additionally, Alcoa used a portion of the net proceeds to pay \$338 related to a tender offer of its 4.25% Notes due 2007 (see below). The remaining net proceeds were used to repay new commercial paper that was borrowed in January 2007 prior to the issuance of the Senior Notes and for general corporate purposes. Alcoa paid \$15 in financing costs associated with the issuance of the Senior Notes. These costs were deferred and will be amortized, along with the original issue discounts, to interest expense using the effective interest method over the respective terms of the Senior Notes. Interest on the Senior Notes is paid semi-annually in February and August, which commenced in August 2007. Alcoa has the option to redeem the Senior Notes, as a whole or in part, at any time or from time to time, on at least 30 days but not more than 60 days prior notice to the holders of the Senior Notes at a redemption price specified in the Senior Notes. The Senior Notes are subject to repurchase upon the occurrence of a change in control repurchase event (as defined in the Senior Notes) at a repurchase price in cash equal to 101% of the aggregate principal amount of the Senior Notes repurchased, plus any accrued and unpaid interest on the Senior Notes repurchased. The Senior Notes rank *pari passu* with Alcoa's other senior unsecured unsubordinated indebtedness.

Also in January 2007, Alcoa commenced a tender offer (the "Offer") to purchase for cash any and all of its 4.25% Notes due 2007 (the "2007 Notes"). Upon expiration of the Offer, \$333 of the aggregate outstanding principal amount of the 2007 Notes was validly tendered and accepted. At December 31, 2006, the 2007 Notes had an outstanding balance of \$792 and an original maturity of August 15, 2007. The \$333 was reflected as long-term on the December 31, 2006 Consolidated Balance Sheet due to the fact that this amount was refinanced with new long-term debt instruments. Alcoa paid a total of \$338, which consisted of the purchase price of \$331 for the tendered 2007 Notes plus \$7 in accrued and unpaid interest, to the holders of the tendered 2007 Notes in February 2007. An immaterial gain was recognized for the early retirement of the \$333 principal amount. In August 2007, Alcoa repaid the \$459 of outstanding principal of the 2007 Notes that was not tendered under the Offer.

Lastly, in January 2007, Alcoa commenced offers to exchange up to \$500 of each of its outstanding 7.375% Notes due 2010 (2010 notes), 6.5% Notes due 2011 (2011 notes), and 6% Notes due 2012 (2012 notes), (collectively, the "old notes"), for up to \$1,500 of new Notes due 2019 and 2022. At December 31, 2006, each of the old notes had an outstanding balance of \$1,000. Upon expiration of the exchange offers in February 2007, principal amounts of \$489 of 2010 notes, \$416 of 2011 notes, and \$483 of 2012 notes were validly tendered and accepted. In exchange for the tendered amounts, Alcoa issued \$750 of 5.72% Notes due 2019 and \$627 of 5.87% Notes due 2022 (collectively, the "new notes"), and paid \$98 in cash. The \$98 consisted of \$75 for the exchange price, which included an early participation incentive for those holders that tendered old notes by February 5, 2007, \$11 in principal to retire tendered old notes not exchanged, and the remainder was for accrued and unpaid interest on the tendered old notes. The \$75, along with \$6 in financing costs associated with the exchange offers plus the remaining unamortized debt issuance costs, original issue discounts, and terminated interest rate swaps associated with the old notes, were deferred and will be amortized to interest expense using the effective interest method over the respective terms of the new notes. Alcoa recognized an immaterial loss for the early retirement of the \$11 in old notes. Interest on the new notes is paid semi-

## [Table of Contents](#)

annually in February and August, which commenced in August 2007. Alcoa has the option to redeem the new notes, as a whole or in part, at any time or from time to time, on at least 30 days but not more than 60 days prior notice to the holders of the new notes at a redemption price specified in the new notes. The new notes are subject to repurchase upon the occurrence of a change in control repurchase event (as defined in the new notes) at a repurchase price in cash equal to 101% of the aggregate principal amount of the new notes repurchased, plus any accrued and unpaid interest on the new notes repurchased. The new notes rank *pari passu* with Alcoa's other senior unsecured unsubordinated indebtedness.

In February 2007, Alcoa entered into a registration rights agreement (the "Agreement") related to the new notes. Under the Agreement, Alcoa agreed to file a registration statement in order to exchange the new notes for registered securities having terms identical in all material respects to the new notes, except that the registered securities would not contain transfer restrictions. Alcoa filed the registration statement with the Securities and Exchange Commission (SEC) in March 2007 and it was declared effective in April 2007. The registered exchange offer was made in April 2007 and expired in May 2007. Upon expiration of the registered exchange offer, virtually all of the new notes were exchanged for registered securities. This exchange had no impact on the accompanying Consolidated Financial Statements. Under the Agreement, Alcoa also agreed that under certain circumstances it would file a shelf registration statement with the SEC covering resales by holders of the new notes in lieu of the registered exchange offer. In the event of a registration default, as defined in the Agreement, additional interest would accrue on the aggregate principal amount of the new notes affected by such default at a rate per annum equal to 0.25% during the first 90 days immediately following the occurrence of any registration default, and would increase to a maximum of 0.50% thereafter. As of December 31, 2008, Alcoa is not in default under the Agreement and management has determined that the likelihood of such a default is remote. The Agreement had no impact on the accompanying Consolidated Financial Statements.

Alumínio's export notes are collateralized by receivables due under an export contract. Certain financial ratios must be maintained, including the maintenance of a minimum debt service ratio, as well as a certain level of tangible net worth of Alumínio and its subsidiaries. The tangible net worth calculation excludes the effects of foreign currency changes.

The derivative fair value adjustments result from changes in the carrying amounts of certain fixed-rate borrowings that have been designated as fair value hedges. Of the \$168 in 2008, \$159 related to outstanding hedges and \$9 related to hedges that were settled early. Of the \$20 in 2007, \$5 related to outstanding hedges and \$15 related to hedges that were settled early. The outstanding hedges effectively convert the interest rate from fixed to floating on \$1,890 of debt through 2018. The adjustments for hedges that were settled early are being recognized as reductions of interest expense over the remaining maturity of the related debt (through 2028). See Note X for additional information on interest rate swaps.

**Commercial Paper.** Commercial paper was \$1,535 at December 31, 2008 and \$856 at December 31, 2007. Commercial paper matures at various times within one year and had an annual weighted average interest rate of 4.0% and 5.4% during 2008 and 2007, respectively.

In October 2007, Alcoa entered into a Five-Year Revolving Credit Agreement, dated as of October 2, 2007 (the "Credit Agreement"), with a syndicate of lenders and issuers named therein. The Credit Agreement provides a \$3,250 senior unsecured revolving credit facility (the "Credit Facility"), the proceeds of which are to be used to provide working capital or for other general corporate purposes of Alcoa, including support of Alcoa's commercial paper program. Subject to the terms and conditions of the Credit Agreement, Alcoa may from time to time request increases in lender commitments under the Credit Facility, not to exceed \$500 in aggregate principal amount, and may also request the issuance of letters of credit, subject to a letter of credit sub-limit of \$500 under the Credit Facility.

The Credit Facility matures on October 2, 2012, unless extended or earlier terminated in accordance with the provisions of the Credit Agreement. Alcoa may make two one-year extension requests during the term of the Credit Facility, with any extension being subject to the lender consent requirements set forth in the Credit Agreement.

The Credit Facility is unsecured and amounts payable under it will rank *pari passu* with all other unsecured, unsubordinated indebtedness of Alcoa. Borrowings under the Credit Facility may be denominated in U.S. dollars or

## [Table of Contents](#)

Euros. Loans will bear interest at (i) a base rate or (ii) a rate equal to LIBOR plus an applicable margin based on the credit ratings of Alcoa's outstanding senior unsecured long-term debt. The applicable margin on LIBOR loans will be 0.33% per annum based on Alcoa's long-term debt ratings, as of December 31, 2008. Loans may be prepaid without premium or penalty, subject to customary breakage costs.

The Credit Facility replaces \$3,000 in aggregate principal amount of revolving credit facilities maintained by Alcoa under the following credit agreements, which were terminated effective October 2, 2007: (i) \$1,000 Five-Year Revolving Credit Agreement dated as of April 22, 2005, (ii) \$1,000 Five-Year Revolving Credit Agreement dated as of April 23, 2004, as amended, and (iii) \$1,000 Five-Year Revolving Credit Agreement dated as of April 25, 2003, as amended (collectively, the "Former Credit Agreements").

The Credit Agreement includes covenants substantially similar to those in the Former Credit Agreements, including, among others, (a) a leverage ratio, (b) limitations on Alcoa's ability to incur liens securing indebtedness for borrowed money, (c) limitations on Alcoa's ability to consummate a merger, consolidation or sale of all or substantially all of its assets and (d) limitations on Alcoa's ability to change the nature of its business.

The obligation of Alcoa to pay amounts outstanding under the Credit Facility may be accelerated upon the occurrence of an "Event of Default" as defined in the Credit Agreement. Such Events of Default include, among others, (a) Alcoa's failure to pay the principal of, or interest on, borrowings under the Credit Facility, (b) any representation or warranty of Alcoa in the Credit Agreement proving to be materially false or misleading, (c) Alcoa's breach of any of its covenants contained in the Credit Agreement, and (d) the bankruptcy or insolvency of Alcoa.

In July 2008, Alcoa increased the capacity of the Credit Facility by \$175 as provided for under the Credit Agreement. In October 2008, Lehman Commercial Paper Inc. (LCPI), a lender under the Credit Agreement with \$150 in commitments, filed for bankruptcy protection under section 11 of the United States Bankruptcy Code. It is not certain if LCPI will honor its obligations under the Credit Agreement. The total capacity of the Credit Facility, excluding LCPI's commitment, is \$3,275.

There were no amounts outstanding under the Credit Facility at December 31, 2008 and 2007.

**Short-Term Borrowings.** Short-term borrowings were \$478 and \$563 at December 31, 2008 and 2007, respectively. These amounts included \$236 and \$314 at December 31, 2008 and 2007, respectively, related to accounts payable settlement arrangements with certain vendors and third-party intermediaries. These arrangements provide that, at the vendor's request, the third-party intermediary advances the amount of the scheduled payment to the vendor, less an appropriate discount, before the scheduled payment date and Alcoa makes payment to the third-party intermediary on the date stipulated in accordance with the commercial terms negotiated with its vendors. Alcoa records imputed interest related to these arrangements as interest expense in the Statement of Consolidated Operations.

In January 2008, Alcoa entered into a Revolving Credit Agreement (RCA-1) with two financial institutions. RCA-1 provided a \$1,000 senior unsecured revolving credit facility (RCF-1), with a stated maturity of March 28, 2008. RCA-1 contained a provision that if there were amounts borrowed under RCF-1 at the time Alcoa received the proceeds from the sale of the Packaging and Consumer businesses, the company must use the net cash proceeds to prepay the amount outstanding under RCF-1. Additionally, upon Alcoa's receipt of such proceeds, the lenders' commitments under RCF-1 would be reduced by a corresponding amount, up to the total commitments then in effect under RCF-1, regardless of whether there was an amount outstanding under RCF-1. In February 2008, Alcoa borrowed \$1,000 under RCF-1 and used the proceeds to reduce outstanding commercial paper and for general corporate purposes. Subsequent to the \$1,000 borrowing, Alcoa completed the sale of its Packaging and Consumer businesses in February 2008 (see Note F for additional information). As a result, Alcoa also repaid the \$1,000 under RCF-1 in February 2008, and the lenders' commitments under RCF-1 were reduced to zero effectively terminating RCA-1.

Also in January 2008, Alcoa entered into a Revolving Credit Agreement (RCA-2) with LCPI, as administrative agent, and Lehman Brothers Commercial Bank (LBCB), as lender. RCA-2 provided a \$1,000 senior unsecured revolving

## [Table of Contents](#)

credit facility (RCF-2), which would have matured on January 31, 2009. In October 2008, LCPI filed for bankruptcy protection under section 11 of the United States Bankruptcy Code. To Alcoa's knowledge, LBCB has not filed for bankruptcy protection. As a result, in October 2008, Alcoa gave notice in accordance with the provisions of RCA-2 to permanently terminate in whole LBCB's total commitments under RCF-2 effective October 30, 2008.

On October 14, 2008, Alcoa entered into a Revolving Credit Agreement (RCA-3) with a syndicate of lenders. RCA-3 provides a \$1,150 senior unsecured revolving credit facility (RCF-3), which matures on October 12, 2009. Loans will bear interest at (i) a base rate or (ii) a rate equal to LIBOR, plus an applicable margin based on the credit ratings of Alcoa's outstanding senior unsecured long-term debt. The applicable margin on base rate and LIBOR loans will be 1.375% and 1.875%, respectively, per annum based on Alcoa's long-term debt ratings, as of December 31, 2008. Alcoa will also pay a facility fee, currently 0.375%, on the aggregate commitments, whether used or unused, based on its long-term debt ratings. Additionally, if there is an amount outstanding under RCF-3 on the last calendar day of any of the next three quarterly periods, Alcoa will pay a duration fee to the lenders. The duration fee is equal to 0.5% of such outstanding amount on the respective day starting on December 31, 2008 and increases by 0.5% each quarter thereafter.

Loans may be prepaid without premium or penalty, subject to customary breakage costs. RCA-3 also provides for a mandatory prepayment, not to exceed the amount outstanding under RCF-3 at such time, equal to 100% of the net proceeds Alcoa receives from certain future debt or equity issuances in capital markets transactions or 50% of the net proceeds Alcoa receives from asset sales (other than those in the ordinary course of business), if the proceeds from all asset sales exceed \$50. Any prepayments made related to the net proceeds from assets sales or that would have been made if amounts were outstanding under RCF-3 also reduce the lenders' commitments by a corresponding amount. Amounts payable under RCF-3 will rank *pari passu* with all other unsecured, unsubordinated indebtedness of Alcoa.

RCA-3 includes the following covenants, among others, (a) a leverage ratio, (b) limitations on Alcoa's ability to incur liens securing indebtedness for borrowed money, (c) limitations on Alcoa's ability to consummate a merger, consolidation, or sale of all or substantially all of its assets, and (d) limitations on Alcoa's ability to change the nature of its business.

The obligation of Alcoa to pay amounts outstanding under RCF-3 may be accelerated upon the occurrence of an "Event of Default" as defined in RCA-3. Such Events of Default include, among others, (a) Alcoa's failure to pay the principal of, or interest on, borrowings under RCF-3, (b) any representation or warranty of Alcoa in RCA-3 proving to be materially false or misleading, (c) Alcoa's breach of any of its covenants contained in RCA-3, and (d) the bankruptcy or insolvency of Alcoa.

In October and November 2008, Alcoa increased the capacity of RCF-3 by \$500 and \$250, respectively, as provided for under RCA-3. Alcoa paid a total of \$43 in financing costs, which were deferred and will be amortized to interest expense over the term of the facility, for the initial capacity under RCF-3 as well as for the \$750 in increased capacity.

There were no amounts outstanding under RCF-3 at December 31, 2008 (see Note Y for additional information).

### **L. Other Noncurrent Liabilities and Deferred Credits**

<b>December 31,</b>	<b>2008</b>	<b>2007</b>
Deferred alumina and aluminum sales revenue	\$ 140	\$ 187
Environmental remediation (N)	277	228
Asset retirement obligations	273	282
Fair value of derivative contracts	360	599
Accrued compensation and retirement costs	267	367
Other noncurrent liabilities	263	203
	<b>\$1,580</b>	<b>\$1,866</b>

### M. Minority Interests

The following table summarizes the minority shareholders' interests in the equity of Alcoa's majority-owned consolidated subsidiaries:

December 31,	2008	2007
Alcoa of Australia	\$ 957	\$1,189
Alcoa World Alumina LLC	1,450	965
Norsk Anodes ANS	162	206
Other	28	100
	<u>\$2,597</u>	<u>\$2,460</u>

In 2008, Alcoa received \$643 in contributions from the minority shareholder of Alcoa World Alumina LLC. During 2007, Alcoa received \$474 in contributions from minority shareholders related to Alcoa World Alumina LLC and other interests in Norway, Russia, and China.

### N. Commitments and Contingencies

**Litigation.** On February 27, 2008, Alcoa Inc. received notice that Aluminium Bahrain B.S.C. ("Alba") had filed suit against Alcoa Inc. and Alcoa World Alumina LLC (collectively, "Alcoa"), and others, in the U.S. District Court for the Western District of Pennsylvania (the "Court"), Civil Action number 08-299, styled Aluminium Bahrain B.S.C. v. Alcoa Inc., Alcoa World Alumina LLC, William Rice, and Victor Phillip Dahdaleh. The complaint alleges that certain Alcoa entities and their agents, including Victor Phillip Dahdaleh, have engaged in a conspiracy over a period of 15 years to defraud Alba. The complaint further alleges that Alcoa and its employees or agents (1) illegally bribed officials of the government of Bahrain and (or) officers of Alba in order to force Alba to purchase alumina at excessively high prices, (2) illegally bribed officials of the government of Bahrain and (or) officers of Alba and issued threats in order to pressure Alba to enter into an agreement by which Alcoa would purchase an equity interest in Alba, and (3) assigned portions of existing supply contracts between Alcoa and Alba for the sole purpose of facilitating alleged bribes and unlawful commissions. The complaint alleges that Alcoa and the other defendants violated the Racketeer Influenced and Corrupt Organizations Act ("RICO") and committed fraud. Alba's complaint seeks compensatory, consequential, exemplary, and punitive damages, rescission of the 2005 alumina supply contract, and attorneys' fees and costs. Alba seeks treble damages with respect to its RICO claims.

On February 26, 2008, Alcoa Inc. had advised the U.S. Department of Justice (the "DOJ") and the Securities and Exchange Commission (the "SEC") that it had recently become aware of these claims, had already begun an internal investigation, and intended to cooperate fully in any investigation that the DOJ or the SEC may commence. On March 17, 2008, the DOJ notified Alcoa that it had opened a formal investigation and Alcoa has been cooperating with the government.

In response to a motion filed by the DOJ on March 27, 2008, the Court ordered the suit filed by Alba to be administratively closed and that all discovery be stayed to allow the DOJ to fully conduct an investigation without the interference and distraction of ongoing civil litigation. The Court further ordered that the case will be reopened at the close of the DOJ's investigation. The Company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

In November 2006, in *Curtis v. Alcoa Inc.*, Civil Action No. 3:06cv448 (E.D. Tenn.), a class action was filed by plaintiffs representing approximately 13,000 retired former employees of Alcoa or Reynolds Metals Company and spouses and dependents of such retirees alleging violation of the Employee Retirement Income Security Act (ERISA) and the Labor-Management Relations Act by requiring plaintiffs, beginning January 1, 2007, to pay health insurance premiums and increased co-payments and co-insurance for certain medical procedures and prescription drugs. Plaintiffs allege these changes to their retiree health care plans violate their rights to vested health care benefits.

## [Table of Contents](#)

Plaintiffs additionally allege that Alcoa has breached its fiduciary duty to plaintiffs under ERISA by misrepresenting to them that their health benefits would never change. Plaintiffs seek injunctive and declaratory relief, back payment of benefits, and attorneys' fees. Alcoa has consented to treatment of plaintiffs' claims as a class action. During the fourth quarter of 2007, following briefing and argument, the court ordered consolidation of the plaintiffs' motion for preliminary injunction with trial, certified a plaintiff class, bifurcated and stayed the plaintiffs' breach of fiduciary duty claims, struck the plaintiffs' jury demand, but indicated it would use an advisory jury, and set a trial date of September 17, 2008. In August 2008, the court set a new trial date of March 24, 2009 and, subsequently, the trial date was moved to September 22, 2009. Alcoa estimates that, in the event of an unfavorable outcome, the maximum exposure would be an additional postretirement benefit liability of approximately \$300 and approximately \$40 of expense (includes an interest cost component) annually, on average, for the next 11 years. Alcoa believes that it has valid defenses and intends to defend this matter vigorously. However, at this stage of the proceeding, the Company is unable to reasonably predict the outcome.

In addition to the litigation discussed above, various other lawsuits, claims, and proceedings have been or may be instituted or asserted against Alcoa, including those pertaining to environmental, product liability, and safety and health matters. While the amounts claimed may be substantial, the ultimate liability cannot now be determined because of the considerable uncertainties that exist. Therefore, it is possible that the Company's financial position, liquidity, or results of operations in a particular period could be materially affected by certain contingencies. However, based on facts currently available, management believes that the disposition of matters that are pending or asserted will not have a material adverse effect, individually or in the aggregate, on the financial position, liquidity, or the results of operations of the Company.

**Environmental Matters.** Alcoa continues to participate in environmental assessments and cleanups at a number of locations. These include 31 owned or operating facilities and adjoining properties, 33 previously owned or operating facilities and adjoining properties, and 71 waste sites, including Superfund sites. A liability is recorded for environmental remediation when a cleanup program becomes probable and the costs or damages can be reasonably estimated (see Note A for additional information).

As assessments and cleanups proceed, the liability is adjusted based on progress made in determining the extent of remedial actions and related costs and damages. The liability can change substantially due to factors such as the nature and extent of contamination, changes in remedial requirements, and technological changes.

The following discussion provides details regarding the current status of certain significant reserves related to current or former Alcoa sites.

**Massena, NY**—Alcoa has been conducting investigations and studies of the Grasse River, adjacent to Alcoa's Massena plant site, under a 1989 order from the U.S. Environmental Protection Agency (EPA) issued under the Comprehensive Environmental Response, Compensation and Liability Act, also known as Superfund. Sediments and fish in the river contain varying levels of polychlorinated biphenyls (PCBs).

Alcoa submitted various Analysis of Alternatives Reports to the EPA starting in 1998 through 2002 that reported the results of river and sediment studies, potential alternatives for remedial actions related to the PCB contamination, and additional information requested by the EPA.

In June 2003, the EPA requested that Alcoa gather additional field data to assess the potential for sediment erosion from winter river ice formation and breakup. The results of these additional studies, submitted in a report to the EPA in April 2004, suggest that this phenomenon has the potential to occur approximately every 10 years and may impact sediments in certain portions of the river under all remedial scenarios. The EPA informed Alcoa that a final remedial decision for the river could not be made without substantially more information, including river pilot studies on the effects of ice formation and breakup on each of the remedial techniques. Alcoa submitted to the EPA, and the EPA approved, a Remedial Options Pilot Study (ROPS) to gather this information. The scope of this study included sediment removal and capping, the installation of an ice control structure, and significant monitoring.

## [Table of Contents](#)

From 2004 through 2008, Alcoa completed the work outlined in the ROPS. In November 2008, Alcoa submitted an updated Analysis of Alternatives Report to the EPA incorporating the new information obtained from the ROPS related to the feasibility and costs associated with various capping and dredging alternatives, including options for ice control. As a result, Alcoa increased the reserve associated with the Grasse River by \$40 for the estimated costs of a proposed ice control remedy and for partial settlement of potential damages of natural resources.

This new information will be used by the EPA to select a remedy for the entire river. The EPA's ultimate selection of a remedy could result in additional liability. Alcoa may be required to record a subsequent reserve adjustment at the time the EPA's Record of Decision is issued, which is expected in 2009 or later.

**Sherwin, TX**—In connection with the sale of the Sherwin alumina refinery, which was required to be divested as part of the Reynolds merger in 2000, Alcoa agreed to retain responsibility for the remediation of the then existing environmental conditions, as well as a pro rata share of the final closure of the active waste disposal areas, which remain in use. Alcoa's share of the closure costs is proportional to the total period of operation of the active waste disposal areas. Alcoa estimated its liability for the active disposal areas by making certain assumptions about the period of operation, the amount of material placed in the area prior to closure, and the appropriate technology, engineering, and regulatory status applicable to final closure.

**East St. Louis, IL**—In response to questions regarding environmental conditions at the former East St. Louis operations, Alcoa and the City of East St. Louis, the owner of the site, entered into an administrative order with the EPA in December 2002 to perform a remedial investigation and feasibility study of an area used for the disposal of bauxite residue from historic alumina refining operations. A draft feasibility study was submitted to the EPA in April 2005. The feasibility study included remedial alternatives that ranged from no further action to significant grading, stabilization, and water management of the bauxite residue disposal areas. As a result, Alcoa increased the environmental reserve for this location by \$15 in 2005. The EPA's ultimate selection of a remedy could result in additional liability. Alcoa may be required to record a subsequent reserve adjustment at the time the EPA's Record of Decision is issued, which is expected late in 2009 or later.

**Vancouver, WA**—In 1987, Alcoa sold its Vancouver smelter to a company that is now known as Evergreen Aluminum (Evergreen). The purchase and sale agreement contained a provision that Alcoa retain liability for any environmental issues that arise subsequent to the sale that pre-date 1987. As a result of this obligation, Alcoa recorded a reserve for the Vancouver location at that time. Evergreen decommissioned the smelter and cleaned up its portion of the site under a consent order with the Washington Department of Ecology (WDE). In February 2008, Evergreen notified Alcoa that it had identified numerous areas containing contamination that predated 1987.

Separately, in September 2008, Alcoa completed a Remedial Investigation/Feasibility Study (RI/FS) under the Washington State Model Toxics Control Act and negotiated a consent decree with WDE, which requires Alcoa to complete cleanup of PCB contaminated sediments in the Columbia River as well as remediate soil contamination in upland portions of the Vancouver property.

Late in 2008, Alcoa started cleanup work on the Columbia River and discovered additional contamination and waste materials along the shoreline area and in upland areas. In addition, Evergreen presented additional cost estimates for contaminated areas that were discovered since March 2008.

As a result of all of the above items related to the former Vancouver site, Alcoa increased the environmental reserve by \$16 in 2008. As cleanup work progresses and final remedies are negotiated with WDE, a subsequent reserve adjustment may be necessary.

Based on the foregoing, it is possible that Alcoa's financial position, liquidity, or results of operations, in a particular period, could be materially affected by matters relating to these sites. However, based on facts currently available, management believes that adequate reserves have been provided and that the disposition of these matters will not have a materially adverse effect on the financial position, liquidity, or the results of operations of the Company.

## [Table of Contents](#)

Alcoa's remediation reserve balance was \$316 and \$279 at December 31, 2008 and December 31, 2007 (of which \$39 and \$51 was classified as a current liability), respectively, and reflects the most probable costs to remediate identified environmental conditions for which costs can be reasonably estimated. In 2008, the remediation reserve was increased by \$69, mostly due to the adjustments related to the Grasse River and former Vancouver property discussed above. In 2007, the remediation reserve was decreased by \$10 consisting of a \$15 adjustment for the liabilities associated with a previously owned smelter site and a \$5 adjustment for liabilities at the Russian rolling mills and extrusion plants, both of which were partially offset by a net increase of \$10 in liabilities associated with various locations. The \$15 and \$5 adjustments were made after further investigations were completed and Alcoa was able to obtain additional information about the environmental condition and the associated liabilities related to these sites. The changes to the remediation reserve were recorded in Cost of goods sold on the accompanying Statement of Consolidated Operations in both periods. Payments related to remediation expenses applied against the reserve were \$32 and \$30 in 2008 and 2007, respectively. These amounts include expenditures currently mandated, as well as those not required by any regulatory authority or third party.

Included in annual operating expenses are the recurring costs of managing hazardous substances and environmental programs. These costs are estimated to be approximately 2% of cost of goods sold.

**Investments.** Alumínio is a participant in several hydroelectric power construction projects in Brazil for purposes of increasing its energy self-sufficiency and providing a long-term, low-cost source of power for its facilities. Two of these projects, Machadinho and Barra Grande, were completed in 2002 and 2006, respectively.

Alumínio committed to taking a share of the output of the Machadinho and Barra Grande projects each for 30 years at cost (including cost of financing the project). In the event that other participants in either one of these projects fail to fulfill their financial responsibilities, Alumínio may be required to fund a portion of the deficiency. In accordance with the respective agreements, if Alumínio funds any such deficiency, its participation and share of the output from the respective project will increase proportionately.

In January 2007, Alumínio exercised pre-emptive rights to acquire an additional ownership interest of 4.67% in Machadinho for \$18. This additional investment provides an additional 15 megawatts of assured energy. This transaction was approved by the Brazilian Energy Agency, antitrust regulators, and other third parties. In September 2007, Alumínio's ownership interest of 31.89% was reduced by 0.9% due to the admission of a new investor to the Machadinho consortium.

With Machadinho and Barra Grande, Alumínio's current power self-sufficiency is approximately 40%, to meet a total energy demand of approximately 690 megawatts from Brazilian primary plants. Alumínio accounts for the Machadinho and Barra Grande hydroelectric projects on the equity method. Alumínio's investment participation in these projects is 30.99% for Machadinho and 42.18% for Barra Grande. Its total investment in these projects was \$182 (R\$436) and \$241 (R\$426) at December 31, 2008 and 2007, respectively. Alcoa's maximum exposure to loss on these completed projects is approximately \$400 (R\$990), which represents Alcoa's investment and guarantees of debt as of December 31, 2008.

In the first quarter of 2006, Alumínio acquired an additional 6.41% share in the Estreito hydroelectric power project, reaching 25.49% of total participation in the consortium. This additional share entitles Alumínio to 38 megawatts of assured energy. Alumínio's share of the project is estimated to have installed capacity of approximately 280 megawatts and assured power of approximately 150 megawatts. In December 2006, the consortium obtained the environmental installation license, after completion of certain socioeconomic and cultural impact studies as required by a governmental agency. Construction began in the first quarter of 2007 and is expected to be completed in 2011. Total estimated project costs are approximately \$1,500 (R\$3,600) and Alumínio's share is approximately \$380 (R\$920). As of December 31, 2008, Alumínio has contributed \$140 (R\$330) towards the \$380 commitment.

## [Table of Contents](#)

In the first quarter of 2007, construction began on the Serra do Facão hydroelectric power project. Construction of this facility is expected to be completed in 2010. The implementation of construction activities had been temporarily suspended in 2004 due to the temporary suspension of the project's installation permit by legal injunction issued by the Brazilian Judicial Department (Public Ministry). Since 2004, this project was placed on hold due to unattractive market conditions. In mid-2006, market conditions became favorable and Alumínio proceeded with plans to begin construction. In September 2006, the national environmental agency renewed the installation permit allowing construction to commence. Alumínio's share of the Serra do Facão project is 34.97%, which decreased by 4.53% in the first quarter of 2007 due to the approval of a new shareholder structure, and entitles Alumínio to approximately 65 megawatts of assured power. Total estimated project costs are approximately \$340 (R\$820) and Alumínio's share is approximately \$120 (R\$290). As of December 31, 2008, Alumínio has contributed \$80 (R\$180) towards the \$120 commitment.

In 2004, Alcoa acquired a 20% interest in a consortium, which subsequently purchased the Dampier to Bunbury Natural Gas Pipeline (DBNGP) in Western Australia, in exchange for an initial cash investment of \$17 (A\$24). The investment in the DBNGP was made in order to secure a competitively priced long-term supply of natural gas to Alcoa's refineries in Western Australia. This investment was classified as an equity investment. Alcoa has made additional contributions of \$84 (A\$109), including \$9 (A\$12) and \$31 (A\$38) in 2008 and 2007, respectively, and committed to invest an additional \$49 (A\$74) to be paid as the pipeline expands through 2011. In March 2008, additional equity contributions of \$38 (A\$40) were approved to support further expansion of the gas transmission capacity. In addition to its equity ownership, Alcoa has an agreement to purchase gas transmission services from the DBNGP. Alcoa's maximum exposure to loss on the investment and the related contract is approximately \$340 (A\$490) as of December 31, 2008.

**Purchase Obligations.** Alcoa is party to unconditional purchase obligations for energy that expire between 2012 and 2028. Commitments related to these contracts total \$101 in 2009, \$99 in 2010, \$96 in 2011, \$125 in 2012, \$114 in 2013, and \$1,658 thereafter. Expenditures under these contracts totaled \$96 in 2008, \$110 in 2007, and \$86 in 2006. Additionally, Alcoa has entered into other purchase commitments for energy, raw materials, and other goods and services, which total \$2,089 in 2009, \$1,939 in 2010, \$1,220 in 2011, \$846 in 2012, \$826 in 2013, and \$13,472 thereafter.

**Operating Leases.** Certain computer equipment, plant equipment, vehicles, and buildings are under operating lease agreements. Total expense from continuing operations for all leases was \$275 in 2008, \$286 in 2007, and \$265 in 2006. Under long-term operating leases, minimum annual rentals are \$398 in 2009, \$320 in 2010, \$215 in 2011, \$113 in 2012, \$139 in 2013, and \$321 thereafter.

**Letters of Credit.** Alcoa has outstanding letters of credit primarily related to workers' compensation, derivative contracts, and leasing obligations. The total amount committed under these letters of credit, which expire at various dates mostly in 2009, was \$600 at December 31, 2008.

**Guarantees.** Alcoa has outstanding bank guarantees related to legal, customs duties, and leasing obligations, among others. The total amount committed under these guarantees, which expire at various dates, was \$389 at December 31, 2008. Alcoa has also issued guarantees of third-party obligations related to project financing for hydroelectric power projects in Brazil, which expire in 2015 through 2018, that total \$230 at December 31, 2008.

**Surety Bonds.** Alcoa has outstanding surety bonds primarily related to customs duties, self-insurance, and legal obligations. The total amount committed under these bonds, which automatically renew or expire at various dates in 2009, was \$41 at December 31, 2008.

**Other.** In July 2006, the European Commission (EC) announced that it has opened an investigation to establish whether an extension of the regulated preferential electricity tariff granted by Italy to some energy-intensive industries complies with European Union (EU) state aid rules. The new Italian power tariff modifies the preferential tariff that was in force until December 31, 2005 and extends it through 2010. Alcoa has been operating in Italy for more than 10 years under a power supply structure approved by the EC in 1996. That measure, like the new one, was based on Italian state legislation that provides a competitive power supply to the primary aluminum industry and is not considered state

## [Table of Contents](#)

aid by the Italian Government. The EC's announcement states that it has doubts about the measure's compatibility with EU legislation and concerns about distortion of competition in the European market of primary aluminum, where energy is an important part of the production costs. The opening of an in-depth investigation gives interested parties the opportunity to comment on the proposed measures; it does not prejudge the outcome of the procedure. It is Alcoa's understanding that the Italian Government's continuation of the electricity tariff was done in conformity with all applicable laws and regulations. Alcoa believes that the total potential impact from a loss of the tariff would be approximately \$21 pretax (€15) per month in higher power costs at its Italian smelters. While Alcoa believes that any additional cost would only be assessed prospectively from the date of the EC's decision on this matter, it is possible that the EC could rule that the assessment must be retroactively applied to January 2006. A decision by the EC is expected in 2009. On November 29, 2006, Alcoa filed an appeal before the European Court of First Instance seeking the annulment of the decision of the EC to open the investigation alleging that such decision did not follow the applicable procedural rules. This appeal, which may be withdrawn by Alcoa at any time, is expected to be resolved in 2009.

In January 2007, the EC announced that it has opened an investigation to establish whether the regulated electricity tariffs granted by Spain comply with EU state aid rules. Alcoa has been operating in Spain for more than nine years under a power supply structure approved by the Spanish Government in 1986, an equivalent tariff having been granted in 1983. The investigation is limited to the year 2005 and it is focused both on the energy-intensive consumers and the distribution companies. The investigation provided 30 days to any interested party to submit observations and comments to the EC. With respect to the energy-intensive consumers, the EC is opening the investigation on the assumption that prices paid under the tariff in 2005 were lower than the pool price mechanism, therefore being, in principle, artificially below market conditions. Alcoa has submitted comments in which the company has provided evidence that prices paid by energy-intensive consumers were in line with the market, in addition to various legal arguments defending the legality of the Spanish tariff system. It is Alcoa's understanding that the Spanish tariff system for electricity is in conformity with all applicable laws and regulations, and therefore no state aid is present in that tariff system. Alcoa believes that the total potential impact from an unfavorable decision would be approximately \$11 pretax (€8). While Alcoa believes that any additional cost would only be assessed for the year 2005, it is possible that the EC could extend its investigation to later years. A decision by the EC is expected in 2009. If the EC's investigation concludes that the regulated electricity tariffs for industries are unlawful, Alcoa will have an opportunity to challenge the decision in the EU courts.

### **O. Other Income, Net**

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Equity income	\$ 41	\$ 71	\$ 72
Interest income	53	61	87
Dividend income	1	31	45
Foreign currency losses, net	(74)	(26)	(48)
Gains from asset sales	50	1,806	71
Other, net	(12)	(23)	9
	<b>\$ 59</b>	<b>\$1,920</b>	<b>\$236</b>

In 2007, Gains from asset sales included a \$1,754 gain on the sale of Alcoa's investment in Chalco (see Note I for additional information). The dividend income in 2007 and 2006 is virtually all related to Alcoa's former stake in Chalco.

### **P. Cash Flow Information**

Cash payments for interest and income taxes are as follows:

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Interest, net of amount capitalized	\$367	\$ 359	\$423
Income taxes, net of amount refunded	730	1,376	695

## [Table of Contents](#)

The details related to acquisitions are as follows:

	2008	2007	2006
Fair value of assets acquired	\$352	\$ 19	\$ 84
Liabilities assumed	(5)	(3)	(91)
Minority interests acquired	70	3	-
Cash paid (received)	417	19	(7)
Less: cash acquired	-	1	-
Net cash paid (received)	\$417	\$ 18	\$ (7)

In 2007, Alcoa sold its Three Oaks Mine for \$140, which consisted of \$70 in cash and a \$70 note receivable. The \$70 in cash is reflected in the Proceeds from the sale of assets and businesses on the accompanying Statement of Consolidated Cash Flows. The \$70 note receivable is not reflected in the accompanying Statement of Consolidated Cash Flows as it represents a non-cash activity.

### Q. Segment and Geographic Area Information

In 2008, management approved a realignment of Alcoa's reportable segments to better reflect the core businesses in which Alcoa operates and how it is managed. This realignment consisted of eliminating the Extruded and End Products segment and realigning its component businesses as follows: the building and construction systems business is reported in the Engineered Products and Solutions segment; the hard alloy extrusions business and the Russian extrusions business are reported in the Flat-Rolled Products segment; and the remaining segment components, consisting primarily of the equity investment/income of Alcoa's interest in the Sapa AB joint venture, and the Latin American extrusions business, are reported in Corporate. Additionally, the Russian forgings business was moved from the Engineered Products and Solutions segment to the Flat-Rolled Products segment, where all Russian operations are now reported. Prior period amounts were reclassified to reflect the new segment structure. Also, the Engineered Solutions segment was renamed the Engineered Products and Solutions segment.

Alcoa is primarily a producer of aluminum products. Aluminum and alumina represent more than three-fourths of Alcoa's revenues. Nonaluminum products include precision castings and aerospace and industrial fasteners. Alcoa's segments are organized by product on a worldwide basis. Segment performance under Alcoa's management reporting system is evaluated based on a number of factors; however, the primary measure of performance is the after-tax operating income (ATOI) of each segment. Certain items such as the impact of LIFO inventory accounting; interest income and expense; minority interests; corporate expense (general administrative and selling expenses of operating the corporate headquarters and other global administrative facilities, along with depreciation and amortization on corporate-owned assets); restructuring and other charges; discontinued operations; and other items, including intersegment profit and other metal adjustments, differences between tax rates used in the segments and the corporate effective tax rate, and other nonoperating items such as foreign currency translation gains/losses are excluded from segment ATOI. Segment assets exclude, among others, cash and cash equivalents, deferred income taxes, goodwill allocated to corporate, corporate fixed assets, LIFO reserves, and assets held for sale.

The accounting policies of the segments are the same as those described in the Summary of Significant Accounting Policies (see Note A). Transactions among segments are established based on negotiation among the parties. Differences between segment totals and Alcoa's consolidated totals for line items not reconciled are in Corporate.

Alcoa's products are used worldwide in packaging, transportation (including aerospace, automotive, truck, trailer, rail, and shipping), building and construction, oil and gas, defense, and industrial applications. Total export sales from the U.S. included in continuing operations were \$2,732 in 2008, \$3,060 in 2007, and \$2,517 in 2006.

Alcoa's reportable segments are as follows:

**Alumina.** This segment consists of Alcoa's worldwide alumina system, including the mining of bauxite, which is then refined into alumina. Alumina is sold directly to internal and external smelter customers worldwide or is processed into

## [Table of Contents](#)

industrial chemical products. Slightly more than half of Alcoa's alumina production is sold under supply contracts to third parties worldwide, while the remainder is used internally.

**Primary Metals.** This segment consists of Alcoa's worldwide smelter system. Primary Metals receives alumina, primarily from the Alumina segment, and produces primary aluminum used by Alcoa's fabricating businesses, as well as sold to external customers, aluminum traders, and commodity markets. Results from the sale of aluminum powder, scrap, and excess power are also included in this segment, as well as the results of aluminum derivative contracts. Primary aluminum produced by Alcoa and used internally is transferred to other segments at prevailing market prices. The sale of primary aluminum represents more than 90% of this segment's third-party sales.

**Flat-Rolled Products.** This segment's principal business is the production and sale of aluminum plate, sheet, foil, and hard alloy extrusions. This segment includes rigid container sheet (RCS), which is sold directly to customers in the packaging and consumer market and is used to produce aluminum beverage cans. Seasonal increases in RCS sales are generally experienced in the second and third quarters of the year. This segment also includes sheet and plate used in the transportation, building and construction, and distribution markets (mainly used in the production of machinery and equipment and consumer durables), which is sold directly to customers and through distributors. Additionally, hard alloy extrusions products, which are also sold directly to customers and through distributors, serve the distribution, aerospace, automotive, and commercial transportation markets. Approximately one-third of the third-party sales in this segment consist of RCS, while the remaining two-thirds of third-party sales are derived from sheet and plate, foil used in industrial markets, and hard alloy extrusions. While the customer base for flat-rolled products is large, a significant amount of sales of RCS, sheet, and plate is to a relatively small number of customers.

**Engineered Products and Solutions.** This segment includes titanium, aluminum, and super alloy investment castings; forgings and fasteners; aluminum wheels; integrated aluminum structural systems; and architectural extrusions used in the aerospace, automotive, building and construction, commercial transportation, and power generation markets. These products are sold directly to customers and through distributors. The Electrical and Electronic Solutions business was classified as discontinued operations; therefore, all periods presented exclude the results of this business.

**Packaging and Consumer.** The businesses within this segment were sold to Rank in 2008; therefore, this segment no longer contains any operations (see Note F for additional information). Prior to the sale of these businesses, this segment included consumer, foodservice, and flexible packaging products; food and beverage closures; and plastic sheet and film for the packaging industry. The principal products in this segment included aluminum foil; plastic wraps and bags; plastic beverage and food closures; flexible packaging products; thermoformed plastic containers; and extruded plastic sheet and film. Consumer products were marketed under brands including Reynolds Wrap®, Diamond®, Baco®, and Cut-Rite®. Seasonal increases generally occurred in the second and fourth quarters of the year for such products as consumer foil and plastic wraps and bags, while seasonal slowdowns for closures generally occurred in the fourth quarter of the year. Products were generally sold directly to customers, consisting of supermarkets, beverage companies, food processors, retail chains, and commercial foodservice distributors.

[Table of Contents](#)

Alcoa's reportable segments, reclassified to exclude discontinued operations and assets held for sale (see Note B for additional information), are as follows:

	Alumina	Primary Metals	Flat-Rolled Products	Engineered Products and Solutions	Packaging and Consumer	Total
<b>2008</b>						
Sales:						
Third-party sales	\$ 2,924	\$ 8,021	\$ 9,563	\$ 5,602	\$ 516	\$26,626

	<b>\$ 17,455</b>	<b>\$ 16,541</b>

**R. Preferred and Common Stock**

**Preferred Stock.** Alcoa has two classes of preferred stock. Serial preferred stock has 660,000 shares authorized at a par value of \$100 per share with an annual \$3.75 cumulative dividend preference per share. There were 546,024 of such shares outstanding at December 31, 2008 and 2007. Class B serial preferred stock has 10 million shares authorized (none issued) and a par value of \$1 per share.

**Common Stock.** There are 1.8 billion shares authorized at a par value of \$1 per share, and 924,574,538 shares were issued at December 31, 2008 and 2007. As of December 31, 2008, 92 million shares of common stock were reserved for issuance under Alcoa's stock-based compensation plans. Alcoa issues treasury shares upon the exercise of stock options and the conversion of stock awards.

In October 2007, Alcoa's Board of Directors approved a new share repurchase program. The new program authorizes the purchase of up to 25% (or approximately 217 million shares) of the outstanding common stock of Alcoa at December 31, 2006, in the open market or through privately negotiated transactions, directly or through brokers or agents, and expires on December 31, 2010. This new program superseded the share repurchase program that was approved by Alcoa's Board of Directors in January 2007, which authorized the repurchase of up to 87 million shares of Alcoa common stock. The shares repurchased under the January 2007 program count against the shares authorized for repurchase under the new program. During 2008 and 2007, Alcoa repurchased 33 million and 68 million shares (including 43 million shares under the January 2007 program), respectively. In October 2008, Alcoa elected to temporarily suspend share repurchases to preserve liquidity in light of the global economic downturn.

**Share Activity** (number of shares)

	Common stock	
	Treasury	Outstanding
<b>Balance at end of 2005</b>	(54,306,025)	870,268,513
Treasury shares purchased	(9,100,000)	(9,100,000)
Stock issued:		
Compensation plans	6,571,031	6,571,031
<b>Balance at end of 2006</b>	(56,834,994)	867,739,544
Treasury shares purchased	(67,712,689)	(67,712,689)
Stock issued:		
Compensation plans	27,374,945	27,374,945
<b>Balance at end of 2007</b>	(97,172,738)	827,401,800
Treasury shares purchased	(33,421,626)	(33,421,626)
Stock issued:		
Compensation plans	6,337,194	6,337,194
<b>Balance at end of 2008</b>	(124,257,170)	800,317,368

## [Table of Contents](#)

Stock options under Alcoa's stock-based compensation plans have been granted at not less than market prices on the dates of grant. Beginning in 2006, performance stock options were granted to certain individuals. The final number of options granted is based on the outcome of Alcoa's annual return on capital results against the results of a comparator group of companies. However, an individual can earn a minimum number of options if Alcoa's return on capital meets or exceeds its cost of capital. Stock option features based on date of original grant are as follows:

<b>Date of original grant</b>	<b>Vesting</b>	<b>Term</b>	<b>Reload feature</b>
2002 and prior	One year	10 years	One reload over option term
2003	3 years (1/3 each year)	10 years	One reload in 2004 for 1/3 vesting in 2004
2004 and forward	3 years (1/3 each year)	6 years	None

In addition to the stock options described above, Alcoa granted stock awards that vest in three years from the date of grant. Certain of these stock awards were granted with the same performance conditions described above for performance stock options.

Beginning in 2006, plan participants can choose whether to receive their award in the form of stock options, stock awards, or a combination of both. This choice is made before the grant is issued and is irrevocable.

The following table summarizes the total compensation expense recognized for all stock options and stock awards (there was no stock-based compensation expense capitalized in 2008, 2007, or 2006):

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Compensation expense reported in income:			
Stock option grants	\$ 15	\$ 31	\$ 11
Stock award grants	79	66	61
Total compensation expense before income taxes	94	97	72
Income tax benefit	31	34	24
Total compensation expense, net of income tax benefit	\$ 63	\$ 63	\$ 48

The fair value of each new option is estimated on the date of grant using a lattice-pricing model with the following assumptions:

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Weighted average fair value per option	\$ 6.41	\$ 6.04	\$ 5.98
Average risk-free interest rate	3.01-3.66%	4.75-5.16%	4.42-4.43%
Dividend yield	2.1%	2.2%	2.0%
Volatility	31-34%	22-29%	27-32%
Annual forfeiture rate	3%	3%	3%
Exercise behavior	39%	35%	23%
Life (years)	4.0	3.8	3.6

The fair value of each reload option grant is estimated on the reload date using the lattice-pricing model. In 2007, the weighted average fair value per reload option grant was \$5.56 based on the following assumptions: an average risk-free interest rate of 4.94-5.11%; dividend yield of 2.2%; volatility of 22-24%; exercise behavior of 26%; and life of 1.5 years. In 2008 and 2006, the fair value and related assumptions for reload option grants were the same as the new option grants reflected in the table above.

## Table of Contents

The following assumption descriptions are applicable to both new option grants and reload option grants. The range of average risk-free interest rates is based on a yield curve of interest rates at the time of the grant based on the contractual life of the option. Dividend yield is based on a five-year average. Volatility is based on historical and implied volatilities over the term of the option. Alcoa utilizes historical option exercise and forfeiture data to estimate annual pre- and post-vesting forfeitures. The exercise behavior assumption represents a weighted average exercise ratio of the intrinsic value resulting from historical employee exercise behavior, which is based on exercise patterns for grants issued in the most recent six years. The life of an option is an output of the lattice-pricing model based upon the other assumptions used in the determination of the fair value.

The activity for stock options is as follows (options in millions):

	2008	2007	2006
<b>Outstanding, beginning of year:</b>			
Number of options	52.3	80.0	88.6
Weighted average exercise price	\$35.63	\$33.97	\$33.50
<b>Granted:</b>			
Number of options	2.9	6.1	3.2
Weighted average exercise price	\$31.20	\$41.14	\$29.15
<b>Exercised:</b>			
Number of options	(6.0)	(28.8)	(6.8)
Weighted average exercise price	\$32.68	\$31.88	\$23.82
<b>Expired or forfeited:</b>			
Number of options	(3.0)	(5.0)	(5.0)
Weighted average exercise price	\$37.64	\$37.19	\$35.99
<b>Outstanding, end of year:</b>			
Number of options	46.2	52.3	80.0
Weighted average exercise price	\$35.61	\$35.63	\$33.97
<b>Exercisable, end of year:</b>			
Number of options	42.3	44.9	77.0
Weighted average exercise price	\$36.19	\$35.16	\$34.17

The total intrinsic value of options exercised during the years ended December 31, 2008, 2007, and 2006 was \$86, \$269, and \$61, respectively. The cash received from exercises for the year ended December 31, 2008 was \$177, and the tax benefit realized was \$20.

The following tables summarize certain stock option information at December 31, 2008 (options and intrinsic value in millions):

### Options Fully Vested and/or Expected to Vest\*

Range of exercise price	Number	Weighted average remaining contractual life	Weighted average exercise price	Intrinsic Value
\$9.91 - \$19.93	0.1	4.16	\$ 13.19	\$ -
\$19.94 - \$27.71	3.5	3.37	22.39	-
\$27.72 - \$35.49	13.1	2.73	30.37	-
\$35.50 - \$48.37	29.5	1.54	39.58	-
Total	46.2	2.02	35.61	\$ -

\* Expected forfeitures are immaterial to the company and are not reflected in the table above.

**Options Fully Vested and Exercisable**

Range of exercise price	Number	Weighted average remaining contractual life	Weighted average exercise price	Intrinsic Value
\$9.91 - \$19.93	0.0	0.40	\$ 17.65	\$ -
\$19.94 - \$27.71	3.5	3.37	22.37	-
\$27.72 - \$35.49	9.4	1.95	30.81	-
\$35.50 - \$48.37	29.4	1.53	39.58	-
Total	42.3	1.78	36.19	\$ -

Beginning in January of 2004, in addition to stock option awards, the company has granted stock awards and performance share awards. Both vest three years from the date of grant. Performance share awards are issued at target and the final award amount is determined at the end of the performance period.

The following table summarizes the outstanding stock and performance share awards (awards in millions):

	Stock Awards	Performance Share Awards	Total	Weighted average FMV per award
Outstanding, January 1, 2008	5.6	1.0	6.6	\$ 30.14
Granted	2.7	0.5	3.2	29.01
Converted	(0.9)	(0.3)	(1.2)	29.33
Forfeited	(0.5)	-	(0.5)	29.79
Performance share adjustment	-	0.1	0.1	30.30
Outstanding, December 31, 2008	6.9	1.3	8.2	29.89

At December 31, 2008, there was \$9 (pretax) of unrecognized compensation expense related to non-vested stock option grants, and \$63 (pretax) of unrecognized compensation expense related to non-vested stock award grants. These expenses are expected to be recognized over a weighted average period of 1.7 years. As of December 31, 2008, the following table summarizes the unrecognized compensation expense expected to be recognized in future periods:

	Stock-based compensation expense (pretax)
2009	\$ 46
2010	25
2011	1
Totals	\$ 72

**S. Earnings Per Share**

Basic earnings per common share (EPS) amounts are computed by dividing earnings after the deduction of preferred stock dividends by the average number of common shares outstanding. Diluted EPS amounts assume the issuance of common stock for all potentially dilutive share equivalents outstanding.

## [Table of Contents](#)

The information used to compute basic and diluted EPS on income from continuing operations is as follows (shares in millions):

	2008	2007	2006
Income from continuing operations	\$229	\$2,814	\$2,226
Less: preferred stock dividends	2	2	2
Income from continuing operations available to common shareholders	\$227	\$2,812	\$2,224
Average shares outstanding—basic	810	861	869
Effect of dilutive securities:			
Potential shares of common stock, attributable to stock options, stock awards, and performance awards	8	8	6
Average shares outstanding—diluted	818	869	875

Options to purchase 46 million, 21 million, and 59 million shares of common stock at a weighted average exercise price of \$35.65, \$41.52, and \$37.03 per share were outstanding as of December 31, 2008, 2007, and 2006, respectively, but were not included in the computation of diluted EPS because they were anti-dilutive, as the exercise prices of the options were greater than the average market price of Alcoa's common stock.

## T. Income Taxes

The components of income from continuing operations before taxes on income were as follows:

	2008	2007	2006
U.S.	\$ (999)	\$1,960	\$ 404
Foreign	1,791	2,842	3,111
	\$ 792	\$4,802	\$3,515

The provision (benefit) for taxes on income from continuing operations before minority interests' share consisted of the following:

	2008	2007	2006
Current:			
Federal*	\$ 3	\$ 516	\$ 56
Foreign	598	774	913
State and local	2	22	(44)
	603	1,312	925
Deferred:			
Federal*	(184)	231	(128)
Foreign	(77)	87	(21)
State and local	-	(7)	77
	(261)	311	(72)
Total	\$ 342	\$1,623	\$ 853

\*Includes U.S. taxes related to foreign income

Included in discontinued operations is a tax benefit of \$121 in 2008 and \$83 in 2007 and a tax expense of \$44 in 2006.

The exercise of employee stock options generated a tax benefit of \$20 in 2008, \$95 in 2007, and \$17 in 2006. This amount was credited to additional capital and reduced current taxes payable.

[Table of Contents](#)

A reconciliation of the U.S. federal statutory rate to Alcoa's effective tax rate for continuing operations is as follows:

	2008	2007	2006
U.S. federal statutory rate	35.0%	35.0%	35.0%
Taxes on foreign income	(10.1)	(4.3)	(7.5)
Permanent differences on restructuring charges and asset disposals	11.8	3.4	0.5
Audit and other adjustments to prior years' accruals	(2.8)	(0.1)	(3.3)*
Minority interests	5.0	0.4	0.4
Statutory tax rate changes	3.5	0.2	0.1
Other	0.8	(0.8)	(0.9)
Effective tax rate	43.2%	33.8%	24.3%

\*This figure includes the finalization of certain tax reviews and audits, decreasing the effective tax rate by approximately 1.7% in 2006.

The components of net deferred tax assets and liabilities are as follows:

December 31,	2008		2007	
	Deferred tax assets	Deferred tax liabilities	Deferred tax assets	Deferred tax liabilities
Depreciation	\$ -	\$ 1,188	\$ -	\$ 1,394
Employee benefits	2,313	-	1,548	-
Loss provisions	475	17	257	-
Deferred income/expense	18	113	32	103
Tax loss carryforwards	1,017	-	691	-
Tax credit carryforwards	320	-	335	-
Derivatives and hedging activities	394	-	212	-
Other	234	224	217	127
	4,771	1,542	3,292	1,624
Valuation allowance	(713)	-	(517)	-
	\$ 4,058	\$ 1,542	\$ 2,775	\$ 1,624

Of the total deferred tax assets associated with the tax loss carryforwards, \$283 expires over the next 10 years (of which \$196 has been reserved for through the valuation allowance), \$379 over the next 20 years, and \$355 is unlimited. Generally, the valuation allowance relates to loss carryforwards because the ability to generate sufficient future income in some jurisdictions is uncertain. Of the tax credit carryforwards, \$279 expires over the next 10 years (most of this amount relates to foreign tax credits that do not begin to expire until 2015), with the balance expiring over the next 15 to 20 years.

The cumulative amount of Alcoa's foreign undistributed net earnings for which no deferred taxes have been provided was \$8,664 at December 31, 2008. Management has no plans to distribute such earnings in the foreseeable future. It is not practical to determine the deferred tax liability on these earnings.

Alcoa and its subsidiaries file income tax returns in the U.S. federal jurisdiction, and various states and foreign jurisdictions. With a few minor exceptions, Alcoa is no longer subject to income tax examinations by tax authorities for years prior to 2002. All U.S. tax years prior to 2008 have been audited by the Internal Revenue Service. Various state and foreign jurisdiction tax authorities are in the process of examining Alcoa's income tax returns for various tax years through 2007.

## [Table of Contents](#)

As described in Note A, Alcoa adopted FIN 48 and FSP FIN 48-1 effective January 1, 2007. The adoption of FIN 48 and FSP FIN 48-1 did not have an impact on the accompanying Consolidated Financial Statements. A reconciliation of the beginning and ending amount of unrecognized tax benefits (excluding interest and penalties) is as follows:

<b>December 31,</b>	<b>2008</b>	<b>2007</b>
Balance at beginning of year	\$ 33	\$ 22
Additions based on tax positions related to the current year	-	3
Additions for tax positions of prior years	11	14
Reductions for tax positions of prior years	(10)	(7)
Settlements	(7)	-
Foreign currency translation	(3)	1
Balance at end of year	\$ 24	\$ 33

As of December 31, 2008 and 2007, a portion of the \$24 and \$33 balance, respectively, pertains to state tax liabilities, which are stated before any offset for federal tax benefits. The effect of unrecognized tax benefits, if recorded, that would impact the 2008 and 2007 annual effective tax rate is approximately 2% and less than 1%, respectively, of pretax book income. Alcoa does not anticipate that changes in its unrecognized tax benefits will have a material impact on the Statement of Consolidated Operations during 2009.

It is Alcoa's policy to recognize interest and penalties related to income taxes as a component of the Provision for income taxes on the accompanying Statement of Consolidated Operations. In 2008 and 2007, Alcoa recognized \$1 and \$2, respectively, in interest and penalties. As of December 31, 2008 and 2007, the amount accrued for the payment of interest and penalties was \$9.

### **U. Accounts Receivable Securitizations**

In November 2007, Alcoa entered into a program to sell a senior undivided interest in certain customer receivables, without recourse, on a continuous basis to a third-party for cash. In August 2008, Alcoa increased the capacity of this program from \$100 to \$250. As of December 31, 2008 and 2007, Alcoa received \$250 and \$100, respectively, in cash proceeds, which reduced Receivables from customers on the accompanying Consolidated Balance Sheet. Alcoa services the customer receivables for the third-party at market rates; therefore, no servicing asset or liability was recorded.

Alcoa had an existing program with a different third-party to sell certain customer receivables. The sale of receivables under this program was conducted through a qualifying special purpose entity (QSPE) that was bankruptcy remote, and, therefore, was not consolidated by Alcoa. Effective August 31, 2008, Alcoa terminated this program and all outstanding accounts receivable were collected by the QSPE through the end of 2008. As of December 31, 2007, Alcoa sold trade receivables of \$139 to the QSPE.

### **V. Interest Cost Components**

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Amount charged to expense	\$407	\$401	\$384
Amount capitalized	167	199	128
	\$574	\$600	\$512

### **W. Pension Plans and Other Postretirement Benefits**

Alcoa maintains pension plans covering most U.S. employees and certain employees in foreign locations. Pension benefits generally depend on length of service, job grade, and remuneration. Substantially all benefits are paid through pension trusts that are sufficiently funded to ensure that all plans can pay benefits to retirees as they become due. Most U.S. salaried and non-union hourly employees hired after March 1, 2006 will participate in a defined contribution plan instead of a defined benefit plan.

## [Table of Contents](#)

Alcoa maintains health care and life insurance benefit plans covering eligible U.S. retired employees and certain retirees from foreign locations. Generally, the medical plans pay a percentage of medical expenses, reduced by deductibles and other coverages. These plans are generally unfunded, except for certain benefits funded through a trust. Life benefits are generally provided by insurance contracts. Alcoa retains the right, subject to existing agreements, to change or eliminate these benefits. All U.S. salaried and certain hourly employees hired after January 1, 2002 will not have postretirement health care benefits. All U.S. salaried and certain hourly employees that retire on or after April 1, 2008 will not have postretirement life insurance benefits.

Alcoa adopted SFAS 158 effective December 31, 2006. SFAS 158 requires an employer to recognize the funded status of each of its defined pension and postretirement benefit plans as a net asset or liability in its statement of financial position with an offsetting amount in accumulated other comprehensive income, and to recognize changes in that funded status in the year in which changes occur through comprehensive income. Following the adoption of SFAS 158, additional minimum pension liabilities (AML) and related intangible assets are no longer recognized. The adoption of SFAS 158 resulted in the following impacts: a reduction of \$119 in existing prepaid pension costs and intangible assets, the recognition of \$1,234 in accrued pension and postretirement liabilities, and a charge of \$1,353 (\$877 after-tax) to accumulated other comprehensive loss.

Additionally, SFAS 158 requires an employer to measure the funded status of each of its plans as of the date of its year-end statement of financial position. This provision became effective for Alcoa for its December 31, 2008 year-end and resulted in a charge of \$9, which was recorded as an adjustment to December 31, 2008 retained earnings. Prior to the effective date of this provision, the funded status of most of Alcoa's pension and other postretirement benefit plans were already measured as of December 31st.

**Obligations and Funded Status**

Actuarial loss recognition		104		51

As disclosed in Note F, Alcoa completed the sale of its Packaging and Consumer businesses to Rank in February 2008. In September 2008, Alcoa announced that it was temporarily idling the remaining production at its smelter in Rockdale (see Note D for additional information). As a result, certain U.S. and non-U.S. pension and postretirement benefit plans were remeasured and Alcoa recognized curtailment losses of \$2 and \$9, respectively, due to the significant reduction in the expected aggregate years of future service of the employees of the Packaging and Consumer businesses and the Rockdale smelter. The curtailment losses include recognition of the change in the pension plans' projected benefit obligation (PBO) or the postretirement benefit plans' accumulated postretirement benefit obligation (APBO) and a portion of the previously unrecognized prior service cost reflecting the reduction in expected future service. The remeasurement of these pension and postretirement benefit plans generated an increase and decrease in 2008 annual net periodic benefit cost of \$23 and \$10 for pension plans and postretirement benefit plans, respectively. Also, the pension plans' PBO and plan assets decreased by \$26 and \$248, respectively, and the postretirement benefit plans' APBO and plan assets decreased by \$131 and \$10, respectively.

## [Table of Contents](#)

Also in 2008, as part of the sale of the Packaging and Consumer businesses, Rank assumed the obligations of certain other U.S. and non-U.S. pension plans with PBOs of \$71 and plan assets of \$46. Rank's assumption of these obligations resulted in a settlement of the pension plan obligations for Alcoa. The settlement of these obligations resulted in the recognition of previously deferred actuarial losses in the amount of \$14. Additionally, Alcoa recorded \$4 less in 2008 annual net periodic benefit cost due to the settlement of these pension plans.

Due to the remeasurement of these curtailed and settled plans, Alcoa recorded a charge of \$220 (\$144 after-tax) for pension plans and a credit of \$107 (\$69 after-tax) for postretirement benefit plans to accumulated other comprehensive loss in 2008. In addition, a charge of \$30 was recorded in accumulated other comprehensive loss due to the reclassification of deferred taxes related to the Medicare Part D prescription drug subsidy.

Lastly in 2008, Alcoa recorded a settlement charge of \$6 as a component of net periodic benefit cost related to its pension benefits due to significant lump sum benefit payments.

In 2007, Alcoa recorded a curtailment charge of \$2 and curtailment income of \$3 as a component of net periodic benefit cost related to its pension benefits and postretirement benefits, respectively. The curtailment charge of \$2 was due to the contribution of Alcoa's soft alloy extrusion business to the Sapa AB joint venture (see Note I for additional information). The curtailment income of \$3 consisted of income of \$7 due to the elimination of the retiree life insurance benefit for certain U.S. employees who retire on or after April 1, 2008 and a charge of \$4 related to Alcoa's soft alloy extrusion business.

Also in 2007, Alcoa recorded a settlement credit of \$2 as a component of net periodic benefit cost related to its pension benefits due to significant lump sum benefit payments.

For pension plan benefits, in 2008, a net charge of \$2,234 (\$1,406 after-tax) was recorded in accumulated other comprehensive loss primarily due to the decrease in the fair value of plan assets, which was somewhat offset by the decrease in the accumulated benefit obligation (as a result of a 20 basis-point increase in the discount rate) and the recognition of actuarial losses and prior service costs. Also included in this net charge is the \$220 (\$144 after-tax) impact related to the remeasured pension plans due to the sale of the Packaging and Consumer businesses. In 2007, a net credit of \$419 (\$268 after-tax) was recorded in accumulated other comprehensive loss due to a decrease in the accumulated benefit obligations (as a result of a 25 basis-point increase in the discount rate, which was partially offset by plan amendments) and the recognition of actuarial losses and prior service costs.

For postretirement benefits, in 2008, a credit of \$53 (\$32 after-tax) was recorded in accumulated other comprehensive loss due to a decrease in the accumulated benefit obligation (as a result of a 20 basis-point increase in the discount rate) and the recognition of actuarial losses and prior service costs. In addition, a charge of \$8 was recorded in accumulated other comprehensive loss due to the reclassification of deferred taxes related to the Medicare Part D prescription drug subsidy. In 2007, a credit of \$240 (\$158 after-tax) was recorded in accumulated other comprehensive loss due to a decrease in the accumulated benefit obligations (as a result of a 25 basis-point increase in the discount rate) plan amendments, and the recognition of actuarial losses and prior service costs. In addition, a credit of \$80 was recorded in accumulated other comprehensive loss due to the reclassification of deferred taxes related to the Medicare Part D prescription drug subsidy.

The unrecognized net actuarial loss of \$3,650 for pension benefit plans at December 31, 2008 primarily resulted from the decrease in plan assets. The unrecognized net actuarial loss of \$724 for postretirement benefit plans at December 31, 2008 primarily resulted from the overall decline in interest rates over the past seven years. To the extent these losses exceed certain thresholds, the excess generally will be amortized over the estimated future service of plan participants, which is 10 years.

Alcoa pays a portion of the prescription drug cost for eligible retirees under certain of its postretirement benefit plans. These benefits were determined to be actuarially equivalent to the Medicare Part D prescription drug benefit of the Medicare Prescription Drug, Improvement and Modernization Act of 2003. As a result, the net periodic benefit cost for

## [Table of Contents](#)

postretirement benefits for the years ended December 31, 2008, 2007, and 2006 reflected a reduction of \$42, \$58, and \$53, respectively, related to the recognition of the federal subsidy awarded under Medicare Part D. Future net periodic postretirement benefit costs will be adjusted to reflect the lower interest cost due to the reduction in the APBO resulting from the impact of the federal subsidy.

### Assumptions

Weighted average assumptions used to determine benefit obligations are as follows:

<b>December 31,</b>	<b>2008</b>	<b>2007</b>
Discount rate	6.4%	6.2%
Rate of compensation increase	4.0	4.0

The discount rate is determined using a yield curve model developed with the assistance of the Company's external actuaries. The plans' projected benefit obligation cash flows are discounted using yields on high quality corporate bonds to produce a single equivalent rate. In 2008, the yield curve model was refined to exclude certain corporate bonds affected by recent market conditions, as they were deemed not to be representative of equivalent yields on high-quality fixed income investments. Once the credit markets stabilize, Alcoa will revert back to the use of its historic yield curve model to determine the discount rate. The plans' cash flows have an average duration of 10 years.

The rate of compensation increase is based upon actual experience. Alcoa does not expect its recent global salary freeze to significantly impact this rate since it is a long-term assumption.

Weighted average assumptions used to determine the net periodic benefit cost are as follows:

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Discount rate	6.20%	5.95%	5.70%
Expected long-term rate of return on plan assets	9.00	9.00	9.00
Rate of compensation increase	4.00	4.00	4.00

The expected long-term rate of return on plan assets is based on historical performance as well as expected future rates of return on plan assets. Although the 10-year moving average of actual performance fell below 9% for the first time in 20 years, the 20-year moving average has continued to exceed 9%. The expected long-term rate of return on plan assets will be reduced to 8.75% for 2009 reflecting recent market conditions.

Assumed health care cost trend rates are as follows:

	<b>2008</b>	<b>2007</b>	<b>2006</b>
Health care cost trend rate assumed for next year	6.5%	7.0%	7.0%
Rate to which the cost trend rate gradually declines	5.0%	5.0%	5.0%
Year that the rate reaches the rate at which it is assumed to remain	2013	2012	2011

The health care cost trend rate in the calculation of the 2007 benefit obligation was 7.0% from 2007 to 2008 and 6.5% from 2008 to 2009. Actual annual Company health care cost trend experience over the past three years has ranged from (6.2)% to 4.1%. Due to the decline in Alcoa's health care cost trend experience in recent years, a 6.5% trend rate will be used for 2009. Recently, the low-end of the range of actual annual health care costs turned favorable; however this change was not considered indicative of expected future actual costs. As a result, the assumed health care cost trend rate for next year was not significantly impacted.

## Table of Contents

Assumed health care cost trend rates have an effect on the amounts reported for the health care plan. A one-percentage point change in these assumed rates would have the following effects:

	1% increase	1% decrease
Effect on total of service and interest cost components	\$ 4	\$ (4)
Effect on postretirement benefit obligations	61	(55)

### Plan Assets

Alcoa's pension and postretirement plans' investment policy and weighted average asset allocations at December 31, 2008 and 2007, by asset category, are as follows:

Asset category	Policy range	Plan assets at December 31,	
		2008	2007
Equity securities	30–60%	38%	54%
Debt securities	30–55%	47	35
Real estate	5–15%	7	6
Other	0–15%	8	5
Total		100%	100%

The principal objectives underlying the investment of the pension and postretirement plans' assets are to ensure that Alcoa can properly fund benefit obligations as they become due under a broad range of potential economic and financial scenarios, maximize the long-term investment return with an acceptable level of risk based on such obligations, and to broadly diversify investments across and within the capital markets to protect asset values against adverse market movements in any one market. Alcoa's strategy balances the requirement to maximize returns using potentially higher return generating assets, such as equity securities, with the need to control the risk versus the benefit obligations with less volatile assets, such as fixed-income securities. In 2009, Alcoa expects to modify its pension plans' investment strategy by reducing equity securities and increasing debt securities by five percent to help reduce the future volatility of the plans' funded status.

Investment practices must comply with the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and any other applicable laws and regulations. The use of derivative instruments is permitted where appropriate and necessary for achieving overall investment policy objectives. Currently, the use of derivative instruments is not significant when compared to the overall investment portfolio.

### Cash Flows

It is Alcoa's policy to fund amounts for pension plans sufficient to meet the minimum requirements set forth in applicable benefits laws and local tax laws, including the Pension Protection Act of 2006 for U.S. plans. From time to time, Alcoa contributes additional amounts as deemed appropriate. In 2008 and 2007, contributions to Alcoa's pension plans were \$523 and \$322, of which \$433 and \$158 were voluntary, respectively. The minimum required cash contribution to the pension plans in 2009 is estimated to be \$140, comprised of \$55 for U.S. plans and \$85 for international plans.

Benefit payments expected to be paid to pension and postretirement benefit plans' participants and expected Medicare Part D subsidy receipts are as follows:

Year ended December 31,	Pension benefits	Gross Post- retirement benefits	Medicare Part D subsidy receipts	Net Post- retirement benefits
2009	\$ 770	\$ 320	\$ 25	\$ 295
2010	780	325	30	295
2011	790	330	30	300
2012	800	325	30	295
2013	810	325	35	290
2014 through 2018	4,200	1,525	155	1,370
	\$ 8,150	\$ 3,150	\$ 305	\$ 2,845

## [Table of Contents](#)

### Defined Contribution Plans

Alcoa sponsors savings and investment plans in several countries, including the U.S. and Australia. Expenses related to these plans were \$134 in 2008, \$139 in 2007, and \$134 in 2006.

### X. Derivatives and Other Financial Instruments

**Derivatives.** Alcoa uses derivative financial instruments for purposes other than trading. Fair value (losses) gains of outstanding derivative contracts were as follows:

	2008	2007
Aluminum*	\$(632)	\$(896)
Interest rates*	70	5
Other commodities, principally energy related	(34)	(30)
Currencies	-	65

\* Aluminum reflects \$119 of cash collateral paid that Alcoa elected to net against the fair value amounts recognized for certain derivative instruments executed with the same counterparties under master netting arrangements. Interest rates reflect \$67 of cash collateral held that Alcoa elected to net against the fair value amounts recognized for certain derivative instruments executed with the same counterparties under master netting arrangements. These elections were made under the provisions of FSP FIN 39-1, which was adopted by Alcoa on January 1, 2008 (see Recently Adopted Accounting Standards in Note A). There was no cash collateral held or posted as of December 31, 2007.

Aluminum consists primarily of losses on hedge contracts, embedded derivatives in power contracts in Iceland and Brazil, and Alcoa's share of gains and losses on hedge contracts of Norwegian smelters that are accounted for under the equity method.

#### Fair Value Hedges

**Aluminum.** Customers often require Alcoa to enter into long-term, fixed-price commitments. These commitments expose Alcoa to the risk of higher aluminum prices between the time the order is committed and the time that the order is shipped. Alcoa's aluminum commodity risk management policy is to manage, principally through the use of futures and options contracts, the aluminum price risk associated with a portion of its firm commitments. These contracts cover known exposures, generally within two years.

**Interest Rates.** Alcoa uses interest rate swaps to help maintain a strategic balance between fixed- and floating-rate debt and to manage overall financing costs. As of December 31, 2008, the company had pay floating, receive fixed interest rate swaps that were designated as fair value hedges. These hedges effectively convert the interest rate from fixed to floating on \$1,890 of debt through 2018 (see Note K for additional information).

**Currencies.** Alcoa uses cross-currency interest rate swaps that effectively convert its U.S. dollar denominated debt into Brazilian real debt at local interest rates.

There were no significant transactions that ceased to qualify as a fair value hedge in 2008 and 2007.

#### Cash Flow Hedges

**Commodities.** Alcoa anticipates the continued requirement to purchase aluminum and other commodities such as natural gas, fuel oil, and electricity for its operations. Alcoa enters into futures and forward contracts to reduce volatility in the price of these commodities.

**Interest Rates.** There were no cash flow hedges of interest rate exposures outstanding as of December 31, 2008 and 2007.

## [Table of Contents](#)

**Currencies.** Alcoa is subject to exposure from fluctuations in foreign currency exchange rates. Foreign currency exchange contracts may be used from time to time to hedge the variability in cash flows from the forecasted payment or receipt of currencies other than the functional currency. These contracts cover periods consistent with known or expected exposures through 2009. The U.S. dollar notional amount of all foreign currency exchange contracts was \$59 as of December 31, 2007. These contracts were hedging foreign currency exposure in Brazil. No such contracts were outstanding as of December 31, 2008.

### **Other**

Alcoa has also entered into certain derivatives to minimize its price risk related to other customer sales and pricing arrangements. Alcoa has not qualified these contracts for hedge accounting treatment and therefore, the fair value gains and losses on these contracts are recorded in earnings. The impact to earnings was a gain of \$10 in 2008, a loss of \$12 in 2007, and a gain of \$37 in 2006.

Alcoa has entered into power supply and other contracts that contain pricing provisions related to the London Metal Exchange (LME) aluminum price. The LME-linked pricing features are considered embedded derivatives. A majority of these embedded derivatives have been designated as cash flow hedges of future sales of aluminum. Gains and losses on the remainder of these embedded derivatives are recognized in earnings. The impact to earnings was a gain of \$56 in 2008, and a loss of \$25 in 2007 and \$38 in 2006.

### **Material Limitations**

The disclosures with respect to commodity prices, interest rates, and foreign currency exchange risk do not take into account the underlying commitments or anticipated transactions. If the underlying items were included in the analysis, the gains or losses on the futures contracts would be offset. Actual results will be determined by a number of factors that are not under Alcoa's control and could vary significantly from those factors disclosed.

Alcoa is exposed to credit loss in the event of nonperformance by counterparties on the above instruments, as well as credit or performance risk with respect to its hedged customers' commitments. Although nonperformance is possible, Alcoa does not anticipate nonperformance by any of these parties. Contracts are with creditworthy counterparties and are further supported by cash, treasury bills, or irrevocable letters of credit issued by carefully chosen banks. In addition, various master netting arrangements are in place with counterparties to facilitate settlement of gains and losses on these contracts.

See Notes A and K for additional information on Alcoa's hedging and derivatives activities.

**Other Financial Instruments.** The carrying values and fair values of Alcoa's financial instruments are as follows:

December 31,	2008		2007	
	Carrying value	Fair value	Carrying value	Fair value
Cash and cash equivalents	\$ 762	\$ 762	\$ 483	\$ 483
Noncurrent receivables	14	14	90	90
Available-for-sale investments	27	27	81	81
Long-term debt due within one year	56	56	202	202
Short-term borrowings	478	478	563	563
Commercial paper	1,535	1,535	856	856
Long-term debt	8,509	7,345	6,371	6,277

The methods used to estimate the fair values of certain financial instruments follow.

**Cash and Cash Equivalents, Long-Term Debt Due Within One Year, Short-Term Borrowings, and Commercial Paper.** The carrying amounts approximate fair value because of the short maturity of the instruments.

## [Table of Contents](#)

**Noncurrent Receivables.** The fair value of noncurrent receivables is based on anticipated cash flows which approximates carrying value.

**Available-for-Sale Investments.** The fair value of such investments is based on readily available market values. Investments in marketable equity securities are classified as “available-for-sale” and are carried at fair value.

**Long-Term Debt.** The fair value is based on interest rates that are currently available to Alcoa for issuance of debt with similar terms and remaining maturities.

### **Y. Subsequent Event**

On February 5, 2009, Alumínio borrowed a total of \$120 in new loans with a weighted-average interest rate of 5.13% and a weighted-average maturity of 322 days from four financial institutions. The purpose of the new borrowings is to support Alumínio’s export operations.

On February 10, 2009, Standard and Poor’s Ratings Services (S&P) changed its long-term debt rating of Alcoa from BBB+ to BBB- and its short-term debt rating from A-2 to A-3. S&P’s rating report stated that the changes in Alcoa’s ratings reflect uncertainties regarding the length and depth of the ongoing economic downturn; expectations of a long, slow economic recovery; S&P’s belief that Alcoa’s credit metrics will deteriorate significantly during 2009; and S&P’s concerns regarding Alcoa’s liquidity position. S&P removed all ratings from negative creditwatch; however, the current outlook remains negative based on expected weak earnings in 2009 and weak credit metrics based on the new S&P ratings. The report further stated that the S&P ratings reflect Alcoa’s strong business position as one of the largest integrated aluminum producers in the world, with broad product, business, and geographic diversity and efficient alumina operations.

On February 12, 2009, Alcoa and the Aluminum Corporation of China (Chinalco) entered into an agreement in which Chinalco will redeem the Note issued by SPPL. Alcoa will receive \$1,021 in cash in three installments over a six-month period ending July 31, 2009. As a result of this transaction, Alcoa will recognize a non-cash after-tax loss of approximately \$120 related to its investment in SPPL. This transaction will also result in the reversal of the unrealized loss recognized in accumulated other comprehensive income through the transaction date (see Note I for additional information).

On February 13, 2009, Moody’s Investors Service (Moody’s) changed its long-term debt rating of Alcoa from Baa1 to Baa3 and its short-term debt rating from Prime-2 to Prime-3. Moody’s rating report stated that the changes in Alcoa’s ratings reflect the relatively weak debt protection measures, increased debt levels and leverage ratios, and negative cash flow position of Alcoa going into a major economic downturn. Moody’s removed all ratings from negative creditwatch and the current outlook was changed from negative to stable. The change in the outlook was based on Moody’s view that Alcoa will be able to materially reduce short-term debt outstanding due to the monetization of Alcoa’s investment in SPPL (see above), the anticipation that Alcoa will continue to focus on reducing cash consumption, and that liquidity will remain comfortably above requirements.

On February 13, 2009, Fitch Ratings (Fitch) changed its long-term debt rating of Alcoa from BBB to BBB- and its short-term debt rating from F2 to F3. Fitch’s rating report stated that the changes in Alcoa’s ratings reflect lower earnings coupled with higher than expected debt levels resulting in higher financial leverage. Fitch also changed the current outlook from stable to negative. The report further stated that the Fitch ratings reflect Alcoa’s leading position in the industry, its strength in low-cost alumina production, and the operating flexibility afforded by the scope of the Company’s operations.

Through February 13, 2009, Alcoa has borrowed approximately \$1,100 under RCA-3 (364-day revolving credit facility—see Note K for additional information), while reducing its outstanding commercial paper as of December 31, 2008 by approximately \$900.

**Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.**

None.

**Item 9A. Controls and Procedures.**

(a) Evaluation of Disclosure Controls and Procedures

Alcoa's Chief Executive Officer and Chief Financial Officer have evaluated the company's disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as of the end of the period covered by this report, and they have concluded that these controls and procedures are effective.

(b) Management's Annual Report on Internal Control over Financial Reporting

(c) Attestation Report of the Registered Public Accounting Firm

The effectiveness of Alcoa's internal control over financial reporting as of December 31, 2008 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report, which is on page 78.

(d) Changes in Internal Control over Financial Reporting

There have been no changes in internal control over financial reporting during the fourth quarter of 2008, that have materially affected, or are reasonably likely to materially affect, the company's internal control over financial reporting.

**Item 9A(T). Controls and Procedures.**

Not Applicable.

**Item 9B. Other Information.**

None.

**PART III**

**Item 10. Directors, Executive Officers and Corporate Governance.**

The information required by Item 401 of Regulation S-K regarding directors is contained under the captions “Item 1 – Election of Directors” and “Transactions with Related Persons” of the Proxy Statement and is incorporated by reference. The information required by Item 401 of Regulation S-K regarding executive officers is set forth in Part I, Item 4A of this report under “Executive Officers of the Registrant”.

The information required by Item 405 of Regulation S-K is contained under the caption “Alcoa Stock Ownership – Section 16(a) Beneficial Ownership Reporting Compliance” of the Proxy Statement and is incorporated by reference.

The company’s Code of Ethics for the CEO, CFO and Other Financial Professionals is publicly available on the company’s Internet website at <http://www.alcoa.com> under the section “About Alcoa – Corporate Governance.” The remaining information required by Item 406 of Regulation S-K is contained under the captions “Corporate Governance” and “Corporate Governance – Business Conduct Policies and Code of Ethics” of the Proxy Statement and is incorporated by reference.

The information required by Items 407(c)(3), (d)(4) and (d)(5) of Regulation S-K is included under “Nominating Candidates for Election to the Board” and “Corporate Governance – Committees of the Board – Audit Committee” of the Proxy Statement and is incorporated by reference.

**Item 11. Executive Compensation.**

The information required by Item 402 of Regulation S-K is contained under the captions “Executive Compensation” (excluding the information under the caption “– Compensation Committee Report”), “Director Compensation”, and “Corporate Governance – Recovery of Incentive Compensation” of the Proxy Statement. Such information is incorporated by reference.

The information required by Items 407(e)(4) and (e)(5) of Regulation S-K is contained under the captions “Corporate Governance – Compensation Committee Interlocks and Insider Participation” and “Executive Compensation – Compensation Committee Report” of the Proxy Statement. Such information (other than the Compensation Committee Report, which shall not be deemed to be “filed”) is incorporated by reference.

**Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.**

The information required by Item 201(d) of Regulation S-K relating to securities authorized for issuance under equity compensation plans is contained under the caption “Executive Compensation — Equity Compensation Plan Information” of the Proxy Statement and is incorporated by reference.

The information required by Item 403 of Regulation S-K is contained under the captions “Alcoa Stock Ownership – Stock Ownership of Certain Beneficial Owners” and “– Stock Ownership of Directors and Executive Officers” of the Proxy Statement and is incorporated by reference.

**Item 13. Certain Relationships and Related Transactions, and Director Independence.**

The information required by Item 404 of Regulation S-K is contained under the captions “Executive Compensation” (excluding the information under the caption “Compensation Committee Report”), “Corporate Governance – Transactions with Directors’ Companies” of the Proxy Statement and is incorporated by reference.

The information required by Item 407(a) of Regulation S-K regarding director independence is contained under the captions “Item 1 – Election of Directors”, “Corporate Governance”, “Corporate Governance – Where to Find Corporate Governance Information”, “Corporate Governance – Director Independence”, “Corporate Governance – Committees of the Board” and “Corporate Governance – Transactions with Directors’ Companies” of the Proxy Statement and is incorporated by reference.

**Item 14. Principal Accounting Fees and Services.**

The information required by Item 9(e) of Schedule 14A is contained under the captions “Item 2 – Proposal to Ratify the Independent Auditor – Audit and Non-Audit Fees” and “– Policy on Pre-Approval of Audit Services” of the Proxy Statement and in Attachment B (Pre-Approval Policies and Procedures adopted by the Audit Committee for Audit and Non-Audit Services) thereto and is incorporated by reference.

**PART IV**

**Item 15. Exhibits, Financial Statement Schedules.**

(a) The consolidated financial statements, financial statement schedule and exhibits listed below are filed as part of this report.

(1) The company’s consolidated financial statements, the notes thereto and the report of the Independent Registered Public Accounting Firm are on pages 76 through 138 of this report.

(2) The following report and schedule should be read with the company’s consolidated financial statements: Report of PricewaterhouseCoopers LLP dated February 13, 2009 on the company’s financial statement schedule filed as a part hereof for the fiscal years ended December 31, 2008, 2007 and 2006.

Schedule II – Valuation and Qualifying Accounts For the Years Ended December 31, 2008, 2007 and 2006.

(3) Exhibits

## Table of Contents

<u>Exhibit Number</u>	<u>Description*</u>
3(a).	Articles of the Registrant as amended, incorporated by reference to exhibit 3(a) to the company's Quarterly Report on Form 10-Q (Commission file number 1-3610) for the quarter ended June 30, 2000.
3(b).	By-Laws of the Registrant as amended, incorporated by reference to exhibit 3 to the company's Current Report on Form 8-K dated September 20, 2007.
4(a).	Articles. See Exhibit 3(a) above.
4(b).	By-Laws. See Exhibit 3(b) above.
4(c).	Form of Indenture, dated as of September 30, 1993, between Alcoa and The Bank of New York Trust Company, N.A., as successor to J. P. Morgan Trust Company, National Association (formerly Chase Manhattan Trust Company, National Association), as successor Trustee to PNC Bank, National Association, as Trustee (undated form of Indenture incorporated by reference to exhibit 4(a) to Registration Statement No. 33-49997 on Form S-3).
4(c)(1).	First Supplemental Indenture dated January 25, 2007 between Alcoa Inc. and The Bank of New York Trust Company, N.A., as successor to J.P. Morgan Trust Company, National Association (formerly Chase Manhattan Trust Company, National Association), as successor Trustee to PNC Bank, National Association, as Trustee, incorporated by reference to exhibit 99.4 to the company's Current Report on Form 8-K dated January 25, 2007.
4(c)(2).	Second Supplemental Indenture dated as of July 15, 2008 between Alcoa Inc. and The Bank of New York Mellon Trust Company, N.A., as successor in interest to J. P. Morgan Trust Company, National Association (formerly Chase Manhattan Trust Company, National Association), as successor to PNC Bank, National Association), as Trustee, incorporated by reference to exhibit 4(c) to the company's Current Report on Form 8-K dated July 15, 2008.
4(d).	Form of 5.55% Notes Due 2017.
4(e).	Form of 5.90% Notes Due 2027.
4(f).	Form of 5.95% Notes Due 2037.
4(g).	Form of 6.00% Notes Due 2013, incorporated by reference to exhibit 4(a) to the company's Current Report on Form 8-K dated July 15, 2008.
4(h).	Form of 6.75% Notes Due 2018, incorporated by reference to exhibit 4(b) to the company's Current Report on Form 8-K dated July 15, 2008.
10(a).	Alcoa's Summary of the Key Terms of the AWAC Agreements, incorporated by reference to exhibit 99.2 to the company's Current Report on Form 8-K (Commission file number 1-3610) dated November 28, 2001.
10(b).	Charter of the Strategic Council executed December 21, 1994, incorporated by reference to exhibit 99.3 to the company's Current Report on Form 8-K (Commission file number 1-3610) dated November 28, 2001.
10(c).	Amended and Restated Limited Liability Company Agreement of Alcoa Alumina & Chemicals, L.L.C. dated as of December 31, 1994, incorporated by reference to exhibit 99.4 to the company's Current Report on Form 8-K (Commission file number 1-3610) dated November 28, 2001.
10(d).	Shareholders Agreement dated May 10, 1996 between Alcoa International Holdings Company and WMC Limited, incorporated by reference to exhibit 99.5 to the company's Current Report on Form 8-K (Commission file number 1-3610) dated November 28, 2001.
10(e).	Side Letter of May 16, 1995 clarifying transfer restrictions, incorporated by reference to exhibit 99.6 to the company's Current Report on Form 8-K (Commission file number 1-3610) dated November 28, 2001.

## [Table of Contents](#)

- 10(f). Enterprise Funding Agreement, dated September 18, 2006, between Alcoa Inc., certain of its affiliates and Alumina Limited, incorporated by reference to exhibit 10(f) to the company's Annual Report on Form 10-K for the year ended December 31, 2006.
- 10(f)(1). Amendments to Enterprise Funding Agreement, effective January 25, 2008, between Alcoa Inc., certain of its affiliates and Alumina Limited, incorporated by reference to exhibit 10(f)(1) to the company's Annual Report on Form 10-K for the year ended December 31, 2007.
- 10(g). Five-Year Credit Agreement, dated as of October 2, 2007, incorporated by reference to exhibit 10 to the company's Current Report on Form 8-K dated October 5, 2007.
- 10(g)(1). Accession Agreement & Notices, each dated as of July 28, 2008, relating to the Five-Year Revolving Credit Agreement, dated as of October 2, 2007, incorporated by reference to exhibit 10 to the company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2008.
- 10(h). Acquisition Agreement, dated December 21, 2007, between Alcoa Inc. and Rank Group Limited, incorporated by reference to exhibit 10(h) to the company's Annual Report on Form 10-K for the year ended December 31, 2007.
- 10(i). Alcoa Stock Acquisition Plan, effective January 1, 1999, incorporated by reference to exhibit 10(a) to the company's Annual Report on Form 10-K (Commission file number 1-3610) for the year ended December 31, 1999.
- 10(i)(1). Amendments to Alcoa Stock Acquisition Plan, effective September 1, 2000, incorporated by reference to exhibit 10(a)(1) to the company's Annual Report on Form 10-K (Commission file number 1-3610) for the year ended December 31, 2000.
- 10(i)(2). Amendments to Alcoa Stock Acquisition Plan, effective January 1, 2005, incorporated by reference to exhibit 10(i)(2) to the company's Annual Report on Form 10-K for the year ended December 31, 2005.
- 10(i)(3). Amendments to Alcoa Stock Acquisition Plan, effective December 29, 2008.
- 10(j). Employees' Excess Benefit Plan, Plan A, incorporated by reference to exhibit 10(b) to the company's Annual Report on Form 10-K (Commission file number 1-3610) for the year ended December 31, 1980.
- 10(j)(1). Amendments to Employees' Excess Benefit Plan, Plan A, effective January 1, 2000, incorporated by reference to exhibit 10(b)(1) to the company's Annual Report on Form 10-K (Commission file number 1-3610) for the year ended December 31, 2000.

\* Exhibit Nos. 10(i) through 10(uu) are management contracts or compensatory plans required to be filed as Exhibits to this Form 10-K.

Amendments and modifications to other Exhibits previously filed have been omitted when in the opinion of the registrant such Exhibits as amended or modified are no longer material or, in certain instances, are no longer required to be filed as Exhibits.

No other instruments defining the rights of holders of long-term debt of the registrant or its subsidiaries have been filed as Exhibits because no such instruments met the threshold materiality requirements under Regulation S-K. The registrant agrees, however, to furnish a copy of any such instruments to the Commission upon request.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON  
FINANCIAL STATEMENT SCHEDULE**

To the Board of Directors  
of Alcoa Inc.:

Our audits of the consolidated financial statements and of the effectiveness of internal control over financial reporting referred to in our report dated February 13, 2009 appearing in this Form 10-K also included an audit of the financial statement schedule listed in Item 15(a)(2) of this Form 10-K. In our opinion, this financial statement schedule presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements.

**SCHEDULE II – VALUATION AND QUALIFYING ACCOUNTS**  
**FOR THE YEARS ENDED DECEMBER 31,**  
**(in millions)**

<u>Col. A</u>	<u>Col. B</u>	<u>Col. C</u> <u>Additions</u>		<u>Col. D</u>	<u>Col. E</u>
<u>Description</u>	<u>Balance at beginning of period</u>	<u>Charged to costs and expenses</u>	<u>Charged to other accounts(A)</u>	<u>Deductions(B)</u>	<u>Balance at end of period</u>
<b>Allowance for doubtful accounts:</b>					
2008	\$ 68	\$ 26	\$ (5)	\$ 24	\$ 65
2007	\$ 64	\$ 9	\$ 9	\$ 14	\$ 68
2006	\$ 50	\$ 8	\$ 9	\$ 3	\$ 64
<b>Income tax valuation allowance:</b>					
2008	\$ 517	\$ 204	\$ 7	\$ 15	\$ 713
2007	\$ 536	\$ (19)	\$ —	\$ —	\$ 517
2006	\$ 467	\$ 120	\$ (14)	\$ 37	\$ 536

Notes: (A) Amounts related to the allowance for doubtful accounts represent collections on accounts previously written off, acquisition/divestiture of subsidiaries, and foreign currency translation adjustments. Amounts related to the income tax valuation allowance relate to goodwill adjustments.

(B) Amounts related to the allowance for doubtful accounts are due to the write-off of uncollectible accounts. Amounts related to the income tax valuation allowance are primarily due to the utilization of tax loss carryforwards.

The financial information for all prior periods presented was reclassified to reflect assets held for sale.

Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York Corporation ("DTC"), to Issuer or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

This Security is a Book-Entry Security within the meaning of the Indenture hereinafter referred to and is registered in the name of a Depository or a nominee thereof. This Security may not be transferred to, or registered or exchanged for Securities registered in the name of, any Person other than the Depository or a nominee thereof and no such transfer may be registered, except in the limited circumstances described in the Indenture. Every Security authenticated and delivered upon registration of transfer of, or in exchange for or in lieu of, this Security shall be a Book-Entry Security subject to the foregoing, except in such limited circumstances described in the Indenture.

ALCOA INC.

5.55% Notes Due 2017

No. R-\_\_

(U.S.) \$ \_\_\_\_\_  
CUSIP # 013817AL5

Alcoa Inc., a corporation duly organized and existing under the laws of Pennsylvania (herein called the "Company", which term includes any successor Person under the Indenture referred to on the reverse hereof), for value received, hereby promises to pay to Cede & Co., or registered assigns, the principal sum of \_\_\_\_\_ (United States) Dollars on February 1, 2017, and to pay interest thereon from January 25, 2007, or from the most recent February 1 or August 1 (each, an "Interest Payment Date") to which interest has been paid or duly provided for, semi-annually in arrears on February 1 and August 1 in each year, commencing August 1, 2007, at the rate of 5.55% per annum, until the principal hereof is paid or made available for payment. The interest so payable, and punctually paid or duly provided for, on any Interest Payment Date will, as provided in such Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest, which shall be the January 15 or July 15 (whether or not a Business Day), as the case may be, next preceding such Interest Payment Date. Interest will be paid on the basis of a 360-day year consisting of twelve 30-day months. Except as otherwise provided in the Indenture, any such interest not so punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in said Indenture. Payment of the principal of and any premium and interest on this Security will be made (a) at the Corporate Trust Office of the Trustee or

CERTIFICATE OF AUTHENTICATION

This is one of the Securities of  
the series designated therein  
referred to in the within-  
mentioned Indenture.

THE BANK OF NEW YORK TRUST COMPANY, N. A.  
as Trustee

By:                     /s/ Brian D. Butler                      
                    Authorized Signatory

This Security is one of a duly authorized issue of securities of the Company (herein called the "Securities"), issued and to be issued in one or more series under an Indenture, dated as of September 30, 1993 (herein, as supplemented by the First Supplemental Indenture dated January 25, 2007 between the Company and the Trustee (as defined below), called the "Indenture"), between the Company and The Bank of New York Trust Company, N.A., as successor to J. P. Morgan Trust Company, National Association (formerly Chase Manhattan Trust Company, National Association), as successor trustee to PNC Bank, National Association, as Trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof, initially issued in the aggregate principal amount of (U.S.) \$750,000,000.

The Securities of this series are subject to redemption, as a whole or in part, at the option of the Company, at any time or from time to time, on at least 30 days, but not more than 60 days, prior notice to the Holders of the Securities of this series given as described below, at a redemption price equal to the greater of:

- 100% of the principal amount to be redeemed, plus accrued interest, if any, to the redemption date; or
- the sum of the present values of the Remaining Scheduled Payments, as defined below, discounted, on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, as defined below, plus 12.5 basis points, plus accrued interest to the date of redemption which has not been paid.

"Treasury Rate" means, with respect to any redemption date:

- the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue; provided that if no maturity is within three months before or after the maturity date for this Security, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight line basis rounding to the nearest month; or
- if that release, or any successor release, is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

The Treasury Rate will be calculated on the third business day preceding the redemption date.

“Comparable Treasury Issue” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of this Security to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of this Security.

“Independent Investment Banker” means one of the Reference Treasury Dealers, to be appointed by the Company.

“Comparable Treasury Price” means, with respect to any redemption date for this Security:

- the average of four Reference Treasury Dealer Quotations for the redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations; or
- if the Trustee obtains fewer than four Reference Treasury Dealer Quotations, the average of all quotations obtained by the Trustee.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding such redemption date.

“Reference Treasury Dealer” means each of Citigroup Global Markets Inc, Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc. and J.P. Morgan Securities Inc., and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer, which we refer to as a “Primary Treasury Dealer,” the Company will substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer.

“Remaining Scheduled Payments” means, with respect to each Security to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such Security, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to such redemption date.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

Notice of redemption will be given by mail to Holders of Securities of this series, not less than 30 nor more than 60 days prior to the date fixed for redemption, all as provided in the Indenture.

If a Change of Control Repurchase Event occurs and this Security has not been previously redeemed, the Company will make an offer to each Holder of Securities of this series to repurchase all or any part (in integral multiples of \$1,000) of that Holder’s Securities of this series at a

repurchase price in cash equal to 101% of the aggregate principal amount of Securities of this series repurchased plus any accrued and unpaid interest on the Securities of this series repurchased to, but not including, the date of repurchase. Within 30 days following any Change of Control Repurchase Event or, at the option of the Company, prior to any Change of Control, but after the public announcement of the Change of Control, we will mail a notice to each Holder, with a copy to the Trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase Securities of this series on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on a Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase event provisions of this Security, the Company may comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Repurchase Event provisions of this Security by virtue of such conflict.

On the repurchase date following a Change of Control Repurchase Event, the Company will, to the extent lawful:

- (1) accept for payment all Securities of this series or portions of Securities of this series properly tendered pursuant to its offer;
- (2) deposit with the Paying Agent an amount equal to the aggregate purchase price in respect of all Securities of this series or portions of Securities of this series properly tendered; and
- (3) deliver or cause to be delivered to the Trustee the Securities of this series properly accepted, together with an Officers' Certificate stating the aggregate principal amount of Securities of this series being purchased by the Company.

The Paying Agent will promptly mail to each Holder of Securities of this series properly tendered the purchase price for the Securities of this series, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each Holder a new Security of this series equal in principal amount to any unpurchased portion of any Securities of this series surrendered; provided that each new Security of this series will be in a principal amount of an integral multiple of \$1,000.

The Company will not be required to make an offer to repurchase the Securities of this series upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by the Company and such third party purchases all Securities of this series properly tendered and not withdrawn under such offer.

"Below Investment Grade Ratings Event" means that on any day within the 60-day period (which period shall be extended so long as the rating of the Securities of this Series is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) after the earlier of (1) the occurrence of a Change of Control; or (2) public notice of the occurrence of a Change of Control or the intention by the Company to effect a Change of Control, the Securities of this series are rated below Investment Grade by each of the Rating Agencies. Notwithstanding the foregoing, a Below Investment Grade Ratings Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Ratings Event for purposes of the definition of Change of Control Repurchase

Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Ratings Event).

“Change of Control” means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than the Company, its subsidiaries, or its or such subsidiaries’ employee benefit plans, becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the combined voting power of the Company’s Voting Stock or other Voting Stock into which the Company’s Voting Stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares.

“Change of Control Repurchase Event” means the occurrence of both a Change of Control and a Below Investment Grade Ratings Event.

“Fitch” means Fitch Ratings Ltd.

“Investment Grade” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating categories of Moody’s); a rating of BBB- or better by S&P or Fitch (or its equivalent under any successor rating categories of S&P and Fitch); and the equivalent investment grade credit rating from any additional Rating Agency or Rating Agencies selected by the Company.

“Moody’s” means Moody’s Investors Service Inc.

“Rating Agency” means (1) each of Moody’s, S&P and Fitch; and (2) if any of Moody’s, S&P or Fitch ceases to rate the Securities of this series or fails to make a rating of the Securities of this series publicly available for reasons outside of the control of the Company, a “nationally recognized statistical rating organization” within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by the Company (as certified by a resolution of the Board of Directors) as a replacement agency for Moody’s, S&P or Fitch, or all of them, as the case may be.

“S&P” means Standard & Poor’s Ratings Services, a division of McGraw-Hill, Inc.

“Voting Stock” of any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The provisions relating to defeasance and discharge set forth in Section 1302 of the Indenture and covenant defeasance set forth in Section 1303 of the Indenture are applicable to the Securities of this series.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the

Trustee with the consent of the Holders of 50% in principal amount of the Securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As set forth in, and subject to, the provisions of the Indenture, no Holder of any Security of this series will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such Holder shall have previously given to the Trustee written notice of a continuing Event of Default with respect to this series, the Holders of not less than 25% in principal amount of the Outstanding Securities of this series shall have made written request, and offered reasonable indemnity, to the Trustee to institute such proceeding as trustee, and the Trustee shall not have received from the Holders of a majority in principal amount of the Outstanding Securities of this series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days; provided, however, that such limitations do not apply to a suit instituted by the Holder hereof for the enforcement of payment of the principal of and any premium or interest on this Security on or after the respective due dates expressed herein.

No reference herein to the Indenture, and no provision of this Security or of the Indenture, shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of (and premium, if any) and interest on this Security at the times, place(s) and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable in the Security Register, upon surrender of this Security for registration of transfer at the office or agency of the Company in any place where the principal of and any premium and interest on this Security are payable or, subject to any laws or regulations applicable thereto and to the right of the Company (limited as provided in the Indenture) to rescind the designation of any such transfer agent, at the main offices of the Company in Pittsburgh, Pennsylvania and in or at such other offices or agencies as the Company may designate, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities of this series and of like tenor, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees.

The Securities of this series are issuable only in registered form, without coupons, in denominations of \$1,000 and any integral multiple thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security is overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

As used in this Security, "Business Day" means any day other than a Saturday or Sunday, that is not a day on which banking institutions are authorized or obligated by law or executive order to close in The City of New York. All other terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture.

Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York Corporation (“DTC”), to Issuer or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

This Security is a Book-Entry Security within the meaning of the Indenture hereinafter referred to and is registered in the name of a Depository or a nominee thereof. This Security may not be transferred to, or registered or exchanged for Securities registered in the name of, any Person other than the Depository or a nominee thereof and no such transfer may be registered, except in the limited circumstances described in the Indenture. Every Security authenticated and delivered upon registration of transfer of, or in exchange for or in lieu of, this Security shall be a Book-Entry Security subject to the foregoing, except in such limited circumstances described in the Indenture.

ALCOA INC.

5.90% Notes Due 2027

No. R-\_\_

(U.S.) \$ \_\_\_\_\_  
CUSIP # 013817AJ0

Alcoa Inc., a corporation duly organized and existing under the laws of Pennsylvania (herein called the “Company”, which term includes any successor Person under the Indenture referred to on the reverse hereof), for value received, hereby promises to pay to Cede & Co., or registered assigns, the principal sum of \_\_\_\_\_ (United States) Dollars on February 1, 2027, and to pay interest thereon from January 25, 2007, or from the most recent February 1 or August 1 (each, an “Interest Payment Date”) to which interest has been paid or duly provided for, semi-annually in arrears on February 1 and August 1 in each year, commencing August 1, 2007, at the rate of 5.90% per annum, until the principal hereof is paid or made available for payment. The interest so payable, and punctually paid or duly provided for, on any Interest Payment Date will, as provided in such Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest, which shall be the January 15 or July 15 (whether or not a Business Day), as the case may be, next preceding such Interest Payment Date. Interest will be paid on the basis of a 360-day year consisting of twelve 30-day months. Except as otherwise provided in the Indenture, any such interest not so punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in said Indenture. Payment of the principal of and any premium and interest on this Security will be made (a) at the Corporate Trust Office of the Trustee or such other office

CERTIFICATE OF AUTHENTICATION

This is one of the Securities of  
the series designated therein  
referred to in the within-  
mentioned Indenture.

THE BANK OF NEW YORK TRUST COMPANY, N. A.  
as Trustee

By: \_\_\_\_\_ /s/ Brian D. Butler  
Authorized Signatory

This Security is one of a duly authorized issue of securities of the Company (herein called the "Securities"), issued and to be issued in one or more series under an Indenture, dated as of September 30, 1993 (herein, as supplemented by the First Supplemental Indenture dated January 25, 2007 between the Company and the Trustee (as defined below), called the "Indenture"), between the Company and The Bank of New York Trust Company, N.A., as successor to J. P. Morgan Trust Company, National Association (formerly Chase Manhattan Trust Company, National Association), as successor trustee to PNC Bank, National Association, as Trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof, initially issued in the aggregate principal amount of (U.S.) \$625,000,000.

The Securities of this series are subject to redemption, as a whole or in part, at the option of the Company, at any time or from time to time, on at least 30 days, but not more than 60 days, prior notice to the Holders of the Securities of this series given as described below, at a redemption price equal to the greater of:

- 100% of the principal amount to be redeemed, plus accrued interest, if any, to the redemption date; or
- the sum of the present values of the Remaining Scheduled Payments, as defined below, discounted, on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, as defined below, plus 15 basis points, plus accrued interest to the date of redemption which has not been paid.

"Treasury Rate" means, with respect to any redemption date:

- the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue; provided that if no maturity is within three months before or after the maturity date for this Security, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight line basis rounding to the nearest month; or
- if that release, or any successor release, is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

The Treasury Rate will be calculated on the third business day preceding the redemption date.

“Comparable Treasury Issue” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of this Security to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of this Security.

“Independent Investment Banker” means one of the Reference Treasury Dealers, to be appointed by the Company.

“Comparable Treasury Price” means, with respect to any redemption date for this Security:

- the average of four Reference Treasury Dealer Quotations for the redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations; or
- if the Trustee obtains fewer than four Reference Treasury Dealer Quotations, the average of all quotations obtained by the Trustee.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding such redemption date.

“Reference Treasury Dealer” means each of Citigroup Global Markets Inc, Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc. and J.P. Morgan Securities Inc., and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer, which we refer to as a “Primary Treasury Dealer,” the Company will substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer.

“Remaining Scheduled Payments” means, with respect to each Security to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such Security, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to such redemption date.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

Notice of redemption will be given by mail to Holders of Securities of this series, not less than 30 nor more than 60 days prior to the date fixed for redemption, all as provided in the Indenture.

If a Change of Control Repurchase Event occurs and this Security has not been previously redeemed, the Company will make an offer to each Holder of Securities of this series to repurchase all or any part (in integral multiples of \$1,000) of that Holder’s Securities of this series at a repurchase price in cash equal to 101% of the aggregate principal amount of Securities of this series

repurchased plus any accrued and unpaid interest on the Securities of this series repurchased to, but not including, the date of repurchase. Within 30 days following any Change of Control Repurchase Event or, at the option of the Company, prior to any Change of Control, but after the public announcement of the Change of Control, we will mail a notice to each Holder, with a copy to the Trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase Securities of this series on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on a Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase event provisions of this Security, the Company may comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Repurchase Event provisions of this Security by virtue of such conflict.

On the repurchase date following a Change of Control Repurchase Event, the Company will, to the extent lawful:

- (1) accept for payment all Securities of this series or portions of Securities of this series properly tendered pursuant to its offer;
- (2) deposit with the Paying Agent an amount equal to the aggregate purchase price in respect of all Securities of this series or portions of Securities of this series properly tendered; and
- (3) deliver or cause to be delivered to the Trustee the Securities of this series properly accepted, together with an Officers' Certificate stating the aggregate principal amount of Securities of this series being purchased by the Company.

The Paying Agent will promptly mail to each Holder of Securities of this series properly tendered the purchase price for the Securities of this series, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each Holder a new Security of this series equal in principal amount to any unpurchased portion of any Securities of this series surrendered; provided that each new Security of this series will be in a principal amount of an integral multiple of \$1,000.

The Company will not be required to make an offer to repurchase the Securities of this series upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by the Company and such third party purchases all Securities of this series properly tendered and not withdrawn under such offer.

"Below Investment Grade Ratings Event" means that on any day within the 60-day period (which period shall be extended so long as the rating of the Securities of this Series is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) after the earlier of (1) the occurrence of a Change of Control; or (2) public notice of the occurrence of a Change of Control or the intention by the Company to effect a Change of Control, the Securities of this series are rated below Investment Grade by each of the Rating Agencies. Notwithstanding the foregoing, a Below Investment Grade Ratings Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Ratings Event for purposes of the definition of Change of Control Repurchase Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would

otherwise apply do not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Ratings Event).

“Change of Control” means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than the Company, its subsidiaries, or its or such subsidiaries’ employee benefit plans, becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the combined voting power of the Company’s Voting Stock or other Voting Stock into which the Company’s Voting Stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares.

“Change of Control Repurchase Event” means the occurrence of both a Change of Control and a Below Investment Grade Ratings Event.

“Fitch” means Fitch Ratings Ltd.

“Investment Grade” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating categories of Moody’s); a rating of BBB- or better by S&P or Fitch (or its equivalent under any successor rating categories of S&P and Fitch); and the equivalent investment grade credit rating from any additional Rating Agency or Rating Agencies selected by the Company.

“Moody’s” means Moody’s Investors Service Inc.

“Rating Agency” means (1) each of Moody’s, S&P and Fitch; and (2) if any of Moody’s, S&P or Fitch ceases to rate the Securities of this series or fails to make a rating of the Securities of this series publicly available for reasons outside of the control of the Company, a “nationally recognized statistical rating organization” within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by the Company (as certified by a resolution of the Board of Directors) as a replacement agency for Moody’s, S&P or Fitch, or all of them, as the case may be.

“S&P” means Standard & Poor’s Ratings Services, a division of McGraw-Hill, Inc.

“Voting Stock” of any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The provisions relating to defeasance and discharge set forth in Section 1302 of the Indenture and covenant defeasance set forth in Section 1303 of the Indenture are applicable to the Securities of this series.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of 50% in principal amount of the Securities at the time

Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As set forth in, and subject to, the provisions of the Indenture, no Holder of any Security of this series will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such Holder shall have previously given to the Trustee written notice of a continuing Event of Default with respect to this series, the Holders of not less than 25% in principal amount of the Outstanding Securities of this series shall have made written request, and offered reasonable indemnity, to the Trustee to institute such proceeding as trustee, and the Trustee shall not have received from the Holders of a majority in principal amount of the Outstanding Securities of this series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days; provided, however, that such limitations do not apply to a suit instituted by the Holder hereof for the enforcement of payment of the principal of and any premium or interest on this Security on or after the respective due dates expressed herein.

No reference herein to the Indenture, and no provision of this Security or of the Indenture, shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of (and premium, if any) and interest on this Security at the times, place(s) and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable in the Security Register, upon surrender of this Security for registration of transfer at the office or agency of the Company in any place where the principal of and any premium and interest on this Security are payable or, subject to any laws or regulations applicable thereto and to the right of the Company (limited as provided in the Indenture) to rescind the designation of any such transfer agent, at the main offices of the Company in Pittsburgh, Pennsylvania and in or at such other offices or agencies as the Company may designate, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities of this series and of like tenor, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees.

The Securities of this series are issuable only in registered form, without coupons, in denominations of \$1,000 and any integral multiple thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security is overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

As used in this Security, "Business Day" means any day other than a Saturday or Sunday, that is not a day on which banking institutions are authorized or obligated by law or executive order to close in The City of New York. All other terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture.

Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York Corporation ("DTC"), to Issuer or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

This Security is a Book-Entry Security within the meaning of the Indenture hereinafter referred to and is registered in the name of a Depository or a nominee thereof. This Security may not be transferred to, or registered or exchanged for Securities registered in the name of, any Person other than the Depository or a nominee thereof and no such transfer may be registered, except in the limited circumstances described in the Indenture. Every Security authenticated and delivered upon registration of transfer of, or in exchange for or in lieu of, this Security shall be a Book-Entry Security subject to the foregoing, except in such limited circumstances described in the Indenture.

the series designated therein  
referred to in the within-  
mentioned Indenture.

THE BANK OF NEW YORK TRUST COMPANY, N. A.  
as Trustee

By: \_\_\_\_\_ /s/ Brian D. Butler  
Authorized Signatory

This Security is one of a duly authorized issue of securities of the Company (herein called the "Securities"), issued and to be issued in one or more series under an Indenture, dated as of September 30, 1993 (herein, as supplemented by the First Supplemental Indenture dated January 25, 2007 between the Company and the Trustee (as defined below), called the "Indenture"), between the Company and The Bank of New York Trust Company, N.A., as successor to J. P. Morgan Trust Company, National Association (formerly Chase Manhattan Trust Company, National Association), as successor trustee to PNC Bank, National Association, as Trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof, initially issued in the aggregate principal amount of (U.S.) \$625,000,000.

The Securities of this series are subject to redemption, as a whole or in part, at the option of the Company, at any time or from time to time, on at least 30 days, but not more than 60 days, prior notice to the Holders of the Securities of this series given as described below, at a redemption price equal to the greater of:

- 100% of the principal amount to be redeemed, plus accrued interest, if any, to the redemption date; or
- the sum of the present values of the Remaining Scheduled Payments, as defined below, discounted, on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, as defined below, plus 20 basis points, plus accrued interest to the date of redemption which has not been paid.

"Treasury Rate" means, with respect to any redemption date:

- the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue; provided that if no maturity is within three months before or after the maturity date for this Security, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight line basis rounding to the nearest month; or

- if that release, or any successor release, is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

The Treasury Rate will be calculated on the third business day preceding the redemption date.

“Comparable Treasury Issue” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of this Security to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of this Security.

“Independent Investment Banker” means one of the Reference Treasury Dealers, to be appointed by the Company.

“Comparable Treasury Price” means, with respect to any redemption date for this Security:

- the average of four Reference Treasury Dealer Quotations for the redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations; or
- if the Trustee obtains fewer than four Reference Treasury Dealer Quotations, the average of all quotations obtained by the Trustee.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding such redemption date.

“Reference Treasury Dealer” means each of Citigroup Global Markets Inc, Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc. and J.P. Morgan Securities Inc., and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer, which we refer to as a “Primary Treasury Dealer,” the Company will substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer.

“Remaining Scheduled Payments” means, with respect to each Security to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such Security, the amount

of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to such redemption date.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

Notice of redemption will be given by mail to Holders of Securities of this series, not less than 30 nor more than 60 days prior to the date fixed for redemption, all as provided in the Indenture.

If a Change of Control Repurchase Event occurs and this Security has not been previously redeemed, the Company will make an offer to each Holder of Securities of this series to repurchase all or any part (in integral multiples of \$1,000) of that Holder's Securities of this series at a repurchase price in cash equal to 101% of the aggregate principal amount of Securities of this series repurchased plus any accrued and unpaid interest on the Securities of this series repurchased to, but not including, the date of repurchase. Within 30 days following any Change of Control Repurchase Event or, at the option of the Company, prior to any Change of Control, but after the public announcement of the Change of Control, we will mail a notice to each Holder, with a copy to the Trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase Securities of this series on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on a Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase event provisions of this Security, the Company may comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Repurchase Event provisions of this Security by virtue of such conflict.

On the repurchase date following a Change of Control Repurchase Event, the Company will, to the extent lawful:

(1) accept for payment all Securities of this series or portions of Securities of this series properly tendered pursuant to its offer;

(2) deposit with the Paying Agent an amount equal to the aggregate purchase price in respect of all Securities of this series or portions of Securities of this series properly tendered; and

(3) deliver or cause to be delivered to the Trustee the Securities of this series properly accepted, together with an Officers' Certificate stating the aggregate principal amount of Securities of this series being purchased by the Company.

The Paying Agent will promptly mail to each Holder of Securities of this series properly tendered the purchase price for the Securities of this series, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each Holder a new Security of this series equal in principal amount to any unpurchased portion of any Securities of this series surrendered; provided that each new Security of this series will be in a principal amount of an integral multiple of \$1,000.

The Company will not be required to make an offer to repurchase the Securities of this series upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by the Company and such third party purchases all Securities of this series properly tendered and not withdrawn under such offer.

“Below Investment Grade Ratings Event” means that on any day within the 60-day period (which period shall be extended so long as the rating of the Securities of this Series is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) after the earlier of (1) the occurrence of a Change of Control; or (2) public notice of the occurrence of a Change of Control or the intention by the Company to effect a Change of Control, the Securities of this series are rated below Investment Grade by each of the Rating Agencies. Notwithstanding the foregoing, a Below Investment Grade Ratings Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Ratings Event for purposes of the definition of Change of Control Repurchase Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Ratings Event).

“Change of Control” means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than the Company, its subsidiaries, or its or such subsidiaries’ employee benefit plans, becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the combined voting power of the Company’s Voting Stock or other Voting Stock into which the Company’s Voting Stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares.

“Change of Control Repurchase Event” means the occurrence of both a Change of Control and a Below Investment Grade Ratings Event.

“Fitch” means Fitch Ratings Ltd.

“Investment Grade” means a rating of Baa3 or better by Moody’s (or its equivalent under any successor rating categories of Moody’s); a rating of BBB- or better by S&P or Fitch (or its equivalent under any successor rating categories of S&P and Fitch); and the equivalent investment grade credit rating from any additional Rating Agency or Rating Agencies selected by the Company.

“Moody’s” means Moody’s Investors Service Inc.

“Rating Agency” means (1) each of Moody’s, S&P and Fitch; and (2) if any of Moody’s, S&P or Fitch ceases to rate the Securities of this series or fails to make a rating of the Securities of this series publicly available for reasons outside of the control of the Company, a “nationally recognized statistical rating organization” within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by the Company (as certified by a resolution of the Board of Directors) as a replacement agency for Moody’s, S&P or Fitch, or all of them, as the case may be.

“S&P” means Standard & Poor’s Ratings Services, a division of McGraw-Hill, Inc.

“Voting Stock” of any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The provisions relating to defeasance and discharge set forth in Section 1302 of the Indenture and covenant defeasance set forth in Section 1303 of the Indenture are applicable to the Securities of this series.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of 50% in principal amount of the Securities at the time Outstanding of each series to be affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As set forth in, and subject to, the provisions of the Indenture, no Holder of any Security of this series will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such Holder shall have previously given to the Trustee written notice of a continuing Event of Default with respect to this series, the Holders of not less

than 25% in principal amount of the Outstanding Securities of this series shall have made written request, and offered reasonable indemnity, to the Trustee to institute such proceeding as trustee, and the Trustee shall not have received from the Holders of a majority in principal amount of the Outstanding Securities of this series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days; provided, however, that such limitations do not apply to a suit instituted by the Holder hereof for the enforcement of payment of the principal of and any premium or interest on this Security on or after the respective due dates expressed herein.

No reference herein to the Indenture, and no provision of this Security or of the Indenture, shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of (and premium, if any) and interest on this Security at the times, place(s) and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable in the Security Register, upon surrender of this Security for registration of transfer at the office or agency of the Company in any place where the principal of and any premium and interest on this Security are payable or, subject to any laws or regulations applicable thereto and to the right of the Company (limited as provided in the Indenture) to rescind the designation of any such transfer agent, at the main offices of the Company in Pittsburgh, Pennsylvania and in or at such other offices or agencies as the Company may designate, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities of this series and of like tenor, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees.

The Securities of this series are issuable only in registered form, without coupons, in denominations of \$1,000 and any integral multiple thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security is overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

As used in this Security, "Business Day" means any day other than a Saturday or Sunday, that is not a day on which banking institutions are authorized or obligated by law or executive order to close in The City of New York. All other terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture.

AMENDMENT TO THE  
ALCOA STOCK ACQUISITION PLAN

The American Jobs Creation Act of 2004 requires certain changes to plan provisions required by Section 409A of the Internal Revenue Code, and regulations thereunder. In order to comply with the requirements and clarify certain plan provisions, the plan is amended as follows:

1. Effective January 1, 2008, the definition of Beneficiary is amended by adding the following sentence:

Effective January 1, 2008, Beneficiary will also include any person or persons designated in writing by a Participant's Beneficiary, to receive benefits in the event of the Participant's Beneficiary's death.

2. Effective January 1, 2005, replace the word "retirement" with the defined term "Retirement" throughout.

3. Effective January 1, 2009, the definition of Continuous Service is restated as follows:

"Continuous Service" means Continuous Service as defined in the Alcoa Deferred Compensation Plan.

4. Effective January 1, 2005, the definition of "Key Employee" is replaced with the following:

"Specified Employee" means a "specified employee" as defined under written guidelines adopted by the Company, which comply with Section 409A of the Internal Revenue Code and any regulations promulgated thereunder.

And any references to "Key Employee" are replaced with "Specified Employee" throughout.

5. Effective January 1, 2005, the definition of "Nonforfeitable Circumstance" is restated as follows:

Nonforfeitable Circumstance means:

- (a) an absence from employment due to a reduction of the work force or layoff by the Company, Subsidiary or Affiliate due to lack of work; or
- (b) total and permanent disability as defined by Internal Revenue Code 409A and regulations thereunder; or

- (c) any termination of service or release instituted by a participating employer (including termination due to the sale of a Subsidiary) that is not due to a discharge or dismissal; or
- (d) a Participant has attained three years of Continuous Service; or
- (e) a Participant is eligible for Retirement; or
- (f) a Participant's death.

6. Effective January 1, 2005, a new definition of "Retirement" is added as follows:

"Retirement" means termination of employment after either:

- (a) becoming eligible for a normal or early retirement type under a qualified pension plan of the Company, a Subsidiary or Affiliate; or
- (b) if not eligible to participate in a qualified pension plan pursuant to the above subsection (a), attaining either:
  - (i) age 55 and completing 10 or more years of Continuous Service; or
  - (ii) age 65 and completing three or more years of Continuous Service.

7. The definition of "Savings Plan" is amended by replacing the first sentence with the following:

"Savings Plan" means the Alcoa Savings Plan for Non-Bargaining Employees, and/or the Alcoa Savings Plan for Subsidiary and Affiliate Employees, as they are now in existence or as hereafter amended.

8. Effective January 1, 2009, the provisions added to Sections 8.2, 8.3, (by amendment effective January 1, 2005) are revised by moving those additional provisions to the end of Section 5.4 as a new paragraph, and the new Section 8.8 is moved to a new Section 5.8. Additionally, Section 5.4 is amended as follows, the first word of the first paragraph of Section 5.4 "Prior" is replaced with: "For Pre-2005 Credits, prior". Additionally, the last word of Section 5.4, "Participant" is replaced with "Eligible Employee" and the following is added as a new paragraph:

If a Participant has irrevocably elected to receive annual installments following Retirement or is receiving annual installments, for either Pre-2005 or Post-2004 Credits, and is subsequently reemployed by the Company on or after January 1, 2009, such annual installments shall continue regardless of reemployment or reinstatement of Continuous Service. Credits and Earnings Credits thereon accrued during the term of reemployment will be distributed separately upon subsequent termination.

---

9. Effective January 1, 2008, the last sentence in Section 5.5 is replaced with the following:

In the event a Beneficiary dies prior to receiving all the annual installments which he or she is entitled to receive from this Plan, any remaining installments will be distributed as soon as administratively practical in a lump sum to the Beneficiary's designated Beneficiary, or if there is no designated Beneficiary, then to the Beneficiary's estate.

10. Effective January 1, 2005, Section 8.2 is amended by adding the following: "except as provided in a qualified domestic relations order."

11. In all other respects, the Plan is ratified and confirmed.

AMENDMENT TO ALCOA INC.  
EMPLOYEES' EXCESS BENEFITS PLAN A

1. Effective January 1, 2009, the following new definitions are added as follows:

“Specified Employee” means an employee as defined under written guidelines adopted by the Company, which comply with Section 409A of the Internal Revenue Code and any regulations promulgated thereunder.

“Retirement” or “Retires” means the termination of employment after becoming eligible for a Normal or Early Retirement type under Plan I Rules. Notwithstanding the foregoing, to the extent a Participant is eligible for a Disability Retirement under Plan I Rules, such disability must also comply with Section 409A of the Internal Revenue Code and the regulations promulgated thereunder for purposes of this Plan. “Retirement” shall also mean any retirement as may be defined under any executive severance agreement entered into between the Company and a Participant.

“Short Term Applicable Rate of Interest” shall mean the rate prescribed for January of the year of retirement under Section 1274(d) of the Internal Revenue Code.

2. Section 2.1 is restated as follows:

2.1 All Excess Pensions will be payable to a Participant, or Surviving Spouse as described in Section 2.2.

3. Section 2.2 is amended by adding the following after the first paragraph:

Effective January 1, 2009, all Excess Pensions not in pay status, will be payable in monthly installments as provided below:

a. Excess Pensions will be payable commencing on the last day of the month of

i) a Participant’s Retirement, or

ii) to the extent the Participant is not eligible for Retirement, but is otherwise vested in Plan I, the later of:

x) termination of vesting service as provided in Plan I, or

y) attainment of age 55, or

z) such other date as irrevocably elected in writing by the Participant prior to December 31, 2008.

b. Notwithstanding the foregoing, to the extent the Participant is a Specified Employee, such monthly installment will commence on the last day of the seventh month

following the date determined in a. above, and will be paid retroactively to the date determined in a. above, and will include interest accrued on the missed payments. "Interest" means the interest calculated using the Short Term Applicable Rate of Interest in effect as of January of the year of retirement.

c. The determination of any Excess Pension payable with respect to Participant who Retires pursuant to the terms of an executive severance agreement, will include any service credit provided by such agreement for purposes of determining vesting and eligibility, but not benefit accrual.

d. The form of payment of Excess Pension paid to a Participant who has a Surviving Spouse as defined under Plan I Rules, is a joint and survivor annuity as described in Plan I Rules, in which the Participant's Excess Pension paid during his or her lifetime is reduced, and an amount equal to 50% of the Excess Pension amount received by the Participant is paid to the Surviving Spouse. There are no optional forms of payment or Qualified Optional Survivor Annuities (as that term is described in Plan I Rules) under this Plan.

e. The form of payment of Excess Pension paid to a Participant who has no Surviving Spouse on the date payment of Excess Pension commences is a single life annuity as described in Plan I Rules.

4. A new Section 2.5 is added as follows:

2.5 If a Participant is receiving payments under this Plan and is subsequently reemployed by the Company, payments under this Plan shall continue regardless of the cessation of the Participant's monthly Pension payments due to such reemployment under Plan I Rules.

5. Effective as of January 1, 2008, a new Article VII is added as follows:

ARTICLE VII  
CHANGE IN CONTROL

7.1 Provisions Upon Change in Control. Notwithstanding any other provision of the Plan, in the event of a Change in Control, as that term is defined in Alcoa Retirement Plan I, neither the Company, Board of Directors, Committee, or other designee of the Board of Directors, may, during the three-year period commencing on the date that the Change in Control occurs:

a. Amend, modify, or terminate the Plan, except to the extent as may be legally required by any law or regulations prescribed thereunder, or any provision of the Internal Revenue Code or any regulation prescribed thereunder; or

b. Reduce future Plan benefits of any Participant.

6. In all other respects the Plan is ratified and confirmed.

AMENDMENT TO ALCOA INC.  
EMPLOYEES' EXCESS BENEFITS PLAN C

1. Effective January 1, 2009, the following new definitions are added as follows:

"Specified Employee" means an employee as defined under written guidelines adopted by the Company, which comply with Section 409A of the Internal Revenue Code and any regulations promulgated thereunder.

"Retirement" or "Retires" means the termination of employment after becoming eligible for a Normal or Early Retirement type under an Other Plan. Notwithstanding the foregoing, to the extent a Participant is eligible for a Disability Retirement under Plan I, such disability must also comply with Section 409A of the Internal Revenue Code and the regulations promulgated thereunder for purposes of this Plan. "Retirement" shall also mean any retirement as may be defined under any executive severance agreement entered into between the Company and a Participant.

"Short Term Applicable Rate of Interest" shall mean the rate prescribed for January of the year of retirement under Section 1274(d) of the Internal Revenue Code.

2. A new Section 2.8 is added as follows:

Notwithstanding the foregoing provisions of this Article II, effective January 1, 2009, all Benefits not in pay status, will be payable in monthly installments as provided below:

a. Benefits will be payable commencing on the last day of the month of

i) a Participant's Retirement, or

ii) to the extent the Participant is not eligible for Retirement, but is otherwise vested in Plan I, the later of:

x) termination of vesting service as provided in Plan I, or

y) attainment of age 55, or

z) such other date as irrevocably elected in writing by the Participant prior to December 31, 2008.

b. Notwithstanding the foregoing, to the extent the Participant is a Specified Employee, such monthly installment will commence on the last day of the seventh month following the date determined in a. above, and will be paid retroactively to the date determined in a. above, and will include interest accrued on the missed payments. "Interest" means the interest calculated using the Short Term Applicable Rate of Interest in effect as of January of the year of retirement.

c. The determination of any Benefit payable with respect to Participant who Retires pursuant to the terms of an executive severance agreement, will include any service credit provided by such agreement for purposes of determining vesting and eligibility, but not benefit accrual.

d. i) The form of payment of Benefit paid to a Participant who has a Surviving Spouse as defined under Plan I, is a joint and survivor annuity, in which the Participant's Benefit paid during his or her lifetime is reduced, and an amount equal to 50% of the Benefit amount received by the Participant is paid to the Surviving Spouse. There are no optional forms of payment or Qualified Optional Survivor Annuities (as that term is described in Plan I) under this Plan.

ii) The form of payment of Benefits paid to a Participant who has no Surviving Spouse on the date payment of Benefits commence is a single life annuity as described in Plan I.

e. If a Participant is receiving payments under this Plan and is subsequently reemployed by the Company, payments under this Plan shall continue regardless of the cessation of the Participant's monthly Pension payments due to such reemployment under Plan I.

3. Effective as of January 1, 2008, a new Article VII is added as follows:

ARTICLE VII  
CHANGE IN CONTROL

7.1 Provisions Upon Change in Control. Notwithstanding any other provision of the Plan, in the event of a Change in Control, as that term is defined in Alcoa Retirement Plan I, neither the Company, Board of Directors, Committee, or other designee of the Board of Directors, may, during the three-year period commencing on the date that the Change in Control occurs:

a. Amend, modify, or terminate the Plan, except to the extent as may be legally required by any law or regulations prescribed thereunder, or any provision of the Internal Revenue Code or any regulation prescribed thereunder; or

b. Reduce future Plan benefits of any Participant.

4. In all other respects the Plan is ratified and confirmed.

AMENDMENT TO THE  
ALCOA DEFERRED COMPENSATION PLAN

The American Jobs Creation Act of 2004 requires certain changes to plan provisions required by Section 409A of the Internal Revenue Code, and regulations thereunder. In order to comply with the requirements and clarify certain plan provisions, the plan is amended as follows:

1. Due to the change of the Company's name, Aluminum Company of America is replaced with Alcoa Inc. throughout.

2. A new second paragraph is added to the Plan as follows:

Effective January 1, 2009, the AFL Deferred Compensation and Excess Plan, (which was created by the merger of the Alcoa Fujikura Ltd. Telecommunications Division Deferred Compensation Plan and Alcoa Fujikura Ltd. Deferred Compensation Plan effective January 1, 1993) ("AFL Plan") is merged into this Plan and this Plan is the surviving plan. All Pre-2005 Credits from the AFL Plan and earnings thereon will continue to be treated as Pre-2005 Credits under this Plan. All Post-2004 Credits from the AFL Plan and earnings thereon, including all account balances of any Participant with less than three (3) years of Continuous Service as of January 1, 2005, will be treated as Post-2004 Credits under this Plan.

3. Effective January 1, 2008, the definition of Beneficiary is amended by adding the following sentence:

Effective January 1, 2008, Beneficiary will also include any person or persons designated in writing by a Participant's Beneficiary, to receive benefits in the event of the Participant's Beneficiary's death.

4. Effective January 1, 2005, the word "retirement" is replaced with the defined term "Retirement" throughout.

5. Effective January 1, 2009, the definition of Continuous Service is restated to terminate continuous service after 6 months for most absences as follows:

"Continuous Service" means, except as modified by the balance of this definition, the period of continuous employment with the Company, Subsidiary or Affiliate, either as a salaried employee or as an hourly-rated employee, subject to such rules as may be adopted from time to time by the Committee. Continuous Service shall terminate upon any quit, dismissal, discharge or any other termination of employment with the Company, Subsidiary or Affiliate; any determination by the Committee that employment with these entities has terminated shall be conclusive. Continuous Service upon reemployment does not include any

Continuous Service accrued prior to a termination of Continuous Service, except that if a Participant's Continuous Service is terminated by reason of Retirement or a Nonforfeitable Circumstance, Continuous Service at the time of such termination shall be reinstated upon the date of his or her reemployment with the Company, a Subsidiary or Affiliate. Effective January 1, 2009, absences from such employment due to inactive status, sick leave, leave of absence or layoff shall constitute a termination of Continuous Service after such status has continued for 6 months, except to the extent the Participant has the legal right to be reemployed either through contract or statute. Effective as of July 1, 1998 all years of service accrued with Alumax, Inc. or any of its subsidiaries ("Alumax") on and after June 16, 1998, by any Participant who was actively employed with Alumax on June 16, 1998, will be taken into account to determine Continuous Service.

6. Due to the change in the name of the committee, the term "Inside Director Committee" is replaced with "Benefit Management Committee" throughout.

7. Effective January 1, 2005, the definition of "Key Employee" is replaced with the following:

"Specified Employee" means a "specified employee" as defined under written guidelines adopted by the Company, which comply with Section 409A of the Internal Revenue Code and any regulations promulgated thereunder.

And any references to "Key Employee" are replaced with "Specified Employee" throughout.

8. Effective January 1, 2005, a new definition of "Nonforfeitable Circumstance" is added as follows:

"Nonforfeitable Circumstance" means:

- (a) an absence from employment due to a reduction of the work force or layoff by the Company, Subsidiary or Affiliate due to lack of work; or
- (b) total and permanent disability as defined by Internal Revenue Code 409A and regulations thereunder; or
- (c) any termination of service or release instituted by a participating employer (including termination due to the sale of a Subsidiary) that is not due to a discharge or dismissal; or
- (d) a Participant has attained three years of Continuous Service; or
- (e) a Participant is eligible for Retirement; or

(f) a Participant's death.

9. Effective January 1, 2005, a new definition of "Retirement" is added as follows:

"Retirement" means termination of employment after either:

- (a) becoming eligible for a normal or early retirement type under a qualified pension plan of the Company, a Subsidiary or Affiliate; or
- (b) if not eligible to participate in a qualified pension plan pursuant to the above subsection (a) , attaining either:
  - (i) age 55 and completing 10 or more years of Continuous Service; or
  - (ii) age 65 and completing three or more years of Continuous Service.

10. The definition of "Savings Plan" is amended by replacing the first sentence with the following:

"Savings Plan" means the Alcoa Savings Plan for Non-Bargaining Employees, and/or the Alcoa Savings Plan for Subsidiary and Affiliate Employees, as they are now in existence or as hereafter amended.

11. Effective January 1, 2005, a new sentence is added to the end of Section 3.1 as follows:

Effective January 1, 2005, elections for salary reductions must be received by the Plan in the year before such salary is earned, and such election is irrevocable.

12. Effective January 1, 2005, a new sentence is added to the end of Section 3.3 as follows:

Effective January 1, 2005, such Incentive Compensation Deferral Credit elections must be received by the Plan at least 6 months before the end of the year in which they are earned, and such election is irrevocable.

13. Effective January 1, 2009, a new sentence is added to Section 7.1 (b)(ii) as follows:

Effective January 1, 2009, such transfers from Alcoa Stock Fund may be made daily.

14. Effective January 1, 2009, a new sentence is added to Section 7.1(c) (ii) as follows:

Effective January 1, 2009, such transfers from Alcoa Stock Fund may be made daily regardless of the Participant's years of plan participation or length of time the Matching Company Credits have been in the Participant's account.

15. Effective January 1, 2008, the first paragraph of Section 8.1 is amended and restated as follows:

Except as otherwise specified in this Article VIII, the amount of Credits in a Participant's account shall be distributed to the Participant upon his or her termination of Continuous Service, unless the Participant has the legal right to be reemployed either through contract or statute. If at the time of the distribution, the Participant has incurred a Nonforfeitable Circumstance, the Participant shall receive all Matching Company Credits and Employer Contribution Credits, which have been credited to his or her account. If the Participant has not incurred a Nonforfeitable Circumstance, the Participant will forfeit his or her right to receive all Matching Company Credits and Employer Contribution Credits contributed to his or her account.

16. Effective January 1, 2009, the first word of the first paragraph of Section 8.3 "Prior" is replaced with: "For Pre-2005 Credits, prior". Additionally, the last word of Section 8.3, "Participant" is replaced with "Eligible Employee" and the following is added as a new paragraph:

If a Participant has irrevocably elected to receive annual installments following Retirement or is receiving annual installments, for either Pre-2005 or Post-2004 Credits, and is subsequently reemployed by the Company on or after January 1, 2009, such annual installments shall continue regardless of reemployment or reinstatement of Continuous Service. Credits and Earnings Credits thereon accrued during the term of reemployment will be distributed separately upon subsequent termination.

17. Effective January 1, 2009, the last sentence in Section 8.4 is replaced with the following:

In the event a Beneficiary dies prior to receiving all the annual installments which he or she is entitled to receive from this Plan, any remaining installments will be distributed as soon as administratively practical in a lump sum to the Beneficiary's designated Beneficiary, or if there is no designated Beneficiary, then to the Beneficiary's estate.

18. Effective January 1, 2005, Section 8.6 is amended by adding the following: "except as provided in a qualified domestic relations order."

19. In all other respects, the Plan is ratified and confirmed.

AMENDMENT TO  
ALCOA SUPPLEMENTAL PENSION PLAN FOR SENIOR EXECUTIVES

1. Effective January 1, 2009, the following new definitions are added as follows:

“Specified Employee” means an employee as defined under written guidelines adopted by the Company, which comply with Section 409A of the Internal Revenue Code and any regulations promulgated thereunder.

“Retirement” or “Retires” means the termination of employment after becoming eligible for a Normal or Early Retirement type under Rule IC or Excess B. Notwithstanding the foregoing, to the extent a Participant is eligible for a Disability Retirement, such disability must also comply with Section 409A of the Internal Revenue Code and the regulations promulgated thereunder for purposes of this Plan. “Retirement” shall also mean any retirement as may be defined under any executive severance agreement entered into between the Company and a Participant.

“Short Term Applicable Rate of Interest” shall mean the rate prescribed for January of the year of retirement under Section 1274(d) of the Internal Revenue Code.

2. Section 2.1 is restated as follows:

2.1 All Excess Pensions will be payable to a Participant, or Surviving Spouse as described in Section 2.2.

3. Section 2.2 is amended by adding the following after the first paragraph:

Effective January 1, 2009, all Excess Pensions not in pay status, will be payable in monthly installments as provided below:

a. Excess Pensions will be payable commencing on the last day of the month of

i) a Participant’s Retirement, or

ii) to the extent the Participant is not eligible for Retirement, but is otherwise vested in an Other Plan, the later of:

x) termination of vesting service as provided in Rule IC, or

y) attainment of age 55, or

z) such other date as irrevocably elected in writing by the Participant prior to December 31, 2008.

b. Notwithstanding the foregoing, to the extent the Participant is a Specified Employee, such monthly installment will commence on the last day of the seventh month

following the date determined in a. above, and will be paid retroactively to the date determined in a. above, and will include interest accrued on the missed payments. "Interest" means the interest calculated using the Short Term Applicable Rate of Interest in effect as of January of the year of retirement.

c. The determination of any Excess Pension payable with respect to Participant who Retires pursuant to the terms of an executive severance agreement, will include any service credit provided by such agreement for purposes of determining vesting and eligibility, but not benefit accrual.

d. The form of payment of Excess Pension paid to a Participant who has a Surviving Spouse as defined under Plan I Rules, is a joint and survivor annuity as described in Rule IC, in which the Participant's Excess Pension paid during his or her lifetime is reduced, and an amount equal to 50% of the Excess Pension amount received by the Participant is paid to the Surviving Spouse. There are no optional forms of payment or Qualified Optional Survivor Annuities (as that term is described in Rule IC) under this Plan.

e. The form of payment of Excess Pension paid to a Participant who has no Surviving Spouse on the date payment of Excess Pension commences is a single life annuity as described in Rule IC."

4. A new Section 2.5 is added as follows:

"2.5 If a Participant is receiving payments under this Plan and is subsequently reemployed by the Company, payments under this Plan shall continue regardless of the cessation of the Participant's monthly Pension payments due to such reemployment under an Other Plan."

5. In all other respects the Plan is ratified and confirmed.

**AMENDMENTS TO THE  
ALCOA DEFERRED COMPENSATION ESTATE ENHANCEMENT PLAN**

1. Effective December 31, 2004, a new second paragraph is added as follows:

Effective as of the close of business on December 31, 2004, this Plan is frozen, and no new Participants will be permitted to participate in this Plan after December 31, 2004. Effective as of December 31, 2008, since all underlying assets and policies in this Plan have been distributed, this Plan is terminated.

AMENDMENT TO THE  
ALCOA GLOBAL PENSION PLAN

The American Jobs Creation Act of 2004 requires certain changes to plan provisions required by Section 409A of the Internal Revenue Code, and regulations thereunder. In order to comply with the requirements and clarify certain plan provisions, the plan is amended as follows:

1. Due to the change of the Company's name, Aluminum Company of America is replaced with Alcoa Inc. throughout.
2. Effective January 1, 2009, the Eligibility provision in Section 1.1(B) is amended by adding the following sentence to the end thereof:

Effective January 1, 2009, Participants who are U.S. residents, who are also eligible to participate in the Alcoa Savings Plan, are no longer eligible to participate in this Plan.
3. Effective January 1, 2009, the definition of Continuous Service in Section 1.3 is restated to terminate continuous service after 6 months for most absences as follows:

"Continuous Service" means, except as modified by the balance of this definition, the period of continuous employment with the Company, either as a salaried employee or as an hourly-rated employee, subject to such rules as may be adopted from time to time by the Director. Continuous Service terminates upon any quit, dismissal, discharge, Retirement, or any other termination of employment with the Company; any determination by the Manager that employment with these entities has terminated is conclusive, final, and binding. Effective January 1, 2009, absences from such employment due to inactive status, sick leave, leave of absence or layoff shall constitute a termination of Continuous Service after such status has continued for 6 months, except to the extent the Participant has the legal right to be reemployed either through contract or statute.
4. Effective January 1, 2005, the Vesting provision in Section 1.4 is restated to define those Nonforfeitable Circumstances that a Participant may have incurred at termination of Continuous Services and still be vested in the benefits provided under the Plan.

Effective January 1, 2005, if at the time of the Participant's termination of Continuous Service he or she has incurred a Nonforfeitable Circumstance, the Participant shall be vested in the benefits provided under this Plan. Termination of the Participant's Continuous Service without incurring a Nonforfeitable Circumstance shall cause the Participant to forfeit their right to the benefits provided under this Plan.

"Nonforfeitable Circumstance" means:

- (a) an absence from employment due to a reduction of the work force or layoff by the Company, due to lack of work; or
- (b) total and permanent disability as defined by Internal Revenue Code 409A and regulations thereunder; or
- (c) any termination of service or release instituted by the Company, (including termination due to the sale of a subsidiary) that is not due to a discharge or dismissal; or
- (d) a Participant has attained two years of Continuous Service; or
- (e) a Participant is eligible for Retirement Under the Plan; or
- (f) a Participant's death.

5. Effective January 1, 2005, the definition of "Retirement Under the Plan" in Section 1.5 is restated as follows:

"Retirement Under the Plan. Effective January 1, 2005, a Participant will retire under this Plan upon the termination of employment after attainment of age 55 and completion of 10 years of Vesting Service *or attainment of age 65 and Vesting under this Plan*. For purposes of this Section 1.5, Vesting Service will be determined in the same manner as Vesting Service is provided in Section 4.1 of Alcoa Retirement Plan I."

6. Effective January 1, 2005, the definition of "Key Employee" is replaced with the following:

"Specified Employee" means a "specified employee" as defined under written guidelines adopted by the Company, which comply with Section 409A of the Internal Revenue Code and any regulations promulgated thereunder.

And any references to "Key Employee" are replaced with "Specified Employee" throughout.

7. In all other respects, the Plan is ratified and confirmed.

**Alcoa**  
390 Park Avenue  
New York, New York 10022 USA  
Alain J.P. Belda  
Chairman of the Board

Mr. Klaus Kleinfeld  
President and Chief Executive Officer  
Alcoa Inc.  
390 Park Avenue  
New York, New York 10022 USA

Dear Klaus,

As President and Chief Executive Officer, you are a key part of the senior executive management team of Alcoa Inc. (the "Company"). The business relationships you have developed both inside and outside of the Company, your knowledge of the Company's business affairs and your management experience are all of great importance to the Company, and I value your continuing contributions. As I am sure you can also appreciate, it is important to the Company's future success that you, me and the other members of the senior executive leadership team are able to enhance our ability to increase shareholder value, and if necessary, to ease transitions when it is in the best interest of the Company to do so. Accordingly, it is my pleasure to be able to provide you with this letter agreement (the "Agreement") which sets forth the terms of an arrangement between you and the Company concerning your continuing and post-employment obligations. This letter agreement supersedes and replaces in its entirety the letter agreement dated February 15, 2008 between you and the Company. For avoidance of doubt, this letter agreement does not replace or supersede the offer letter between you and the Company dated August 14, 2007 (the "offer letter"). It is acknowledged that Section 9(a) of the offer letter which provides that the executive severance agreement would terminate upon your appointment as Chief Executive Officer was waived by the Compensation and Benefits Committee of the Board of Directors.

**I. You voluntarily resign or retire.**

You may terminate your employment with the Company by voluntarily resigning or by retiring. If you wish to resign or retire, you will provide the Company with at least three months' advance written notice (the "Notice," which shall contain your selected date of termination, which must be at least three months after the date the Notice is received by the Company (such date of receipt, the "Notice Date")), after which the following conditions shall apply:

Your active service with the Company will be terminated on the date specified in the Notice (or such later date as you and the Company mutually agree), or such earlier date as the Company may determine in its sole discretion (the "Voluntary Termination Date"). During the period from the Notice Date through the Voluntary Termination Date, (i) the Company may, in its sole discretion, assign you such duties as it sees fit (but commensurate with your position) and (ii) you agree to continue to provide at least 20% of the average level of services you provided to the Company during the preceding 36-month period, such that your "separation from service" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended ("409A"), occurs on the Voluntary Termination Date.

If your employment with the Company terminates pursuant to this Section I, you will be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Voluntary Termination Date, provided that on or after the Voluntary Termination Date, and at least 10 days prior to the payment date, you execute and return to the Company the release agreement attached as Exhibit A (the "Release Agreement") and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(ii) If the Voluntary Termination Date occurs before the date specified in your Notice and less than three months following the Notice Date (e.g., if the Company elects a Voluntary Termination Date earlier than the date specified in the Notice), a lump sum amount equal to your monthly base salary as of the Voluntary Termination Date for the time between the Voluntary Termination Date and three months following the Notice Date; or

(iii) If you and the Company mutually agree to extend your service to a later date than the date stated in your Notice, upon your Voluntary Termination Date, you will receive: a lump sum amount equal to your monthly base salary for each month you provided service beyond the date stated in your Notice or for such period of time as you and the Company may mutually agree, not to exceed 24 months (referred to as the "additional period of time"); a lump sum amount as provided under Section II B (iii) and (iv) below except that the amount will be calculated for the "additional period of time"; and continued active medical benefits for the "additional period of time" as described in Section II B below.

If your employment with the Company terminates pursuant to this Section I, upon and following the Voluntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section I are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

## **II. Company terminates your employment.**

The Company may terminate your employment at any time, with or without Cause, with the results described below. In such case, the Company shall determine the effective date of your termination (the "Involuntary Termination Date").

A. Involuntary Termination With Cause. If the Company terminates your employment due to Cause, you will receive no severance payment under this Agreement or any other severance plan, policy or arrangement of the Company or any of its affiliates. For purposes of this Agreement, "Cause" means: (i) any refusal by you to follow the lawful directives of the Board of Directors, which are consistent with the scope and nature of your duties and responsibilities; (ii) your conviction of, or plea of guilty or nolo contendere to, a felony or of any crime involving moral turpitude, fraud or embezzlement; (iii) any gross negligence or willful

misconduct in the conduct of your duties; (iv) any material breach of any one or more of the restrictive covenants provided in this Agreement; or (v) any violation of any statutory or common law duty of loyalty to the Company or any of its subsidiaries; provided no act or omission shall be “willful” if conducted in good faith and with a reasonable belief that such conduct was in the best interests of the Company.

B. Involuntary Termination Without Cause. If the Company terminates your employment for reasons other than Cause, and you fulfill your obligations as set forth in this Agreement, you shall be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Involuntary Termination Date, provided that, on or after the Involuntary Termination Date, and at least 10 days prior to the payment date, (i) you execute and return to the Company the Release Agreement and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) a lump sum amount equivalent to two times your annual base salary and annual target bonus as of the Involuntary Termination Date;

(ii) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above;

(iii) a lump sum amount, in cash, equal to two times the Employer Retirement Income Contributions under the Alcoa Savings Plan contribution percent in effect on the Involuntary Termination Date multiplied by the portion of your annual base salary as of your Involuntary Termination Date which is eligible for contribution to the Alcoa Savings Plan; and

(iv) a lump sum amount, in cash, equal to the excess of (I) the actuarial equivalent of the aggregate retirement pension under the SERP Benefit provided in your offer letter as if you had been credited with an additional 24 months of service following the Involuntary Termination Date; over (II) the actuarial equivalent of the aggregate retirement pension which you had accrued under the provisions of the SERP Benefit provided in your offer letter as of the Involuntary Termination Date.

In addition, for a period of two years after the Involuntary Termination Date the Company shall arrange to provide you, and anyone entitled to claim through you, health (including medical, behavioral, prescription drug, dental and vision) benefits substantially similar to those provided to active employees, at no greater after tax cost to you than the after tax cost to you immediately prior to the Involuntary Termination Date. If the company contribution to these benefits becomes taxable to you, you will be grossed up on these contributions (with any gross up paid to you promptly but in no event later than the end of your taxable year following the taxable year in which you or the Company remits the related taxes). In order to comply with 409A, the following shall apply to the health care benefits provided pursuant to this paragraph, the costs of which are not fully paid by you (the “Health Benefits”). Any and all reimbursements of eligible expenses made pursuant to the Health Benefits shall be made no later than the end of the calendar year next following the calendar year in which the expenses were incurred. The amount of expenses that are eligible for reimbursement or of in-kind benefits that are provided pursuant to the Health Benefits in any given calendar year shall not affect the expenses that are eligible for reimbursement or benefits to be provided pursuant to the Health Benefits in any other calendar year, except as specifically permitted by Treasury Regulation Section 1.409A-3(i)(iv)(B). Your right to the Health Benefits may not be liquidated or exchanged for any other benefit.

If your employment with the Company terminates pursuant to this Section II, upon and following the Involuntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section II are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

Any voluntary termination of your employment will be deemed an involuntary termination of your employment "without Cause" under this Agreement (a "Qualifying Termination") if such resignation occurs during the thirty day period following the date on which the Chairman of the Board retires and you are not immediately thereafter appointed to succeed him as Chief Executive Officer and Chairman of the Board; provided, the appointment of a non-executive Chairman of the Board at any time will not constitute a basis for a Qualifying Termination if you continue to be the Chief Executive Officer reporting directly to the Board of Directors.

### **Restrictive Covenants**

In light of the unique character of your position with the Company, the business relationships you have developed and will continue to develop while employed by the Company, and your knowledge of the Company's business affairs including the Confidential Information (as defined below), and with the acknowledgment of the continuing consideration which you will receive from the Company as a member of its senior executive management team, and the personal financial security which is provided under this Agreement, or in the event of a change in control as defined in the Company's Change in Control Severance Plan, you agree to the following Restrictive Covenants:

**Noncompetition:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment is voluntary or involuntary), you will not directly or indirectly provide services, whether as a director, officer, partner, owner, employee, inventor, consultant, advisor, agent, or otherwise, to any domestic or international business or firm that is engaged or has plans to become engaged in the manufacturing, fabricating, distributing or selling of aluminum and/or aluminum related products for the aerospace, automotive, packaging, or other aluminum fabricated product markets, the mining of bauxite, conversion and refining of bauxite into alumina and/or the sale or distribution of alumina or alumina related chemical products or any other line of business in which the Company is involved or becomes involved during your employment with the Company (collectively, the "Aluminum Business"). However, you may own up to five percent (5%) of the outstanding securities of any publicly traded company.

It is not the Company's intention to restrict or limit your activities, unless it is believed that there is a substantial possibility that your future employment, or activities in any of the lines of business in which the Company is engaged may be detrimental to the Company. So as to not unduly restrict your future employment, if you desire to enter into any employment arrangement or relationship with any entity in the above identified markets within the two year period, please consult with me to discuss your intended relationship with the competitive entity. You and the Company recognize that due to the many different businesses which presently compete, or which in the future may compete with the Company in the Aluminum Business, the Company will discuss your desire to enter into a business or professional relationship with any manufacturer or firm which may be perceived as a competitor.

**Non-solicitation:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment was voluntary or involuntary), you will not directly or indirectly (i) solicit, induce or attempt to solicit or induce any current or future employee of the Company to leave the Company for any reason, or (ii) solicit business from, or engage in business with, any current or future customer or supplier of the Company which you met and dealt with during your employment with the Company for any purpose. In the event that you become aware that any present or future employee of the Company has been hired by any business or firm with which you are then affiliated, you will immediately notify the Company's chief legal officer to confirm your non-solicitation of said employee.

**Confidentiality:** During your employment with the Company and at all times thereafter, you will maintain the confidentiality of any and all information about the Company which is not generally known or available outside the Company, including without limitation, strategic plans, technical and operating know-how, business strategy, trade secrets, customer information, business operations and other proprietary information ("Confidential Information"), and you will not, directly or indirectly, disclose any Confidential Information to any person or entity, or use any Confidential Information, whether for your benefit or the benefit of any new employer or any other person or entity, or in any other manner that is detrimental to or inconsistent with any interest of the Company. If you receive notice that you may be required to disclose any Confidential Information pursuant to a subpoena or other lawful process, you must notify the Company's chief legal officer immediately.

You acknowledge and agree that given the nature of the Company's business, which is conducted throughout the world, and your position of confidence and trust with the Company, the scope and duration of these Restrictive Covenants are reasonable and necessary to protect the legitimate business interests of the Company. You further acknowledge that you have received substantial compensation from the Company and that your general skills and abilities are such that you can be gainfully employed in noncompetitive employment, and that this Agreement will in no way prevent you from earning a living following your employment with the Company.

You also recognize and agree that any breach or threatened or anticipated breach of any part of these Restrictive Covenants will result in irreparable harm to the Company, and that the remedy at law for any such breach or threatened breach will be inadequate. Accordingly, in addition to any other legal or equitable remedies that may be available to the Company, you agree that the Company shall be entitled to obtain an injunction, without posting a bond, to prevent any breach or threatened breach of any part of these Restrictive Covenants. You agree to reimburse the Company for all costs and expenses, including reasonable attorney's fees and costs, incurred by the Company in connection with the enforcement of its rights under this Agreement.

In the event that any court of competent jurisdiction finds that the limitations set forth in these Restrictive Covenants are overly broad with respect to duration, geographic scope or scope of prohibited activities, such court shall have the authority to reduce the duration, area or activities of such provisions so as to be enforceable to the maximum extent compatible with applicable law, and such provisions shall then be enforced as modified. In the event that a court reduces the duration of the restriction, any unpaid amounts, as set forth above, shall be reduced on a pro rata basis.

**Tax Withholding**

All amounts payable pursuant to this Agreement shall be subject to withholding for taxes as legally required, and for other amounts authorized by you.

**Application of 409A Provisions**

If you provide a written, unqualified opinion from your tax advisor to the Company stating that you are a non-resident alien not subject to 409A at the time of your termination of employment, or that 409A otherwise does not apply to you at that time, unless the Company has reason to believe that such opinion is more likely than not incorrect the Company shall cooperate with you to amend this Agreement in a mutually satisfactory manner to cause any severance payments payable hereunder to be paid as soon as practicable following your termination of employment, and to otherwise remove references to Section 409A from this Agreement; provided that in no event shall such payments be made unless and until you have returned an executed Release Agreement (signed by you on or following your termination date) and any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement. The Company shall have no responsibility for any taxes or penalties you may incur on account of any such amendments, whether pursuant to 409A or otherwise.

**Governing Law; Jurisdiction**

This Agreement shall be governed and interpreted in accordance with the laws of the State of New York without reference to its choice of law principles. Any action arising out of or related to this Agreement shall be brought in the state or Federal courts located in New York City, and you and the Company consent to the jurisdiction and venue of such courts.

**Amendment; Waiver**

No provision of this Agreement may be modified, waived, or discharged unless such waiver, modification or discharge is in writing and signed by the Chief Executive Officer of the Company. Any failure by you or the Company to enforce any of the provisions of this Agreement shall not be construed to be a waiver of such provisions or any right to enforce each and every provision in the future. A waiver of any breach of this Agreement shall not be construed as a waiver of any other or subsequent breach.

**Successors; Binding Agreement**

The Company shall have the right to assign its rights and obligations under this Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

**Severability**

In the event that any one or more of the provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Agreement shall not in way be affected or impaired thereby.

**No Mitigation**

If you are entitled to receive severance benefits under this Agreement, you will not be required to mitigate the amount of any payment provided for in this Agreement by seeking other employment or otherwise, and any amount received from subsequent employment will not offset your severance payments under this Agreement.

**Entire Agreement**

You acknowledge that you have not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Agreement. This Agreement and the offer letter set forth the entire agreement and understanding between you and the Company and merge and supersede any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by you and the Company. In the event that any payments under this agreement in the aggregate are more than 2.99 times of your base salary and bonus, the payments which you will be eligible to receive under this Agreement will be reduced accordingly. Except for involuntary separation benefits or other similar severance payments, this Agreement does not supersede the terms of any other compensation plans, stock option programs, welfare benefit plans, or other such plans or programs in which you are eligible to participate, or may become eligible to participate.

If you agree to the terms of this Agreement, please sign on the line provided on the next page and return two signed copies to the Corporate Secretary. A fully executed copy will be returned to you for your files after it is signed by the Company.

Sincerely,  
ALCOA INC.

President and Chief Executive Officer

RELEASE AGREEMENT

RELEASE AGREEMENT (this "Release Agreement"), dated as of \_\_\_\_\_, between Alcoa Inc. (the "Company"), and [Name] ("Releasor").  
[DATE]

WHEREAS, Releasor was employed by the Company as \_\_\_\_\_  
[TITLE]

WHEREAS, Releasor and the Company are parties to a letter agreement dated [date] (the "Letter Agreement").

WHEREAS, Releasor's employment with the Company terminated as of \_\_\_\_\_  
[DATE]

NOW, THEREFORE, in consideration of the promises and of the releases, representations, covenants and obligations contained herein, the parties hereto agree as follows:

1. Severance Benefits. Subject to Releasor's execution and non-revocation of this Release Agreement within the time periods described in this Release Agreement and the Letter Agreement, and compliance with the other terms of the Letter Agreement, the Company shall pay Releasor the amounts, and provide Releasor the benefits, described in the Letter Agreement.

2. Release. Releasor knowingly and voluntarily releases and forever discharges the Company, its parents, and each of their respective subsidiaries and affiliates, together with their respective present and former directors, managers, officers, shareholders, employees, agents, and each of their respective predecessors, heirs, executors, administrators, successors and assigns (collectively, the "Releasees") from any and all debts, obligations, demands, actions, causes of action, accounts, covenants, contracts, agreements, damages, omissions, promises, and any and all claims and liabilities whatsoever, of every name and nature, known or unknown, suspected or unsuspected, both in law and equity ("Claims"), which Releasor ever had, now has, or may hereafter claim to have by reason of any matter, cause or thing whatsoever arising out of or relating to: (a) any events, occurrences or omissions from the beginning of time to the time Releasor signs this Release Agreement, or (b) Releasor's employment with the Company or termination thereof (the "Release"). The Release shall apply to any Claim of any type, including, without limitation, any and all Claims of any type that Releasor may have arising under the common law, the Age Discrimination in Employment Act of 1967, the Older Workers Benefit Protection Act, Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Americans With Disabilities Act of 1990, the Family and Medical Leave Act of 1993, the Employee Retirement Income Security Act of 1974, or the New York State and City Human Rights Laws, each as amended, and any other federal, state or local statutes, regulations, ordinances or common law creating employment-related causes of action, or under any policy, agreement, understanding or promise, written or oral, formal or informal, between Releasor and any of the Releasees, and all Claims for alleged tortious, defamatory or fraudulent conduct; provided, however, that nothing in the Release shall: (i) affect any vested employee benefits

(including equity awards) to which Releasor may be entitled under any existing employee benefit plans of the Company, or (ii) prohibit Releasor from enforcing this Release Agreement or the Letter Agreement. By signing this Release Agreement, Releasor represents that he or she shall not be entitled to any personal recovery in any action or proceeding that may be commenced on his or her behalf in any way arising out or relating to any of the matters that are the subject of the Release.

3. Releasor represents that he or she has not commenced or joined in any claim, charge or action against any of the Releasees, arising out of or relating in any way to Releasor's relationship with the Company, or the termination thereof.

4. Releasor represents and agrees that the obligations and representations set forth in the Restrictive Covenants in the Letter Agreement, on their stated terms, regarding noncompetition, nonsolicitation and confidentiality, shall remain in full force and effect.

5. Consultation With Attorney; Voluntary Agreement. Releasor represents that the Company has advised Releasor to consult with an attorney of Releasor's choosing prior to signing this Release Agreement. Releasor further represents that he or she understands and agrees that he or she has the right and has been given the opportunity to review this Release Agreement, with an attorney of Releasor's choice. Releasor further represents that he or she understands and agrees that the Company is under no obligation to offer the payments and benefits set forth in paragraph 1 above, and that Releasor is under no obligation to consent to this Release Agreement, and that Releasor has entered into this Release Agreement freely and voluntarily. Releasor shall have twenty-one (21) days to consider this Release Agreement, unless Releasor is terminated in connection with a an exit incentive or other group termination program, in which case Releasor shall have forty-five (45) days to consider this Release Agreement. In either case, once Releasor has signed this Release Agreement, Releasor shall have seven (7) additional days from the date of execution to revoke his or her consent. Any such revocation shall be made in writing to Attn: Corporate Secretary, Alcoa Inc., 390 Park Avenue, New York, New York 10022, and shall be deemed to have been duly given when hand delivered or when mailed by United States certified mail, return receipt requested. If no such revocation occurs, this Release Agreement shall become effective on the eighth (8th) day after Releasor shall have executed and returned it to the Company (the "Effective Date"). In the event that Releasor revokes his or her consent to this Release Agreement prior to the Effective Date, this Release Agreement shall be null and void and no payments or benefits shall be due hereunder or under the Letter Agreement.

6. Entire Agreement. Releasor acknowledges that he or she has not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Release Agreement. This Release Agreement sets forth the entire agreement and understanding between Releasor and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, except for the Letter Agreement, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by Releasor and the Company.

7. Successors; Binding Agreement. The Company shall have the right to assign its rights and obligations under this Release Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Release Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

8. Severability. In the event that any one or more of the provisions of this Release Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Release Agreement shall not in way be affected or impaired thereby.

9. Governing Law; Jurisdiction. Without reference to any principles concerning choice of law, this Release Agreement shall be governed and interpreted in accordance with the laws of the State of New York. Any action arising out of or related to this Release Agreement shall be brought in the state or Federal courts located in New York City, and Releasor and the Company consent to the jurisdiction and venue of such courts.

10. Counterparts. This Release Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Company and Releasor have executed this Release Agreement, on the date and year set forth below.

ALCOA INC.

Klaus Kleinfeld  
President and Chief Executive Officer

October 30, 2008

William F. Christopher  
Alcoa Inc.  
1600 Harvard Avenue  
Cleveland, Ohio 44105

Dear Bill:

As an Executive Vice President, you are a key part of the senior executive management team of Alcoa Inc. (the "Company"). The business relationships you have developed both inside and outside of the Company, your knowledge of the Company's business affairs and your management experience are all of great importance to the Company, and I value your continuing contributions. As I am sure you can also appreciate, it is important to the Company's future success that you, me and the other members of the senior executive leadership team are able to enhance our ability to increase shareholder value, and if necessary, to ease transitions when it is in the best interest of the Company to do so. Accordingly, it is my pleasure to be able to provide you with this letter agreement (the "Agreement") which sets forth the terms of an arrangement between you and the Company concerning your continuing and post-employment obligations. This letter agreement supersedes and replaces in its entirety the letter agreement dated December 23, 2004, between you and the Company.

**I. You voluntarily resign or retire.**

You may terminate your employment with the Company by voluntarily resigning or by retiring. If you wish to resign or retire, you will provide the Company with at least three months' advance written notice (the "Notice," which shall contain your selected date of termination, which must be at least three months after the date the Notice is received by the Company (such date of receipt, the "Notice Date")), after which the following conditions shall apply:

Your active service with the Company will be terminated on the date specified in the Notice (or such later date as you and the Company mutually agree), or such earlier date as the Company may determine in its sole discretion (the "Voluntary Termination Date"). During the period from the Notice Date through the Voluntary Termination Date, (i) the Company may, in its sole discretion, assign you such duties as it sees fit (but commensurate with your position) and (ii) you agree to continue to provide at least 20% of the average level of services you provided to the Company during the preceding 36-month period, such that your "separation from service" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended ("409A"), occurs on the Voluntary Termination Date.

If your employment with the Company terminates pursuant to this Section I, you will be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Voluntary Termination Date, provided that on or after the Voluntary Termination Date, and at least 10 days prior to the payment date, you execute and return to the Company the release agreement attached as Exhibit A (the "Release Agreement") and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(ii) If the Voluntary Termination Date occurs before the date specified in your Notice and less than three months following the Notice Date (e.g., if the Company elects a Voluntary Termination Date earlier than the date specified in the Notice), a lump sum amount equal to your monthly base salary as of the Voluntary Termination Date for the time between the Voluntary Termination Date and three months following the Notice Date; or

(iii) If you and the Company mutually agree to extend your service to a later date than the date stated in your Notice, upon your Voluntary Termination Date, you will receive: a lump sum amount equal to your monthly base salary for each month you provided service beyond the date stated in your Notice or for such period of time as you and the Company may mutually agree, not to exceed 24 months (referred to as the "additional period of time"); a lump sum amount as provided under Section II B (iii), (iv) or (v) below except that the amount will be calculated for the "additional period of time"; and continued active medical benefits for the "additional period of time" as described in Section II B below.

If your employment with the Company terminates pursuant to this Section I, upon and following the Voluntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section I are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

## **II. Company terminates your employment.**

The Company may terminate your employment at any time, with or without Cause, with the results described below. In such case, the Company shall determine the effective date of your termination (the "Involuntary Termination Date").

A. Involuntary Termination With Cause. If the Company terminates your employment due to Cause, you will receive no severance payment under this Agreement or any other severance plan, policy or arrangement of the Company or any of its affiliates. For purposes of this Agreement, "Cause" means: (i) your willful and continued failure to substantially perform your duties that has not been cured within thirty days after a written demand for substantial performance is delivered to you, which demand specifically identifies the manner in which the Company believes that you have not substantially performed your duties, or (ii) your willful engagement in conduct which is demonstrably and materially injurious to the Company, monetarily or otherwise. For purposes of clauses (i) and (ii) of this definition, (x) no act, or failure to act, on your part shall be deemed "willful" unless done, or omitted to be done, by you not in good faith and without reasonable belief that your act, or failure to act, was in the best interest of the Company, and (y) in the event of a dispute concerning the application of this

provision, no claim by the Company that Cause exists shall be given effect unless the Board determines that there is clear and convincing evidence that Cause exists and the Board finding to that effect is adopted by the affirmative vote of not less than three quarters of the entire membership of the Board (after reasonable notice to you and an opportunity for you, together with your counsel, to be heard by the Board).

B. Involuntary Termination Without Cause. If the Company terminates your employment for reasons other than Cause, and you fulfill your obligations as set forth in this Agreement, you shall be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Involuntary Termination Date, provided that, on or after the Involuntary Termination Date, and at least 10 days prior to the payment date, (i) you execute and return to the Company the Release Agreement and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) a lump sum amount equivalent to two times your annual base salary as of the Involuntary Termination Date;

(ii) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above;

(iii) if, on the Involuntary Termination Date, you are an active participant who is accruing benefits under any tax-qualified, supplemental or excess defined benefit pension plan maintained by the Company or any of its affiliates or any other defined benefit plan or agreement entered into between you and the Company or any of its affiliates which is designed to provide you with supplemental defined benefit retirement benefits (a "DB Pension Plan"), a lump sum amount equal to the excess of (I) the actuarial equivalent of the aggregate retirement pension as if you had been credited with an additional 24 months of service following the Involuntary Termination Date; over (II) the actuarial equivalent of the aggregate retirement pension which you had accrued under the provisions of the DB Pension Plans as of the Involuntary Termination Date. For purposes of this Section II.B(iii), actuarial equivalence shall be made consistent with the methodology used in the Alcoa Inc. Change in Control Severance Plan; or

(iv) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to receive Employer Retirement Income Contributions (ERIC) under an Alcoa Savings Plan, a lump sum amount, in cash, equal to two times the ERIC contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation; or

(v) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to participate in the Global Pension Plan, you will receive a lump sum amount, in cash, equal to two times the Global Pension Plan contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation.

In addition, for a period of two years after the Involuntary Termination Date the Company shall arrange to provide you, and anyone entitled to claim through you, health (including medical, behavioral, prescription drug, dental and vision) benefits substantially similar

to those provided to active employees, at no greater after tax cost to you than the after tax cost to you immediately prior to the Involuntary Termination Date. If the company contribution to these benefits becomes taxable to you, you will be grossed up on these contributions. In order to comply with 409A, the following shall apply to the health care benefits provided pursuant to this paragraph, the costs of which are not fully paid by you (the "Health Benefits"). Any and all reimbursements of eligible expenses made pursuant to the Health Benefits shall be made no later than the end of the calendar year next following the calendar year in which the expenses were incurred. The amount of expenses that are eligible for reimbursement or of in-kind benefits that are provided pursuant to the Health Benefits in any given calendar year shall not affect the expenses that are eligible for reimbursement or benefits to be provided pursuant to the Health Benefits in any other calendar year, except as specifically permitted by Treasury Regulation Section 1.409A-3(i)(iv)(B). Your right to the Health Benefits may not be liquidated or exchanged for any other benefit.

If your employment with the Company terminates pursuant to this Section II, upon and following the Involuntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section II are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

### **Restrictive Covenants**

In light of the unique character of your position with the Company, the business relationships you have developed and will continue to develop while employed by the Company, and your knowledge of the Company's business affairs including the Confidential Information (as defined below), and with the acknowledgment of the continuing consideration which you will receive from the Company as a member of its senior executive management team, and the personal financial security which is provided under this Agreement, or in the event of a change in control as defined in the Company's Change in Control Severance Plan, you agree to the following Restrictive Covenants:

**Noncompetition:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment is voluntary or involuntary), you will not directly or indirectly provide services, whether as a director, officer, partner, owner, employee, inventor, consultant, advisor, agent, or otherwise, to any domestic or international business or firm that is engaged or has plans to become engaged in the manufacturing, fabricating, distributing or selling of aluminum and/or aluminum related products for the aerospace, automotive, packaging, or other aluminum fabricated product markets, the mining of bauxite, conversion and refining of bauxite into alumina and/or the sale or distribution of alumina or alumina related chemical products or any other line of business in which the Company is involved or becomes involved during your employment with the Company (collectively, the "Aluminum Business"). However, you may own up to five percent (5%) of the outstanding securities of any publicly traded company.

It is not the Company's intention to restrict or limit your activities, unless it is believed that there is a substantial possibility that your future employment, or activities in any of the lines of business in which the Company is engaged may be detrimental to the Company. So as to not unduly restrict your future employment, if you desire to enter into any employment

arrangement or relationship with any entity in the above identified markets within the two year period, please consult with me to discuss your intended relationship with the competitive entity. You and the Company recognize that due to the many different businesses which presently compete, or which in the future may compete with the Company in the Aluminum Business, the Company will discuss your desire to enter into a business or professional relationship with any manufacturer or firm which may be perceived as a competitor.

**Non-solicitation:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment was voluntary or involuntary), you will not directly or indirectly (i) solicit, induce or attempt to solicit or induce any current or future employee of the Company to leave the Company for any reason, or (ii) solicit business from, or engage in business with, any current or future customer or supplier of the Company which you met and dealt with during your employment with the Company for any purpose. In the event that you become aware that any present or future employee of the Company has been hired by any business or firm with which you are then affiliated, you will immediately notify the Company's chief legal officer to confirm your non-solicitation of said employee.

**Confidentiality:** During your employment with the Company and at all times thereafter, you will maintain the confidentiality of any and all information about the Company which is not generally known or available outside the Company, including without limitation, strategic plans, technical and operating know-how, business strategy, trade secrets, customer information, business operations and other proprietary information ("Confidential Information"), and you will not, directly or indirectly, disclose any Confidential Information to any person or entity, or use any Confidential Information, whether for your benefit or the benefit of any new employer or any other person or entity, or in any other manner that is detrimental to or inconsistent with any interest of the Company. If you receive notice that you may be required to disclose any Confidential Information pursuant to a subpoena or other lawful process, you must notify the Company's chief legal officer immediately.

You acknowledge and agree that given the nature of the Company's business, which is conducted throughout the world, and your position of confidence and trust with the Company, the scope and duration of these Restrictive Covenants are reasonable and necessary to protect the legitimate business interests of the Company. You further acknowledge that you have received substantial compensation from the Company and that your general skills and abilities are such that you can be gainfully employed in noncompetitive employment, and that this Agreement will in no way prevent you from earning a living following your employment with the Company.

You also recognize and agree that any breach or threatened or anticipated breach of any part of these Restrictive Covenants will result in irreparable harm to the Company, and that the remedy at law for any such breach or threatened breach will be inadequate. Accordingly, in addition to any other legal or equitable remedies that may be available to the Company, you agree that the Company shall be entitled to obtain an injunction, without posting a bond, to prevent any breach or threatened breach of any part of these Restrictive Covenants. You agree to reimburse the Company for all costs and expenses, including reasonable attorney's fees and costs, incurred by the Company in connection with the enforcement of its rights under this Agreement.

In the event that any court of competent jurisdiction finds that the limitations set forth in these Restrictive Covenants are overly broad with respect to duration, geographic scope or scope of prohibited activities, such court shall have the authority to reduce the duration, area or

activities of such provisions so as to be enforceable to the maximum extent compatible with applicable law, and such provisions shall then be enforced as modified. In the event that a court reduces the duration of the restriction, any unpaid amounts, as set forth above, shall be reduced on a pro rata basis.

**Tax Withholding**

All amounts payable pursuant to this Agreement shall be subject to withholding for taxes as legally required, and for other amounts authorized by you.

**Application of 409A Provisions**

If you provide a written, unqualified opinion from your tax advisor to the Company stating that you are a non-resident alien not subject to 409A at the time of your termination of employment, or that 409A otherwise does not apply to you at that time, unless the Company has reason to believe that such opinion is more likely than not incorrect the Company shall cooperate with you to amend this Agreement in a mutually satisfactory manner to cause any severance payments payable hereunder to be paid as soon as practicable following your termination of employment, and to otherwise remove references to Section 409A from this Agreement; provided that in no event shall such payments be made unless and until you have returned an executed Release Agreement (signed by you on or following your termination date) and any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement. The Company shall have no responsibility for any taxes or penalties you may incur on account of any such amendments, whether pursuant to 409A or otherwise.

**Governing Law; Jurisdiction**

This Agreement shall be governed and interpreted in accordance with the laws of the State of New York without reference to its choice of law principles. Any action arising out of or related to this Agreement shall be brought in the state or Federal courts located in New York City, and you and the Company consent to the jurisdiction and venue of such courts.

**Amendment; Waiver**

No provision of this Agreement may be modified, waived, or discharged unless such waiver, modification or discharge is in writing and signed by the Chief Executive Officer of the Company. Any failure by you or the Company to enforce any of the provisions of this Agreement shall not be construed to be a waiver of such provisions or any right to enforce each and every provision in the future. A waiver of any breach of this Agreement shall not be construed as a waiver of any other or subsequent breach.

**Successors; Binding Agreement**

The Company shall have the right to assign its rights and obligations under this Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

**Severability**

In the event that any one or more of the provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Agreement shall not in way be affected or impaired thereby.

**Entire Agreement**

You acknowledge that you have not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Agreement. This Agreement sets forth the entire agreement and understanding between you and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof except for your letter dated December 20, 2004 to Mr. Lawrence R. Purtell, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by you and the Company. In the event that any payments under this agreement in the aggregate are more than 2.99 times of your base salary and bonus, the payments which you will be eligible to receive under this Agreement will be reduced accordingly. Except for involuntary separation benefits or other similar severance payments, this Agreement does not supersede the terms of any other compensation plans, stock option programs, welfare benefit plans, or other such plans or programs in which you are eligible to participate, or may become eligible to participate.

If you agree to the terms of this Agreement, please sign on the line provided below and return two signed copies to the Corporate Secretary. A fully executed copy will be returned to you for your files after it is signed by the Company.

Sincerely,

**ALCOA INC.**

RELEASE AGREEMENT

RELEASE AGREEMENT (this "Release Agreement"), dated as of \_\_\_\_\_, between Alcoa Inc. (the "Company"), and [Name] ("Releasor").  
[DATE]

WHEREAS, Releasor was employed by the Company as \_\_\_\_\_  
[TITLE]

WHEREAS, Releasor and the Company are parties to a letter agreement dated [date] (the "Letter Agreement").

WHEREAS, Releasor's employment with the Company terminated as of \_\_\_\_\_  
[DATE]

NOW, THEREFORE, in consideration of the promises and of the releases, representations, covenants and obligations contained herein, the parties hereto agree as follows:

1. Severance Benefits. Subject to Releasor's execution and non-revocation of this Release Agreement within the time periods described in this Release Agreement and the Letter Agreement, and compliance with the other terms of the Letter Agreement, the Company shall pay Releasor the amounts, and provide Releasor the benefits, described in the Letter Agreement.

2. Release. Releasor knowingly and voluntarily releases and forever discharges the Company, its parents, and each of their respective subsidiaries and affiliates, together with their respective present and former directors, managers, officers, shareholders, employees, agents, and each of their respective predecessors, heirs, executors, administrators, successors and assigns (collectively, the "Releasees") from any and all debts, obligations, demands, actions, causes of action, accounts, covenants, contracts, agreements, damages, omissions, promises, and any and all claims and liabilities whatsoever, of every name and nature, known or unknown, suspected or unsuspected, both in law and equity ("Claims"), which Releasor ever had, now has, or may hereafter claim to have by reason of any matter, cause or thing whatsoever arising out of or relating to: (a) any events, occurrences or omissions from the beginning of time to the time Releasor signs this Release Agreement, or (b) Releasor's employment with the Company or termination thereof (the "Release"). The Release shall apply to any Claim of any type, including, without limitation, any and all Claims of any type that Releasor may have arising under the common law, the Age Discrimination in Employment Act of 1967, the Older Workers Benefit Protection Act, Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Americans With Disabilities Act of 1990, the Family and Medical Leave Act of 1993, the Employee Retirement Income Security Act of 1974, or the New York State and City Human Rights Laws, each as amended, and any other federal, state or local statutes, regulations, ordinances or common law creating employment-related causes of action, or under any policy, agreement, understanding or promise, written or oral, formal or informal, between Releasor and any of the Releasees, and all Claims for alleged tortious, defamatory or fraudulent conduct; provided, however, that nothing in the Release shall: (i) affect any vested employee benefits

(including equity awards) to which Releasor may be entitled under any existing employee benefit plans of the Company, or (ii) prohibit Releasor from enforcing this Release Agreement or the Letter Agreement. By signing this Release Agreement, Releasor represents that he or she shall not be entitled to any personal recovery in any action or proceeding that may be commenced on his or her behalf in any way arising out or relating to any of the matters that are the subject of the Release.

3. Releasor represents that he or she has not commenced or joined in any claim, charge or action against any of the Releasees, arising out of or relating in any way to Releasor's relationship with the Company, or the termination thereof.

4. Releasor represents and agrees that the obligations and representations set forth in the Restrictive Covenants in the Letter Agreement, on their stated terms, regarding noncompetition, nonsolicitation and confidentiality, shall remain in full force and effect.

5. Consultation With Attorney; Voluntary Agreement. Releasor represents that the Company has advised Releasor to consult with an attorney of Releasor's choosing prior to signing this Release Agreement. Releasor further represents that he or she understands and agrees that he or she has the right and has been given the opportunity to review this Release Agreement, with an attorney of Releasor's choice. Releasor further represents that he or she understands and agrees that the Company is under no obligation to offer the payments and benefits set forth in paragraph 1 above, and that Releasor is under no obligation to consent to this Release Agreement, and that Releasor has entered into this Release Agreement freely and voluntarily. Releasor shall have twenty-one (21) days to consider this Release Agreement, unless Releasor is terminated in connection with an exit incentive or other group termination program, in which case Releasor shall have forty-five (45) days to consider this Release Agreement. In either case, once Releasor has signed this Release Agreement, Releasor shall have seven (7) additional days from the date of execution to revoke his or her consent. Any such revocation shall be made in writing to Attn: Corporate Secretary, Alcoa Inc., 390 Park Avenue, New York, New York 10022, and shall be deemed to have been duly given when hand delivered or when mailed by United States certified mail, return receipt requested. If no such revocation occurs, this Release Agreement shall become effective on the eighth (8th) day after Releasor shall have executed and returned it to the Company (the "Effective Date"). In the event that Releasor revokes his or her consent to this Release Agreement prior to the Effective Date, this Release Agreement shall be null and void and no payments or benefits shall be due hereunder or under the Letter Agreement.

6. Entire Agreement. Releasor acknowledges that he or she has not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Release Agreement. This Release Agreement sets forth the entire agreement and understanding between Releasor and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, except for the Letter Agreement, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by Releasor and the Company.

7. Successors; Binding Agreement. The Company shall have the right to assign its rights and obligations under this Release Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Release Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

8. Severability. In the event that any one or more of the provisions of this Release Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Release Agreement shall not in way be affected or impaired thereby.

9. Governing Law; Jurisdiction. Without reference to any principles concerning choice of law, this Release Agreement shall be governed and interpreted in accordance with the laws of the State of New York. Any action arising out of or related to this Release Agreement shall be brought in the state or Federal courts located in New York City, and Releasor and the Company consent to the jurisdiction and venue of such courts.

10. Counterparts. This Release Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Company and Releasor have executed this Release Agreement, on the date and year set forth below.

President and Chief Executive Officer

October 30, 2008

Charles D. McLane, Jr.  
Alcoa Inc.  
390 Park Avenue  
New York, New York 10022

Dear Chuck:

As Executive Vice President and Chief Financial Officer, you are a key part of the senior executive management team of Alcoa Inc. (the "Company"). The business relationships you have developed both inside and outside of the Company, your knowledge of the Company's business affairs and your management experience are all of great importance to the Company, and I value your continuing contributions. As I am sure you can also appreciate, it is important to the Company's future success that you, me and the other members of the senior executive leadership team are able to enhance our ability to increase shareholder value, and if necessary, to ease transitions when it is in the best interest of the Company to do so. Accordingly, it is my pleasure to be able to provide you with this letter agreement (the "Agreement") which sets forth the terms of an arrangement between you and the Company concerning your continuing and post-employment obligations. This letter agreement supersedes and replaces in its entirety the letter agreement dated January 30, 2008, between you and the Company.

**I. You voluntarily resign or retire.**

You may terminate your employment with the Company by voluntarily resigning or by retiring. If you wish to resign or retire, you will provide the Company with at least three months' advance written notice (the "Notice," which shall contain your selected date of termination, which must be at least three months after the date the Notice is received by the Company (such date of receipt, the "Notice Date")), after which the following conditions shall apply:

Your active service with the Company will be terminated on the date specified in the Notice (or such later date and on such terms as you and the Company mutually agree), or such earlier date as the Company may determine in its sole discretion (the "Voluntary Termination Date"). During the period from the Notice Date through the Voluntary Termination Date, (i) the Company may, in its sole discretion, assign you such duties as it sees fit (but commensurate with your position) and (ii) you agree to continue to provide at least 20% of the average level of services you provided to the Company during the preceding 36-month period, such that your "separation from service" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended ("409A"), occurs on the Voluntary Termination Date.

If your employment with the Company terminates pursuant to this Section I, you will be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Voluntary Termination Date, provided that on or after the Voluntary Termination Date, and at least 10 days prior to the payment date, you execute and return to the Company the release agreement attached as Exhibit A (the "Release Agreement") and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(ii) If the Voluntary Termination Date occurs before the date specified in your Notice and less than three months following the Notice Date (e.g., if the Company elects a Voluntary Termination Date earlier than the date specified in the Notice), a lump sum amount equal to your monthly base salary as of the Voluntary Termination Date for the time between the Voluntary Termination Date and three months following the Notice Date; or

(iii) If you and the Company mutually agree to extend your service to a later date than the date stated in your Notice, upon your Voluntary Termination Date, you will receive: a lump sum amount equal to your monthly base salary for each month you provided service beyond the date stated in your Notice or for such period of time as you and the Company may mutually agree, not to exceed 24 months (referred to as the "additional period of time"); a lump sum amount as provided under Section II B (iii), (iv) or (v) below except that the amount will be calculated for the "additional period of time"; and continued active medical benefits for the "additional period of time" as described in Section II B below.

If your employment with the Company terminates pursuant to this Section I, upon and following the Voluntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section I are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

## **II. Company terminates your employment.**

The Company may terminate your employment at any time, with or without Cause, with the results described below. In such case, the Company shall determine the effective date of your termination (the "Involuntary Termination Date").

A. Involuntary Termination With Cause. If the Company terminates your employment due to Cause, you will receive no severance payment under this Agreement or any other severance plan, policy or arrangement of the Company or any of its affiliates. For purposes of this Agreement, "Cause" means: (i) your willful and continued failure to substantially perform your duties that has not been cured within thirty days after a written demand for substantial performance is delivered to you, which demand specifically identifies the manner in which the Company believes that you have not substantially performed your duties, or (ii) your willful engagement in conduct which is demonstrably and materially injurious to the Company, monetarily or otherwise. For purposes of clauses (i) and (ii) of this definition, (x) no act, or failure to act, on your part shall be deemed "willful" unless done, or omitted to be done, by you not in good faith and without reasonable belief that your act, or failure to act, was in the best interest of the Company, and (y) in the event of a dispute concerning the application of this

provision, no claim by the Company that Cause exists shall be given effect unless the Board determines that there is clear and convincing evidence that Cause exists and the Board finding to that effect is adopted by the affirmative vote of not less than three quarters of the entire membership of the Board (after reasonable notice to you and an opportunity for you, together with your counsel, to be heard by the Board).

B. Involuntary Termination Without Cause. If the Company terminates your employment for reasons other than Cause, and you fulfill your obligations as set forth in this Agreement, you shall be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Involuntary Termination Date, provided that, on or after the Involuntary Termination Date, and at least 10 days prior to the payment date, (i) you execute and return to the Company the Release Agreement and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) a lump sum amount equivalent to two times your annual base salary as of the Involuntary Termination Date;

(ii) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(iii) if, on the Involuntary Termination Date, you are an active participant who is accruing benefits under any tax-qualified, supplemental or excess defined benefit pension plan maintained by the Company or any of its affiliates or any other defined benefit plan or agreement entered into between you and the Company or any of its affiliates which is designed to provide you with supplemental defined benefit retirement benefits (a "DB Pension Plan"), a lump sum amount equal to the excess of (I) the actuarial equivalent of the aggregate retirement pension as if you had been credited with an additional 24 months of service following the Involuntary Termination Date; over (II) the actuarial equivalent of the aggregate retirement pension which you had accrued under the provisions of the DB Pension Plans as of the Involuntary Termination Date. For purposes of this Section II.B(iii), actuarial equivalence shall be made consistent with the methodology used in the Alcoa Inc. Change in Control Severance Plan; or

(iv) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to receive Employer Retirement Income Contributions (ERIC) under an Alcoa Savings Plan, a lump sum amount, in cash, equal to two times the ERIC contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation; or

(v) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to participate in the Global Pension Plan, you will receive a lump sum amount, in cash, equal to two times the Global Pension Plan contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation.

In addition, for a period of two years after the Involuntary Termination Date the Company shall arrange to provide you, and anyone entitled to claim through you, health (including medical, behavioral, prescription drug, dental and vision) benefits substantially similar

to those provided to active employees, at no greater after tax cost to you than the after tax cost to you immediately prior to the Involuntary Termination Date. If the company contribution to these benefits becomes taxable to you, you will be grossed up on these contributions. In order to comply with 409A, the following shall apply to the health care benefits provided pursuant to this paragraph, the costs of which are not fully paid by you (the "Health Benefits"). Any and all reimbursements of eligible expenses made pursuant to the Health Benefits shall be made no later than the end of the calendar year next following the calendar year in which the expenses were incurred. The amount of expenses that are eligible for reimbursement or of in-kind benefits that are provided pursuant to the Health Benefits in any given calendar year shall not affect the expenses that are eligible for reimbursement or benefits to be provided pursuant to the Health Benefits in any other calendar year, except as specifically permitted by Treasury Regulation Section 1.409A-3(i)(iv)(B). Your right to the Health Benefits may not be liquidated or exchanged for any other benefit.

If your employment with the Company terminates pursuant to this Section II, upon and following the Involuntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section II are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

### **Restrictive Covenants**

In light of the unique character of your position with the Company, the business relationships you have developed and will continue to develop while employed by the Company, and your knowledge of the Company's business affairs including the Confidential Information (as defined below), and with the acknowledgment of the continuing consideration which you will receive from the Company as a member of its senior executive management team, and the personal financial security which is provided under this Agreement, or in the event of a change in control as defined in the Company's Change in Control Severance Plan, you agree to the following Restrictive Covenants:

**Noncompetition:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment is voluntary or involuntary), you will not directly or indirectly provide services, whether as a director, officer, partner, owner, employee, inventor, consultant, advisor, agent, or otherwise, to any domestic or international business or firm that is engaged or has plans to become engaged in the manufacturing, fabricating, distributing or selling of aluminum and/or aluminum related products for the aerospace, automotive, packaging, or other aluminum fabricated product markets, the mining of bauxite, conversion and refining of bauxite into alumina and/or the sale or distribution of alumina or alumina related chemical products or any other line of business in which the Company is involved or becomes involved during your employment with the Company (collectively, the "Aluminum Business"). However, you may own up to five percent (5%) of the outstanding securities of any publicly traded company.

It is not the Company's intention to restrict or limit your activities, unless it is believed that there is a substantial possibility that your future employment, or activities in any of the lines of business in which the Company is engaged may be detrimental to the Company. So as to not unduly restrict your future employment, if you desire to enter into any employment

arrangement or relationship with any entity in the above identified markets within the two year period, please consult with me to discuss your intended relationship with the competitive entity. You and the Company recognize that due to the many different businesses which presently compete, or which in the future may compete with the Company in the Aluminum Business, the Company will discuss your desire to enter into a business or professional relationship with any manufacturer or firm which may be perceived as a competitor.

**Non-solicitation:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment was voluntary or involuntary), you will not directly or indirectly (i) solicit, induce or attempt to solicit or induce any current or future employee of the Company to leave the Company for any reason, or (ii) solicit business from, or engage in business with, any current or future customer or supplier of the Company which you met and dealt with during your employment with the Company for any purpose. In the event that you become aware that any present or future employee of the Company has been hired by any business or firm with which you are then affiliated, you will immediately notify the Company's chief legal officer to confirm your non-solicitation of said employee.

**Confidentiality:** During your employment with the Company and at all times thereafter, you will maintain the confidentiality of any and all information about the Company which is not generally known or available outside the Company, including without limitation, strategic plans, technical and operating know-how, business strategy, trade secrets, customer information, business operations and other proprietary information ("Confidential Information"), and you will not, directly or indirectly, disclose any Confidential Information to any person or entity, or use any Confidential Information, whether for your benefit or the benefit of any new employer or any other person or entity, or in any other manner that is detrimental to or inconsistent with any interest of the Company. If you receive notice that you may be required to disclose any Confidential Information pursuant to a subpoena or other lawful process, you must notify the Company's chief legal officer immediately.

You acknowledge and agree that given the nature of the Company's business, which is conducted throughout the world, and your position of confidence and trust with the Company, the scope and duration of these Restrictive Covenants are reasonable and necessary to protect the legitimate business interests of the Company. You further acknowledge that you have received substantial compensation from the Company and that your general skills and abilities are such that you can be gainfully employed in noncompetitive employment, and that this Agreement will in no way prevent you from earning a living following your employment with the Company.

You also recognize and agree that any breach or threatened or anticipated breach of any part of these Restrictive Covenants will result in irreparable harm to the Company, and that the remedy at law for any such breach or threatened breach will be inadequate. Accordingly, in addition to any other legal or equitable remedies that may be available to the Company, you agree that the Company shall be entitled to obtain an injunction, without posting a bond, to prevent any breach or threatened breach of any part of these Restrictive Covenants. You agree to reimburse the Company for all costs and expenses, including reasonable attorney's fees and costs, incurred by the Company in connection with the enforcement of its rights under this Agreement.

In the event that any court of competent jurisdiction finds that the limitations set forth in these Restrictive Covenants are overly broad with respect to duration, geographic scope or scope of prohibited activities, such court shall have the authority to reduce the duration, area or

activities of such provisions so as to be enforceable to the maximum extent compatible with applicable law, and such provisions shall then be enforced as modified. In the event that a court reduces the duration of the restriction, any unpaid amounts, as set forth above, shall be reduced on a pro rata basis.

**Tax Withholding**

All amounts payable pursuant to this Agreement shall be subject to withholding for taxes as legally required, and for other amounts authorized by you.

**Application of 409A Provisions**

If you provide a written, unqualified opinion from your tax advisor to the Company stating that you are a non-resident alien not subject to 409A at the time of your termination of employment, or that 409A otherwise does not apply to you at that time, unless the Company has reason to believe that such opinion is more likely than not incorrect the Company shall cooperate with you to amend this Agreement in a mutually satisfactory manner to cause any severance payments payable hereunder to be paid as soon as practicable following your termination of employment, and to otherwise remove references to Section 409A from this Agreement; provided that in no event shall such payments be made unless and until you have returned an executed Release Agreement (signed by you on or following your termination date) and any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement. The Company shall have no responsibility for any taxes or penalties you may incur on account of any such amendments, whether pursuant to 409A or otherwise.

**Governing Law; Jurisdiction**

This Agreement shall be governed and interpreted in accordance with the laws of the State of New York without reference to its choice of law principles. Any action arising out of or related to this Agreement shall be brought in the state or Federal courts located in New York City, and you and the Company consent to the jurisdiction and venue of such courts.

**Amendment; Waiver**

No provision of this Agreement may be modified, waived, or discharged unless such waiver, modification or discharge is in writing and signed by the Chief Executive Officer of the Company. Any failure by you or the Company to enforce any of the provisions of this Agreement shall not be construed to be a waiver of such provisions or any right to enforce each and every provision in the future. A waiver of any breach of this Agreement shall not be construed as a waiver of any other or subsequent breach.

**Successors; Binding Agreement**

The Company shall have the right to assign its rights and obligations under this Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

**Severability**

In the event that any one or more of the provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Agreement shall not in way be affected or impaired thereby.

**Entire Agreement**

You acknowledge that you have not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Agreement. This Agreement sets forth the entire agreement and understanding between you and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by you and the Company. In the event that any payments under this agreement in the aggregate are more than 2.99 times of your base salary and bonus, the payments which you will be eligible to receive under this Agreement will be reduced accordingly. Except for involuntary separation benefits or other similar severance payments, this Agreement does not supersede the terms of any other compensation plans, stock option programs, welfare benefit plans, or other such plans or programs in which you are eligible to participate, or may become eligible to participate.

If you agree to the terms of this Agreement, please sign on the line provided below and return two signed copies to the Corporate Secretary. A fully executed copy will be returned to you for your files after it is signed by the Company.

Sincerely,

**ALCOA INC.**

RELEASE AGREEMENT

RELEASE AGREEMENT (this "Release Agreement"), dated as of \_\_\_\_\_, between Alcoa Inc. (the "Company"), and [Name] ("Releasor").  
[DATE]

WHEREAS, Releasor was employed by the Company as \_\_\_\_\_  
[TITLE]

WHEREAS, Releasor and the Company are parties to a letter agreement dated [date] (the "Letter Agreement").

WHEREAS, Releasor's employment with the Company terminated as of \_\_\_\_\_  
[DATE]

NOW, THEREFORE, in consideration of the promises and of the releases, representations, covenants and obligations contained herein, the parties hereto agree as follows:

1. Severance Benefits. Subject to Releasor's execution and non-revocation of this Release Agreement within the time periods described in this Release Agreement and the Letter Agreement, and compliance with the other terms of the Letter Agreement, the Company shall pay Releasor the amounts, and provide Releasor the benefits, described in the Letter Agreement.

2. Release. Releasor knowingly and voluntarily releases and forever discharges the Company, its parents, and each of their respective subsidiaries and affiliates, together with their respective present and former directors, managers, officers, shareholders, employees, agents, and each of their respective predecessors, heirs, executors, administrators, successors and assigns (collectively, the "Releasees") from any and all debts, obligations, demands, actions, causes of action, accounts, covenants, contracts, agreements, damages, omissions, promises, and any and all claims and liabilities whatsoever, of every name and nature, known or unknown, suspected or unsuspected, both in law and equity ("Claims"), which Releasor ever had, now has, or may hereafter claim to have by reason of any matter, cause or thing whatsoever arising out of or relating to: (a) any events, occurrences or omissions from the beginning of time to the time Releasor signs this Release Agreement, or (b) Releasor's employment with the Company or termination thereof (the "Release"). The Release shall apply to any Claim of any type, including, without limitation, any and all Claims of any type that Releasor may have arising under the common law, the Age Discrimination in Employment Act of 1967, the Older Workers Benefit Protection Act, Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Americans With Disabilities Act of 1990, the Family and Medical Leave Act of 1993, the Employee Retirement Income Security Act of 1974, or the New York State and City Human Rights Laws, each as amended, and any other federal, state or local statutes, regulations, ordinances or common law creating employment-related causes of action, or under any policy, agreement, understanding or promise, written or oral, formal or informal, between Releasor and any of the Releasees, and all Claims for alleged tortious, defamatory or fraudulent conduct; provided, however, that nothing in the Release shall: (i) affect any vested employee benefits

(including equity awards) to which Releasor may be entitled under any existing employee benefit plans of the Company, or (ii) prohibit Releasor from enforcing this Release Agreement or the Letter Agreement. By signing this Release Agreement, Releasor represents that he or she shall not be entitled to any personal recovery in any action or proceeding that may be commenced on his or her behalf in any way arising out or relating to any of the matters that are the subject of the Release.

3. Releasor represents that he or she has not commenced or joined in any claim, charge or action against any of the Releasees, arising out of or relating in any way to Releasor's relationship with the Company, or the termination thereof.

4. Releasor represents and agrees that the obligations and representations set forth in the Restrictive Covenants in the Letter Agreement, on their stated terms, regarding noncompetition, nonsolicitation and confidentiality, shall remain in full force and effect.

5. Consultation With Attorney; Voluntary Agreement. Releasor represents that the Company has advised Releasor to consult with an attorney of Releasor's choosing prior to signing this Release Agreement. Releasor further represents that he or she understands and agrees that he or she has the right and has been given the opportunity to review this Release Agreement, with an attorney of Releasor's choice. Releasor further represents that he or she understands and agrees that the Company is under no obligation to offer the payments and benefits set forth in paragraph 1 above, and that Releasor is under no obligation to consent to this Release Agreement, and that Releasor has entered into this Release Agreement freely and voluntarily. Releasor shall have twenty-one (21) days to consider this Release Agreement, unless Releasor is terminated in connection with a an exit incentive or other group termination program, in which case Releasor shall have forty-five (45) days to consider this Release Agreement. In either case, once Releasor has signed this Release Agreement, Releasor shall have seven (7) additional days from the date of execution to revoke his or her consent. Any such revocation shall be made in writing to Attn: Corporate Secretary, Alcoa Inc., 390 Park Avenue, New York, New York 10022, and shall be deemed to have been duly given when hand delivered or when mailed by United States certified mail, return receipt requested. If no such revocation occurs, this Release Agreement shall become effective on the eighth (8th) day after Releasor shall have executed and returned it to the Company (the "Effective Date"). In the event that Releasor revokes his or her consent to this Release Agreement prior to the Effective Date, this Release Agreement shall be null and void and no payments or benefits shall be due hereunder or under the Letter Agreement.

6. Entire Agreement. Releasor acknowledges that he or she has not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Release Agreement. This Release Agreement sets forth the entire agreement and understanding between Releasor and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, except for the Letter Agreement, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by Releasor and the Company.

7. Successors; Binding Agreement. The Company shall have the right to assign its rights and obligations under this Release Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Release Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

8. Severability. In the event that any one or more of the provisions of this Release Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Release Agreement shall not in way be affected or impaired thereby.

9. Governing Law; Jurisdiction. Without reference to any principles concerning choice of law, this Release Agreement shall be governed and interpreted in accordance with the laws of the State of New York. Any action arising out of or related to this Release Agreement shall be brought in the state or Federal courts located in New York City, and Releasor and the Company consent to the jurisdiction and venue of such courts.

10. Counterparts. This Release Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Company and Releasor have executed this Release Agreement, on the date and year set forth below.

ALCOA INC.

**Alcoa**  
390 Park Avenue  
New York, New York 10022 USA  
Klaus Kleinfeld  
President and Chief Executive Officer

October 30, 2008

Bernt Reitan  
Alcoa Inc.  
390 Park Avenue  
New York, New York 10022

Dear Bernt:

As an Executive Vice President, you are a key part of the senior executive management team of Alcoa Inc. (the "Company"). The business relationships you have developed both inside and outside of the Company, your knowledge of the Company's business affairs and your management experience are all of great importance to the Company, and I value your continuing contributions. As I am sure you can also appreciate, it is important to the Company's future success that you, me and the other members of the senior executive leadership team are able to enhance our ability to increase shareholder value, and if necessary, to ease transitions when it is in the best interest of the Company to do so. Accordingly, it is my pleasure to be able to provide you with this letter agreement (the "Agreement") which sets forth the terms of an arrangement between you and the Company concerning your continuing and post-employment obligations. This letter agreement supersedes and replaces in its entirety the letter agreement dated December 23, 2004, between you and the Company.

**I. You voluntarily resign or retire.**

You may terminate your employment with the Company by voluntarily resigning or by retiring. If you wish to resign or retire, you will provide the Company with at least three months' advance written notice (the "Notice," which shall contain your selected date of termination, which must be at least three months after the date the Notice is received by the Company (such date of receipt, the "Notice Date")), after which the following conditions shall apply:

Your active service with the Company will be terminated on the date specified in the Notice (or such later date as you and the Company mutually agree), or such earlier date as the Company may determine in its sole discretion (the "Voluntary Termination Date"). During the period from the Notice Date through the Voluntary Termination Date, (i) the Company may, in its sole discretion, assign you such duties as it sees fit (but commensurate with your position) and (ii) you agree to continue to provide at least 20% of the average level of services you provided to the Company during the preceding 36-month period, such that your "separation from service" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended ("409A"), occurs on the Voluntary Termination Date.

If your employment with the Company terminates pursuant to this Section I, you will be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Voluntary Termination Date, provided that on or after the Voluntary Termination Date, and at least 10 days prior to the payment date, you execute and return to the Company the release agreement attached as Exhibit A (the "Release Agreement") and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(ii) If the Voluntary Termination Date occurs before the date specified in your Notice and less than three months following the Notice Date (e.g., if the Company elects a Voluntary Termination Date earlier than the date specified in the Notice), a lump sum amount equal to your monthly base salary as of the Voluntary Termination Date for the time between the Voluntary Termination Date and three months following the Notice Date; or

(iii) If you and the Company mutually agree to extend your service to a later date than the date stated in your Notice, upon your Voluntary Termination Date, you will receive: a lump sum amount equal to your monthly base salary for each month you provided service beyond the date stated in your Notice or for such period of time as you and the Company may mutually agree, not to exceed 24 months (referred to as the "additional period of time"); a lump sum amount as provided under Section II B (iii), (iv) or (v) below except that the amount will be calculated for the "additional period of time"; and continued active medical benefits for the "additional period of time" as described in Section II B below.

If your employment with the Company terminates pursuant to this Section I, upon and following the Voluntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section I are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

## **II. Company terminates your employment.**

The Company may terminate your employment at any time, with or without Cause, with the results described below. In such case, the Company shall determine the effective date of your termination (the "Involuntary Termination Date").

A. Involuntary Termination With Cause. If the Company terminates your employment due to Cause, you will receive no severance payment under this Agreement or any other severance plan, policy or arrangement of the Company or any of its affiliates. For purposes of this Agreement, "Cause" means: (i) your willful and continued failure to substantially perform your duties that has not been cured within thirty days after a written demand for substantial performance is delivered to you, which demand specifically identifies the manner in which the Company believes that you have not substantially performed your duties, or (ii) your willful engagement in conduct which is demonstrably and materially injurious to the Company, monetarily or otherwise. For purposes of clauses (i) and (ii) of this definition, (x) no act, or failure to act, on your part shall be deemed "willful" unless done, or omitted to be done, by you

not in good faith and without reasonable belief that your act, or failure to act, was in the best interest of the Company, and (y) in the event of a dispute concerning the application of this provision, no claim by the Company that Cause exists shall be given effect unless the Board determines that there is clear and convincing evidence that Cause exists and the Board finding to that effect is adopted by the affirmative vote of not less than three quarters of the entire membership of the Board (after reasonable notice to you and an opportunity for you, together with your counsel, to be heard by the Board).

**B. Involuntary Termination Without Cause.** If the Company terminates your employment for reasons other than Cause, and you fulfill your obligations as set forth in this Agreement, you shall be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Involuntary Termination Date, provided that, on or after the Involuntary Termination Date, and at least 10 days prior to the payment date, (i) you execute and return to the Company the Release Agreement and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) a lump sum amount equivalent to two times your annual base salary as of the Involuntary Termination Date;

(ii) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above;

(iii) if, on the Involuntary Termination Date, you are an active participant who is accruing benefits under any tax-qualified, supplemental or excess defined benefit pension plan maintained by the Company or any of its affiliates or any other defined benefit plan or agreement entered into between you and the Company or any of its affiliates which is designed to provide you with supplemental defined benefit retirement benefits (a "DB Pension Plan"), a lump sum amount equal to the excess of (I) the actuarial equivalent of the aggregate retirement pension as if you had been credited with an additional 24 months of service following the Involuntary Termination Date; over (II) the actuarial equivalent of the aggregate retirement pension which you had accrued under the provisions of the DB Pension Plans as of the Involuntary Termination Date. For purposes of this Section II.B(iii), actuarial equivalence shall be made consistent with the methodology used in the Alcoa Inc. Change in Control Severance Plan; or

(iv) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to receive Employer Retirement Income Contributions (ERIC) under an Alcoa Savings Plan, a lump sum amount, in cash, equal to two times the ERIC contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation; or

(v) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to participate in the Global Pension Plan, you will receive a lump sum amount, in cash, equal to two times the Global Pension Plan contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation.

In addition, for a period of two years after the Involuntary Termination Date the Company shall arrange to provide you, and anyone entitled to claim through you, health (including medical, behavioral, prescription drug, dental and vision) benefits substantially similar to those provided to active employees, at no greater after tax cost to you than the after tax cost to you immediately prior to the Involuntary Termination Date. If the company contribution to these benefits becomes taxable to you, you will be grossed up on these contributions. In order to comply with 409A, the following shall apply to the health care benefits provided pursuant to this paragraph, the costs of which are not fully paid by you (the "Health Benefits"). Any and all reimbursements of eligible expenses made pursuant to the Health Benefits shall be made no later than the end of the calendar year next following the calendar year in which the expenses were incurred. The amount of expenses that are eligible for reimbursement or of in-kind benefits that are provided pursuant to the Health Benefits in any given calendar year shall not affect the expenses that are eligible for reimbursement or benefits to be provided pursuant to the Health Benefits in any other calendar year, except as specifically permitted by Treasury Regulation Section 1.409A-3(i)(iv)(B). Your right to the Health Benefits may not be liquidated or exchanged for any other benefit.

If your employment with the Company terminates pursuant to this Section II, upon and following the Involuntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section II are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

### **Restrictive Covenants**

In light of the unique character of your position with the Company, the business relationships you have developed and will continue to develop while employed by the Company, and your knowledge of the Company's business affairs including the Confidential Information (as defined below), and with the acknowledgment of the continuing consideration which you will receive from the Company as a member of its senior executive management team, and the personal financial security which is provided under this Agreement, or in the event of a change in control as defined in the Company's Change in Control Severance Plan, you agree to the following Restrictive Covenants:

**Noncompetition:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment is voluntary or involuntary), you will not directly or indirectly provide services, whether as a director, officer, partner, owner, employee, inventor, consultant, advisor, agent, or otherwise, to any domestic or international business or firm that is engaged or has plans to become engaged in the manufacturing, fabricating, distributing or selling of aluminum and/or aluminum related products for the aerospace, automotive, packaging, or other aluminum fabricated product markets, the mining of bauxite, conversion and refining of bauxite into alumina and/or the sale or distribution of alumina or alumina related chemical products or any other line of business in which the Company is involved or becomes involved during your employment with the Company (collectively, the "Aluminum Business"). However, you may own up to five percent (5%) of the outstanding securities of any publicly traded company.

It is not the Company's intention to restrict or limit your activities, unless it is believed that there is a substantial possibility that your future employment, or activities in any of the lines of business in which the Company is engaged may be detrimental to the Company. So as to not unduly restrict your future employment, if you desire to enter into any employment arrangement or relationship with any entity in the above identified markets within the two year period, please consult with me to discuss your intended relationship with the competitive entity. You and the Company recognize that due to the many different businesses which presently compete, or which in the future may compete with the Company in the Aluminum Business, the Company will discuss your desire to enter into a business or professional relationship with any manufacturer or firm which may be perceived as a competitor.

Non-solicitation: During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment was voluntary or involuntary), you will not directly or indirectly (i) solicit, induce or attempt to solicit or induce any current or future employee of the Company to leave the Company for any reason, or (ii) solicit business from, or engage in business with, any current or future customer or supplier of the Company which you met and dealt with during your employment with the Company for any purpose. In the event that you become aware that any present or future employee of the Company has been hired by any business or firm with which you are then affiliated, you will immediately notify the Company's chief legal officer to confirm your non-solicitation of said employee.

Confidentiality: During your employment with the Company and at all times thereafter, you will maintain the confidentiality of any and all information about the Company which is not generally known or available outside the Company, including without limitation, strategic plans, technical and operating know-how, business strategy, trade secrets, customer information, business operations and other proprietary information ("Confidential Information"), and you will not, directly or indirectly, disclose any Confidential Information to any person or entity, or use any Confidential Information, whether for your benefit or the benefit of any new employer or any other person or entity, or in any other manner that is detrimental to or inconsistent with any interest of the Company. If you receive notice that you may be required to disclose any Confidential Information pursuant to a subpoena or other lawful process, you must notify the Company's chief legal officer immediately.

You acknowledge and agree that given the nature of the Company's business, which is conducted throughout the world, and your position of confidence and trust with the Company, the scope and duration of these Restrictive Covenants are reasonable and necessary to protect the legitimate business interests of the Company. You further acknowledge that you have received substantial compensation from the Company and that your general skills and abilities are such that you can be gainfully employed in noncompetitive employment, and that this Agreement will in no way prevent you from earning a living following your employment with the Company.

You also recognize and agree that any breach or threatened or anticipated breach of any part of these Restrictive Covenants will result in irreparable harm to the Company, and that the remedy at law for any such breach or threatened breach will be inadequate. Accordingly, in addition to any other legal or equitable remedies that may be available to the Company, you agree that the Company shall be entitled to obtain an injunction, without posting a bond, to prevent any breach or threatened breach of any part of these Restrictive Covenants. You agree to reimburse the Company for all costs and expenses, including reasonable attorney's fees and costs, incurred by the Company in connection with the enforcement of its rights under this Agreement.

In the event that any court of competent jurisdiction finds that the limitations set forth in these Restrictive Covenants are overly broad with respect to duration, geographic scope or scope of prohibited activities, such court shall have the authority to reduce the duration, area or activities of such provisions so as to be enforceable to the maximum extent compatible with applicable law, and such provisions shall then be enforced as modified. In the event that a court reduces the duration of the restriction, any unpaid amounts, as set forth above, shall be reduced on a pro rata basis.

**Tax Withholding**

All amounts payable pursuant to this Agreement shall be subject to withholding for taxes as legally required, and for other amounts authorized by you.

**Application of 409A Provisions**

If you provide a written, unqualified opinion from your tax advisor to the Company stating that you are a non-resident alien not subject to 409A at the time of your termination of employment, or that 409A otherwise does not apply to you at that time, unless the Company has reason to believe that such opinion is more likely than not incorrect the Company shall cooperate with you to amend this Agreement in a mutually satisfactory manner to cause any severance payments payable hereunder to be paid as soon as practicable following your termination of employment, and to otherwise remove references to Section 409A from this Agreement; provided that in no event shall such payments be made unless and until you have returned an executed Release Agreement (signed by you on or following your termination date) and any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement. The Company shall have no responsibility for any taxes or penalties you may incur on account of any such amendments, whether pursuant to 409A or otherwise.

**Governing Law; Jurisdiction**

This Agreement shall be governed and interpreted in accordance with the laws of the State of New York without reference to its choice of law principles. Any action arising out of or related to this Agreement shall be brought in the state or Federal courts located in New York City, and you and the Company consent to the jurisdiction and venue of such courts.

**Amendment; Waiver**

No provision of this Agreement may be modified, waived, or discharged unless such waiver, modification or discharge is in writing and signed by the Chief Executive Officer of the Company. Any failure by you or the Company to enforce any of the provisions of this Agreement shall not be construed to be a waiver of such provisions or any right to enforce each and every provision in the future. A waiver of any breach of this Agreement shall not be construed as a waiver of any other or subsequent breach.

**Successors; Binding Agreement**

The Company shall have the right to assign its rights and obligations under this Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

**Severability**

In the event that any one or more of the provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Agreement shall not in way be affected or impaired thereby.

**Entire Agreement**

You acknowledge that you have not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Agreement. This Agreement sets forth the entire agreement and understanding between you and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by you and the Company. In the event that any payments under this agreement in the aggregate are more than 2.99 times of your base salary and bonus, the payments which you will be eligible to receive under this Agreement will be reduced accordingly. Except for involuntary separation benefits or other similar severance payments, this Agreement does not supersede the terms of any other compensation plans, stock option programs, welfare benefit plans, or other such plans or programs in which you are eligible to participate, or may become eligible to participate.

If you agree to the terms of this Agreement, please sign on the line provided below and return two signed copies to the Corporate Secretary. A fully executed copy will be returned to you for your files after it is signed by the Company.

Sincerely,

**ALCOA INC.**

RELEASE AGREEMENT

RELEASE AGREEMENT (this "Release Agreement"), dated as of \_\_\_\_\_, between Alcoa Inc. (the "Company"), and [Name] ("Releasor").  
[DATE]

WHEREAS, Releasor was employed by the Company as \_\_\_\_\_  
[TITLE]

WHEREAS, Releasor and the Company are parties to a letter agreement dated [date] (the "Letter Agreement").

WHEREAS, Releasor's employment with the Company terminated as of \_\_\_\_\_  
[DATE]

NOW, THEREFORE, in consideration of the promises and of the releases, representations, covenants and obligations contained herein, the parties hereto agree as follows:

1. Severance Benefits. Subject to Releasor's execution and non-revocation of this Release Agreement within the time periods described in this Release Agreement and the Letter Agreement, and compliance with the other terms of the Letter Agreement, the Company shall pay Releasor the amounts, and provide Releasor the benefits, described in the Letter Agreement.

2. Release. Releasor knowingly and voluntarily releases and forever discharges the Company, its parents, and each of their respective subsidiaries and affiliates, together with their respective present and former directors, managers, officers, shareholders, employees, agents, and each of their respective predecessors, heirs, executors, administrators, successors and assigns (collectively, the "Releasees") from any and all debts, obligations, demands, actions, causes of action, accounts, covenants, contracts, agreements, damages, omissions, promises, and any and all claims and liabilities whatsoever, of every name and nature, known or unknown, suspected or unsuspected, both in law and equity ("Claims"), which Releasor ever had, now has, or may hereafter claim to have by reason of any matter, cause or thing whatsoever arising out of or relating to: (a) any events, occurrences or omissions from the beginning of time to the time Releasor signs this Release Agreement, or (b) Releasor's employment with the Company or termination thereof (the "Release"). The Release shall apply to any Claim of any type, including, without limitation, any and all Claims of any type that Releasor may have arising under the common law, the Age Discrimination in Employment Act of 1967, the Older Workers Benefit Protection Act, Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Americans With Disabilities Act of 1990, the Family and Medical Leave Act of 1993, the Employee Retirement Income Security Act of 1974, or the New York State and City Human Rights Laws, each as amended, and any other federal, state or local statutes, regulations, ordinances or common law creating employment-related causes of action, or under any policy, agreement, understanding or promise, written or oral, formal or informal, between Releasor and any of the Releasees, and all Claims for alleged tortious, defamatory or fraudulent conduct; provided, however, that nothing in the Release shall: (i) affect any vested employee benefits

(including equity awards) to which Releasor may be entitled under any existing employee benefit plans of the Company, or (ii) prohibit Releasor from enforcing this Release Agreement or the Letter Agreement. By signing this Release Agreement, Releasor represents that he or she shall not be entitled to any personal recovery in any action or proceeding that may be commenced on his or her behalf in any way arising out or relating to any of the matters that are the subject of the Release.

3. Releasor represents that he or she has not commenced or joined in any claim, charge or action against any of the Releasees, arising out of or relating in any way to Releasor's relationship with the Company, or the termination thereof.

4. Releasor represents and agrees that the obligations and representations set forth in the Restrictive Covenants in the Letter Agreement, on their stated terms, regarding noncompetition, nonsolicitation and confidentiality, shall remain in full force and effect.

5. Consultation With Attorney; Voluntary Agreement. Releasor represents that the Company has advised Releasor to consult with an attorney of Releasor's choosing prior to signing this Release Agreement. Releasor further represents that he or she understands and agrees that he or she has the right and has been given the opportunity to review this Release Agreement, with an attorney of Releasor's choice. Releasor further represents that he or she understands and agrees that the Company is under no obligation to offer the payments and benefits set forth in paragraph 1 above, and that Releasor is under no obligation to consent to this Release Agreement, and that Releasor has entered into this Release Agreement freely and voluntarily. Releasor shall have twenty-one (21) days to consider this Release Agreement, unless Releasor is terminated in connection with a an exit incentive or other group termination program, in which case Releasor shall have forty-five (45) days to consider this Release Agreement. In either case, once Releasor has signed this Release Agreement, Releasor shall have seven (7) additional days from the date of execution to revoke his or her consent. Any such revocation shall be made in writing to Attn: Corporate Secretary, Alcoa Inc., 390 Park Avenue, New York, New York 10022, and shall be deemed to have been duly given when hand delivered or when mailed by United States certified mail, return receipt requested. If no such revocation occurs, this Release Agreement shall become effective on the eighth (8th) day after Releasor shall have executed and returned it to the Company (the "Effective Date"). In the event that Releasor revokes his or her consent to this Release Agreement prior to the Effective Date, this Release Agreement shall be null and void and no payments or benefits shall be due hereunder or under the Letter Agreement.

6. Entire Agreement. Releasor acknowledges that he or she has not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Release Agreement. This Release Agreement sets forth the entire agreement and understanding between Releasor and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, except for the Letter Agreement, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by Releasor and the Company.

7. Successors; Binding Agreement. The Company shall have the right to assign its rights and obligations under this Release Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Release Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

8. Severability. In the event that any one or more of the provisions of this Release Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Release Agreement shall not in way be affected or impaired thereby.

9. Governing Law; Jurisdiction. Without reference to any principles concerning choice of law, this Release Agreement shall be governed and interpreted in accordance with the laws of the State of New York. Any action arising out of or related to this Release Agreement shall be brought in the state or Federal courts located in New York City, and Releasor and the Company consent to the jurisdiction and venue of such courts.

10. Counterparts. This Release Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Company and Releasor have executed this Release Agreement, on the date and year set forth below.

ALCOA INC.

**Alcoa**  
390 Park Avenue  
New York, New York 10022 USA  
  
Klaus Kleinfeld  
President and Chief Executive Officer

October 30, 2008

J. Michael Schell  
Alcoa Inc.  
390 Park Avenue  
New York, New York 10022

Dear Mike:

As Executive Vice President—Business Development and Law/Chief Compliance Officer, you are a key part of the senior executive management team of Alcoa Inc. (the “Company”). The business relationships you have developed both inside and outside of the Company, your knowledge of the Company’s business affairs and your management experience are all of great importance to the Company, and I value your continuing contributions. As I am sure you can also appreciate, it is important to the Company’s future success that you, me and the other members of the senior executive leadership team are able to enhance our ability to increase shareholder value, and if necessary, to ease transitions when it is in the best interest of the Company to do so. Accordingly, it is my pleasure to be able to provide you with this letter agreement (the “Agreement”) which sets forth the terms of an arrangement between you and the Company concerning your continuing and post-employment obligations. This letter agreement supersedes and replaces in its entirety the letter agreement dated March 19, 2008, between you and the Company of the same subject matter. For the avoidance of doubt, it does not supersede your offer letter with the Company dated March 19, 2008.

**I. You voluntarily resign or retire.**

You may terminate your employment with the Company by voluntarily resigning or by retiring. If you wish to resign or retire, you will provide the Company with at least three months’ advance written notice (the “Notice,” which shall contain your selected date of termination, which must be at least three months after the date the Notice is received by the Company (such date of receipt, the “Notice Date”)), after which the following conditions shall apply:

Your active service with the Company will be terminated on the date specified in the Notice (or such later date as you and the Company mutually agree), or such earlier date as the Company may determine in its sole discretion (the “Voluntary Termination Date”). During the period from the Notice Date through the Voluntary Termination Date, (i) the Company may, in its sole discretion, assign you such duties as it sees fit (but commensurate with your position) and (ii) you agree to continue to provide at least 20% of the average level of services you provided to the Company during the preceding 36-month period, such that your “separation from service” for purposes of Section 409A of the Internal Revenue Code of 1986, as amended (“409A”), occurs on the Voluntary Termination Date.

If your employment with the Company terminates pursuant to this Section I, you will be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Voluntary Termination Date, provided that on or after the Voluntary Termination Date and at least 10 days prior to the payment date, you execute and return to the Company the release agreement attached as Exhibit A (the "Release Agreement") and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(ii) If the Voluntary Termination Date occurs before the date specified in your Notice and less than three months following the Notice Date (e.g., if the Company elects a Voluntary Termination Date earlier than the date specified in the Notice), a lump sum amount equal to your monthly base salary as of the Voluntary Termination Date for the time between the Voluntary Termination Date and three months following the Notice Date; or

(iii) If you and the Company mutually agree to extend your service to a later date than the date stated in your Notice, upon your Voluntary Termination Date, you will receive: a lump sum amount equal to your monthly base salary for each month you provided service beyond the date stated in your Notice or for such period of time as you and the Company may mutually agree, not to exceed 24 months (referred to as the "additional period of time"); a lump sum amount as provided under Section II B (iii) below except that the amount will be calculated for the "additional period of time"; and continued active medical benefits for the "additional period of time" as described in Section II B below. If your employment with the Company terminates pursuant to this Section I, upon and following the Voluntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section I are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

## **II. Company terminates your employment.**

The Company may terminate your employment at any time, with or without Cause, with the results described below. In such case, the Company shall determine the effective date of your termination (the "Involuntary Termination Date").

A. Involuntary Termination With Cause. If the Company terminates your employment due to Cause, you will receive no severance payment under this Agreement or any other severance plan, policy or arrangement of the Company or any of its affiliates. For purposes of this Agreement, "Cause" means: (i) your willful and continued failure to substantially perform your duties that has not been cured within thirty days after a written demand for substantial performance is delivered to you, which demand specifically identifies the manner in which the Company believes that you have not substantially performed your duties, or (ii) your willful engagement in conduct which is demonstrably and materially injurious to the Company,

monetarily or otherwise. For purposes of clauses (i) and (ii) of this definition, (x) no act, or failure to act, on your part shall be deemed “willful” unless done, or omitted to be done, by you not in good faith and without reasonable belief that your act, or failure to act, was in the best interest of the Company, and (y) in the event of a dispute concerning the application of this provision, no claim by the Company that Cause exists shall be given effect unless the Board determines that there is clear and convincing evidence that Cause exists and the Board finding to that effect is adopted by the affirmative vote of not less than three quarters of the entire membership of the Board (after reasonable notice to you and an opportunity for you, together with your counsel, to be heard by the Board).

B. Involuntary Termination Without Cause. If the Company terminates your employment for reasons other than Cause, and you fulfill your obligations as set forth in this Agreement, you shall be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Involuntary Termination Date, provided that, on or after the Involuntary Termination Date, and at least 10 days prior to the payment date, (i) you execute and return to the Company the Release Agreement and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) a lump sum amount equivalent to two times your annual base salary plus your target annual bonus as of the Involuntary Termination Date;

(ii) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(iii) a lump sum amount, in cash, equal to 6% (two years multiplied by 3%) of the sum of your annual base salary as of your Involuntary Termination Date plus your target annual bonus for the year in which your Involuntary Termination Date occurs.

In addition, for a period of two years after the Involuntary Termination Date the Company shall arrange to provide you, and anyone entitled to claim through you, health (including medical, behavioral, prescription drug, dental and vision) benefits substantially similar to those provided to active employees, at no greater after tax cost to you than the after tax cost to you immediately prior to the Involuntary Termination Date. If the company contribution to these benefits becomes taxable to you, you will be grossed up on these contributions (with any gross up paid to you promptly but in no event later than the end of your taxable year following the taxable year in which you or the Company remits the related taxes). In order to comply with 409A, the following shall apply to the health care benefits provided pursuant to this paragraph, the costs of which are not fully paid by you (the “Health Benefits”). Any and all reimbursements of eligible expenses made pursuant to the Health Benefits shall be made no later than the end of the calendar year next following the calendar year in which the expenses were incurred. The amount of expenses that are eligible for reimbursement or of in-kind benefits that are provided pursuant to the Health Benefits in any given calendar year shall not affect the expenses that are eligible for reimbursement or benefits to be provided pursuant to the Health Benefits in any other calendar year, except as specifically permitted by Treasury Regulation Section 1.409A-3(i)(iv)(B). Your right to the Health Benefits may not be liquidated or exchanged for any other benefit.

If your employment with the Company terminates pursuant to this Section II, upon and following the Involuntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments

and benefits under this Section II are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

**Restrictive Covenants**

In light of the unique character of your position with the Company, the business relationships you have developed and will continue to develop while employed by the Company, and your knowledge of the Company's business affairs including the Confidential Information (as defined below), and with the acknowledgment of the continuing consideration which you will receive from the Company as a member of its senior executive management team, and the personal financial security which is provided under this Agreement, or in the event of a change in control as defined in the Company's Change in Control Severance Plan, you agree to the following Restrictive Covenants:

**Noncompetition:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment is voluntary or involuntary), you will not directly or indirectly provide services, whether as a director, officer, partner, owner, employee, inventor, consultant, advisor, agent, or otherwise, to any domestic or international business or firm that is engaged or has plans to become engaged in the manufacturing, fabricating, distributing or selling of aluminum and/or aluminum related products for the aerospace, automotive, packaging, or other aluminum fabricated product markets, the mining of bauxite, conversion and refining of bauxite into alumina and/or the sale or distribution of alumina or alumina related chemical products or any other line of business in which the Company is involved or becomes involved during your employment with the Company (collectively, the "Aluminum Business"). However, you may own up to five percent (5%) of the outstanding securities of any publicly traded company.

It is not the Company's intention to restrict or limit your activities, unless it is believed that there is a substantial possibility that your future employment, or activities in any of the lines of business in which the Company is engaged may be detrimental to the Company. So as to not unduly restrict your future employment, if you desire to enter into any employment arrangement or relationship with any entity in the above identified markets within the two year period, please consult with me to discuss your intended relationship with the competitive entity. You and the Company recognize that due to the many different businesses which presently compete, or which in the future may compete with the Company in the Aluminum Business, the Company will discuss your desire to enter into a business or professional relationship with any manufacturer or firm which may be perceived as a competitor.

**Non-solicitation:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment was voluntary or involuntary), you will not directly or indirectly (i) solicit, induce or attempt to solicit or induce any current or future employee of the Company to leave the Company for any reason, or (ii) solicit business from, or engage in business with, any current or future customer or supplier of the Company which you met and dealt with during your employment with the Company for any purpose. In the event that you become aware that any present or future employee of the Company has been hired by any business or firm with which you are then affiliated, you will immediately notify the Company's General Counsel to confirm your non-solicitation of said employee.

**Confidentiality:** During your employment with the Company and at all times thereafter, you will maintain the confidentiality of any and all information about the Company which is not generally known or available outside the Company, including without limitation, strategic plans, technical and operating know-how, business strategy, trade secrets, customer information, business operations and other proprietary information (“Confidential Information”), and you will not, directly or indirectly, disclose any Confidential Information to any person or entity, or use any Confidential Information, whether for your benefit or the benefit of any new employer or any other person or entity, or in any other manner that is detrimental to or inconsistent with any interest of the Company. If you receive notice that you may be required to disclose any Confidential Information pursuant to a subpoena or other lawful process, you must notify the Company’s General Counsel immediately.

You acknowledge and agree that given the nature of the Company’s business, which is conducted throughout the world, and your position of confidence and trust with the Company, the scope and duration of these Restrictive Covenants are reasonable and necessary to protect the legitimate business interests of the Company. You further acknowledge that you have received substantial compensation from the Company and that your general skills and abilities are such that you can be gainfully employed in noncompetitive employment, and that this Agreement will in no way prevent you from earning a living following your employment with the Company.

You also recognize and agree that any breach or threatened or anticipated breach of any part of these Restrictive Covenants will result in irreparable harm to the Company, and that the remedy at law for any such breach or threatened breach will be inadequate. Accordingly, in addition to any other legal or equitable remedies that may be available to the Company, you agree that the Company shall be entitled to obtain an injunction, without posting a bond, to prevent any breach or threatened breach of any part of these Restrictive Covenants. You agree to reimburse the Company for all costs and expenses, including reasonable attorney’s fees and costs, incurred by the Company in connection with the enforcement of its rights under this Agreement.

In the event that any court of competent jurisdiction finds that the limitations set forth in these Restrictive Covenants are overly broad with respect to duration, geographic scope or scope of prohibited activities, such court shall have the authority to reduce the duration, area or activities of such provisions so as to be enforceable to the maximum extent compatible with applicable law, and such provisions shall then be enforced as modified. In the event that a court reduces the duration of the restriction, any unpaid amounts, as set forth above, shall be reduced on a pro rata basis.

#### **Tax Withholding**

All amounts payable pursuant to this Agreement shall be subject to withholding for taxes as legally required, and for other amounts authorized by you.

#### **Application of 409A Provisions**

If you provide a written, unqualified opinion from your tax advisor to the Company stating that you are a non-resident alien not subject to 409A at the time of your termination of employment, or that 409A otherwise does not apply to you at that time, unless the Company has reason to believe that such opinion is more likely than not incorrect the Company shall cooperate with you to amend this Agreement in a mutually satisfactory manner to cause any

severance payments payable hereunder to be paid as soon as practicable following your termination of employment, and to otherwise remove references to Section 409A from this Agreement; provided that in no event shall such payments be made unless and until you have returned an executed Release Agreement (signed by you on or following your termination date) and any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement. The Company shall have no responsibility for any taxes or penalties you may incur on account of any such amendments, whether pursuant to 409A or otherwise.

**Governing Law; Jurisdiction**

This Agreement shall be governed and interpreted in accordance with the laws of the State of New York without reference to its choice of law principles. Any action arising out of or related to this Agreement shall be brought in the state or Federal courts located in New York City, and you and the Company consent to the jurisdiction and venue of such courts.

**Amendment; Waiver**

No provision of this Agreement may be modified, waived, or discharged unless such waiver, modification or discharge is in writing and signed by you and the Chief Executive Officer of the Company. Any failure by you or the Company to enforce any of the provisions of this Agreement shall not be construed to be a waiver of such provisions or any right to enforce each and every provision in the future. A waiver of any breach of this Agreement shall not be construed as a waiver of any other or subsequent breach.

**Successors; Binding Agreement**

The Company shall have the right to assign its rights and obligations under this Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

**Severability**

In the event that any one or more of the provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Agreement shall not in way be affected or impaired thereby.

**No Mitigation**

If you are entitled to receive severance benefits under this Agreement, you will not be required to mitigate the amount of any payment provided for in this Agreement by seeking other employment or otherwise, and any amount received from subsequent employment will not offset your severance payments under this Agreement.

**Entire Agreement**

You acknowledge that you have not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Agreement. This Agreement sets forth the entire agreement and understanding between you and the Company except for your offer

letter dated March 19, 2008, and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof except for your offer letter dated March 19, 2008, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by you and the Company. In the event that any payments under this agreement in the aggregate are more than 2.99 times of your base salary and bonus, the payments which you will be eligible to receive under this Agreement will be reduced accordingly. Except for involuntary separation benefits or other similar severance payments, this Agreement does not supersede the terms of any other compensation plans, stock option programs, welfare benefit plans, or other such plans or programs in which you are eligible to participate, or may become eligible to participate. The entitlements due to you hereunder shall be in addition to any entitlements due to you under your offer letter agreement with the Company dated March 19, 2008.

If you agree to the terms of this Agreement, please sign on the line provided below and return two signed copies to the Corporate Secretary. A fully executed copy will be returned to you for your files after it is signed by the Company.

Sincerely,

**ALCOA INC.**

RELEASE AGREEMENT

RELEASE AGREEMENT (this "Release Agreement"), dated as of \_\_\_\_\_, between Alcoa Inc. (the "Company"), and [Name] ("Releasor").  
[DATE]

WHEREAS, Releasor was employed by the Company as \_\_\_\_\_  
[TITLE]

WHEREAS, Releasor and the Company are parties to a letter agreement dated [date] (the "Letter Agreement") and an offer letter dated March 19, 2008 (the "offer letter").

WHEREAS, Releasor's employment with the Company terminated as of \_\_\_\_\_  
[DATE]

NOW, THEREFORE, in consideration of the promises and of the releases, representations, covenants and obligations contained herein, the parties hereto agree as follows:

1. Severance Benefits. Subject to Releasor's execution and non-revocation of this Release Agreement within the time periods described in this Release Agreement and the Letter Agreement, and compliance with the other terms of the Letter Agreement, the Company shall pay Releasor the amounts, and provide Releasor the benefits, described in the Letter Agreement. Notwithstanding any other provision of this Release Agreement, the Company shall also pay any additional amounts and benefits to which Releasor is entitled under the terms of the offer letter.

2. Release. Releasor knowingly and voluntarily releases and forever discharges the Company, its parents, and each of their respective subsidiaries and affiliates, together with their respective present and former directors, managers, officers, shareholders, employees, agents, and each of their respective predecessors, heirs, executors, administrators, successors and assigns (collectively, the "Releasees") from any and all debts, obligations, demands, actions, causes of action, accounts, covenants, contracts, agreements, damages, omissions, promises, and any and all claims and liabilities whatsoever, of every name and nature, known or unknown, suspected or unsuspected, both in law and equity ("Claims"), which Releasor ever had, now has, or may hereafter claim to have by reason of any matter, cause or thing whatsoever arising out of or relating to: (a) any events, occurrences or omissions from the beginning of time to the time Releasor signs this Release Agreement, or (b) Releasor's employment with the Company or termination thereof (the "Release"). The Release shall apply to any Claim of any type, including, without limitation, any and all Claims of any type that Releasor may have arising under the common law, the Age Discrimination in Employment Act of 1967, the Older Workers Benefit Protection Act, Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Americans With Disabilities Act of 1990, the Family and Medical Leave Act of 1993, the Employee Retirement Income Security Act of 1974, or the New York State and City Human Rights Laws, each as amended, and any other federal, state or local statutes, regulations, ordinances or common law creating employment-related causes of action, or under any policy, agreement, understanding or promise, written or oral, formal or informal, between Releasor and any of the Releasees, and all Claims for alleged tortious, defamatory or fraudulent conduct;

provided, however, that nothing in the Release shall: (i) affect any vested employee benefits (including equity awards) to which Releasor may be entitled under any existing employee benefit plans of the Company, or (ii) prohibit Releasor from enforcing this Release Agreement or the Letter Agreement or the offer letter. Nothing herein shall be deemed to be a release by Releasor of his rights to be indemnified and/or advanced expenses under any corporate document, agreement or applicable law or to be covered under any directors' and officers' liability insurance policies. By signing this Release Agreement, Releasor represents that he or she shall not be entitled to any personal recovery in any action or proceeding that may be commenced on his or her behalf in any way arising out or relating to any of the matters that are the subject of the Release.

3. Releasor represents that he or she has not commenced or joined in any claim, charge or action against any of the Releasees, arising out of or relating in any way to Releasor's relationship with the Company, or the termination thereof.

4. Releasor represents and agrees that the obligations and representations set forth in the Restrictive Covenants in the Letter Agreement, on their stated terms, regarding noncompetition, nonsolicitation and confidentiality, shall remain in full force and effect.

5. Consultation With Attorney; Voluntary Agreement. Releasor represents that the Company has advised Releasor to consult with an attorney of Releasor's choosing prior to signing this Release Agreement. Releasor further represents that he or she understands and agrees that he or she has the right and has been given the opportunity to review this Release Agreement, with an attorney of Releasor's choice. Releasor further represents that he or she understands and agrees that the Company is under no obligation to offer the payments and benefits set forth in paragraph 1 above, and that Releasor is under no obligation to consent to this Release Agreement, and that Releasor has entered into this Release Agreement freely and voluntarily. Releasor shall have at least twenty-one (21) days to consider this Release Agreement, unless Releasor is terminated in connection with an exit incentive or other group termination program, in which case Releasor shall have at least forty-five (45) days to consider this Release Agreement. In either case, once Releasor has signed this Release Agreement, Releasor shall have seven (7) additional days from the date of execution to revoke his or her consent. Any such revocation shall be made in writing to Attn: Corporate Secretary, Alcoa Inc., 390 Park Avenue, New York, New York 10022, and shall be deemed to have been duly given when hand delivered or when mailed by United States certified mail, return receipt requested. If no such revocation occurs, this Release Agreement shall become effective on the eighth (8th) day after Releasor shall have executed and returned it to the Company (the "Effective Date"). In the event that Releasor revokes his or her consent to this Release Agreement prior to the Effective Date, this Release Agreement shall be null and void and no payments or benefits shall be due hereunder or under the Letter Agreement.

6. Entire Agreement. Releasor acknowledges that he or she has not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Release Agreement. This Release Agreement sets forth the entire agreement and understanding between Releasor and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, except for the Letter Agreement, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by Releasor and the Company.

7. Successors; Binding Agreement. The Company shall have the right to assign its rights and obligations under this Release Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Release Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

8. Severability. In the event that any one or more of the provisions of this Release Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Release Agreement shall not in way be affected or impaired thereby.

9. Governing Law; Jurisdiction. Without reference to any principles concerning choice of law, this Release Agreement shall be governed and interpreted in accordance with the laws of the State of New York. Any action arising out of or related to this Release Agreement shall be brought in the state or Federal courts located in New York City, and Releasor and the Company consent to the jurisdiction and venue of such courts.

10. Counterparts. This Release Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Company and Releasor have executed this Release Agreement, on the date and year set forth below.

ALCOA INC.

**Alcoa**  
390 Park Avenue  
New York, New York 10022 USA  
  
Klaus Kleinfeld  
President and Chief Executive Officer

October 30, 2008

Helmut Wieser  
Alcoa Inc.  
390 Park Avenue  
New York, New York 10022

Dear Helmut:

As an Executive Vice President, you are a key part of the senior executive management team of Alcoa Inc. (the "Company"). The business relationships you have developed both inside and outside of the Company, your knowledge of the Company's business affairs and your management experience are all of great importance to the Company, and I value your continuing contributions. As I am sure you can also appreciate, it is important to the Company's future success that you, me and the other members of the senior executive leadership team are able to enhance our ability to increase shareholder value, and if necessary, to ease transitions when it is in the best interest of the Company to do so. Accordingly, it is my pleasure to be able to provide you with this letter agreement (the "Agreement") which sets forth the terms of an arrangement between you and the Company concerning your continuing and post-employment obligations. This letter agreement supersedes and replaces in its entirety the letter agreement dated December 23, 2004, between you and the Company.

**I. You voluntarily resign or retire.**

You may terminate your employment with the Company by voluntarily resigning or by retiring. If you wish to resign or retire, you will provide the Company with at least three months' advance written notice (the "Notice," which shall contain your selected date of termination, which must be at least three months after the date the Notice is received by the Company (such date of receipt, the "Notice Date")), after which the following conditions shall apply:

Your active service with the Company will be terminated on the date specified in the Notice (or such later date as you and the Company mutually agree), or such earlier date as the Company may determine in its sole discretion (the "Voluntary Termination Date"). During the period from the Notice Date through the Voluntary Termination Date, (i) the Company may, in its sole discretion, assign you such duties as it sees fit (but commensurate with your position) and (ii) you agree to continue to provide at least 20% of the average level of services you provided to the Company during the preceding 36-month period, such that your "separation from service" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended ("409A"), occurs on the Voluntary Termination Date.

If your employment with the Company terminates pursuant to this Section I, you will be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Voluntary Termination Date, provided that on or after the Voluntary Termination Date, and at least 10 days prior to the payment date, you execute and return to the Company the release agreement attached as Exhibit A (the "Release Agreement") and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above; and

(ii) If the Voluntary Termination Date occurs before the date specified in your Notice and less than three months following the Notice Date (e.g., if the Company elects a Voluntary Termination Date earlier than the date specified in the Notice), a lump sum amount equal to your monthly base salary as of the Voluntary Termination Date for the time between the Voluntary Termination Date and three months following the Notice Date; or

(iii) If you and the Company mutually agree to extend your service to a later date than the date stated in your Notice, upon your Voluntary Termination Date, you will receive: a lump sum amount equal to your monthly base salary for each month you provided service beyond the date stated in your Notice or for such period of time as you and the Company may mutually agree, not to exceed 24 months (referred to as the "additional period of time"); a lump sum amount as provided under Section II B (iii), (iv) or (v) below except that the amount will be calculated for the "additional period of time"; and continued active medical benefits for the "additional period of time" as described in Section II B below.

If your employment with the Company terminates pursuant to this Section I, upon and following the Voluntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section I are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

## **II. Company terminates your employment.**

The Company may terminate your employment at any time, with or without Cause, with the results described below. In such case, the Company shall determine the effective date of your termination (the "Involuntary Termination Date").

A. Involuntary Termination With Cause. If the Company terminates your employment due to Cause, you will receive no severance payment under this Agreement or any other severance plan, policy or arrangement of the Company or any of its affiliates. For purposes of this Agreement, "Cause" means: (i) your willful and continued failure to substantially perform your duties that has not been cured within thirty days after a written demand for substantial performance is delivered to you, which demand specifically identifies the manner in which the Company believes that you have not substantially performed your duties, or (ii) your willful engagement in conduct which is demonstrably and materially injurious to the Company, monetarily or otherwise. For purposes of clauses (i) and (ii) of this definition, (x) no act, or failure to act, on your part shall be deemed "willful" unless done, or omitted to be done, by you not in good faith and without reasonable belief that your act, or failure to act, was in the best interest of the Company, and (y) in the event of a dispute concerning the application of this

provision, no claim by the Company that Cause exists shall be given effect unless the Board determines that there is clear and convincing evidence that Cause exists and the Board finding to that effect is adopted by the affirmative vote of not less than three quarters of the entire membership of the Board (after reasonable notice to you and an opportunity for you, together with your counsel, to be heard by the Board).

B. Involuntary Termination Without Cause. If the Company terminates your employment for reasons other than Cause, and you fulfill your obligations as set forth in this Agreement, you shall be paid the following amounts (which you acknowledge would not be due you in the absence of this Agreement) on the first business day which is at least six months after the Involuntary Termination Date, provided that, on or after the Involuntary Termination Date, and at least 10 days prior to the payment date, (i) you execute and return to the Company the Release Agreement and (ii) any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement:

(i) a lump sum amount equivalent to two times your annual base salary as of the Involuntary Termination Date;

(ii) \$50,000 in consideration of execution and delivery of the Release Agreement as provided above;

(iii) if, on the Involuntary Termination Date, you are an active participant who is accruing benefits under any tax-qualified, supplemental or excess defined benefit pension plan maintained by the Company or any of its affiliates or any other defined benefit plan or agreement entered into between you and the Company or any of its affiliates which is designed to provide you with supplemental defined benefit retirement benefits (a "DB Pension Plan"), a lump sum amount equal to the excess of (I) the actuarial equivalent of the aggregate retirement pension as if you had been credited with an additional 24 months of service following the Involuntary Termination Date; over (II) the actuarial equivalent of the aggregate retirement pension which you had accrued under the provisions of the DB Pension Plans as of the Involuntary Termination Date. For purposes of this Section II.B(iii), actuarial equivalence shall be made consistent with the methodology used in the Alcoa Inc. Change in Control Severance Plan; or

(iv) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to receive Employer Retirement Income Contributions (ERIC) under an Alcoa Savings Plan, a lump sum amount, in cash, equal to two times the ERIC contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation; or

(v) if, on the Involuntary Termination Date, you are not an active participant who is accruing benefits under a DB Pension Plan, but are eligible to participate in the Global Pension Plan, you will receive a lump sum amount, in cash, equal to two times the Global Pension Plan contribution percent in effect on the Involuntary Termination Date multiplied by the sum of your annual base salary as of your Involuntary Termination Date plus your target annual variable compensation.

In addition, for a period of two years after the Involuntary Termination Date the Company shall arrange to provide you, and anyone entitled to claim through you, health (including medical, behavioral, prescription drug, dental and vision) benefits substantially similar

to those provided to active employees, at no greater after tax cost to you than the after tax cost to you immediately prior to the Involuntary Termination Date. If the company contribution to these benefits becomes taxable to you, you will be grossed up on these contributions. In order to comply with 409A, the following shall apply to the health care benefits provided pursuant to this paragraph, the costs of which are not fully paid by you (the "Health Benefits"). Any and all reimbursements of eligible expenses made pursuant to the Health Benefits shall be made no later than the end of the calendar year next following the calendar year in which the expenses were incurred. The amount of expenses that are eligible for reimbursement or of in-kind benefits that are provided pursuant to the Health Benefits in any given calendar year shall not affect the expenses that are eligible for reimbursement or benefits to be provided pursuant to the Health Benefits in any other calendar year, except as specifically permitted by Treasury Regulation Section 1.409A-3(i)(iv)(B). Your right to the Health Benefits may not be liquidated or exchanged for any other benefit.

If your employment with the Company terminates pursuant to this Section II, upon and following the Involuntary Termination Date, your other compensation and benefits continue to be governed by the terms of the plans in which you participate; provided however, that payments and benefits under this Section II are in lieu of any other involuntary separation benefits or severance payments which you may be eligible to receive from the Company; and if you receive severance pay and benefits under the Company's Change in Control Severance Plan, no payments will be made, or benefits provided, under this Agreement.

### **Restrictive Covenants**

In light of the unique character of your position with the Company, the business relationships you have developed and will continue to develop while employed by the Company, and your knowledge of the Company's business affairs including the Confidential Information (as defined below), and with the acknowledgment of the continuing consideration which you will receive from the Company as a member of its senior executive management team, and the personal financial security which is provided under this Agreement, or in the event of a change in control as defined in the Company's Change in Control Severance Plan, you agree to the following Restrictive Covenants:

**Noncompetition:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment is voluntary or involuntary), you will not directly or indirectly provide services, whether as a director, officer, partner, owner, employee, inventor, consultant, advisor, agent, or otherwise, to any domestic or international business or firm that is engaged or has plans to become engaged in the manufacturing, fabricating, distributing or selling of aluminum and/or aluminum related products for the aerospace, automotive, packaging, or other aluminum fabricated product markets, the mining of bauxite, conversion and refining of bauxite into alumina and/or the sale or distribution of alumina or alumina related chemical products or any other line of business in which the Company is involved or becomes involved during your employment with the Company (collectively, the "Aluminum Business"). However, you may own up to five percent (5%) of the outstanding securities of any publicly traded company.

It is not the Company's intention to restrict or limit your activities, unless it is believed that there is a substantial possibility that your future employment, or activities in any of the lines of business in which the Company is engaged may be detrimental to the Company. So as to not unduly restrict your future employment, if you desire to enter into any employment

arrangement or relationship with any entity in the above identified markets within the two year period, please consult with me to discuss your intended relationship with the competitive entity. You and the Company recognize that due to the many different businesses which presently compete, or which in the future may compete with the Company in the Aluminum Business, the Company will discuss your desire to enter into a business or professional relationship with any manufacturer or firm which may be perceived as a competitor.

**Non-solicitation:** During your employment and for a period of two (2) years thereafter (regardless of whether the termination of your employment was voluntary or involuntary), you will not directly or indirectly (i) solicit, induce or attempt to solicit or induce any current or future employee of the Company to leave the Company for any reason, or (ii) solicit business from, or engage in business with, any current or future customer or supplier of the Company which you met and dealt with during your employment with the Company for any purpose. In the event that you become aware that any present or future employee of the Company has been hired by any business or firm with which you are then affiliated, you will immediately notify the Company's chief legal officer to confirm your non-solicitation of said employee.

**Confidentiality:** During your employment with the Company and at all times thereafter, you will maintain the confidentiality of any and all information about the Company which is not generally known or available outside the Company, including without limitation, strategic plans, technical and operating know-how, business strategy, trade secrets, customer information, business operations and other proprietary information ("Confidential Information"), and you will not, directly or indirectly, disclose any Confidential Information to any person or entity, or use any Confidential Information, whether for your benefit or the benefit of any new employer or any other person or entity, or in any other manner that is detrimental to or inconsistent with any interest of the Company. If you receive notice that you may be required to disclose any Confidential Information pursuant to a subpoena or other lawful process, you must notify the Company's chief legal officer immediately.

You acknowledge and agree that given the nature of the Company's business, which is conducted throughout the world, and your position of confidence and trust with the Company, the scope and duration of these Restrictive Covenants are reasonable and necessary to protect the legitimate business interests of the Company. You further acknowledge that you have received substantial compensation from the Company and that your general skills and abilities are such that you can be gainfully employed in noncompetitive employment, and that this Agreement will in no way prevent you from earning a living following your employment with the Company.

You also recognize and agree that any breach or threatened or anticipated breach of any part of these Restrictive Covenants will result in irreparable harm to the Company, and that the remedy at law for any such breach or threatened breach will be inadequate. Accordingly, in addition to any other legal or equitable remedies that may be available to the Company, you agree that the Company shall be entitled to obtain an injunction, without posting a bond, to prevent any breach or threatened breach of any part of these Restrictive Covenants. You agree to reimburse the Company for all costs and expenses, including reasonable attorney's fees and costs, incurred by the Company in connection with the enforcement of its rights under this Agreement.

In the event that any court of competent jurisdiction finds that the limitations set forth in these Restrictive Covenants are overly broad with respect to duration, geographic scope or scope of prohibited activities, such court shall have the authority to reduce the duration, area or

activities of such provisions so as to be enforceable to the maximum extent compatible with applicable law, and such provisions shall then be enforced as modified. In the event that a court reduces the duration of the restriction, any unpaid amounts, as set forth above, shall be reduced on a pro rata basis.

**Tax Withholding**

All amounts payable pursuant to this Agreement shall be subject to withholding for taxes as legally required, and for other amounts authorized by you.

**Application of 409A Provisions**

If you provide a written, unqualified opinion from your tax advisor to the Company stating that you are a non-resident alien not subject to 409A at the time of your termination of employment, or that 409A otherwise does not apply to you at that time, unless the Company has reason to believe that such opinion is more likely than not incorrect the Company shall cooperate with you to amend this Agreement in a mutually satisfactory manner to cause any severance payments payable hereunder to be paid as soon as practicable following your termination of employment, and to otherwise remove references to Section 409A from this Agreement; provided that in no event shall such payments be made unless and until you have returned an executed Release Agreement (signed by you on or following your termination date) and any period within which you may revoke the Release Agreement pursuant to the terms thereof has expired without you having revoked the Release Agreement. The Company shall have no responsibility for any taxes or penalties you may incur on account of any such amendments, whether pursuant to 409A or otherwise.

**Governing Law; Jurisdiction**

This Agreement shall be governed and interpreted in accordance with the laws of the State of New York without reference to its choice of law principles. Any action arising out of or related to this Agreement shall be brought in the state or Federal courts located in New York City, and you and the Company consent to the jurisdiction and venue of such courts.

**Amendment; Waiver**

No provision of this Agreement may be modified, waived, or discharged unless such waiver, modification or discharge is in writing and signed by the Chief Executive Officer of the Company. Any failure by you or the Company to enforce any of the provisions of this Agreement shall not be construed to be a waiver of such provisions or any right to enforce each and every provision in the future. A waiver of any breach of this Agreement shall not be construed as a waiver of any other or subsequent breach.

**Successors; Binding Agreement**

The Company shall have the right to assign its rights and obligations under this Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

**Severability**

In the event that any one or more of the provisions of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Agreement shall not in way be affected or impaired thereby.

**Entire Agreement**

You acknowledge that you have not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Agreement. This Agreement sets forth the entire agreement and understanding between you and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by you and the Company. In the event that any payments under this agreement in the aggregate are more than 2.99 times of your base salary and bonus, the payments which you will be eligible to receive under this Agreement will be reduced accordingly. Except for involuntary separation benefits or other similar severance payments, this Agreement does not supersede the terms of any other compensation plans, stock option programs, welfare benefit plans, or other such plans or programs in which you are eligible to participate, or may become eligible to participate.

If you agree to the terms of this Agreement, please sign on the line provided below and return two signed copies to the Corporate Secretary. A fully executed copy will be returned to you for your files after it is signed by the Company.

Sincerely,

**ALCOA INC.**

RELEASE AGREEMENT

RELEASE AGREEMENT (this "Release Agreement"), dated as of \_\_\_\_\_, between Alcoa Inc. (the "Company"), and [Name] ("Releasor").  
[DATE]

WHEREAS, Releasor was employed by the Company as \_\_\_\_\_  
[TITLE]

WHEREAS, Releasor and the Company are parties to a letter agreement dated [date] (the "Letter Agreement").

WHEREAS, Releasor's employment with the Company terminated as of \_\_\_\_\_  
[DATE]

NOW, THEREFORE, in consideration of the promises and of the releases, representations, covenants and obligations contained herein, the parties hereto agree as follows:

1. Severance Benefits. Subject to Releasor's execution and non-revocation of this Release Agreement within the time periods described in this Release Agreement and the Letter Agreement, and compliance with the other terms of the Letter Agreement, the Company shall pay Releasor the amounts, and provide Releasor the benefits, described in the Letter Agreement.

2. Release. Releasor knowingly and voluntarily releases and forever discharges the Company, its parents, and each of their respective subsidiaries and affiliates, together with their respective present and former directors, managers, officers, shareholders, employees, agents, and each of their respective predecessors, heirs, executors, administrators, successors and assigns (collectively, the "Releasees") from any and all debts, obligations, demands, actions, causes of action, accounts, covenants, contracts, agreements, damages, omissions, promises, and any and all claims and liabilities whatsoever, of every name and nature, known or unknown, suspected or unsuspected, both in law and equity ("Claims"), which Releasor ever had, now has, or may hereafter claim to have by reason of any matter, cause or thing whatsoever arising out of or relating to: (a) any events, occurrences or omissions from the beginning of time to the time Releasor signs this Release Agreement, or (b) Releasor's employment with the Company or termination thereof (the "Release"). The Release shall apply to any Claim of any type, including, without limitation, any and all Claims of any type that Releasor may have arising under the common law, the Age Discrimination in Employment Act of 1967, the Older Workers Benefit Protection Act, Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Americans With Disabilities Act of 1990, the Family and Medical Leave Act of 1993, the Employee Retirement Income Security Act of 1974, or the New York State and City Human Rights Laws, each as amended, and any other federal, state or local statutes, regulations, ordinances or common law creating employment-related causes of action, or under any policy, agreement, understanding or promise, written or oral, formal or informal, between Releasor and any of the Releasees, and all Claims for alleged tortious, defamatory or fraudulent conduct; provided, however, that nothing in the Release shall: (i) affect any vested employee benefits

(including equity awards) to which Releasor may be entitled under any existing employee benefit plans of the Company, or (ii) prohibit Releasor from enforcing this Release Agreement or the Letter Agreement. By signing this Release Agreement, Releasor represents that he or she shall not be entitled to any personal recovery in any action or proceeding that may be commenced on his or her behalf in any way arising out or relating to any of the matters that are the subject of the Release.

3. Releasor represents that he or she has not commenced or joined in any claim, charge or action against any of the Releasees, arising out of or relating in any way to Releasor's relationship with the Company, or the termination thereof.

4. Releasor represents and agrees that the obligations and representations set forth in the Restrictive Covenants in the Letter Agreement, on their stated terms, regarding noncompetition, nonsolicitation and confidentiality, shall remain in full force and effect.

5. Consultation With Attorney; Voluntary Agreement. Releasor represents that the Company has advised Releasor to consult with an attorney of Releasor's choosing prior to signing this Release Agreement. Releasor further represents that he or she understands and agrees that he or she has the right and has been given the opportunity to review this Release Agreement, with an attorney of Releasor's choice. Releasor further represents that he or she understands and agrees that the Company is under no obligation to offer the payments and benefits set forth in paragraph 1 above, and that Releasor is under no obligation to consent to this Release Agreement, and that Releasor has entered into this Release Agreement freely and voluntarily. Releasor shall have twenty-one (21) days to consider this Release Agreement, unless Releasor is terminated in connection with a an exit incentive or other group termination program, in which case Releasor shall have forty-five (45) days to consider this Release Agreement. In either case, once Releasor has signed this Release Agreement, Releasor shall have seven (7) additional days from the date of execution to revoke his or her consent. Any such revocation shall be made in writing to Attn: Corporate Secretary, Alcoa Inc., 390 Park Avenue, New York, New York 10022, and shall be deemed to have been duly given when hand delivered or when mailed by United States certified mail, return receipt requested. If no such revocation occurs, this Release Agreement shall become effective on the eighth (8th) day after Releasor shall have executed and returned it to the Company (the "Effective Date"). In the event that Releasor revokes his or her consent to this Release Agreement prior to the Effective Date, this Release Agreement shall be null and void and no payments or benefits shall be due hereunder or under the Letter Agreement.

6. Entire Agreement. Releasor acknowledges that he or she has not relied upon any representations (whether oral or written) from the Company, other than as set forth in this Release Agreement. This Release Agreement sets forth the entire agreement and understanding between Releasor and the Company and merges and supersedes any and all prior discussions, agreements, arrangements and understandings with regard to the subject matter hereof, except for the Letter Agreement, and may not be modified, amended, discharged or supplemented in any respect, except by a subsequent writing signed by Releasor and the Company.

7. Successors; Binding Agreement. The Company shall have the right to assign its rights and obligations under this Release Agreement to any entity that acquires all or substantially all of the assets of the Company and continues the Company's business. The rights and obligations of the Company under this Release Agreement shall inure to the benefit and shall be binding upon the successors and assigns of the Company.

8. Severability. In the event that any one or more of the provisions of this Release Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remainder of this Release Agreement shall not in way be affected or impaired thereby.

9. Governing Law; Jurisdiction. Without reference to any principles concerning choice of law, this Release Agreement shall be governed and interpreted in accordance with the laws of the State of New York. Any action arising out of or related to this Release Agreement shall be brought in the state or Federal courts located in New York City, and Releasor and the Company consent to the jurisdiction and venue of such courts.

10. Counterparts. This Release Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Company and Releasor have executed this Release Agreement, on the date and year set forth below.

**Director Plan: You Make a Difference Award**

Alcoa provides "You Make a Difference Awards" to employees who are not otherwise eligible for stock award incentives to instantly recognize and reward exceptional performance and results close to the time that they are demonstrated. The desired outcome is to motivate employees to deliver results in their job every day. The awards are evidenced by a plastic chip, each chip representing 10 Alcoa restricted stock units to be settled in cash after a vesting period of one year.

At the November 2008 Board of Directors meeting, the Chairman of the Board distributed 5 chips to each board member to introduce them to the employee You Make a Difference Award program and to recognize their exceptional performance in a challenging year for the aluminum industry.

The terms and conditions of this award are set forth below:

- Each chip represents 10 restricted stock units, payable in cash.
- The awards will vest on November 13, 2009 and will be paid at the next regularly scheduled payment of directors' fees.
- The awards will be forfeited if the director voluntarily terminates his or her service on the Board prior to the vesting date.
- If a director retires or dies while serving as a director, the award will continue to vest under the original vesting schedule.
- The Corporate Secretary's Office will calculate the value of the award on the vesting date, determined as the closing price of Alcoa common stock as reported by the New York Stock Exchange at the close of regular trading on that day, and will arrange for payment to be made in January 2010 when the regular quarterly director fees for the 4<sup>th</sup> quarter of 2008 are paid.

November 2008

The names of particular subsidiaries and equity entities have been omitted because, considered in the aggregate as a single subsidiary, they would not constitute, as of the end of the year covered by this report, a "significant subsidiary" as that term is defined in Regulation S-X under the Securities Exchange Act of 1934.

<sup>1</sup> This entity is a joint venture between Alcoa and Orkla ASA's Sapa Group in which Alcoa holds a 45.45% equity investment. Alcoa Extrusión Internacional Holding S.L. holds 17.64% and Alcoa International Holdings Company holds 27.81% of Alcoa's 45.45% equity investment. Alcoa agreed to exchange its interest in Sapa AB for an interest in Elkem Aluminium ANS, as described above in this report.

<sup>2</sup> Registered to do business in Alabama, Arkansas, California, Florida, Georgia, Louisiana, North Carolina, Pennsylvania and Texas under the name of Alcoa World Chemicals.

**POWER OF ATTORNEY**

KNOW ALL PERSONS BY THESE PRESENTS that each of the undersigned Directors of Alcoa Inc. (the "Company") hereby constitutes and appoints CHARLES D. MCLANE, JR., TONY R. THENE, PETER HONG and DONNA C. DABNEY, or any of them, his or her true and lawful attorneys-in-fact and agents, with full power of substitution, to do any and all acts and things and to execute any and all instruments that said attorneys-in-fact and agents, or any of them, may deem necessary or advisable or may be required:

(1) To enable the Company to comply with the Securities Exchange Act of 1934, as amended (the "1934 Act"), and any rules, regulations or requirements of the Securities and Exchange Commission (the "Commission") in respect thereof, in connection with the filing under the 1934 Act of the Company's Annual Report on Form 10-K for the year ended December 31, 2008 (the "2008 Annual Report"), including specifically, but without limiting the generality of the foregoing, power and authority to sign the name of each of the undersigned in the capacity of Director of the Company to the 2008 Annual Report to be filed with the Commission and to any instruments or documents filed as part of or in connection with the 2008 Annual Report, including any amendments or supplements thereto;

(2) To enable the Company to comply with the Securities Act of 1933, as amended (the "1933 Act"), and any rules, regulations or requirements of the Commission in respect thereof, in connection with the registration under the 1933 Act during 2009 of the offer and sale or delivery of shares of common stock of the Company to be issued under the 2009 Alcoa Stock Incentive Plan (the "2009 Plan"), the 2004 Alcoa Stock Incentive Plan (the "2004 Plan") or the Alcoa Stock Incentive Plan (the "Stock Incentive Plan"), including specifically, but without limiting the generality of the foregoing, power and authority to sign the name of each of the undersigned in the capacity of Director of the Company to any registration statement on Form S-8, or on such other form as may be appropriate, to be filed with the Commission in respect of said shares and the 2009 Plan, the 2004 Plan or the Stock Incentive Plan, or any of them, to any and all pre-effective amendments, post-effective amendments and supplements to any such registration statement, and to any instruments or documents filed as part of or in connection with any such registration statement or any such amendments or supplements thereto; and

(3) To enable the Company to comply with the 1933 Act, and any rules, regulations or requirements of the Commission in respect thereof, in connection with the registration under the 1933 Act during 2009 of the offer and sale or delivery of shares of common stock of the Company to be issued under the Company's employee savings plans (together with interests in such plans), including, without limitation, the Alcoa Savings Plan for Bargaining Employees, the Alcoa Savings Plan for Non-Bargaining Employees, the Alcoa Savings Plan for Subsidiary and Affiliate Employees, the Alcoa UK Holdings Limited 2002 Inland Revenue Approved Share Incentive Plan and employee savings plans sponsored by entities acquired by the Company from time to time (the "Plans"), including specifically, but without limiting the generality of the foregoing, power and authority to sign the name of each of the undersigned in the capacity of Director of the Company to any registration statement on Form S-8, or on such other form as may be appropriate, to be filed with the Commission in respect of said shares and the Plans (or interests in such Plans), or any of them, to any and all pre-effective amendments, post-effective amendments and supplements to any such registration statement, and to any instruments or documents filed as part of or in connection with any such registration statement or any such amendments or supplements thereto; and

granting unto each of said attorneys-in-fact and agents full power and authority to do and perform each and every act and thing requisite and necessary to be done, as fully to all intents and purposes as the undersigned might or could do in person, and each of the undersigned hereby ratifies and confirms all that said attorneys-in-fact and agents, or any of them, shall do or cause to be done by virtue hereof.

IN WITNESS WHEREOF, each of the undersigned has subscribed these presents this 23rd day of January 2009.

## Certifications

I, Klaus Kleinfeld, certify that:

1. I have reviewed this annual report on Form 10-K of Alcoa Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

364-DAY REVOLVING CREDIT AGREEMENT dated as of October 14, 2008 (as the same may be amended, modified or supplemented from time to time, the “Agreement”), among ALCOA INC., a Pennsylvania corporation (“Alcoa”), CITIBANK, N.A., as a Lender and as Administrative Agent for the Lenders, and the other Lenders from time to time party hereto. Capitalized terms used herein shall have the meaning ascribed thereto in Article I.

WHEREAS, Alcoa has requested that the Lenders make available a revolving credit facility; and

WHEREAS, the proceeds of such revolving credit facility are to be used to provide working capital or for other general corporate purposes; and

WHEREAS, the Lenders are willing to make available to Alcoa such revolving credit facility upon the terms and subject to the conditions set forth herein;

NOW, THEREFORE, in consideration of the premises and the covenants and agreements contained herein, the parties hereto hereby agree as follows:

## ARTICLE I

### DEFINITIONS AND CONSTRUCTION

SECTION 1.01. Defined Terms. As used in this Agreement, the following terms shall have the meanings set forth below:

“Accession Agreement” shall mean an Accession Agreement substantially in the form of Exhibit D among a Prospective Lender, Alcoa and the Administrative Agent.

“Administrative Agent” shall mean Citi, in its capacity as administrative agent for the Lenders hereunder.

“Administrative Questionnaire” shall mean an Administrative Questionnaire in the form of Exhibit B.

“Affiliate” shall mean, when used with respect to a specified person, another person that directly, or indirectly through one or more intermediaries, Controls or is Controlled by or is under common Control with the person specified.

“Alcoa” shall have the meaning assigned to such term in the preamble hereto.

“Applicable Duration Fee Rate” shall mean (i) with respect to the Duration Fee payable on December 31, 2008, 0.5%, (ii) with respect to the Duration Fee payable on March 31, 2009, 1.0%, and

(iii) with respect to the Duration Fee payable on June 30, 2009, 1.5%.

“Applicable Facility Fee Rate” shall mean, as of any date of determination, a per annum rate equal to the rate set forth below opposite the Index Debt Ratings in effect on such date set forth below:

	<u>Index Debt Ratings</u>	<u>Facility Fee</u>
Category 1	Index Debt Ratings of at least Baa1 by Moody’s and/or BBB+ by S&P	0.375%
Category 2	Index Debt Ratings less than Category 1, but at least Baa2 by Moody’s and/or BBB by S&P	0.500%
Category 3	Index Debt Ratings of Baa3 by Moody’s and/or BBB- by S&P or less	0.625%

“Applicable Margin” shall mean, as of any date of determination, a per annum rate equal to the rate set forth below opposite the applicable Type of Loan and the Index Debt Ratings in effect on such date set forth below:

	<u>Index Debt Ratings</u>	<u>Applicable Margin for LIBOR Loans</u>	<u>Applicable Margin for Base Rate Loans</u>
Category 1	Index Debt Ratings of at least Baa1 by Moody’s and/or BBB+ by S&P	1.875%	1.375%
Category 2	Index Debt Ratings less than Category 1, but at least Baa2 by Moody’s and/or BBB by S&P	2.000%	1.500%
Category 3	Index Debt Ratings of Baa3 by Moody’s and/or BBB- by S&P or less	2.125%	1.625%

“Approved Electronic Platform” shall have the meaning assigned to such term in Section 8.03(b).

“Approved Fund” shall have the meaning assigned to such term in Section 9.04(b).

“Arranger” shall mean Citigroup Global Markets Inc. in its capacity as lead arranger and book running manager.

“Assignment and Assumption” shall mean an assignment and assumption entered into by a Lender and an assignee, and accepted by the Administrative Agent, in substantially the form of Exhibit A or such other form as shall be approved by the Administrative Agent.

“Asset Sale” shall mean a sale, lease or sub-lease (as lessor or sublessor), sale and leaseback, assignment, conveyance, exclusive license (as licensor or sublicensor), transfer or other disposition to, or any exchange of property with, any person (other than the Borrower or any of its Subsidiaries) of any assets of the Borrower and its Subsidiaries, in one transaction or a series of transactions, other than any such disposition in the ordinary course of business of the Borrower or such Subsidiary consistent with past practices.

“Available Credit” shall mean, at any time, (a) the then effective Commitments minus (b) the aggregate Revolving Credit Outstandings at such time.

“Base Rate” shall mean, for any period, the rate determined by the Administrative Agent as the fluctuating interest rate per annum as shall be in effect from time to time, which rate per annum shall be equal at all times to the higher of the following:

- (a) the rate of interest announced publicly by Citi in New York, New York, from time to time, as Citi’s base rate for loans denominated in Dollars; and
- (b) 0.5% per annum plus the Federal Funds Rate.

“Base Rate Borrowing” shall mean a Borrowing comprised of Base Rate Loans.

“Base Rate Loan” shall mean any Loan bearing interest at a rate determined by reference to the Base Rate in accordance with the provisions of Article II.

“Board” shall mean the Board of Governors of the Federal Reserve System of the United States.

“Borrower” shall mean Alcoa.

“Borrowing” shall mean any group of Loans of a single Type made by the Lenders on a single date and as to which a single Interest Period is in effect.

“Business Day” shall mean a day of the year on which banks are not required or authorized to close in New York City and if the applicable Business Day relates to notices, determinations, fundings and payments in connection with the LIBO Rate or any LIBOR Loan, a day on which deposits in Dollars are also carried on in the London interbank market.

“Capital Markets Transaction” shall mean an issuance in the public or private capital markets of long term debt securities, of equity securities or of equity-linked securities (e.g., trust preferred securities, securities convertible into or exchangeable for Stock, or any hybrid securities that may be characterized as Stock).

“Citi” shall mean Citibank, N.A.

“CLO” shall have the meaning assigned to such term in Section 9.04(b).

“Code” shall mean the Internal Revenue Code of 1986, as the same may be amended from time to time.

“Commercial Paper” of any person shall mean any note, draft, bill of exchange or other negotiable instrument issued by such person (other than any extendable commercial notes issued pursuant to Section 4(2) of the Securities Act of 1933) that has a maturity at the time of issuance not exceeding thirteen months, exclusive of days of grace, or any renewal thereof the maturity of which is likewise limited, pursuant to Section 3(a)(3) or Section 4(2) of the Securities Act of 1933.

“Commitment” shall mean, with respect to each Lender, the commitment of such Lender to make Loans in the aggregate principal amount not to exceed the amount set forth opposite such Lender’s name on Schedule 2.01(a) or in any Assignment and Assumption or Accession Agreement pursuant to which such Lender first becomes a Lender hereunder, as the same may be terminated or reduced from time to time pursuant to Section 2.10 and increased from time to time pursuant to Section 2.21.

“Consolidated Net Tangible Assets” shall mean at any time, the aggregate amount of assets (less applicable reserves and other properly deductible items) of the Borrower and its consolidated Subsidiaries adjusted for inventories on the basis of cost (before application of the “last-in first-out” method of determining cost) or current market value, whichever is lower, and deducting therefrom (a) all current liabilities of such corporation and its consolidated Subsidiaries except for (i) notes and loans payable (including Commercial Paper), (ii) current maturities of long-term debt and (iii) current maturities of obligations under capital leases and (b) all goodwill, trade names, patents, unamortized debt discount and expenses of such corporation and its consolidated Subsidiaries (to the extent included in said aggregate amount of assets) and other like intangibles, all as set forth in the most recent consolidated balance sheet of the Borrower and its consolidated Subsidiaries, delivered to the Administrative Agent pursuant to Section 5.01, computed and consolidated in accordance with GAAP.

“Consolidated Net Worth” shall mean at any time, the consolidated net worth of the Borrower and its consolidated Subsidiaries at such time (including minority interests), computed and consolidated in accordance with GAAP.

“Control” shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of Voting Stock, by contract or otherwise, and “Controlling” and “Controlled” shall have meanings correlative thereto.

“Debt Issuance” shall mean the issuance of Indebtedness of the type specified in clause (a) of the definition of “Indebtedness” by the Borrower or any of its Subsidiaries in a Capital Markets Transaction or any other debt facility incurred in the commercial bank market, including any credit facility, debt facility or debt securities (including bonds, debentures, notes or similar instruments), to any person other than the Borrower or any of its Subsidiaries, other than (i) the issuance of commercial paper or pursuant to other short-term debt programs, including any such domestic, and foreign working capital facility and (ii) any refinancing, replacement, amendment, restatement, or other modification to the Existing Five-Year Credit Agreement.

“Default” shall mean any event or condition which upon notice, lapse of time or both would constitute an Event of Default.

“Dollars” or “\$” shall mean lawful money of the United States of America.

“Effective Date” shall mean the date of this Agreement.

“Equity Issuance” shall mean the sale or issuance of any Stock, or other securities convertible into or exchangeable for Stock, of the Borrower or any of its Subsidiaries by the Borrower or any of its Subsidiaries in a Capital Markets Transaction (excluding any equity issued in connection with any employee or director compensation plan).

“ERISA” shall mean the Employee Retirement Income Security Act of 1974, as the same may be amended from time to time.

“ERISA Affiliate” shall mean any trade or business (whether or not incorporated) that is a member of a group of which the Borrower is a member and which is treated as a single employer under Section 414 of the Code.

“ERISA Event” shall mean (i) any Reportable Event; (ii) the adoption of any amendment to a Plan that would require the provision of security pursuant to Section 401(a)(29) of the Code or Section 307 of ERISA; (iii) the existence with respect to any Plan of an “accumulated funding deficiency” (as defined in Section 412 of the Code or Section 302 of ERISA), whether or not waived; (iv) the filing pursuant to Section 412(d) of the Code or Section 302(d) of ERISA of an application for a waiver of the minimum funding standard with respect to any Plan; (v) the incurrence of any liability under Title IV of ERISA with respect to the termination of any Plan or the withdrawal or partial withdrawal of the Borrower or any of its ERISA Affiliates from any Plan or Multiemployer Plan; (vi) the receipt by the Borrower or any ERISA Affiliate from the PBGC or a plan administrator of any notice relating to the intention to terminate any Plan or Plans or to appoint a trustee to administer any Plan; (vii) the receipt by the Borrower or any ERISA Affiliate of any notice concerning the imposition of Withdrawal Liability or a determination that a Multiemployer Plan is, or is expected to be, insolvent or in reorganization, within the meaning of Title IV of ERISA; (viii) the occurrence of a “prohibited transaction” with respect to which the Borrower or any of its subsidiaries is a “disqualified person” (within the meaning of Section 4975 of the Code) or with respect to which the Borrower or any such subsidiary could otherwise be liable; (ix) any other similar event or condition with respect to a Plan or Multiemployer Plan that could result in liability of the Borrower and (x) any Foreign Benefit Event.

“Event of Default” shall have the meaning assigned to such term in Article VII.

“Exchange Act Reports” shall mean the Annual Report of Alcoa on Form 10-K for the year ended December 31, 2007, the Quarterly Reports of Alcoa on Form 10-Q for the quarters ended March 31, 2008 and June 30, 2008, and all current reports of Alcoa on Form 8-K dated January 1, 2008 to the Effective Date, filed by Alcoa with the SEC pursuant to the Securities Exchange Act of 1934.

“Excluded Taxes” shall mean (i) any Taxes based upon, or measured by, any Lender’s, any Transferee’s or the Administrative Agent’s net income, net receipts, net profits, net worth or capital (including franchise or similar Taxes imposed in lieu of such Taxes), but only to the extent such Taxes are imposed by a taxing authority (a) in a jurisdiction (or political subdivision thereof) under the laws of which such Lender, Transferee or the Administrative Agent is organized or incorporated, (b) in a jurisdiction (or political subdivision thereof) in which such Lender, Transferee or the Administrative Agent does business, or (c) in a jurisdiction (or political subdivision thereof) in which such Lender, Transferee or the Administrative Agent maintains a lending office (or branch), (ii) any franchise Taxes, branch Taxes or branch profits Taxes imposed by the United States or any similar Taxes imposed by any jurisdiction (or political subdivision thereof) described in clause (i) or in which the Borrower is located,

(iii) with regard to any Lender or Transferee, any withholding Tax that is (a) imposed on amounts payable to such Lender or Transferee because such Lender or Transferee designates a new lending office, except to the extent that such Lender or Transferee was entitled, at the time of designation of a new lending office (or assignment), to receive such additional amounts from the Borrower pursuant to Section 2.19(a), or (b) attributable to such Lender’s or Transferee’s failure to comply with Section 2.19(g), (h) or (i), as applicable, and (iv) any Tax that is found in a final, non-appealable judgment by a court of competent jurisdiction to have been imposed solely as a result of any Lender’s, Transferee’s or the Administrative Agent’s gross negligence or willful misconduct.

“Existing Five-Year Credit Agreement” shall mean the Five-Year Credit Agreement dated as of October 2, 2007, among the Borrower, the lenders and issuers named therein, Citibank, N.A., as administrative agent, and the other parties thereto.

“Facility” shall mean the Commitments and the provisions herein related to the Loans.

“Facility Fee” shall have the meaning assigned to such term in Section 2.06(a).

“Federal Funds Rate” shall mean, for any period, a fluctuating interest rate per annum equal for each day during such period to the weighted average of the rates on overnight federal funds transactions with members of the Federal Reserve System arranged by federal funds brokers, as published for such day (or, if such day is not a Business Day, for the next preceding Business Day) by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average of the quotations for such day on such transactions received by the Administrative Agent from three federal funds brokers of recognized standing selected by it.

“Financial Officer” of any corporation shall mean the chief financial officer, principal accounting officer, treasurer or controller of such corporation.

“Foreign Benefit Event” shall mean (a) with respect to any Foreign Pension Plan, (i) the existence of unfunded liabilities in excess of the amount permitted under any applicable law, or in excess of the amount that would be permitted absent a waiver from a Governmental Authority, (ii) the failure to make the required contributions or payments, under any applicable law, on or before the due date for such contributions or payments, (iii) the receipt of a notice by a Governmental Authority relating to the intention to terminate any such Foreign Pension Plan or to appoint a trustee to administer any such Foreign Pension Plan, or to the insolvency of any such Foreign Pension Plan and (iv) the incurrence of any liability of the Borrower under applicable law on account of the complete or partial termination of such Foreign Pension Plan or the complete or partial withdrawal of any participating employer therein and (b) with respect to any Foreign Plan, (i) the occurrence of any transaction that is prohibited under any applicable law and could result in the incurrence of any liability by the Borrower, or the imposition on the Borrower of any fine, excise tax or penalty resulting from any noncompliance with any applicable law and (ii) any other event or condition that could reasonably be expected to result in liability of the Borrower.

“Foreign Pension Plan” shall mean any benefit plan which under applicable law is required to be funded through a trust or other funding vehicle other than a trust or funding vehicle maintained exclusively by a Governmental Authority.

“Foreign Plan” shall mean any plan or arrangement established or maintained outside the United States for the benefit of present or former employees of the Borrower.

“GAAP” shall mean generally accepted accounting principles, as used in, and applied on a basis consistent with, the financial statements of the Borrower referred to in Section 3.06.

“Governmental Authority” shall mean any nation, sovereign or government, any state, province or other political subdivision thereof and any entity or authority exercising executive, legislative, judicial, regulatory or administrative functions of or pertaining to government, including any central bank or stock exchange.

“Guarantee” of or by any person shall mean any obligation, contingent or otherwise, of such person guaranteeing any Indebtedness of any other person, whether directly or indirectly, and including any obligation of such person, direct or indirect, to purchase or pay such Indebtedness or to purchase any security for the payment of such Indebtedness; provided, however, that the term “Guarantee” shall not include endorsements for collection or deposit, in either case in the ordinary course of business.

“Indebtedness” of any person at any time shall mean, without duplication, (a) all obligations for money borrowed or raised, all obligations (other than accounts payable and other similar items arising in the ordinary course of business) for the deferred payment of the purchase price of property, and all capital lease obligations which, in each case, in accordance with GAAP, would be included in determining total liabilities as shown on the liability side of the balance sheet of such person and (b) all Guarantees of such person.

“Indemnified Taxes” shall mean Taxes other than Excluded Taxes.

“Indemnitee” shall have the meaning assigned to it in Section 9.05(c).

“Index Debt” shall mean the senior, unsecured, non-credit enhanced, long-term Indebtedness for borrowed money of Alcoa.

“Index Debt Ratings” shall mean, as of any date, the most recently announced rating for any Index Debt by S&P or by Moody’s. For purposes of the foregoing, (a) if neither Moody’s nor S&P shall have in effect a rating for any Index Debt (other than by reason of the circumstances referred to in the last sentence of this definition), then all such rating agencies shall be deemed to have established ratings for such Index Debt in Category 3; (b) if only one of

Moody's and S&P shall have in effect a rating for any Index Debt, then the Applicable Margin and the Applicable Facility Fee Rate shall be determined on the basis of such single Index Debt Ratings; (c) if the Index Debt Ratings established or deemed to have been established by Moody's or S&P for any Index Debt shall fall within different Categories, the Applicable Margin and the Applicable Facility Fee Rate shall be based on the Category corresponding to the higher of such Index Debt ratings, unless such ratings differ by two Categories, in which case the Applicable Margin and the Applicable Facility Fee Rate will be based upon Category 2; and (d) if any rating for any Index Debt established or deemed to have been established by Moody's or S&P shall be changed (other than as a result of a change in the rating system of Moody's or S&P), such change shall be effective as of the date on which it is first announced by the applicable rating agency. Each change in the Applicable Margin and the Applicable Facility Fee Rate shall apply during the period commencing on the effective date of such change and ending on the date immediately preceding the effective date of the next such change. If the rating system of Moody's or S&P shall change, or if any such rating agency shall cease to be in the business of rating corporate debt obligations, Alcoa and the Lenders shall negotiate in good faith to amend the references to specific ratings in this definition to reflect such changed rating system or the non-availability of ratings from such rating agency, and pending the effectiveness of any such amendment, the ratings of such rating agency most recently in effect prior to such change or cessation shall be employed in determining the Applicable Margin and the Applicable Facility Fee Rate.

"Interest Election Request" has the meaning specified in Section 2.04(a).

"Interest Payment Date" shall mean, with respect to any Loan, the last day of the Interest Period applicable to the Borrowing of which such Loan is a part and, in the case of a LIBOR Borrowing with an Interest Period of more than three months' duration, each day that would have been an Interest Payment Date had successive Interest Periods of three months' duration been applicable to such Borrowing, and, in addition, the effective date of any continuation of such Borrowing in its existing Type or conversion of such Borrowing to a Borrowing of a different Type, and the Maturity Date.

"Interest Period" shall mean (a) as to any LIBOR Borrowing, the period commencing on the date of such Borrowing or on the last day of the immediately preceding Interest Period applicable to such Borrowing, as the case may be, and ending on the numerically corresponding day (or, if there is no numerically corresponding day, on the last day) in the calendar month that is 1, 2, 3 or 6 months thereafter, as the Borrower may elect; provided, however, that the Borrower may not elect any Interest Period that ends after the Maturity Date, and (b) as to any Base Rate Borrowing, the period commencing on the date of such Borrowing or on the last day of the immediately preceding Interest Period applicable to such Borrowing, as the case may be, and ending on the earliest of (i) the next succeeding March 31, June 30, September 30 or December 31, (ii) the Maturity Date and (iii) the date such Borrowing is prepaid in accordance with Section 2.11 or Section 2.12; provided, however, that in each case of clauses (a) and

(b) above, if any Interest Period would end on a day other than a Business Day, such Interest Period shall be extended to the next succeeding Business Day unless, in the case of a LIBOR Borrowing only, such next succeeding Business Day would fall in the next calendar month, in which case such Interest Period shall end on the next preceding Business Day.

"Lenders" shall mean (a) the financial institutions or other entities listed on Schedule 2.01(a) (other than any such financial institution or other entity that has ceased to be a party hereto pursuant to an Assignment and Assumption) and (b) any financial institution or other entity that has become a party hereto pursuant to an Assignment and Assumption, in each case that (i) has a Commitment or (ii) holds a Loan.

“LIBO Rate” shall mean, with respect to any LIBOR Borrowing for any Interest Period, an interest rate (rounded upwards, if necessary, to the next 1/100 of 1%) equal to the offered rate for deposits in Dollars for a period equal to the Interest Period for such LIBOR Borrowing that appears on the Reuters LIBOR01 Page (or any page that can reasonably be considered a replacement page) at approximately 11:00 a.m., London time, two Business Days prior to the commencement of such Interest Period. If such rate is not available on the Reuters LIBOR01 Page, the “LIBO Rate” shall be the rate (rounded upwards, if necessary, to the next 1/100 of 1%) equal to the arithmetic average of the respective rates per annum at which Dollar deposits approximately equal in principal amount to such LIBOR Borrowing and for a maturity comparable to such Interest Period are offered in immediately available funds to the London branches of the Reference Bank in the London interbank market at approximately 11:00 a.m., London time, two Business Days prior to the commencement of such Interest Period. The Administrative Agent shall determine the LIBO Rate and such determination shall be conclusive absent manifest error.

“LIBOR Borrowing” shall mean a Borrowing comprised of LIBOR Loans.

“LIBOR Loan” shall mean any Loan during any period in which it bears interest based on the LIBO Rate in accordance with the provisions of Article II.

“Lien” shall mean, with respect to any asset, (a) any mortgage, deed of trust, lien, pledge, encumbrance, charge or security interest in or on such asset, (b) the interest of a vendor or a lessor under any conditional sale agreement, capital lease or title retention agreement relating to such asset and (c) in the case of securities, any purchase option, call or similar right of a third party with respect to such securities.

“Loan Documents” shall mean, collectively, this Agreement, the Notes (if any) and each certificate, agreement or document executed by the Borrower and delivered to the Administrative Agent or any Lender in connection with or pursuant to any of the foregoing.

“Loans” shall mean the loans made by the Lenders pursuant to this Agreement. Each Loan shall be a LIBOR Loan or a Base Rate Loan.

“Material Adverse Effect” shall mean a materially adverse effect on the business, assets, operations or financial condition of the Borrower and its Subsidiaries, taken as a whole, or a material impairment of the ability of the Borrower to perform any of its obligations under this Agreement.

“Maturity Date” shall mean the earlier of (a) October 12, 2009 and (b) the date on which the Obligations become due and payable pursuant to Article VII.

“Moody’s” shall mean Moody’s Investors Service, Inc.

“Multiemployer Plan” shall mean a multiemployer plan as defined in Section 4001(a)(3) of ERISA to which the Borrower or any ERISA Affiliate (other than one considered an ERISA Affiliate only pursuant to subsection (m) or (o) of Section 414 of the Code) is making or accruing an obligation to make contributions, or has within any of the preceding five plan years made or accrued an obligation to make contributions.

“Net Cash Proceeds” shall mean, (a) with respect to any Asset Sale, an amount equal to:

(i) cash payments (including any cash received by way of deferred payment pursuant to, or by monetization of, a note receivable or otherwise, but only as and when so received) received by the Borrower or any of its Subsidiaries from such Asset Sale, minus (ii) any bona fide direct fees

(including reasonable attorney's fees, accountants' fees, investment banking fees, brokerage, consultant and other customary fees, in each case, incurred in connection with such Asset Sale), commissions, transfer taxes and other customary costs and expenses, in each case, incurred in connection with such Asset Sale, including (A) income or gains taxes paid or payable by the Borrower or any of its Subsidiaries as a result of any gain recognized in connection with such Asset Sale, (B) payment of the outstanding principal amount of, premium or penalty, if any, and interest on any Indebtedness (other than the Loans) that is secured by a Lien on the stock or assets in question and that is required to be repaid under the terms thereof as a result of such Asset Sale, (C) amounts provided as a reserve, in accordance with GAAP, against any liabilities (fixed or contingent) in respect of any indemnification obligations undertaken by the Borrower or any of its Subsidiaries or purchase price adjustment associated with such Asset Sale (provided, however, that, to the extent and at any time such amounts are released from such reserve, such amounts shall constitute Net Cash Proceeds) and (D) any amount required to be paid to any Person (other than the Borrower or any of its Subsidiaries) with a beneficial ownership interest (including such interest by a holder of a minority interest in the Subsidiary that has sold such property or assets) in the property or assets to be sold pursuant to such Asset Sale, and (b) with respect to any Debt Issuance or Equity Issuance, proceeds received by the Borrower or any of its Subsidiaries in cash or cash equivalents from such Debt Issuance or Equity Issuance, as the case may be, net of advisors' fees and other costs incurred in connection with such transaction.

"Note" shall have the meaning given such term in Section 2.05(e).

"Obligations" shall mean, collectively, the Loans and all other amounts, obligations, covenants and duties owing by the Borrower to the Administrative Agent, any Lender, or any Indemnitee, of every type and description (whether by reason of an extension of credit or payment of any draft drawn or other payment thereunder, loan, guaranty, indemnification or otherwise), present or future, arising under this Agreement or any other Loan Document, whether direct or indirect (including those acquired by assignment), absolute or contingent, due or to become due, now existing or hereafter arising and however acquired and whether or not evidenced by any note, guaranty or other instrument or for the payment of money, including all fees, interest, charges, expenses, attorneys' fees and disbursements, and other sums chargeable to the Borrower under this Agreement or any other Loan Document.

"PBGC" shall mean the Pension Benefit Guaranty Corporation referred to and defined in ERISA.

"person" shall mean any natural person, corporation organization, business trust, joint venture, association, company, partnership or government, or any agency or political subdivision thereof.

"Plan" shall mean any pension plan (other than a Multiemployer Plan) subject to the provisions of Title IV of ERISA or Section 412 of the Code which is maintained for employees of the Borrower or any ERISA Affiliate.

"Prospective Lender" shall have the meaning assigned to such term in Section 2.21.

"Ratable Portion" or "ratably," shall mean, for any Lender, the percentage obtained by dividing (i) the amount of the Commitment of such Lender by (ii) the sum of the aggregate outstanding amount of the Commitments of all Lenders (or, at any time on or after the expiry date of the Revolving Credit Period, the percentage obtained by dividing the principal amount of such Lender's Revolving Credit Outstandings by the aggregate principal amount of all Revolving Credit Outstandings).

“Reference Bank” shall mean Citi.

“Register” shall have the meaning given such term in Section 2.05(b).

“Regulation U” shall mean Regulation U of the Board or any Governmental Authority succeeding to its functions, as in effect from time to time.

“Related Parties” shall mean, with respect to any specified person, such person’s Affiliates and the respective directors, officers, employees, agents and advisors of such person and such person’s Affiliates.

“Reportable Event” shall mean any reportable event as defined in Section 4043(b) of ERISA or the regulations issued thereunder with respect to a Plan (other than a Plan maintained by an ERISA Affiliate which is considered an ERISA Affiliate only pursuant to subsection (m) or (o) of Section 414 of the Code).

“Required Lenders” shall mean, on and after the Effective Date, Lenders having more than fifty percent (50%) of the sum of (x) the aggregate principal amount of all outstanding Loans and  
(y) the aggregate amount of the unused Commitments.

“Responsible Officer” of any corporation shall mean any executive officer or Financial Officer of such corporation and any other officer or similar official thereof responsible for the administration of the obligations of such corporation in respect of this Agreement.

“Restricted Subsidiary” shall mean any consolidated Subsidiary of the Borrower which owns any manufacturing plant or manufacturing facility located in the United States, except any such plant or facility which, in the opinion of the Board of Directors of the Borrower, is not of material importance to the business of the Borrower and its Restricted Subsidiaries, taken as a whole, excluding any such Subsidiary which (a) is principally engaged in leasing or financing receivables, (b) is principally engaged in financing the Borrower’s operations outside the United States or (c) principally serves as a partner in a partnership.

“Revolving Credit Outstandings” shall mean, at any particular time, the sum of the principal amount of the Loans outstanding at such time.

“Revolving Credit Period” means, with respect to each Lender, the period from and including the Effective Date to, but excluding, the Maturity Date or any earlier date on which the Commitments shall be terminated.

“S&P” shall mean Standard & Poor’s Ratings Services, a Division of The McGraw-Hill Companies, Inc.

“SEC” shall mean the Securities and Exchange Commission (or any successor agency).

“Stock” shall mean shares of capital stock (whether denominated as common stock or preferred stock), beneficial partnership or membership interests, participations or other equivalents (regardless of how designated) of or in a corporation, partnership, limited liability company or equivalent entity, whether voting or non-voting.

“Subsidiary” shall mean, with respect to any person (herein referred to as the “parent”), any corporation, partnership, association or other business entity of which securities or other ownership interests representing more than 50% of the Voting Stock or more than 50% of the general partnership interests are, at the time any determination is being made, owned, controlled or held by the parent or one or more Subsidiaries of the parent or by the parent and one or more Subsidiaries of the parent.

“Taxes” shall mean any and all present or future taxes, levies, imposts, deductions, charges or withholdings of a similar nature, and including, (i) income, franchise, profits, gross receipts, minimum, alternative minimum, estimated, ad valorem, value added, sales, use, service, real or personal property, capital stock, license, payroll, withholding, disability, employment, social security, workers compensation, unemployment compensation, utility, mineral severance, excise, stamp, windfall profits, transfer and gains taxes, (ii) customs, duties, imposts, charges, levies or other similar assessments of any kind, and (iii) interest, penalties and additions to tax imposed with respect thereto.

“Total Commitment” shall mean, at any time, the aggregate amount of the Commitments, as in effect at such time.

“Transferee” shall mean any transferee or assignee of any Lender, including a participation holder.

“Type”, when used in respect of any Loan or Borrowing, shall refer to the Rate by reference to which interest on such Loan or on the Loans comprising such Borrowing is determined. For purposes hereof, “Rate” shall mean the LIBO Rate and the Base Rate.

“Voting Stock” with respect to the stock of any person means stock of any class or classes (however designated) having ordinary voting power for the election of the directors of such person, other than stock having such power only by reason of the occurrence of a contingency.

“Withdrawal Liability” shall mean liability to a Multiemployer Plan as a result of a complete or partial withdrawal from such Multiemployer Plan, as such terms are defined in Part I of Subtitle E of Title IV of ERISA.

SECTION 1.02. Terms Generally; Accounting Principles. The definitions in Section 1.01 shall apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include”, “includes” and “including” shall be deemed to be followed by the phrase “without limitation”. All references herein to Articles, Sections, Exhibits and Schedules shall be deemed references to Articles and Sections of, and Exhibits and Schedules to, this Agreement unless the context shall otherwise require. The terms “Lender” and “Administration Agent” include their respective successors. Except as otherwise expressly provided herein, all terms of an accounting or financial nature shall be construed in accordance with GAAP, as in effect from time to time; provided, however, that, if the Borrower notifies the Administrative Agent that it requests an amendment to any provision hereof to eliminate the effect of any change in GAAP on the operation of such provision (or if the Administrative Agent notifies the Borrower that the Required Lenders request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP (provided such change in GAAP occurs after the date hereof), then such provision shall be interpreted on the basis of GAAP in effect immediately before such change became effective until such notice shall have been withdrawn or such provision amended in accordance herewith.

SECTION 1.03. Rounding Off. The Administrative Agent may set up appropriate rounding off mechanisms or otherwise round-off amounts hereunder to the nearest higher or lower amount in whole Dollars or cents to ensure amounts owing by any party hereunder or that otherwise need to be calculated or converted hereunder are expressed in whole Dollars or in whole cents, as may be necessary or appropriate.

## ARTICLE II

### THE CREDITS

SECTION 2.01. Commitments. Subject to the terms and conditions and relying upon the representations and warranties herein set forth, each Lender agrees, severally and not jointly, to make revolving credit Loans in Dollars to the Borrower during the Revolving Credit Period in accordance with the terms hereof; provided, however, that (i) after giving effect to any Loan, the aggregate principal amount of the outstanding Loans shall not exceed the Total Commitment, (ii) at all times the aggregate principal amount of all outstanding Loans made by each Lender shall equal its Ratable Portion of the aggregate principal amount of all outstanding Loans and (iii) at no time shall any Lender be obligated to make a Loan in excess of such Lender's Ratable Portion of the Available Credit. The Commitment of each Lender is set forth on Schedule 2.01(a) to this Agreement or in any applicable Assignment and Assumption or Accession Agreement. Such Commitment may be terminated or reduced from time to time pursuant to Section 2.10, increased pursuant to Section 2.21 and terminated pursuant to Article VII. Within the limits set forth in this Section 2.01, the Borrower may borrow, pay or prepay Loans and reborrow at any time during the Revolving Credit Period, subject to the terms, conditions and limitations set forth herein.

SECTION 2.02. Loans. (a) Each Loan shall be made as part of a Borrowing consisting of Loans made by the Lenders ratably in accordance with their respective applicable Commitments; provided, however, that the failure of any Lender to make any Loan shall not in itself relieve any other Lender of its obligation to lend hereunder (it being understood, however, that no Lender shall be responsible for the failure of any other Lender to make any Loan required to be made by such other Lender). The Loans comprising each Borrowing shall be in an aggregate principal amount which is an integral multiple of \$1,000,000 and not less than \$50,000,000 (or an aggregate principal amount equal to the remaining balance of the applicable Commitments, as the case may be).

(b) Each Borrowing shall be comprised entirely of LIBOR Loans or Base Rate Loans, as the Borrower may request pursuant to Section 2.03. Each Lender may at its option fulfill its Commitment with respect to any Loan by causing any domestic or foreign branch or Affiliate of such Lender to make such Loan; provided, however, that any exercise of such option shall not affect the obligation of the applicable Borrower to repay such Loan in accordance with the terms of this Agreement. Borrowings of more than one Type may be outstanding at the same time; provided, however, that no Borrower shall be entitled to request any Borrowing which, if made, would result in an aggregate of more than five separate LIBOR Loans of any Lender being made to the Borrower and outstanding under this Agreement at any one time. For purposes of the foregoing, Loans having different Interest Periods, regardless of whether they commence on the same date, shall be considered separate Loans.

(c) Each Lender shall make each Loan that is (A) a Base Rate Loan or (B) a LIBOR Loan, to be made by it hereunder on the proposed date thereof by wire transfer of immediately available funds to the Administrative Agent in New York, New York, not later than 2:00 p.m., New York City time, and the Administrative Agent shall by 4:00 p.m., New York City time, credit the amounts so received to the general deposit account of the Borrower with The Bank of New York Mellon, or such other account as the Borrower may designate in a written notice to the Administrative Agent, or, if such Loans are not made on such date because any condition precedent to a Borrowing herein specified shall not have been met, return the amounts so received to the respective Lenders. Unless the Administrative Agent shall have received notice from a Lender prior to the time of any Borrowing that such Lender will not make available to the Administrative Agent such Lender's portion of such Borrowing, the Administrative Agent may

assume that such Lender has made such portion available to the Administrative Agent on the date of such Borrowing in accordance with this paragraph (c) and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have made such portion available to the Administrative Agent, such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount together with interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent, at (i) in the case of the Borrower, the interest rate applicable at the time to the Loans comprising such Borrowing and (ii) in the case of such Lender, a rate determined by the Administrative Agent to represent its cost of overnight or short-term funds (which determination shall be conclusive absent manifest error). If such Lender shall repay to the Administrative Agent such corresponding amount, such amount shall constitute such Lender's Loan as part of such Borrowing for purposes of this Agreement.

(d) Notwithstanding any other provision of this Agreement, the Borrower shall not be entitled to request any Borrowing if the Interest Period requested with respect thereto would end after the Maturity Date.

SECTION 2.03. Notice of Borrowings. In order to request a Borrowing, the Borrower shall give written or telecopy notice (or telephone notice promptly confirmed in writing or by telecopy) (a) in the case of a Base Rate Borrowing, to the Administrative Agent not later than 12:00 noon, New York City time, on the Business Day of such proposed Borrowing or (b) in the case of a LIBOR Borrowing, to the Administrative Agent not later than 10:00 a.m., New York City time, three Business Days before such proposed Borrowing. Such notice shall be irrevocable and shall in each case refer to this Agreement specify (i) whether such Borrowing is to be a LIBOR Borrowing or a Base Rate Borrowing; (ii) the date of such Borrowing (which shall be a Business Day) and the amount thereof; and (iii) if such Borrowing is to be a LIBOR Borrowing, the Interest Period with respect thereto. If no election as to the Type of Borrowing is specified in any such notice, then such requested Borrowing shall be a Base Rate Borrowing. If no Interest Period with respect to any LIBOR Borrowing is specified in any such notice, then the Borrower giving the notice of Borrowing shall be deemed to have selected an Interest Period of one month's duration. The Administrative Agent shall promptly advise the Lenders of any notice given pursuant to this Section 2.03 and of each Lender's portion of the requested Borrowing.

SECTION 2.04. Interest Elections. (a) Subject to the terms and conditions set forth in this Agreement, (a) at the option of the Borrower, each Borrowing initially shall be of the Type specified in the applicable Borrowing request, and (b) each LIBOR Borrowing shall have an initial Interest Period as specified in the Borrowing request with respect to such Borrowing. Thereafter, the Borrower may elect to convert such Borrowing to a different Type or to continue such Borrowing in its existing Type and, in the case of a LIBOR Borrowing, may elect Interest Periods therefor, all as provided in this Section. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders holding the Loans comprising such Borrowing, and the Loans comprising each such portion shall be considered a separate Borrowing (each an "Interest Election Request").

(b) To make an Interest Election Request, the Borrower shall notify the Administrative Agent of such election by telephone by the time that a Borrowing request would be required under Section 2.03 if the Borrower were requesting a Borrowing of the Type resulting from such election to be made on the effective date of such election. Each such telephonic Interest Election Request shall be irrevocable and shall be confirmed promptly by hand delivery or telecopy to the Administrative Agent of a written Interest Election Request signed by the Borrower.

(c) Each telephonic and written Interest Election Request shall specify the following information in compliance with Sections 2.02 and 2.03:

(i) the Borrowing to which such Interest Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to clauses (iii) and (iv) below shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Election Request, which shall be a Business Day;

(iii) whether the resulting Borrowing is to be a Base Rate Borrowing or a LIBOR Borrowing; and

(iv) if the resulting Borrowing is a LIBOR Borrowing, the Interest Period to be applicable thereto after giving effect to such election, which shall be a period contemplated by the definition of the term "Interest Period".

If any such Interest Election Request requests a LIBOR Borrowing but does not specify an Interest Period, then the Borrower shall be deemed to have selected an Interest Period of one month's duration.

(d) Promptly following receipt of an Interest Election Request, the Administrative Agent shall advise each Lender of the details thereof and of such Lender's portion of each resulting Borrowing.

(e) If the Borrower fails to deliver a timely Interest Election Request with respect to a LIBOR Borrowing prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to a Base Rate Borrowing. Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the request of the Required Lenders, so notifies the Borrower, then, so long as such Event of Default is continuing (i) no outstanding Borrowing may be converted to or continued as a LIBOR Borrowing and (ii) unless repaid, each LIBOR Borrowing shall be converted to a Base Rate Borrowing at the end of the Interest Period applicable thereto.

SECTION 2.05. Repayment of Loans; Evidence of Debt. (a) The outstanding principal balance of each Loan shall be payable on the Maturity Date.

(b) The Administrative Agent, acting as agent of the Borrower solely for this purpose and for tax purposes, shall establish and maintain at one of its offices a record of ownership (the "Register") in which the Administrative Agent agrees to register by book entry the Administrative Agent's and each Lender's interest in each Loan, and in the right to receive any payments hereunder and any assignment of any such interest or rights. In addition, the Administrative Agent, acting as agent of the Borrower solely for this purpose and for tax purposes, shall establish and maintain accounts in the Register in accordance with its usual practice in which it shall record (i) the names and addresses of the Lenders, (ii) the Commitments of each Lender from time to time, (iii) the amount of each Loan made and, if a LIBOR Loan, the Interest Period applicable thereto, (iv) the amount of any principal or interest due and payable, and paid, by the Borrower to, or for the account of, each Lender hereunder and (v) the amount of any sum received by the Administrative Agent hereunder from the Borrower, whether such sum constitutes principal or interest (and the type of Loan to which it applies), fees, expenses or other amounts due under the Loan Documents and each Lender's share thereof, if applicable.

(c) Notwithstanding anything to the contrary contained in this Agreement, the Loans (including the Notes evidencing such Loans) are registered obligations and the right, title, and interest of the Lenders and their assignees in and to such Loans shall be transferable only upon notation of such transfer in the Register. A Note shall only evidence the Lender's or a registered assignee's right, title and interest in and to the related Loan, and in no event is any such Note to be considered a bearer instrument or obligation. This Section 2.05 and Section 9.04 shall be construed so that the Loans are at all times maintained in "registered form" within the meaning of Sections 163(f), 871(h)(2) and 881(c)(2) of the Code and any related regulations (or any successor provisions of the Code or such regulations).

(d) The entries made in the Register and in the accounts therein maintained pursuant to clauses (b) and (c) above shall, to the extent permitted by applicable law, be prima facie evidence of the existence and amounts of the obligations recorded therein; provided, however, that the failure of the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligation of the Borrower to repay the Loans in accordance with their terms. In addition, the Borrower, the Administrative Agent and the Lenders shall treat each person whose name is recorded in the Register as a Lender for all purposes of this Agreement. Information contained in the Register with respect to any

Lender shall be available for inspection by the Borrower, the Administrative Agent or such Lender at any reasonable time and from time to time upon reasonable prior notice.

(e) Notwithstanding any other provision of this Agreement, in the event any Lender shall request a promissory note evidencing the Loans made by it hereunder (each a "Note") to the Borrower, the Borrower shall deliver such a Note, satisfactory to the Administrative Agent, payable to such Lender or its order, and, subject to Section 2.05(c), the interests represented by such Note shall at all times (including after any assignment of all or part of such interests pursuant to Section 9.04) be represented by one or more promissory notes payable to the payee named therein or its order.

SECTION 2.06. Fees. (a) The Borrower agrees to pay, in immediately available Dollars for the account of the Lenders as set forth below in this Section 2.06, a facility fee (collectively, the "Facility Fee") at a rate per annum equal to the Applicable Facility Fee Rate on (i) the aggregate amount of such Lender's Commitment (whether used or unused), for the period from and including the Effective Date to but excluding the earlier of the date such Commitment is terminated and the Maturity Date and (ii) after the termination of such Commitment, on the aggregate amount of such Lender's outstanding Revolving Credit Outstandings. Accrued Facility Fees shall be payable in arrears (A) on the last Business Day of each calendar quarter, commencing on the first such Business Day following the Effective Date, for the account of each Lender, (B) on the Maturity Date and (C) on the date on which the Commitments shall be terminated in whole, for the account of each Lender; provided, however, that if any Revolving Credit Outstandings shall be outstanding after the date on which the Commitments have been terminated in whole, then such Facility Fee shall be payable on demand. All Facility Fees shall be computed on the basis of the actual number of days elapsed in a year of 360 days.

(b) The Borrower agrees to pay, in immediately available Dollars for the account of the Lenders as set forth below in this Section 2.06, a duration fee (collectively, the "Duration Fee") at a rate equal to the Applicable Duration Fee Rate, on each of December 31, 2008, March 31, 2009 and June 30, 2009 (or, if such date is not a Business Day, on the next Business Day following such date), in each case on the aggregate amount of such Lender's outstanding Revolving Credit Outstandings on such date.

(c) All fees shall be paid on the dates due, in immediately available funds, to the Administrative Agent, for distribution, if and as appropriate, among the Lenders. Once paid, the fees shall not be refundable except in the case of an error which results in the payment of fees in excess of those due and payable as of such date, in which case the Administrative Agent shall cause a refund in the amount of such excess to be paid to the Borrower.

SECTION 2.07. Interest on Loans. (a) Subject to the provisions of Section 2.08, the unpaid principal amount of the Loans comprising each Base Rate Borrowing shall bear interest for each day (computed on the basis of the actual number of days elapsed over a year of 365 or 366 days, as the case may be, when the Base Rate is determined by reference to clause (a) of the definition of Base Rate and over a year of 360 days at all other times) at a rate per annum equal to the Base Rate from time to time in effect during the Interest Period for such Borrowing plus the Applicable Margin.

(b) Subject to the provisions of Section 2.08, the unpaid principal amount of the Loans comprising each LIBOR Borrowing shall bear interest (computed on the basis of the actual number of days elapsed over a year of 360 days) at a rate per annum equal to the LIBO Rate for the Interest Period in effect for such Borrowing plus the Applicable Margin.

(c) Interest on each Loan shall be payable on the Interest Payment Dates applicable to such Loan except as otherwise provided in this Agreement. Interest shall accrue from and including the first day of an Interest Period to but excluding the last day of such Interest Period. The applicable LIBO Rate or Base Rate for each Interest Period or day within an Interest Period, as the case may be, shall be determined by the Administrative Agent, and such determination shall be conclusive absent manifest error.

SECTION 2.08. Default Interest. If the Borrower shall default in the payment of the principal of or interest on any Loan or any other amount becoming due hereunder, by acceleration or otherwise, the Borrower shall on demand from time to time pay interest, to the extent permitted by law, on such defaulted amount up to (but not including) the date of actual payment (after as well as before judgment) at a rate per annum equal to (a) in the case of overdue principal of any Loan, the rate otherwise applicable to such Loan as provided in Section 2.07 plus 2% per annum, or (b) in the case of any other amount, the rate applicable to Base Rate Borrowings plus 2% per annum.

SECTION 2.09. Alternate Rate of Interest. In the event, and on each occasion, that on the day two Business Days prior to the commencement of any Interest Period for a LIBOR Loan, the Administrative Agent shall have determined in good faith that Dollar deposits in the principal amounts of the Loans comprising such Borrowing are not generally available in the London interbank market or other market in which Lenders ordinarily raise Dollars to fund Loans of the requested Type, or that the rates at which such Dollar deposits are being offered will not adequately and fairly reflect the cost to any Lender of making or maintaining its LIBOR Loan during such Interest Period, or that reasonable means do not exist for ascertaining the LIBO Rate, then the Administrative Agent shall, as soon as practicable thereafter, give written or teletype notice of such determination to the Borrower and the Lenders. In the event of any such determination, any request made by the Borrower after the date of such notice for a LIBOR Borrowing pursuant to Section 2.03 or 2.04 shall, until the Administrative Agent shall have advised the Borrower and the Lenders that the circumstances giving rise to such notice no longer exist, be deemed to be a request for a Base Rate Borrowing. Each determination by the Administrative Agent hereunder shall be conclusive absent manifest error.

SECTION 2.10. Termination and Reduction of Commitments. (a) The Commitment of each Lender shall terminate on the Maturity Date.

(b) Upon at least five (5) Business Days' prior irrevocable, written or teletype notice (which notice may be conditioned upon the closing of any financing arrangement obtained to refinance or replace the Facility) to the Administrative Agent, the Borrower may at any time during the Revolving Credit Period in whole permanently terminate, or from time to time in part permanently reduce, the Total Commitment; provided, however, that (i) each partial reduction shall be in an integral multiple of \$5,000,000 and in a minimum principal amount of \$25,000,000 and (ii) the Total Commitment shall not be reduced to an amount that is less than the aggregate principal amount of the Revolving Credit Outstandings (after giving effect to any simultaneous prepayment pursuant to Section 2.11 or 2.12).

(c) The then current Commitments shall be reduced on each date on which a prepayment of Loans is made pursuant to Section 2.12(b) or would be required to be made had the outstanding Loans equaled the Commitments then in effect, in each case in the amount of such prepayment or deemed prepayment (and the Commitment of each Lender shall be reduced by its Ratable Portion of such amount).

(d) Each reduction in Commitments hereunder shall be made ratably among the Lenders in accordance with each such Lender's Ratable Portion of the Total Commitment. The Borrower shall pay to the Administrative Agent for the account of the applicable Lenders, on the date of each such termination or reduction pursuant to this Section 2.10, the Facility Fee on the amount of the Commitments so terminated or reduced accrued to the date of such termination or reduction.

SECTION 2.11. Optional Prepayments. (a) The Borrower shall have the right at any time and from time to time to prepay any Borrowing, in whole or in part, upon at least three Business Days' prior written or teletype notice (or telephone notice promptly confirmed by written or teletype notice) to the Administrative Agent; provided, however, that each partial prepayment shall be in an amount which is an integral multiple of \$5,000,000 and not less than \$25,000,000.

(b) On the date of any termination or reduction of any Commitment pursuant to Section 2.10 and on the Maturity Date, the Borrower shall pay or prepay so much of the Loans as shall be necessary in order that, after giving effect to such reduction or termination, the aggregate principal amount of the Revolving Credit Outstandings shall not exceed the Total Commitment.

(c) Each notice of prepayment shall specify the prepayment date and the principal amount of each Loan (or portion thereof) to be prepaid, shall be irrevocable (but may be conditioned upon the closing of any financing arrangement obtained to refinance or replace the Facility) and shall commit the Borrower to prepay the Loan to which such notice relates by the amount stated therein on the date stated therein. All prepayments under this Section 2.11 shall be subject to Section 2.15 but otherwise without premium or penalty. All prepayments under this Section 2.11 shall be accompanied by accrued interest on the principal amount being prepaid to the date of payment.

(d) If at any time, the aggregate principal amount of Revolving Credit Outstandings exceeds the aggregate Commitments at such time, the Borrower shall forthwith prepay the Loans then outstanding in an amount equal to such excess.

SECTION 2.12. Mandatory Prepayments. (a) Upon receipt by the Borrower or any of its Subsidiaries of Net Cash Proceeds arising from any Debt Issuance or Equity Issuance, the Borrower shall promptly, but in any event within two Business Days of the receipt thereof, prepay the Loans in an amount equal to 100% of such Net Cash Proceeds; provided, however, that the amount of any prepayment required by this Section 2.12(a) shall not exceed the amount of the Obligations outstanding at such time.

(b) Upon receipt by the Borrower or any of its Subsidiaries of Net Cash Proceeds arising from any Asset Sale, the Borrower shall promptly, but in any event within two Business Days of the receipt thereof, prepay the Loans in an amount equal to 50% of the amount of such Net Cash Proceeds, but only to the extent that such Net Cash Proceeds, when aggregated with the Net Cash Proceeds of all Asset Sales occurring after the Effective Date, exceeds \$50,000,000; provided, however, that the amount of any prepayment required by this Section 2.12(b) shall not exceed the amount of the Obligations outstanding at such time.

(c) All prepayments under this Section 2.12 shall be subject to Section 2.15, if applicable, but otherwise without premium or penalty. All prepayments under this Section 2.12 shall be accompanied by accrued interest on the principal amount being prepaid to the date of payment.

(d) Notwithstanding any other provision of this Section 2.12, if a mandatory prepayment of LIBOR Loans is required pursuant to this Section 2.12 on a date that is not an Interest Payment Date, unless an Event of Default shall have occurred and be continuing, the Borrower may delay such mandatory prepayment until the earlier of (i) the next succeeding Interest Payment Date and (ii) a date that is 10 days after the receipt of the applicable Net Cash Proceeds.

SECTION 2.13. Reserve Requirements; Change in Circumstances. (a) Notwithstanding any other provision herein other than Section 2.15(c) and with respect to Taxes (which shall be governed solely and exclusively by Section 2.19), if after the date of this Agreement any change in applicable law or regulation or in the interpretation or administration thereof by any Governmental Authority charged with the interpretation or administration thereof (whether or not having the force of law) shall impose, modify or deem applicable any reserve, special deposit or similar requirement against assets of, deposits with or for the account of or credit extended by any Lender that makes a LIBOR Loan or shall impose on such Lender or the London interbank market or other market in which Lenders ordinarily raise Dollars, to fund Loans of the requested Type any other condition affecting this Agreement or LIBOR Loans made by such Lender, and the result of any of the foregoing shall be to increase the cost to such Lender of funding, making or maintaining any LIBOR Loan or to reduce the amount of any sum received or receivable by such Lender hereunder (whether of principal, interest or otherwise), by an amount reasonably determined by such Lender to be material, then the Borrower will pay to such Lender upon demand such additional amount or amounts as will compensate such Lender for such additional costs incurred or reduction suffered.

(b) If any Lender shall have determined that the applicability of any law, rule, regulation, agreement or guideline adopted after the date of this Agreement pursuant to the July 1988 report of the Basle Committee on Banking Regulations and Supervisory Practices entitled "International Convergence of Capital Measurement and Capital Standards", or the adoption after the date hereof of any other law, rule, regulation, agreement or guideline regarding capital adequacy, or any change in any of the foregoing or in the interpretation or administration of any of the foregoing by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender (or any lending office of such Lender) or any Lender's holding company with any request or directive regarding capital

adequacy (whether or not having the force of law) of any such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on such Lender's capital or on the capital of such Lender's holding company, if any, as a consequence of this Agreement or the Loans made by such Lender pursuant hereto to a level below that which such Lender or such Lender's holding company could have achieved but for such applicability, adoption, change or compliance (taking into consideration such Lender's policies and the policies of such Lender's holding company with respect to capital adequacy) by an amount deemed by such Lender to be material, then from time to time the Borrower shall pay to such Lender such additional amount or amounts as will compensate such Lender or such Lender's holding company for any such reduction suffered.

(c) A certificate of each Lender setting forth such amount or amounts as shall be necessary to compensate such Lender or its holding company as specified in paragraph (a) or (b) above, as the case may be, together with a statement of reasons for such demand and showing the calculation for such amounts shall be delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay or cause to be paid to each Lender the amount shown as due on any such certificate delivered by it within ten (10) days after its receipt of the same.

(d) Except as provided in this paragraph, failure on the part of any Lender to demand compensation for any increased costs or reduction in amounts received or receivable or reduction in return on capital with respect to any period shall not constitute a waiver of such Lender's right to demand compensation with respect to such period or any other period. The protection of this Section 2.13 shall be available to each Lender regardless of any possible contention of the invalidity or inapplicability of the law, rule, regulation, guideline or other change or condition which shall have occurred or been imposed. No Lender shall be entitled to compensation under this Section 2.13 for any costs incurred or reductions suffered with respect to any date unless it shall have notified the Borrower that it will demand compensation for such costs or reductions under paragraph (c) above not more than 60 days after the later of (i) such date and (ii) the date on which it shall have or reasonably should have become aware of such costs or reductions. In the event the Borrower shall reimburse any Lender pursuant to this Section 2.13 for any cost and the Lender shall subsequently receive a refund in respect thereof, the Lender shall so notify the Borrower and shall pay to the Borrower the portion of such refund which it shall determine in good faith to be allocable to the cost so reimbursed.

SECTION 2.14. Change in Legality. (a) Notwithstanding any other provision herein other than Section 2.15(c), if any change in any law or regulation or in the interpretation thereof by any Governmental Authority charged with the administration or interpretation thereof shall make it unlawful for any Lender to make or maintain any LIBOR Loan or to give effect to its obligations as contemplated hereby with respect to any LIBOR Loan, then, by written or telecopy notice to the Borrower and the Administrative Agent, such Lender may:

(i) declare that LIBOR Loans will not thereafter be made by such Lender hereunder, whereupon any request by the Borrower for a LIBOR Borrowing shall, as to such Lender only, be deemed a request for a Base Rate Loan unless such declaration shall be subsequently withdrawn; and

(ii) require that all outstanding LIBOR Loans made by it be converted to Base Rate Loans, in which event all such LIBOR Loans shall automatically be so converted as of the effective date of such notice as provided in paragraph (b) below.

In the event any Lender shall exercise its rights under clause (i) or (ii) above, all payments and prepayments of principal which would otherwise have been applied to repay the LIBOR Loans that would have been made by such Lender or the converted LIBOR Loans of such Lender shall instead be applied to repay the Loans made by such Lender in lieu of, or resulting from the conversion of, such LIBOR Loans.

(b) For purposes of this Section 2.14, a notice by any Lender shall be effective as to each LIBOR Loan, if lawful, on the last day of the Interest Period applicable to such LIBOR Loan; in all other cases such notice shall be effective on the date of receipt.

SECTION 2.15. Indemnity. The Borrower shall indemnify each Lender against any loss or expense (excluding loss of anticipated profits) which such Lender may sustain or incur as a consequence of (a) any failure to fulfill on the date of any Borrowing hereunder the applicable conditions set forth in Article IV, (b) any failure by the Borrower to borrow any LIBOR Loan hereunder after irrevocable notice of such Borrowing has been given pursuant to Section 2.03, (c) any payment or prepayment of a LIBOR Loan required by any other provision of this Agreement or otherwise made or deemed made on a date other than the last day of the Interest Period applicable thereto, other than any loss of profit resulting from any event, circumstance or condition set forth in Section 2.13 or 2.14, (d) any default in payment or prepayment of the principal amount of any LIBOR Loan or any part thereof or interest accrued thereon, as and when due and payable (at the due date thereof, whether by scheduled maturity, acceleration, irrevocable notice of prepayment or otherwise) or (e) the occurrence of any Event of Default, including, in each such case, any loss or reasonable expense sustained or incurred or to be sustained or incurred in liquidating or employing deposits from third parties acquired to effect or maintain such Loan or any part thereof as a LIBOR Loan. Such loss or reasonable expense shall include an amount equal to the excess, if any, as reasonably determined by such Lender, of (i) its cost of obtaining the funds for the Loan being paid, prepaid or not borrowed (assumed to be the LIBO Rate applicable thereto) for the period from the date of such payment, prepayment or failure to borrow to the last day of the Interest Period for such Loan (or, in the case of a failure to borrow the Interest Period for such Loan which would have commenced on the date of such failure) over (ii) the amount of interest (as reasonably determined by such Lender) that would be realized by such Lender in reemploying the funds so paid, prepaid or not borrowed for such period or Interest Period, as the case may be. A certificate of any Lender setting forth any amount or amounts which such Lender is entitled to receive pursuant to this Section together with a statement of reasons for such demand and the calculation of such amount or amounts shall be delivered to the Borrower and shall be conclusive absent manifest error.

SECTION 2.16. Pro Rata Treatment. Except as required under Section 2.14, each Borrowing, each payment or prepayment of principal of any Borrowing, each payment of interest on the Loans, each payment of the Facility Fee and each conversion or continuation of any Borrowing with a Borrowing of any Type, shall be allocated pro rata among the Lenders in accordance with their respective Commitments (or, if such Commitments shall have expired or been terminated, in accordance with the respective principal amounts of their outstanding Loans). Each Lender agrees that in computing such Lender's portion of any Borrowing to be made hereunder, the Administrative Agent may, in its discretion, round each Lender's percentage of such Borrowing, computed in accordance with Schedule 2.01(a), to the next higher or lower whole Dollar amount. All payments of fees (other than the Facility Fee) and all other payments in respect of any other Obligation shall be allocated among such of the Lenders as are entitled thereto and, for such payments allocated to the Lenders, in proportion to their respective Ratable Portions.

SECTION 2.17. Sharing of Setoffs. Each Lender agrees that if it shall, through the exercise of a right of banker's lien, setoff or counterclaim against the Borrower, or pursuant to a secured claim under Section 506 of Title 11 of the United States Code or other security or interest arising from, or in lieu of, such secured claim, received by such Lender under any applicable bankruptcy, insolvency or other similar law or otherwise, or by any other means, obtain

payment (voluntary or involuntary) in respect of any Loan or Loans as a result of which the unpaid principal portion of its Revolving Credit Outstandings shall be proportionately less than the unpaid principal portion of the Revolving Credit Outstandings of any other Lender, it shall be deemed simultaneously to have purchased from such other Lender at face value, and shall promptly pay to such other Lender the purchase price for, a participation in the Revolving Credit Outstandings of such other Lender, so that the aggregate unpaid principal amount of the Revolving Credit Outstandings and participations in Revolving Credit Outstandings held by each Lender shall be in the same proportion to the aggregate unpaid principal amount of all Revolving Credit Outstandings then outstanding as the principal amount of its Revolving Credit Outstandings prior to such exercise of banker's lien, setoff or counterclaim or other event was to the principal amount of all Revolving Credit Outstandings outstanding prior to such exercise of banker's lien, setoff or counterclaim or other event; provided, however, that, if any such purchase or purchases or adjustments shall be made pursuant to this Section and the payment giving rise thereto shall thereafter be recovered, such purchase or purchases or adjustments shall be rescinded to the extent of such recovery and the purchase price or prices or adjustment restored without interest. The Borrower expressly consents to the foregoing arrangements and agrees that any Lender holding a participation in any of the Revolving Credit Outstandings deemed to have been so purchased may exercise any and all rights of banker's lien, setoff or counterclaim with respect to any and all moneys owing by the Borrower to such Lender by reason thereof as fully as if such Lender had made a Loan or otherwise extended credit directly to the Borrower in the amount of such participation.

SECTION 2.18. Payments. (a) Each payment or prepayment by the Borrower of the principal of or interest on any Loans, any fees payable to the Administrative Agent, the Arranger or the Lenders or any other amounts due hereunder (other than amounts referred to in clause (b) below) shall be made, without setoff or counterclaim, not later than 12:00 (noon), New York City time, on the date when due, in the currency specified herein (or, if no such currency is specified, in Dollars) to the Administrative Agent at its offices at 2 Penns Way, Suite 110, New Castle, Delaware, in immediately available funds.

(b) Whenever any payment (including principal of or interest on any Borrowing or any fees or other amounts) hereunder shall become due, or otherwise would occur, on a day that is not a Business Day, except as provided in the definition of Interest Period, such payment may be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of interest or fees, if applicable.

(c) Each payment by the Borrower of any Loan (including interest or fees in respect thereof) and each reimbursement of various costs, expenses or other Obligation shall be made in the currency in which such Loan was made or such cost, expense or other Obligation was incurred.

SECTION 2.19. Taxes. (a) Any and all payments by or on behalf of the Borrower hereunder shall be made free and clear of and without deduction for any Indemnified Taxes. If the Borrower shall be required by law to deduct any Indemnified Taxes or Other Taxes from or in respect of any sum payable hereunder to the Lenders (or any Transferee) or the Administrative Agent, (i) the sum payable shall be increased by the amount necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section 2.19) such Lender (or Transferee) or the Administrative Agent (as the case may be) shall receive an amount equal to the sum it would have received had no such deductions been made, (ii) the Borrower shall make such deductions and (iii) the Borrower shall pay the full amount deducted to the relevant taxing authority or other Governmental Authority in accordance with applicable law; provided, however, that no Transferee of any Lender shall be entitled to

receive any greater payment under this Section 2.19 than such Lender would have been entitled to receive immediately before assignment, participation or other transfer with respect to the rights assigned, participated or transferred unless such assignment, participation or transfer shall have been made (A) prior to the occurrence of an event (including any change in treaty, law or regulation) giving rise to such greater payment or (B) at the request of the Borrower.

(b) In addition, the Borrower agrees to pay any present or future stamp or documentary taxes or any other excise or property taxes, charges or similar levies which arise from any payment made hereunder or from the execution, delivery or registration of, or otherwise with respect to, this Agreement (herein referred to as "Other Taxes").

(c) The Borrower will indemnify each Lender (or Transferee) and the Administrative Agent for the full amount of Indemnified Taxes and Other Taxes (including any Indemnified Taxes or Other Taxes imposed by any jurisdiction on amounts payable under this Section 2.19(c)) paid by such Lender (or Transferee) or the Administrative Agent, as the case may be, and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto. Such indemnification shall be made within 30 days after the date any Lender (or Transferee) or the Administrative Agent, as the case may be, makes written demand therefor, together with a statement of reasons for such demand and the calculations of such amount. Such calculations, if made in good faith, absent manifest error, shall be final and conclusive on all parties.

(d) Within 30 days after the date of any payment of Taxes or Other Taxes withheld by the Borrower in respect of any payment to any Lender (or Transferee) or the Administrative Agent, the Borrower will furnish to the Administrative Agent, at its address referred to in Section 9.01, the original or a certified copy of a receipt evidencing payment thereof (or other evidence satisfactory to the Administrative Agent).

(e) Without prejudice to the survival of any other agreement contained herein, the agreements and obligations contained in this Section 2.19 shall survive the payment in full of the principal of and interest on all Loans made hereunder.

(f) Each Lender (or Transferee) represents to the Borrower that, on the date such Lender (or such Transferee) becomes a party to this Agreement, it is eligible to receive payments of interest hereunder from the Borrower without withholding in respect of United States Federal withholding tax (except, in the case of a Transferee of any Lender, as a result of the occurrence of an event (including a change in treaty, law or regulation) after the date of this Agreement giving rise to withholding to which such Lender would be subject).

(g) Each Lender (or Transferee), other than a Transferee described in the exception in Section 2.19(f), that is not a "United States person," within the meaning of Section 7701(a)(30) of the Code, shall, on or before the date it becomes a party to this Agreement (or, in the case of a Transferee that is a participation holder, on or before the date such Transferee becomes a participation holder hereunder), deliver to the Borrower and the Administrative Agent such certificates, documents or other evidence, as required by the Code or Treasury Regulations issued pursuant thereto, including Internal Revenue Service Form W-8BEN, Form W-8ECI, or any other applicable certificate or statement of exemption, properly completed and duly executed by such Lender (or Transferee) establishing that payment made to such Lender (or Transferee) is (i) not subject to United States Federal withholding tax under the Code because such payments are effectively connected with the conduct by such Lender (or Transferee) of a trade or business in the United States, (ii) totally exempt from United States Federal withholding tax under a provision of an applicable tax treaty, or (iii) eligible for the benefits of the exemption for portfolio interest under Section 881(c) of the Code, in which case such Lender (or Transferee) shall also deliver a

certificate to the effect that such Lender is not (A) a “bank” within the meaning of Section 881(c)(3)(A) of the Code, (B) a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Code, or (C) a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Code. In addition, each such Lender (or such Transferee) shall, if legally able to do so, thereafter deliver such certificates, documents or other evidence from time to time establishing that payments received hereunder are not subject to, or subject to a reduced rate of, such withholding upon receipt of a written request therefor from the Borrower or the Administrative Agent. Unless the Borrower and the Administrative Agent have received forms or other documents satisfactory to them indicating that payments hereunder are not subject to, or subject to a reduced rate of, United States Federal withholding tax, the Borrower or the Administrative Agent shall withhold such taxes from such payments at the applicable statutory rate.

(h) Each Lender (or Transferee) that is a “United States person,” shall, on or before the date it becomes a party to this Agreement (or, in the case of a Transferee that is a participation holder, on or before the date such Transferee becomes a participation holder hereunder), deliver to the Borrower and the Administrative Agent such certificates, documents or other evidence, as required by the Code or Treasury Regulations issued pursuant thereto, including Internal Revenue Service Form W-9 or any other applicable certificate or statement of exemption properly completed and duly executed by such Lender (or Transferee) establishing that payment made to such Lender (or Transferee) is not subject to United States Federal backup withholding tax under the Code. In addition, each such Lender (or such Transferee) shall, if legally able to do so, thereafter deliver such certificates, documents or other evidence from time to time establishing that payments received hereunder are not subject to such withholding upon receipt of a written request therefor from the Borrower or the Administrative Agent. Unless the Borrower and the Administrative Agent have received forms or other documents satisfactory to them indicating that payments hereunder are not subject to United States Federal backup withholding tax, the Borrower or the Administrative Agent shall withhold such taxes from such payments at the applicable statutory rate.

(i) Each Lender (or Transferee) that is entitled to any exemption or reduction of non-U.S. withholding tax with respect to any payment under this Agreement shall, on or before the date it becomes a party to this Agreement (or, in the case of a Transferee that is a participation holder, on or before the date such Transferee becomes a participation holder hereunder), deliver to the Borrower and the Administrative Agent such certificates, documents or other evidence, as required by law, or as may reasonably be requested by the Borrower, establishing that such payment is not subject to, or is subject to a reduced rate of, withholding. In addition, each such Lender (or such Transferee) shall, if legally able to do so, thereafter deliver such certificates, documents or other evidence from time to time establishing that payments received hereunder are not subject to such withholding upon receipt of a written request therefor from the Borrower or the Administrative Agent.

(j) The Borrower shall not be required to pay any additional amounts to any Lender (or Transferee) in respect of any withholding tax pursuant to paragraph (a) above to the extent that the obligation to pay such additional amounts would not have arisen but for a failure by such Lender (or Transferee) to deliver the certificates, documents or other evidence required to be delivered under the preceding paragraph (g), (h) or (i) unless such failure is attributable to (i) a change in applicable law, regulation or official interpretation thereof or (ii) an amendment or modification to or a revocation of any applicable tax treaty or a change in official position regarding the application or interpretation thereof, in each case on or after the date such Lender (or Transferee) became a party to this Agreement.

(k) Any Lender (or Transferee) claiming any additional amounts payable pursuant to this Section 2.19 shall use reasonable efforts (consistent with its internal policies and legal and regulatory restrictions) to, at the expense of the Borrower, file any certificate or document reasonably requested in writing by the Borrower or to change the jurisdiction of its applicable lending office if the making of such a filing or change would avoid the need for or reduce the amount of any such additional amounts which may thereafter accrue and would not, in the sole determination of such Lender (or Transferee), be otherwise disadvantageous to such Lender (or Transferee).

(l) If any Lender (or Transferee) or the Administrative Agent receives a refund in respect of any Indemnified Taxes or Other Taxes as to which it has been indemnified by the Borrower pursuant to this Section 2.19, it shall promptly repay such refund to the Borrower (to the extent of amounts that have been paid by the Borrower under this Section 2.19 with respect to such refund), net of all out-of-pocket expenses (including Taxes imposed with respect to such refund) of such Lender (or Transferee) or the Administrative Agent and without interest (other than interest paid by the relevant taxing authority with respect to such refund); provided, however, that the Borrower, upon the request of such Lender (or Transferee) or the Administrative Agent, agrees to return such refund (plus penalties, interest or other charges) to such Lender (or Transferee) or the Administrative Agent in the event such Lender (or Transferee) or the Administrative Agent is required to repay such refund. Nothing in this Section 2.19 shall obligate any Lender (or Transferee) or the Administrative Agent to apply for any such refund.

(m) Nothing contained in this Section 2.19 shall require any Lender (or Transferee) or the Administrative Agent to make available any of its tax returns (or any other information relating to its Taxes which it deems to be confidential).

(n) No Borrower shall be required to reimburse any Lender (or Transferee) or the Administrative Agent with respect to any Indemnified Taxes or Other Taxes unless such Lender, Transferee or the Administrative Agent notifies the Borrower of the amount of such Indemnified Taxes or Other Taxes on or before the second anniversary of the date such Lender, Transferee or the Administrative Agent pays such Indemnified Taxes or Other Taxes.

SECTION 2.20. Assignment of Loans and Commitments Under Certain Circumstances. In the event that any Lender shall have delivered a notice or certificate pursuant to Section 2.13 or 2.14, or the Borrower shall be required to make additional payments to any Lender under Section 2.19, the Borrower shall have the right, at its own expense, upon notice to such Lender and the Administrative Agent, to require such Lender to transfer and assign without recourse (in accordance with and subject to the restrictions contained in Section 9.04) all its interests, rights and obligations under this Agreement to another financial institution or other entity which shall assume such obligations; provided, however, that

(i) no such assignment shall conflict with any law, rule or regulation or order of any Governmental Authority and (ii) the Borrower or the assignee, as the case may be, shall pay to the affected Lender in immediately available funds on the date of such termination or assignment the principal of and interest accrued to the date of payment on the Loans made by it hereunder and all other amounts accrued for its account or owed to it hereunder.

SECTION 2.21. Increase in Commitments. Alcoa may from time to time, by written notice to the Administrative Agent, executed by Alcoa and one or more financial institutions (any such financial institution referred to in this Section being called a "Prospective Lender"), which may include any Lender, cause the Commitments of the Prospective Lenders to be increased (or cause Commitments to be extended by the Prospective Lenders, as the case may be) in an amount for each Prospective Lender set forth in such notice; provided, however, that (i)

the amount of any such increase in the Commitments shall be no less than \$25,000,000, (ii) the sum of the aggregate amount of increases in Commitments under this Section 2.21, during the term of this Agreement, shall not cause the Total Commitments to exceed \$2,000,000,000, (iii) each Prospective Lender, if not already a Lender hereunder, shall be subject to the approval of the Administrative Agent (which approval shall not be unreasonably withheld) and (iv) each Prospective Lender, if not already a Lender hereunder, shall become a party to this Agreement by completing and delivering to the Administrative Agent a duly executed Accession Agreement. Increases in Commitments and new Commitments created pursuant to this Section shall become effective (A) in the case of Prospective Lenders already parties hereto, on the date specified in the notice delivered pursuant to this Section and (B) in the case of Prospective Lenders not already parties hereunder, on the effective date of the Accession Agreement. Upon the effectiveness of any Accession Agreement to which any Prospective Lender is a party, (i) such Prospective Lender shall thereafter be deemed to be a party to this Agreement and shall be entitled to all rights, benefits and privileges accorded a Lender hereunder and subject to all obligations of a Lender hereunder and (ii) Schedule 2.01(a) shall be deemed to have been amended to reflect the Commitment of the additional Lender as provided in such Accession Agreement. Upon the effectiveness of any increase pursuant to this Section in the Commitment of a Lender already a party hereunder, Schedule 2.01(a) shall be deemed to have been amended to reflect the increased Commitment of such Lender. Notwithstanding the foregoing, no increase in the aggregate Commitments (or in the Commitment of any Lender) shall become effective under this Section 2.21 unless (i) the Administrative Agent shall have received documents consistent with those delivered under paragraphs (a) and (c) of Section 4.01 as to the corporate power and authority of Alcoa to borrow hereunder after giving effect to such increase and (ii) on the date of such increase, the conditions set forth in paragraphs (b) and (c) of Section 4.02 shall be satisfied (with all references in such paragraphs to a Borrowing being deemed to be references to such increase) and the Administrative Agent shall have received a certificate to that effect dated such date and executed by a Financial Officer of Alcoa. Following any increase of a Lender's Commitment or any extension of a new Commitment pursuant to this paragraph, any Loans outstanding prior to the effectiveness of such increase or extension shall continue outstanding until the ends of the respective Interests Periods applicable thereto, and shall then be repaid or refinanced with new Loans made pursuant to Section 2.01; provided that notwithstanding anything to the contrary in this Agreement, the conditions to borrowing set forth in Section 4.02 shall not apply to such new Loans to the extent they are in a principal amount not greater than that of the Loans being refinanced. Notwithstanding anything to the contrary in this Agreement, no Lender shall be required to be a Prospective Lender.

### ARTICLE III

#### **REPRESENTATIONS AND WARRANTIES**

The Borrower represents and warrants to each of the Lenders and the Administrative Agent as follows:

SECTION 3.01. Organization. The Borrower is duly organized, validly existing and, where applicable, in good standing under the laws of its jurisdiction of organization and is duly qualified to do business as a foreign corporation (or other entity, as applicable) and, where applicable, is in good standing in all other jurisdictions in which the ownership of its properties or the nature of its activities or both makes such qualification necessary, except to the extent that failure to be so qualified would not result in a Material Adverse Effect.

SECTION 3.02. Authorization. The Borrower has power and authority, corporate or otherwise, to execute, deliver and carry out the provisions of this Agreement and each other Loan Document to which it is a party, or to become a party to this Agreement in accordance with the terms hereof and the terms of each other Loan Document, to borrow hereunder and to perform its obligations hereunder, under each other Loan Document to which it is a party, and all such action has been duly and validly authorized by all necessary proceedings, corporate or otherwise, on its part.

SECTION 3.03. Enforceability. This Agreement and each other Loan Document to which the Borrower is a party has been duly executed and delivered by the Borrower and constitutes the legal, valid and binding obligation of the Borrower enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other similar laws of general application affecting the enforcement of creditors' rights or by general principles of equity limiting the availability of equitable remedies.

SECTION 3.04. Governmental Approvals. No authorization, consent, approval, license, exemption or other action by, and no registration, qualification, designation, declaration or filing with, any Governmental Authority is necessary in connection with the Borrower's execution and delivery of this Agreement and each other Loan Document to which the Borrower is a party, the consummation by the Borrower of the transactions contemplated hereby or thereby or the Borrower's performance of or compliance with the terms and conditions hereof or thereof.

SECTION 3.05. No Conflict. None of the execution and delivery by the Borrower of this Agreement and each other Loan Document to which the Borrower is a party, the consummation by the Borrower of the transactions contemplated hereby and thereby or performance by the Borrower of or compliance by the Borrower with the terms and conditions hereof or thereof will (a) violate any law, constitution, statute, treaty, regulation, rule, ordinance, order, injunction, writ, decree or award of any Governmental Authority to which it is subject, (b) conflict with or result in a breach or default under its charter or Memorandum and Articles of Association or by-laws (or equivalent organizational or governing documents), as applicable, (c) conflict with or result in a breach or default which is material in the context of this Agreement under any agreement or instrument to which the Borrower is a party or by which it or any of its properties, whether now owned or hereafter acquired, may be subject or bound or (d) result in the creation or imposition of any Lien prohibited by Section 6.01 upon any property or assets, whether now owned or hereafter acquired, of the Borrower.

SECTION 3.06. Financial Statements. The Borrower has furnished to the Lenders copies of its consolidated balance sheet as of December 31, 2006 and 2007, and the related consolidated statements of income and shareholders' equity and cash flows for the three years ended December 31, 2007, all audited by PricewaterhouseCoopers LLP, and the Borrower's unaudited consolidated balance sheets as at March 31, 2008 and June 30, 2008 and the related unaudited consolidated statements of income and shareholders' equity and cash flows for the three months and six months, as applicable, then ended. Such financial statements (including the notes thereto) present fairly the financial condition of the Borrower and its Subsidiaries as of such dates and the results of their operations and cash flows for the periods then ended (subject, in the case of said balance sheets as at March 31, 2008 and June 30, 2008, and said statements of income, shareholders equity and cash flows for the three months and six months, as applicable, then ended, to the absence of footnote disclosure and normal year-end audit adjustments), all in conformity with GAAP.

SECTION 3.07. No Defaults. No event has occurred and is continuing and no condition exists which constitutes a Default or Event of Default hereunder. The Borrower is not in violation of (i) any term of its charter or constitution or by-laws (or the equivalent organizational or governing documents), as applicable or (ii) any agreement or instrument to which it is a party or by which it or any of its properties may be subject or bound where such violation is likely to result in a Material Adverse Effect.

SECTION 3.08. Litigation. Except as set forth in the financial statements referred to in Section 3.06 or the Exchange Act Reports or otherwise disclosed on Schedule 3.08, there is no pending or, to the knowledge of any of its Responsible Officers, threatened proceeding by or before any Governmental Authority against the Borrower or any of its Subsidiaries, which in the opinion of the Borrower's counsel is likely to result in a Material Adverse Effect.

SECTION 3.09. No Material Adverse Change. As of the date of this Agreement, there has been no material adverse change in the business, assets, operations or financial condition of itself and its Subsidiaries, taken as a whole, except as disclosed in the Exchange Act Reports, since December 31, 2007.

SECTION 3.10. Employee Benefit Plans. (a) U.S. Plans. Each Plan is in compliance with all requirements of ERISA and the regulations and published interpretations thereunder except to the extent such non-compliance could not reasonably be expected to result in a Material Adverse Effect. No Reportable Event has occurred as to which the Borrower or any ERISA Affiliate was required to file a report with the PBGC that alone or together with any other Reportable Event would reasonably be expected to result in a liability of the Borrower to the PBGC in an aggregate amount in excess of \$50,000,000. The aggregate present value of all benefit liabilities under the Plans (based on the assumptions used to fund such Plans) did not, as of the last annual valuation dates applicable thereto, exceed the aggregate value of the assets of the Plans by more than 10% of Consolidated Net Worth. Neither the Borrower nor any ERISA Affiliate has incurred any Withdrawal Liability that would reasonably be expected to result in a Material Adverse Effect. Neither the Borrower nor any ERISA Affiliate has received any notification that any Multiemployer Plan is in reorganization or has been terminated within the meaning of Title IV of ERISA, and no Responsible Officer of the Borrower has knowledge of any fact which would reasonably be expected to result in the reorganization or termination of a Multiemployer Plan where such reorganization or termination has resulted or would reasonably be expected to result, through increases in the contributions required to be made to such Plan or otherwise, in a Material Adverse Effect.

(b) Foreign Plans. Each Foreign Plan is in compliance with all requirements of law applicable thereto and the respective requirements of the governing documents for such plan except to the extent such non-compliance could not reasonably be expected to result in a Material Adverse Effect. With respect to each Foreign Pension Plan, none of the Borrower, its Affiliates or any of its directors, officers, employees or agents has engaged in a transaction which would subject the Borrower, directly or indirectly, to a tax or civil penalty which could reasonably be expected to result in a Material Adverse Effect. With respect to each Foreign Plan, adequate reserves have been established in the financial statements furnished to Lenders in respect of any unfunded liabilities in accordance with applicable law and prudent business practice or, where required, in accordance with ordinary accounting practices in the jurisdiction in which such Foreign Plan is maintained. The aggregate unfunded liabilities, after giving effect to any such reserves for such liabilities, with respect to such Foreign Plans could not reasonably be expected to result in a Material Adverse Effect. There are no actions, suits or claims (other than routine claims for benefits) pending or threatened in writing against the Borrower or any of their Affiliates with respect to any Foreign Plan which could reasonably be expected, individually or in the aggregate, to result in a Material Adverse Effect.

SECTION 3.11. Title to Properties; Possession Under Leases. (a) The Borrower and each of its Subsidiaries has good and marketable title to, or valid leasehold interests in, all its material properties and assets, except for minor defects in title that do not materially interfere with its ability to conduct its business as currently conducted or to utilize such properties and assets for their intended purposes.

(b) The Borrower and each of its Subsidiaries has complied with all material obligations under all material leases to which it is a party and all such leases are in full force and effect. The Borrower and its Subsidiaries enjoy peaceful and undisturbed possession under all such material leases.

SECTION 3.12. Investment Company Act; Public Utility Holding Company Act. The Borrower is not an "investment company" as defined in, or subject to regulation under, the Investment Company Act of 1940. The Borrower is exempted as a "holding company" as defined in, or is not subject to regulations under, the Public Utility Holding Company Act of 1935, as amended, or, as the case may be, the Public Utility Holding Company Act of 2005, enacted as part of the Energy Policy Act of 2005, Pub. L. No. 109-58 as codified at §§ 1261 et seq., and the regulations adopted thereunder, as amended.

SECTION 3.13. Tax Returns. The Borrower and its Subsidiaries have filed or caused to be filed all material Federal, state, local and foreign tax returns required to have been filed by it in all jurisdictions in which such tax returns are required to be filed and all such tax returns are true, complete and correct in all material respects. The Borrower and each of its Subsidiaries has paid or caused to be paid all material taxes shown to be due and payable on such returns or on any assessments received by it, except taxes that are being contested in good faith by appropriate proceedings and for which adequate reserves are maintained on the applicable financial statements in accordance with GAAP.

SECTION 3.14. Compliance with Laws and Agreements. (a) Neither the Borrower nor any of its Subsidiaries is in violation of any law, rule or regulation, or in default with respect to any judgment, writ, injunction or decree of any Governmental Authority, where such violation or default would reasonably be expected to result in a Material Adverse Effect.

(b) Neither the Borrower nor any of its Subsidiaries is in default in any material manner under any provision of any indenture or other agreement or instrument evidencing Indebtedness, or any other material agreement or instrument to which it is a party or by which it or any of its properties or assets are or may be bound, where such default would be reasonably likely to result in a Material Adverse Effect.

SECTION 3.15. No Material Misstatements. Except for information not prepared by or on behalf of the Borrower and expressly disclaimed thereby, no information, report, financial statement, exhibit or schedule furnished by or on behalf of the Borrower to the Administrative Agent or any Lender in connection with the negotiation of this Agreement or included herein or delivered pursuant thereto contained or contains any material misstatement of fact or omitted or omits to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were or are made, not misleading.

SECTION 3.16. Use of Proceeds; Federal Reserve Regulations. The proceeds of any Loan will be used to provide working capital or for other general corporate purposes. No part of the proceeds of any Loan to the Borrower will be used, whether directly or indirectly, and whether immediately, incidentally or ultimately, for any purpose that entails a violation of any of the Regulations of the Board, including Regulations U and X.

SECTION 3.17. No Trusts. The Borrower is not entering into this Agreement in its capacity as trustee of any trust.

ARTICLE IV

**CONDITIONS OF EFFECTIVENESS AND LENDING**

The obligations of the Lenders to make Loans to the Borrower hereunder are subject to the satisfaction of the conditions set forth in Sections 4.01 and 4.02 below:

SECTION 4.01. Effective Date. On the Effective Date:

(a) The Administrative Agent shall have received a written opinion of Thomas F. Seligson, Counsel of the Borrower, dated the Effective Date and addressed to the Administrative Agent and the Lenders, to the effect set forth in Exhibit C hereto.

(b) All legal matters incident to this Agreement and the borrowings hereunder shall be reasonably satisfactory to the Lenders and to Weil, Gotshal & Manges LLP, counsel for the Administrative Agent.

(c) The Administrative Agent shall have received (i) this Agreement, duly executed and delivered by the Borrower, (ii) a copy, including all amendments thereto, of the charter of the Borrower, certified as of a recent date by the Secretary of State or other appropriate official of its jurisdiction of incorporation and a certificate as to the good standing of the Borrower as of a recent date, from such Secretary of State or other official; (iii) a certificate of the Secretary or Assistant Secretary of the Borrower dated the Effective Date and certifying (A) that attached thereto is a true and complete copy of the by-laws of the Borrower as in effect on the Effective Date showing all amendments thereto since the date of the resolutions described in clause (B) below, (B) that attached thereto is a true and complete copy of resolutions duly adopted by the Board of Directors of the Borrower authorizing the execution, delivery and performance of this Agreement and the borrowings by the Borrower hereunder, and that such resolutions have not been modified, rescinded or amended and are in full force and effect, (C) that the charter of the Borrower has not been amended since the date of the last amendment thereto shown on the certificate of good standing furnished pursuant to clause (ii) above and (D) as to the incumbency and specimen signature of each officer executing this Agreement or any other document delivered in connection herewith on behalf of the Borrower; (iv) a certificate of another officer of the Borrower as to the incumbency and specimen signature of the Secretary or Assistant Secretary executing the certificate pursuant to clause (iii) above; and (v) such other documents as the Lenders or Weil, Gotshal & Manges LLP, counsel for the Administrative Agent may reasonably request.

(d) The representations and warranties set forth in Article III hereof shall be true and correct in all material respects on and as of the Effective Date with the same effect as though made on and as of such date, except to the extent such representations and warranties expressly relate to an earlier date.

(e) The Administrative Agent shall have received certificates dated the Effective Date and signed by a Financial Officer of the Borrower confirming the satisfaction of the condition precedent set forth in paragraph (d) of this Section 4.01 and that as of the Effective Date, no Event of Default or Default has occurred and is continuing.

(f) The Administrative Agent shall have received all fees and other amounts due and payable on or prior to the Effective Date .

(g) The Administrative Agent shall have received certificates of a Responsible Officer of the Borrower, each dated the Effective Date and stating that (i) except as disclosed in the Exchange Act Reports or otherwise disclosed in such certificate, the Borrower and each of its Subsidiaries have complied in all respects with all Federal, state, local and foreign

statutes, ordinances, orders, judgments, rulings and regulations relating to environmental pollution or to environmental regulation or control except to the extent any such failure so to comply would not, alone or together with any other such failure, be reasonably likely to result in a Material Adverse Effect; (ii) neither the Borrower nor any of its Subsidiaries has received notice of any failure so to comply which alone or together with any other such failure would be reasonably likely to result in a Material Adverse Effect; and (iii) the plants of the Borrower and its Subsidiaries do not manage any hazardous wastes, toxic pollutants or substances similarly denominated in violation of any applicable law or regulations promulgated pursuant thereto including, for operations within the United States, the Resource Conservation and Recovery Act, the Comprehensive Environmental Response Compensation and Liability Act, the Hazardous Materials Transportation Act, the Toxic Substance Control Act, the Clean Air Act, the Clean Water Act or any other applicable law, where such violation would be reasonably likely to result, individually or together with any such other violations, in a Material Adverse Effect.

SECTION 4.02. All Borrowings. On the date of each Borrowing:

(a) The Borrower shall have provided the notice as required by Section 2.03.

(b) The representations and warranties set forth in Article III hereof (other than the representations and warranties set forth in Sections 3.08, 3.09 and 3.10) shall be true and correct in all material respects on and as of the date of such Borrowing with the same effect as though made on and as of such date, except to the extent such representations and warranties expressly relate to an earlier date.

(c) The Borrower shall be in compliance in all material respects with all the terms and provisions set forth herein on its part to be observed or performed, and at the time of and immediately after such Borrowing no Event of Default or Default shall have occurred and be continuing.

(d) There shall have been paid to the Administrative Agent, for the account of the Lenders, all fees and expenses (including reasonable fees and expenses of counsel) due and payable on or before such Borrowing.

Each Borrowing by the Borrower, shall be deemed to constitute a representation and warranty by the Borrower on the date of such Borrowing as to the matters specified in paragraphs (b) and (c) of this Section 4.02. Notwithstanding any contrary provision hereof, a conversion of a Borrowing to a different Type or a continuation of a Borrowing in its existing Type shall not be considered a new Borrowing.

**ARTICLE V**

**AFFIRMATIVE COVENANTS**

So long as any Obligation or any Commitment remains outstanding, unless the Required Lenders shall otherwise consent in writing:

SECTION 5.01. Financial Statements, Reports, etc. The Borrower shall furnish to the Administrative Agent the following, and the Administrative Agent shall make a copy thereof available to each Lender:

(a) Within 90 days after the end of each fiscal year its consolidated balance sheet and related statements of income and cash flow audited by independent public accountants of recognized national standing, accompanied by an opinion of such accountants (which shall not be qualified as to scope of audit or in any manner calling into question the status of its business as a going concern) to the effect that such consolidated financial statements fairly present its financial condition and results of operations and that of its consolidated Subsidiaries, taken as a whole, in accordance with GAAP;

(b) Within 50 days after the end of each of the first three fiscal quarters of each fiscal year, its Form 10-Q as prescribed by the SEC;

(c) No later than the respective delivery due dates of financial statements under (a) and (b) above, a certificate of a Financial Officer (i) certifying that no Event of Default or Default has occurred and is continuing or, if such an Event of Default or Default has occurred and is continuing, specifying the nature and extent thereof and any corrective action taken or proposed to be taken with respect thereto and (ii) setting forth computations in reasonable detail satisfactory to the Administrative Agent demonstrating compliance with the covenant contained in Section 6.03;

(d) Promptly after the same become publicly available, copies of all periodic and other reports, proxy statements and other materials filed by it (other than registration statements and prospectuses related to offerings to directors, officers or employees) with the SEC or any Governmental Authority succeeding to any of or all the functions of the SEC, or with any national securities exchange, or distributed to its shareholders, as the case may be; and

(e) Promptly, from time to time, such other information regarding its operations, business affairs and financial condition, or compliance with the terms of this Agreement, as the Administrative Agent or any Lender may reasonably request.

Information required to be delivered pursuant to this Section 5.01 shall be deemed to have been delivered if such information, or one or more annual or quarterly reports containing such information, shall have been posted by the Administrative Agent on an Approved Electronic Platform to which the Lenders have been granted access or shall be available on the website of the SEC at <http://www.sec.gov> (and a confirming electronic correspondence is delivered or caused to be delivered by the Borrower to the Administrative Agent providing notice of such availability); provided that the Borrower shall deliver paper copies of such information to the Administrative Agent for delivery to any Lender that requests such delivery. Information required to be delivered pursuant to this Section 5.01 (other than the information that pursuant to the immediately preceding sentence is deemed to have been delivered if it is made available on the website of the SEC) shall be delivered by electronic communications pursuant to the procedures set forth in Section 8.03.

SECTION 5.02. Pari Passu Ranking. The Borrower shall ensure that any amounts payable by it hereunder will at all times rank at least pari passu with all other unsecured, unsubordinated Indebtedness of the Borrower except to the extent any such Indebtedness may be preferred by law.

SECTION 5.03. Maintenance of Properties. The Borrower shall, and shall cause its Subsidiaries to, maintain and keep its properties in such repair, working order and condition, and make or cause to be made all such needful and proper repairs, renewals and replacements thereto, as in the judgment of the Borrower are necessary and in the interests of the Borrower; provided, however, that nothing in this Section 5.03 shall prevent the Borrower (or any Subsidiary thereof) from selling, abandoning or otherwise disposing of any of its respective properties or discontinuing a part of its respective businesses from time to time if, (i) in the judgment of the Borrower, such sale, abandonment, disposition or discontinuance is advisable and (ii) in the case of a sale or other disposition, is a transaction permitted under Section 6.02.

SECTION 5.04. Obligations and Taxes. The Borrower shall pay its Indebtedness and other obligations that, if not paid, would result in a Material Adverse Effect before the same shall become delinquent or in default, and pay and discharge all (i) material taxes upon or against it, or against its properties, and (ii) all claims which could reasonably be expected, if unpaid, to become a Lien upon its property (other than a Lien permitted under Section 6.01), in each case prior to the date on which penalties attach thereto, unless and to the extent that any such obligation or tax is being contested in good faith and adequate reserves with respect thereto are maintained on the applicable financial statements in accordance with GAAP.

SECTION 5.05. Insurance. The Borrower shall, and shall cause its consolidated Subsidiaries to, insure and keep insured, in each case with reputable insurance companies, so much of its respective properties to such an extent and against such risks, or in lieu thereof, maintain or cause to be maintained a system or systems of self-insurance, as is customary in the case of corporations engaged in the same or similar business or having similar properties similarly situated.

SECTION 5.06. Existence; Businesses and Properties. (a) The Borrower shall do or cause to be done all things necessary to preserve, renew and keep in full force and effect its legal existence in its jurisdiction of organization, except as otherwise expressly permitted under Section 6.02.

(b) The Borrower shall do or cause to be done all things necessary to obtain, preserve, renew, extend and keep in full force and effect the rights, licenses, permits, franchises, authorizations, patents, copyrights, trademarks and trade names material to the conduct of its business as its Board of Directors shall determine in its judgment.

SECTION 5.07. Compliance with Laws. (a) The Borrower shall comply in all material respects with all applicable laws, rules, regulations and orders of any Governmental Authority to which it is subject, whether now in effect or hereafter enacted, such that no failure so to comply will result in the levy of any penalty or fine which shall have a Material Adverse Effect.

(b) The Borrower shall comply in all material respects with the applicable provisions of ERISA and all other related applicable laws and furnish to the Administrative Agent and each Lender (i) as soon as possible, and in any event within 30 days after any Responsible Officer of the Borrower or any ERISA Affiliate either knows or has reason to know that any ERISA Event has occurred that alone or together with any other ERISA Event would reasonably be expected to result in liability of the Borrower to the PBGC in an aggregate amount exceeding \$50,000,000, a statement of a Financial Officer setting forth details as to such ERISA Event and the action proposed to be taken with respect thereto, together with a copy of the notice, if any, of such ERISA Event given to the PBGC or other Governmental Authority, (ii) promptly after receipt thereof, a copy of any notice the Borrower or any ERISA Affiliate may receive from the PBGC or other Governmental Authority relating to the intention of the PBGC or other Governmental Authority to terminate any Plan or Plans (other than a Plan maintained by an ERISA Affiliate which is considered an ERISA Affiliate only pursuant to subsection (m) or (o) of Section 414 of the Code), or any Foreign Plan or Foreign Plans, or to appoint a trustee to administer any Plan or Plans, or any Foreign Plan or Foreign Plans, (iii) within 10 days after the due date for filing with the PBGC pursuant to Section 412(n) of the Code of a notice of failure to make a required installment or other payment with respect to a Plan, a statement of a Financial Officer setting forth details as to such failure and the action proposed to be taken with respect thereto, together with a copy of such notice given to the PBGC and (iv) promptly and in any event within 30 days after receipt thereof by the Borrower or any ERISA Affiliate from the sponsor of a Multiemployer Plan, a copy of each notice received by the Borrower or ERISA Affiliate concerning (A) the imposition of Withdrawal Liability in excess of \$50,000,000 or (B) a determination that a Multiemployer Plan is, or is expected to be, terminated or in reorganization,

in each case within the meaning of Title IV of ERISA, if such termination or reorganization would reasonably be expected to result, alone or with any other such termination or reorganization, in increases in excess of \$50,000,000 in the contributions required to be made to the relevant Plan or Plans.

SECTION 5.08. Default Notices. The Borrower shall furnish to the Administrative Agent prompt written notice upon its becoming aware of any Event of Default or Default, specifying the nature and extent thereof and the corrective action (if any) proposed to be taken with respect thereto.

## ARTICLE VI

### NEGATIVE COVENANTS

The Borrower covenants and agrees with each Lender that, so long as any Obligation or any Commitment remains outstanding, unless the Required Lenders shall otherwise consent in writing, the Borrower will not:

SECTION 6.01. Liens. (a) Create or incur, or permit any Restricted Subsidiary to create or incur, any Lien on its property or assets (including stock or other securities of any person, including any of its Subsidiaries) now or hereafter acquired by it or on any income or revenues or rights in respect thereof, securing Indebtedness for borrowed money, without ratably securing the Loans; provided, however, that the foregoing shall not apply to the following:

(i) Liens on property or assets of any corporation existing at the time such corporation becomes a Restricted Subsidiary;

(ii) Liens existing on any property or asset at or prior to the acquisition thereof by the Borrower or a Restricted Subsidiary, Liens on any property or asset securing the payment of all or any part of the purchase price of such property or asset, Liens on any property or asset securing any Indebtedness incurred prior to, at the time of or within 180 days after the acquisition of such property or asset for the purpose of financing all or any part of the purchase price thereof or Liens on any property or asset securing any Indebtedness incurred for the purpose of financing all or any part of the cost to the Borrower or Restricted Subsidiary of improvements thereto;

(iii) Liens securing Indebtedness of a Restricted Subsidiary owing to the Borrower or to another Restricted Subsidiary;

(iv) Liens existing on September 30, 2008 and set forth on Schedule 6.01(a);

(v) Liens on property of a person existing at the time such person is merged into or consolidated with the Borrower or a Restricted Subsidiary or at the time such person becomes a Subsidiary of the Borrower through the direct or indirect acquisition of capital stock of such person by the Borrower or at the time of a sale, lease or other disposition of the properties of a person as an entirety or substantially as an entirety to the Borrower or a Restricted Subsidiary;

(vi) Liens on any property owned by the Borrower or any Restricted Subsidiary, in favor of the United States of America or any state thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any Indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such Liens;

(vii) Liens for taxes or other governmental charges not at the time delinquent or thereafter payable without penalty or being contested in good faith by appropriate proceedings and for which adequate reserves are maintained by the applicable financial statements in accordance with GAAP; and

(viii) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of the Liens referred to in clauses (i) through (vi) of this Section 6.01(a); provided, however, that each such extension, renewal or replacement is limited to all or a part of the property which secured the Lien so extended, renewed or replaced (and any improvements thereon).

(b) Notwithstanding paragraph (a) of this Section 6.01 and in addition to the Liens permitted thereunder, the Borrower and any Restricted Subsidiary may create or incur Liens which would otherwise be subject to the foregoing restrictions to secure Indebtedness for borrowed money in an aggregate amount which does not at the time exceed 10% of the Consolidated Net Tangible Assets of the Borrower and its consolidated Subsidiaries at such time.

SECTION 6.02. Consolidation, Merger, Sale of Assets, etc. Consolidate or merge with or into any other person or sell, lease or transfer all or substantially all of its property and assets, or agree to do any of the foregoing, unless (a) no Default or Event of Default has occurred and is continuing or would result immediately after giving effect thereto, (b) if the Borrower is not the surviving corporation or if the Borrower sells, leases or transfers all or substantially all of its property and assets, the Borrower or the surviving corporation or the person purchasing or being leased the assets agrees to be bound by the terms and provisions applicable to the Borrower hereunder, and (c) immediately after such transaction, individuals who were directors of the Borrower during the twelve month period prior to such merger, sale or lease (together with any replacement or additional directors whose election was recommended by or who were elected by a majority of directors then in office) constitute the Board of Directors of the surviving corporation or the person purchasing or being leased the assets.

SECTION 6.03. Financial Undertaking. Permit the aggregate Indebtedness of the Borrower and its consolidated Subsidiaries, after eliminating intercompany items, to exceed 150% of Consolidated Net Worth of the Borrower and its consolidated Subsidiaries.

SECTION 6.04. Change in Business. The Borrower, together with its consolidated Subsidiaries, cease to be primarily engaged in the production and sale of aluminum products.

## ARTICLE VII

### EVENTS OF DEFAULT

In case of the happening of any of the following events ("Events of Default"):

(a) the Borrower shall default in the payment when due of any principal of any Loan and, if such default shall result from the failure of any third party payments system used by the Borrower, such default shall continue for a period of two Business Days;

(b) the Borrower shall fail to pay when due any interest, fee or other amount payable under this Agreement upon demand therefor, and such failure shall continue for a period of five Business Days;

(c) any representation or warranty made or deemed made by the Borrower under this Agreement or any statement made by the Borrower in any financial statement, certificate, report, exhibit or document furnished by or on behalf of the Borrower in connection with this Agreement shall prove to have been false or misleading in any material respect as of the time when made and, if such representation or warranty is able to be corrected, such representation or warranty is not corrected within 20 days after the Borrower's knowledge that it was false or misleading;

(d) the Borrower shall default in the performance or observance of any covenant contained in Section 5.02, Section 5.06(a), Section 5.08 or Article VI;

(e) the Borrower shall default in the performance or observance of any covenant or agreement under this Agreement (other than those specified in paragraphs (a), (b) and (d) above) and such default shall continue for a period of 30 days after notice from the Administrative Agent;

(f) the Borrower shall (i) (A) default in the payment of any principal or interest beyond any period of grace provided with respect thereto, due in respect of any Indebtedness in a principal amount in excess of \$50,000,000, or (B) fail to observe or perform any other term, covenant, condition or agreement contained in any agreement or instrument evidencing or governing any Indebtedness in a principal amount in excess of \$50,000,000, if the effect of any such default or failure referred to in this clause (i) is to cause such Indebtedness to become due prior to its stated maturity; or (ii) default in the payment at maturity of any principal in respect of any Indebtedness in a principal amount in excess of \$50,000,000;

(g) a proceeding shall have been instituted or a petition filed in respect of the Borrower

(i) seeking to have an order for relief entered in respect of the Borrower, or seeking a declaration or entailing a finding that the Borrower is insolvent or a similar declaration or finding, or seeking dissolution, winding-up, revocation or forfeiture of charter or Memorandum and Articles of Association, liquidation, reorganization, arrangement, adjustment, composition or other relief with respect to the Borrower, its assets or its debts under any law relating to bankruptcy, insolvency, relief of debtors or protection of creditors, termination of legal entities or any other similar law now or hereafter in effect, or

(ii) seeking appointment of a receiver, trustee, custodian, liquidator, assignee, sequestrator, administrator or other similar official for the Borrower or for all or any substantial part of its property, and such proceeding or petition shall remain undismissed for a period of 90 consecutive days or an order or decree approving any of the foregoing shall be entered;

(h) the Borrower shall become insolvent, shall become generally unable to pay its debts as they become due, shall voluntarily suspend transaction of its business generally or as a whole, shall make a general assignment for the benefit of creditors, shall institute a proceeding described in clause (g)(i) above or shall consent to any order or decree described therein, shall institute a proceeding described in clause (g)(ii) above or shall consent to any such appointment or to the taking of possession by any such official of all or any substantial part of its property whether or not any such proceeding is instituted, shall dissolve, wind-up or liquidate itself or any substantial part of its property or shall take any action in furtherance of any of the foregoing;

(i) any of the following shall have occurred: (i) any person or group of persons shall have acquired beneficial ownership of a majority in interest of the outstanding Voting Stock of the Borrower (within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act of 1934 and the applicable rules and regulations thereunder), (ii) during any period of 25 consecutive months, commencing before or after the date of this Agreement, individuals who at the beginning of such 25 month period were directors of the Borrower (together with any replacement or additional directors whose election was recommended by or who were elected by a majority of directors then in office) cease to constitute a majority of the Board of Directors of the Borrower or (iii) any person or group of related persons shall acquire all or substantially all of the assets of the Borrower provided, however, that a change in control of the Borrower shall not be deemed to have occurred pursuant to clause (iii) of this paragraph (i) if the Borrower shall have merged or consolidated with or transferred all or substantially all of its assets to another person in compliance with the provisions of Section 6.02 and the ratio represented by the total assets of the surviving person, successor or transferee divided by such person's stockholders' equity, in each case as determined and as would be shown in a consolidated balance sheet of such person prepared in accordance with GAAP (the "Leverage Ratio" of such person) is no greater than the then Leverage Ratio of the Borrower immediately prior to such event;

(j) an ERISA Event or ERISA Events shall have occurred with respect to any Plan or Plans, or any Foreign Plan or Foreign Plans, that reasonably could be expected to result in liability of the Borrower to the PBGC or other Governmental Authority or to a Plan or Foreign Plan in an aggregate amount exceeding \$50,000,000 and, within 30 days after the reporting of any such ERISA Event to the Administrative Agent or after the receipt by the Administrative Agent of the statement required pursuant to Section 5.07(b), the Administrative Agent shall have notified the Borrower in writing that (i) the Required Lenders have made a determination that, on the basis of such ERISA Event or ERISA Events or the failure to make a required payment, there are reasonable grounds (A) for the termination of such Plan or Plans, or such Foreign Plan or Foreign Plans, by the PBGC or other Governmental Authority, (B) for the appointment either by the appropriate United States District Court of a trustee to administer such Plan or Plans or by an applicable court of law outside the United States of a trustee to administer such Foreign Plan or Foreign Plans or (C) for the imposition of a lien in favor of a Plan or Foreign Plan and (ii) as a result thereof an Event of Default exists hereunder; or a trustee shall be appointed by a United States District Court to administer any such Plan or Plans or by an applicable court of law outside the United States of a trustee to administer such Foreign Plan or Foreign Plans; or the PBGC or other Governmental Authority shall institute proceedings to terminate any Plan or Plans or any Foreign Plan or Foreign Plans;

(k) (i) the Borrower or any ERISA Affiliate shall have been notified by the sponsor of a Multiemployer Plan that it has incurred Withdrawal Liability to such Multiemployer Plan, (ii) the Borrower or such ERISA Affiliate does not have reasonable grounds for contesting such Withdrawal Liability or is not in fact contesting such Withdrawal Liability in a timely and appropriate manner and does not have adequate reserves set aside against such Withdrawal Liability and (iii) the amount of the Withdrawal Liability specified in such notice, when aggregated with all other amounts required to be paid to Multiemployer Plans in connection with Withdrawal Liabilities (determined as of the date or dates of such notification), exceeds \$50,000,000 or requires payments exceeding \$50,000,000 in any calendar year;

(l) the Borrower or any ERISA Affiliate shall have been notified by the sponsor of a Multiemployer Plan that such Multiemployer Plan is in reorganization or is being terminated, within the meaning of Title IV of ERISA, if solely as a result of such reorganization or termination the aggregate annual contributions of the Borrower and its ERISA Affiliates to all Multiemployer Plans that are then in reorganization or have been or are being terminated have been or will be increased over the amounts required to be contributed to such Multiemployer Plans for their most recently completed plan years by an amount exceeding \$50,000,000;

(m) one or more judgments for the payment of money in an aggregate amount in excess of \$100,000,000 shall be rendered against the Borrower or any Subsidiary of the Borrower or any combination thereof and the same shall remain undischarged for a period of 45 consecutive days during which execution shall not be effectively stayed (unless an appeal or writ of certiorari is being diligently prosecuted), or any action shall be legally taken by a judgment creditor or creditors holding judgments which in the aggregate exceed \$100,000,000 to levy upon assets or properties of the Borrower or any Subsidiary of the Borrower to enforce any such judgment; or

(n) any provision of any Loan Document after delivery thereof shall for any reason fail or cease to be valid and binding on, or enforceable against, the Borrower party thereto, or the Borrower shall so state in writing, but only if such events or circumstances, individually or in the aggregate, result in a Material Adverse Effect; or

then, and in every such event (other than an event described in paragraph (g) or (h) above), and at any time thereafter during the continuance of such event, the Administrative Agent, at the request of the Required Lenders, shall, by written notice to the Borrower, take either or both of the following actions, at the same or different times: (i) terminate the Commitments, whereupon the obligation of each Lender to make any Loan shall immediately terminate, and (ii) declare the Loans then outstanding to be forthwith due and payable in whole or in part, whereupon the principal of the Loans so declared to be due and payable, together with accrued interest thereon and any unpaid accrued fees and all other liabilities accrued hereunder, shall become forthwith due and payable, without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived by the Borrower, anything contained herein to the contrary notwithstanding; and in any event described in paragraph (g) or (h) above, (x) the Commitment of each Lender to make Loans shall automatically be terminated and (y) the Loans, all such interest and all such amounts and Obligations shall automatically become and be due and payable, without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived by the Borrower, anything contained herein to the contrary notwithstanding.

## ARTICLE VIII

### **THE ADMINISTRATIVE AGENT**

SECTION 8.01. Authorization and Action. (a) Each Lender hereby appoints Citi as the Administrative Agent hereunder and each Lender authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers under this Agreement and the other Loan Documents as are delegated to the Administrative Agent under such agreements and to exercise such powers as are reasonably incidental thereto. Without limiting the foregoing, each Lender hereby authorizes the Administrative Agent to execute and deliver, and to perform its obligations under, each of the Loan Documents to which the Administrative Agent is a party, to exercise all rights, powers and remedies that the Administrative Agent may have under such Loan Documents.

(b) As to any matters not expressly provided for by this Agreement and the other Loan Documents (including enforcement or collection), the Administrative Agent shall not be required to exercise any discretion or take any action, but shall be required to act or to refrain from acting (and shall be fully protected in so acting or refraining from acting) upon the instructions of the Required Lenders, and such instructions shall be binding upon all Lenders; provided, however, that the Administrative Agent shall not be required to take any action that (i) the Administrative Agent in good faith believes exposes it to personal liability unless the Administrative Agent receives an indemnification satisfactory to it from the Lenders with respect to such action or (ii) is contrary to this Agreement or applicable law. The Administrative Agent agrees to give to each Lender prompt notice of each notice given to it by the Borrower pursuant to the terms of this Agreement or the other Loan Documents.

(c) In performing its functions and duties hereunder and under the other Loan Documents, the Administrative Agent is acting solely on behalf of the Lenders except to the limited extent provided in Section 2.05(c) and Section 9.04(b), and its duties are entirely administrative in nature. The Administrative Agent does not assume and shall not be deemed to have assumed any obligation other than as expressly set forth herein and in the other Loan Documents or any other relationship as the agent, fiduciary or trustee of or for any Lender or holder of any other Obligation. The Administrative Agent may perform any of its duties under any Loan Document by or through its agents or employees.

(d) In the event that Citi or any of its Affiliates is or becomes an indenture trustee under the Trust Indenture Act of 1939 (as amended, the "Trust Indenture Act") in respect of any securities issued or guaranteed by the Borrower, the parties hereto acknowledge and agree that any payment or property received in satisfaction of or in respect of any Obligation of the Borrower hereunder or under any other Loan Document by or on behalf of Citi in its capacity as such for the benefit of the Borrower under any Loan Document (other than Citi or an Affiliate of Citi) and which is applied in accordance with the Loan Documents is exempt from the requirements of Section 311 of the Trust Indenture Act pursuant to Section 311(b)(3) of the Trust Indenture Act.

(e) The Arranger shall not have obligations or duties whatsoever in such capacity under this Agreement or any other Loan Document and shall incur no liability hereunder or thereunder in such capacity.

SECTION 8.02. Administrative Agent's Reliance, Etc. None of the Administrative Agent, any of its Affiliates or any of their respective directors, officers, agents or employees shall be liable for any action taken or omitted to be taken by it, him, her or them under or in connection with this Agreement or the other Loan Documents, except to the extent such claim, damage, loss, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted primarily from the gross negligence or willful misconduct of such person. Without limiting the foregoing, the Administrative Agent (a) may treat the payee of any Note as its holder until such Note has been assigned in accordance with Section 9.04, (b) may rely on the Register to the extent set forth in Section 2.05 and Section 9.04(b), (c) may consult with legal counsel (including counsel to the Borrower), independent public accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken in good faith by it in accordance with the advice of such counsel, accountants or experts, (d) makes no warranty or representation to any Lender and shall not be responsible to any Lender for any statements, warranties or representations made by or on behalf of the Borrower in or in connection with this Agreement or any other Loan Document, (e) shall not have any duty to ascertain or to inquire either as to the performance or observance of any term, covenant or condition of this Agreement or any other Loan Document, as to the financial condition of the Borrower or as to the existence or possible existence of any Default or Event of Default and (f) shall incur no liability under or in respect of this Agreement or any other Loan Document by acting upon any notice, consent, certificate or other instrument or writing (which writing may be a telecopy or electronic mail) or any telephone message believed by it to be genuine and signed or sent by the proper party or parties.

SECTION 8.03. Posting of Communications. (a) The Borrower hereby agrees that it will provide to the Administrative Agent all information, documents and other materials that it is obligated, or otherwise chooses to, furnish to the Administrative Agent pursuant to any

Loan Document or in connection with the transactions contemplated therein, including, without limitation, all notices, requests, financial statements, financial and other reports, certificates and other information materials, but excluding any such communication that (i) relates to a request for a new, or a conversion of an existing, Borrowing (including any election of an interest rate or Interest Period relating thereto), (ii) relates to the payment of any principal or other amount due under this Agreement prior to the scheduled payment date therefor, (iii) relates to a termination or reduction of Commitments pursuant to Section 2.10, (iv) provides notice of any Default or Event of Default, (v) is required to be delivered to satisfy any condition precedent under Article IV or (vi) in accordance with Section 5.01, including clauses (a), (b) and (d) of such Section, is deemed to have been delivered if it is made available on the website of the SEC (all such non-excluded communications being referred to herein collectively as "Communications"), by transmitting the Communications in an electronic/soft medium in a format acceptable to the Administrative Agent to [oploanswebadmin@citigroup.com](mailto:oploanswebadmin@citigroup.com).

(b) The Borrower further agrees that the Administrative Agent may, but shall not be obligated to, make the Communications available to the Lenders by posting the Communications on IntraLinks<sup>TM</sup> or a substantially similar electronic platform chosen by the Administrative Agent to be its electronic transmission system (the "Approved Electronic Platform").

(c) Although the Approved Electronic Platform and its primary web portal are secured with generally-applicable security procedures and policies implemented or modified by the Administrative Agent from time to time (including, as of the Effective Date, a dual firewall and a User ID/Password Authorization System) and the Approved Electronic Platform is secured through a single-user-per-deal authorization method whereby each user may access the Approved Electronic Platform only on a deal-by-deal basis, each of the Lenders and the Borrower acknowledges and agrees that the distribution of material through an electronic medium is not necessarily secure and that there are confidentiality and other risks associated with such distribution. Each of the Lenders and the Borrower hereby approves distribution of the Communications through the Approved Electronic Platform and understands and assumes the risks of such distribution.

(d) THE APPROVED ELECTRONIC PLATFORM AND THE COMMUNICATIONS ARE PROVIDED "AS IS" AND "AS AVAILABLE". THE APPLICABLE PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE COMMUNICATIONS, OR THE ADEQUACY OF THE APPROVED ELECTRONIC PLATFORM AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS OR OMISSIONS IN THE APPROVED ELECTRONIC PLATFORM AND THE COMMUNICATIONS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY THE APPLICABLE PARTIES IN CONNECTION WITH THE COMMUNICATIONS OR THE APPROVED ELECTRONIC PLATFORM. IN NO EVENT SHALL THE ADMINISTRATIVE AGENT, THE ARRANGER, OR ANY OF THEIR RESPECTIVE AFFILIATES OR ANY OF THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, ADVISORS OR REPRESENTATIVES (COLLECTIVELY, "APPLICABLE PARTIES") HAVE ANY LIABILITY TO THE BORROWER, ANY LENDER OR ANY OTHER PERSON OR ENTITY FOR DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, DIRECT OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, LOSSES OR EXPENSES (WHETHER IN TORT, CONTRACT OR OTHERWISE) ARISING OUT OF ALCOA'S OR THE ADMINISTRATIVE AGENT'S TRANSMISSION OF COMMUNICATIONS THROUGH THE INTERNET.

(e) The Administrative Agent agrees that the receipt of the Communications by the Administrative Agent at its Email address set forth above shall constitute effective delivery of the Communications to the Administrative Agent for purposes of the Loan Documents. Each Lender agrees that notice to it (as provided in the next sentence) specifying that the Communications have been posted to the Approved Electronic Platform shall constitute effective delivery of the Communications to such Lender for purposes of the Loan Documents. Each Lender agrees (i) to notify the Administrative Agent in writing (including by electronic communication) from time to time of such Lender's Email address to which the foregoing notice may be sent by electronic transmission and (ii) that the foregoing notice may be sent to such Email address.

(f) Each of the Lenders and the Borrower agrees that the Administrative Agent may, but (except as may be required by applicable law) shall not be obligated to, store the Communications on the Approved Electronic Platform in accordance with the Administrative Agent's generally applicable document retention procedures and policies.

(g) Nothing herein shall prejudice the right of the Administrative Agent or any Lender to give any notice or other communication pursuant to any Loan Document in any other manner specified in such Loan Document.

SECTION 8.04. The Administrative Agent Individually. With respect to its Ratable Portion, Citi shall have and may exercise the same rights and powers hereunder and is subject to the same obligations and liabilities as and to the extent set forth herein for any other Lender. The terms "Lenders", "Required Lenders" and any similar terms shall, unless the context clearly otherwise indicates, include the Administrative Agent in its individual capacity as a Lender or as one of the Required Lenders. Citi and its Affiliates may accept deposits from, lend money to, and generally engage in any kind of banking, trust or other business with, the Borrower as if Citi were not acting as the Administrative Agent.

SECTION 8.05. Indemnification. Each Lender agrees to indemnify the Administrative Agent and each of its Affiliates, and each of their respective directors, officers, employees, agents and advisors (to the extent not reimbursed by the Borrower, but without affecting the Borrower's reimbursement obligation), from and against such Lender's aggregate ratable share of any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses and disbursements (including fees, expenses and disbursements of financial and legal advisors) of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against, the Administrative Agent or any of its Affiliates, directors, officers, employees, agents and advisors in any way relating to or arising out of this Agreement or the other Loan Documents or any action taken or omitted by the Administrative Agent under this Agreement or the other Loan Documents; provided, however, that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements to the extent any of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted primarily from the gross negligence or willful misconduct of the Administrative Agent or such Affiliate. Without limiting the foregoing, each Lender agrees to reimburse the Administrative Agent promptly upon demand for its ratable share of any out-of-pocket expenses (including fees, expenses and disbursements of financial and legal advisors) incurred by the Administrative Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of its rights or responsibilities under, this Agreement or the other Loan Documents, to the extent that the Administrative Agent is not reimbursed for such expenses by the Borrower.

SECTION 8.06. Successor Administrative Agent. The Administrative Agent may resign at any time by giving 30 days' prior written notice thereof to the Lenders and the Borrower, whether or not a Successor Administrative Agent has been appointed. Upon any such resignation, the Required Lenders shall have the right to appoint a successor Administrative Agent. If no successor Administrative Agent shall have been so appointed by the Required Lenders, and shall have accepted such appointment, within 30 days after the retiring Administrative Agent's giving of notice of resignation, then the retiring Administrative Agent may, on behalf of the Lenders, appoint a successor Administrative Agent, selected from among the Lenders. In either case, such appointment shall be subject to the prior written approval of the Borrower (which approval may not be unreasonably withheld and shall not be required upon the occurrence and during the continuance of an Event of Default). Upon the acceptance of any appointment as Administrative Agent by a successor Administrative Agent, such successor Administrative Agent shall succeed to, and become vested with, all the rights, powers, privileges and duties of the retiring Administrative Agent. Upon the earlier of (x) the date that is 30 days after the giving by the existing Administrative Agent of a resignation notice pursuant to this Section 8.06 and (y) the acceptance of appointment as Administrative Agent by a successor Administrative Agent, the retiring Administrative Agent shall be discharged from its duties and obligations under this Agreement and the other Loan Documents. Prior to any retiring Administrative Agent's resignation hereunder as Administrative Agent, the retiring Administrative Agent shall take such action as may be reasonably necessary to assign to the successor Administrative Agent its rights as Administrative Agent under the Loan Documents. After such resignation, the retiring Administrative Agent shall continue to have the benefit of this Article IX as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement and the other Loan Documents.

## ARTICLE IX

### MISCELLANEOUS

SECTION 9.01. Notices. Except as provided in Section 8.03, notices and other communications provided for herein shall (unless deemed to have been delivered in accordance with Section 5.01) be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by telecopy as follows:

(a) if to the Borrower, to Alcoa Inc. at 390 Park Avenue, New York, New York 10022-4608, Attention of Vice President & Treasurer (Telecopy No. 212-836-2823);

(b) if to the Administrative Agent, to Citibank, N.A. at 2 Penns Way, Suite 110, New Castle, Delaware 19720, Attention: Bank Loan Syndications (Telecopy No. 212-994-0961); and

(c) if to a Lender, to it at its address (or telecopy number) set forth in Schedule 2.01(a) or Schedule 2.01(b), as applicable, or in the Assignment and Assumption.

Any party may subsequently change its notice address by written notice to the other parties as herein provided. All notices and other communications given to any party hereto in accordance with the provisions of this Agreement shall be deemed to have been given on the date of receipt if delivered by hand or overnight courier service or sent by telecopy or on the date five Business Days after dispatch by certified or registered mail if mailed, in each case delivered, sent or mailed (properly addressed) to such party as provided in this Section 9.01 or in accordance with the latest unrevoked direction from such party to the Administrative Agent and the Borrower given in accordance with this Section 9.01.

Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communications pursuant to procedures set forth in Section 8.03 or otherwise approved by the Administrative Agent; provided that the foregoing shall not apply to notices pursuant to Article II unless otherwise agreed by the Administrative Agent and the applicable Lender; provided further that any Lender may, upon request, receive a hard copy delivery of any or all such notices. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures set forth in Section 8.03 or otherwise approved by it; provided that approval of such procedures may be limited to particular notices or communications.

Any notice hereunder shall be effective upon receipt. Any notice or other communication received on a day which is not a Business Day or after business hours in the place of receipt shall be deemed to be served on the next following Business Day in such place.

SECTION 9.02. Survival of Agreement. All covenants, agreements, representations and warranties made by the Borrower herein and in the certificates or other instruments prepared or delivered in connection with or pursuant to this Agreement shall be considered to have been relied upon by the Lenders and shall survive the making by the Lenders of the Loans, regardless of any investigation made by the Lenders or on their behalf, and shall continue in full force and effect as long as any Obligation remains outstanding and unpaid and so long as the Commitments have not been terminated.

SECTION 9.03. Binding Effect. This Agreement shall become effective when it shall have been executed by the Borrower and the Administrative Agent and when the Administrative Agent shall have received copies hereof which, when taken together, bear the signatures of each Lender, and thereafter shall be binding upon and inure to the benefit of the Borrower, the Administrative Agent, each Lender and their respective successors and assigns, except that the Borrower shall not have the right to assign its rights hereunder or any interest herein without the prior consent of all the Lenders.

SECTION 9.04. Successors and Assigns. (a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that (i) the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants (to the extent provided in paragraph (c) of this Section) and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) (i) Subject to the conditions set forth in paragraph (b)(ii) below, any Lender may assign to one or more assignees (other than to the Borrower or the Borrower's Subsidiary or Affiliate) all or a portion of its rights and obligations under this Agreement (including all or a portion of its rights and obligations with respect to its Commitment and the Loans) to (1) any other Lender or an Affiliate of such Lender or (2) with the prior written consent (such consent not to be unreasonably withheld) of:

(A) The Borrower, provided that no consent of the Borrower shall be required for an assignment to a Lender, an Affiliate of a Lender, an Approved Fund (as defined below) or, if an Event of Default under clause (a), (b), (g) or (h) of Article VII has occurred and is continuing, any other assignee; and

(B) the Administrative Agent.

(ii) Assignments shall be subject to the following conditions:

(A) except in the case of an assignment to a Lender or an Affiliate of a Lender or an assignment of the entire remaining amount of the assigning Lender's Commitment, the amount of the Commitment of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent) shall not be less than \$5,000,000 or an integral multiple thereof, unless each of the Borrower and the Administrative Agent otherwise consent, provided that no such consent of the Borrower shall be required if an Event of Default under clause (a), (b), (g) or (h) of Article VII has occurred and is continuing);

(B) each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement;

(C) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500;

(D) the assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire; and

(E) in the case of an assignment to a CLO (as defined below), the assigning Lender shall retain the sole right to approve any amendment, modification or waiver of any provision of this Agreement; provided that the Assignment and Assumption between such Lender and such CLO may provide that such Lender will not, without the consent of such CLO, agree to any amendment, modification or waiver described in the proviso to Section 9.08(b) that affects such CLO.

For purposes of this Section 9.04(b), the terms "Approved Fund" and "CLO" have the following meanings:

"Approved Fund" shall mean (a) a CLO and (b) with respect to any Lender that is a fund which invests in bank loans and similar extensions of credit, any other fund that invests in bank loans and similar extensions of credit and is managed by the same investment advisor as such Lender or by an Affiliate of such investment advisor.

"CLO" shall mean any entity (whether a corporation, partnership, trust or otherwise) that is engaged in making, purchasing, holding or otherwise investing in bank loans and similar extensions of credit in the ordinary course of its business and is administered or managed by a Lender or an Affiliate of such Lender.

(iii) Subject to acceptance and recording thereof pursuant to paragraph (b)(iv) of this Section, from and after the effective date specified in each Assignment and Assumption the assignee thereunder shall be a party hereto with respect to the interests assumed and, to the extent of the interest assigned under such Assignment and Assumption, have the rights and obligations of a Lender, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.13, 2.15, 2.19 and 9.05).

(iv) The Administrative Agent shall maintain at its address referred to in Section 9.01 a copy of each Assignment and Assumption delivered to and accepted by it and shall record in the Register the names and addresses of the Lenders and the principal amount of the Loans owing to each Lender from time to time and the Commitments of each Lender. Any assignment pursuant to this Section 9.04 shall not be effective until such assignment is recorded in the Register.

(v) Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an assignee, the assignee's completed Administrative Questionnaire (unless the assignee shall already be a Lender hereunder), the processing and recordation fee referred to in paragraph (b) of this Section and any written consent to such assignment required by paragraph

(b) of this Section, the Administrative Agent shall promptly (i) accept such Assignment and Assumption, (ii) record the information contained therein in the Register and (iii) give notice thereof to the Borrower. No assignment shall be effective for purposes of this Agreement until it has been recorded in the Register as provided in this paragraph.

(c) (i) Any Lender may, without the consent of the Borrower or the Administrative Agent, sell participations to one or more banks or other entities (a "Participant") in all or a portion of such Lender's rights and obligations under this Agreement (including all or a portion of its rights and obligations with respect to its Commitment and the Loans); provided that (A) such Lender's obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) the Borrower, the Administrative Agent and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in the proviso to Section 9.08(b) that affects such Participant. Subject to paragraph (c)(ii) of this Section, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.13 and 2.19 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 9.06 as though it were a Lender, provided such Participant agrees to be subject to Section 2.17 as though it were a Lender.

(ii) A Participant shall not be entitled to receive any greater payment under Section 2.13 or 2.19 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent or unless the right to a greater payment results from a change in law after the Participant becomes a Participant with respect to such participation.

(d) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank, and the other provisions of this Section 9.04 shall not apply to any such pledge or assignment of a security interest; provided that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

SECTION 9.05. Expenses; Indemnity. (a) The Borrower agrees upon demand to pay, or reimburse the Administrative Agent, and the Arranger for all of each such person's reasonable and documented out-of-pocket costs and expenses of every type and nature (including the reasonable fees, expenses and disbursements of the Administrative Agent's counsel, Weil, Gotshal & Manges LLP) incurred by each such person in connection with any of the following: (i) the Administrative Agent's negotiation or execution of any Loan Document, (ii) the preparation, negotiation, execution or interpretation of this Agreement (including the satisfaction or attempted satisfaction of any condition set forth in Article IV), any Loan Document or any proposal letter or commitment letter issued in connection therewith, or the making of the Loans hereunder, (iii) the ongoing administration of this Agreement and the Loans, including consultation with attorneys in connection therewith and with respect to the Administrative Agent's rights and responsibilities hereunder and under the other Loan Documents, (iv) the protection, collection or enforcement of any Obligation or the enforcement of any Loan Document, (v) the commencement, defense or intervention in any court proceeding relating in any way to the Obligations, this Agreement or any other Loan Document, (vi) the response to, and preparation for, any subpoena or request for document production with which the Administrative Agent is served or deposition or other proceeding in which the Administrative Agent is called to testify, in each case, relating in any way to the Obligations, this Agreement or any other Loan Document or (vii) any amendment, consent, waiver, assignment, restatement, or supplement to any Loan Document or the preparation, negotiation and execution of the same.

(b) The Borrower further agrees to pay or reimburse the Administrative Agent and each of the Lenders upon demand for all out-of-pocket costs and expenses, including reasonable attorneys' fees (which shall be limited to one primary counsel and one local counsel per each applicable jurisdiction), incurred by the Administrative Agent or such Lenders in connection with any of the following: (i) in enforcing any Loan Document or Obligation or exercising or enforcing any other right or remedy available by reason of an Event of Default, (ii) in connection with any refinancing or restructuring of the credit arrangements provided hereunder in the nature of a "work-out" or in any insolvency or bankruptcy proceeding, (iii) in commencing, defending or intervening in any litigation or in filing a petition, complaint, answer, motion or other pleadings in any legal proceeding relating to the Obligations, the Borrower's Subsidiaries and related to or arising out of the transactions contemplated hereby or by any other Loan Document or (iv) in taking any other action in or with respect to any suit or proceeding (bankruptcy or otherwise) described in clause (i), (ii) or (iii) above.

(c) The Borrower agrees to hold harmless the Administrative Agent, each Lender, the Arranger and each of their respective affiliates and each of their respective officers, directors, employees, agents, advisors, attorneys and representatives (each, an "Indemnitee") from and against any and all claims, damages, losses, liabilities and expenses (including, without limitation, reasonable fees and disbursements of counsel (which shall be limited to one primary counsel and one local counsel per each applicable jurisdiction for the Administrative Agent, or any Lender, unless, in the reasonable opinion of the Administrative Agent, representation of all such Indemnitees would be inappropriate due to an actual or potential conflict of interest, in which case there shall be permitted one additional counsel for such affected Indemnitees)), joint or several, that may be incurred by or asserted or awarded against any Indemnitee (including in connection with or relating to any investigation, litigation or proceeding or the preparation of any defense in connection therewith), in each case arising out of or in connection with or by reason of this Agreement, the other Loan Documents, or any actual or proposed use of the proceeds of the Facility, except to the extent such claim, damage, loss, liability or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of such Indemnitee or any of its officers, directors, employees or agents. In the case of an investigation, litigation or other proceeding to which the indemnity in

this Section applies, such indemnity shall be effective, whether or not such investigation, litigation or proceeding is brought by the Borrower or any of its directors, security holders or creditors, an Indemnitee or any other person, or an Indemnitee is otherwise a party thereto and whether or not the transactions contemplated by this Agreement are consummated. No Indemnitee shall have any liability (whether in contract, tort or otherwise) to the Borrower or any of its security holders or creditors for or in connection with the transactions contemplated by this Agreement, except to the extent such liability is determined in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnitee's gross negligence or willful misconduct. In no event, however, shall any Indemnitee be liable on any theory of liability for any special, indirect, consequential or punitive damages (including, without limitation, any loss of profits, business or anticipated savings). The Borrower hereby waives, releases and agrees (each for itself and on behalf of its Subsidiaries) not to sue upon any such claim for any special, indirect, consequential or punitive damages, whether or not accrued and whether or not known or suspected to exist in its favor.

(d) The provisions of this Section 9.05 and any other indemnification or other protection provided to any Indemnitee pursuant to this Agreement shall (i) remain operative and in full force and effect regardless of the expiration of the term of this Agreement, the consummation of the transactions contemplated hereby, the repayment in full of the Obligations, the invalidity or unenforceability of any term or provision of this Agreement, or any investigation made by or on behalf of the Administrative Agent or Lender, and (ii) inure to the benefit of any person that was at the time such claim arose an Indemnitee under this Agreement or any other Loan Document. The Administrative Agent and each Lender agrees to use commercially reasonable efforts to promptly notify the Borrower of any claims for indemnification or other protection under this Section 9.05; provided, however, that any failure by such person to deliver any such notice shall not relieve the Borrower from its obligations under this Section 9.05. All amounts due under this Section 9.05 shall be payable on written demand therefor, but shall be subject to the requirements of reasonableness and documentation as set forth herein.

SECTION 9.06. Right of Setoff. If an Event of Default shall have occurred and be continuing, each Lender is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such Lender or its Affiliates to or for the credit or the account of the Borrower against any of and all the Obligations of the Borrower now or hereafter existing under this Agreement held by such Lender, irrespective of whether or not such Lender shall have made any demand under this Agreement or otherwise and although such obligations may be unmaturred. The rights of each Lender under this Section are in addition to other rights and remedies (including other rights of setoff) which such Lender may have.

SECTION 9.07. Applicable Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO ANY CONFLICT OF LAWS PRINCIPLES THEREOF THAT WOULD CALL FOR THE APPLICATION OF THE LAWS OF ANY OTHER JURISDICTION.

SECTION 9.08. Waivers; Amendment. (a) No failure or delay of the Administrative Agent or any Lender in exercising any power or right hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent and the Lenders hereunder are cumulative and are not exclusive of any

rights or remedies which they would otherwise have. No waiver of any provision of this Agreement or consent to any departure by the Borrower therefrom shall in any event be effective unless the same shall be permitted by paragraph (b) below, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. No notice or demand on the Borrower in any case shall entitle the Borrower to any further notice or shall entitle the Borrower to notice or demand in similar or other circumstances.

(b) Neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing entered into by the Borrower and the Required Lenders; provided, however, that no such agreement shall (i) decrease the principal amount of, or extend the maturity of any principal payment date or date for the payment of any interest on any Loan or date fixed for payment of any Facility Fee, or waive or excuse any such payment or any part thereof, or decrease the rate of interest on any Loan, without the prior written consent of each Lender affected thereby, (ii) change or extend the Commitment or decrease the Facility Fee of any Lender without the prior written consent of such Lender, (iii) release the Borrower from its obligations to repay the principal amount of any Loan owing to such Lender (other than by the payment or prepayment thereof) without the prior written consent of such Lender, (iv) amend or modify the provisions of Sections 2.12, 2.15 and 2.16, the provisions of this Section or the definition of "Required Lenders", without the prior written consent of each Lender or (v) amend, modify or otherwise affect the rights or duties of the Administrative Agent hereunder without the prior written consent of the Administrative Agent. Each Lender and each assignee thereof shall be bound by any waiver, consent, amendment or modification authorized by this Section.

SECTION 9.09. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the applicable interest rate, together with all fees and charges which are treated as interest under applicable law (collectively the "Charges"), as provided for herein or in any other document executed in connection herewith, or otherwise contracted for, charged, received, taken or reserved by any Lender, shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or reserved by such Lender in accordance with applicable law, the rate of interest payable to such Lender, together with all Charges payable to such Lender, shall be limited to the Maximum Rate.

SECTION 9.10. Entire Agreement. This Agreement and any fee arrangements related hereto constitute the entire contract between the parties relative to the subject matter hereof. Any previous agreement among the parties with respect to the subject matter hereof is superseded by this Agreement and the fee arrangements related hereto.

SECTION 9.11. Waiver of Jury Trial. Each party hereto hereby waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect of any litigation directly or indirectly arising out of, under or in connection with this Agreement. Each party hereto (a) certifies that no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver and (b) acknowledges that it and the other parties hereto have been induced to enter into this Agreement, as applicable, by, among other things, the mutual waivers and certifications in this Section 9.11.

SECTION 9.12. Severability. In the event any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and therein shall not in any way be affected or impaired thereby. The parties shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 9.13. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall constitute an original but all of which when taken together shall constitute but one contract, and shall become effective as provided in Section 9.03.

SECTION 9.14. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and are not to affect the construction of, or to be taken into consideration in interpreting, this Agreement.

SECTION 9.15. Jurisdiction, Consent to Service of Process. (a) The Borrower hereby irrevocably and unconditionally submits, for itself and its property, to the nonexclusive jurisdiction of any New York State court or Federal court of the United States of America sitting in New York City, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State or, to the extent permitted by law, in such Federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement shall affect any right that any Lender may otherwise have to bring any action or proceeding relating to this Agreement against the Borrower or its properties in the courts of any jurisdiction.

(b) The Borrower hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any New York State or Federal court. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(c) Each party to this Agreement irrevocably consents to service of process in the manner provided for notices in Section 9.01. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by law.

(d) To the extent that the Borrower has, or hereafter may be entitled to claim, any immunity (whether sovereign or otherwise) from suit, jurisdiction of any court or from any legal process (whether through service of notice, attachment prior to judgment, attachment in aid of execution or otherwise) with respect to itself, the Borrower hereby waives such immunity in respect of its obligations hereunder and any other Loan Document to the fullest extent permitted by applicable law and, without limiting the generality of the foregoing, agrees that the waivers set forth in this Section 9.15(d) shall be effective to the fullest extent now or hereafter permitted under the Foreign Sovereign Immunities Act of 1976 (as amended, and together with any successor legislation) and are, and are intended to be, irrevocable for purposes thereof.

SECTION 9.16. Conversion of Currencies. (a) If, for the purpose of obtaining judgment in any court, it is necessary to convert a sum due hereunder in one currency into another currency, the parties hereto agree, to the fullest extent that they may legally and effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures the Administrative Agent could purchase the first currency with such other currency in The City of New York, on the Business Day immediately preceding the day on which final judgment is given.

(b) The obligation of the Borrower in respect of any such sum due from it to the Administrative Agent or any Lender hereunder or under the other Loan Documents shall, notwithstanding any judgment in a currency (the "Judgment Currency") other than that in which such sum is denominated in accordance with the applicable provisions of this Agreement (the "Agreement Currency"), be discharged only to the extent that on the Business Day following receipt by the Administrative Agent or such Lender, as the case may be, of any sum adjudged to be so due in the Judgment Currency, the Administrative Agent or such Lender, as the case may be, may in accordance with normal banking procedures purchase the Agreement Currency with the Judgment Currency. If the amount of the Agreement Currency so purchased is less than the sum originally due to the Administrative Agent or any Lender from the Borrower in the Agreement Currency, the Borrower agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the Administrative Agent or such Lender, as the case may be, against such loss. If the amount of the Agreement Currency so purchased is greater than the sum originally due to the Administrative Agent or any Lender in such currency the Administrative Agent or such Lender agrees to return the amount of any excess to the Borrower (or to any other person who may be entitled thereto under applicable law).

SECTION 9.17. National Security Laws. (a) Each Lender hereby notifies the Borrower that pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender to identify the Borrower in accordance with the Act.

(b) Notwithstanding any other provision of this Agreement, no Lender will assign its rights and obligations under this Agreement, or sell participations in its rights and/or obligations under this Agreement, to any person who is (i) listed on the Specially Designated Nationals and Blocked Persons List maintained by the U.S. Department of Treasury Office of Foreign Assets Control ("OFAC") and/or on any other similar list maintained by OFAC pursuant to any authorizing statute, executive order or regulation or (ii) either (A) included within the term "designated national" as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515 or (B) designated under Sections 1(a), 1(b), 1(c) or 1(d) of Executive Order No. 13224, 66 Fed. Reg. 49079 (published September 25, 2001) or similarly designated under any related enabling legislation or any other similar executive orders.

SECTION 9.18. Confidentiality. Each Lender, the Administrative Agent, and the Arranger agree to use all reasonable efforts to keep information obtained by it pursuant hereto and the other Loan Documents (other than such information that is made public by the Borrower or any of its Affiliates) confidential in accordance with such person's customary practices and agrees that it shall not disclose any such information other than (a) to such person's respective Affiliates and their respective employees, representatives and agents that are or are expected to be involved in the evaluation of such information in connection with the Transactions contemplated by this Agreement and are advised of the confidential nature of such information, (b) to the extent such information presently is or hereafter becomes available to such person on a non-confidential basis from a source other than the Borrower or any advisor, agent, employee or other representative thereof in each case that identified itself as such, (c) to the extent disclosure is required by law, regulation or judicial order or requested or required by bank regulators or auditors, (d) to current or prospective assignees, participants and Approved Funds, grantees described in Section 9.04, any direct or indirect contractual counterparties to any swap or derivative transaction relating to the Borrower and its Obligations, and to their respective legal or financial advisors, in each case and to the extent such assignees, participants, Approved Funds, grantees or counterparties are instructed to comply with, and to cause their advisors to comply with, the provisions of this

Section 9.18 or other provisions at least as restrictive as the provisions of this Section 9.18, (e) to any rating agency when required by it, provided, however, that, prior to any such disclosure, such rating agency shall undertake in writing to preserve the confidentiality of any confidential information relating to the Borrower received by it from the Administrative Agent or the Arranger or any Lender, (f) disclosures in connection with the exercise of any remedies hereunder or under any other Loan Document and (g) disclosures required or requested by any governmental agency or representative thereof or by the National Association of Insurance Commissioners or pursuant to legal or judicial process. Notwithstanding any other provision in this Agreement, the Administrative Agent hereby agrees that the Borrower (and each of its officers, directors, employees, accountants, attorneys and other advisors) may disclose to any and all persons, without limitation of any kind, the U.S. tax treatment and U.S. tax structure of the Facility and the transactions contemplated hereby and all materials of any kind (including opinions and other tax analyses) that are provided to it relating to such U.S. tax treatment and U.S. tax structure.

*[Signature pages follow]*

IN WITNESS WHEREOF, the Borrower, the Administrative Agent and the Lenders have caused this Agreement to be duly executed by their respective authorized officers as of the day and year first written above.

LITIGATION

The legal proceeding described below arose during the third quarter of 2008 and will be disclosed under Part II – Other Information, Item 1. “Legal Proceedings” of Alcoa’s Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2008 to be filed with the Securities and Exchange Commission. As noted in the last sentence of the description, the proceeding is in its preliminary stage and Alcoa is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

**PART II – OTHER INFORMATION****Item 1. Legal Proceedings.**

On July 21, 2008, the Teamsters Local #500 Severance Fund and the Southeastern Pennsylvania Transportation Authority (collectively, “plaintiffs”) filed a shareholder derivative suit in the civil division of the Court of Common Pleas of Allegheny County, Pennsylvania against certain officers and directors of Alcoa claiming breach of fiduciary duty, gross mismanagement, and other violations. This derivative action stems from the previously disclosed civil litigation brought by Aluminium Bahrain B.S.C. (“Alba”) against Alcoa, Alcoa World Alumina LLC, Victor Dahdaleh, and others, and the subsequent investigation of Alcoa by the U.S. Department of Justice and Securities and Exchange Commission with respect to Alba’s claims. The Alba suit alleges, among other things, that Alcoa and its employees or agents engaged in a conspiracy over a 15-year period to defraud Alba by illegally bribing Bahrainian government officials and/or officers of Alba to force Alba to purchase alumina at excessively high prices. The Alba suit and the investigation are more fully described in Part II, Item 1 of Alcoa’s Quarterly Report on Form 10-Q for the quarter ended March 31, 2008. This derivative action claims that the defendants caused or failed to prevent the matters alleged in the Alba lawsuit. The derivative action is in its preliminary stage and the company is unable to reasonably predict an outcome or to estimate a range of reasonably possible loss.

[FORM OF]

ASSIGNMENT AND ASSUMPTION

**ASSIGNMENT AND ASSUMPTION**, dated as of \_\_\_\_\_, \_\_\_\_ (this "Assignment and Assumption") (between [NAME OF ASSIGNOR] (the "Assignor") and [NAME OF ASSIGNEE] (the "Assignee").

Reference is made to the 364-Day Revolving Credit Agreement, dated as of October 14, 2008 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), among Alcoa Inc., a Pennsylvania corporation ("Alcoa"), Citibank N.A., as a Lender and as Administrative Agent for the Lenders (in such capacity, the "Administrative Agent"), and the other Lenders from time to time party thereto. Capitalized terms used herein and not otherwise defined herein are used herein as defined in the Credit Agreement.

The Assignor and the Assignee hereby agree as follows:

1 As of the Effective Date (as defined below), the Assignor hereby sells and assigns to the Assignee, and the Assignee hereby purchases and assumes from the Assignor, all of the Assignor's rights and obligations under the Credit Agreement to the extent related to the amounts and percentages specified in *Section 1 of Schedule I* hereto (the "Assigned Interest").

2 The Assignor (a) represents and warrants that (i) it is the legal and beneficial owner of the interest being assigned by it hereunder and that such interest is free and clear of any adverse claim and (ii) it has full power and authority, and has taken all actions necessary, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby, (b) makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with the Credit Agreement or any other Loan Document or any other instrument or document furnished pursuant thereto or the execution, legality, validity, enforceability, genuineness, sufficiency or value of the Credit Agreement or any other Loan Document, any other instrument or document furnished pursuant thereto or any collateral thereunder, (c) makes no representation or warranty and assumes no responsibility with respect to the financial condition of the Borrower or the performance or observance by the Borrower of any of their respective obligations under the Credit Agreement or any other Loan Document or any other instrument or document furnished pursuant thereto and (d) attaches the Note(s), if any, held by the Assignor and requests that the Administrative Agent exchange such Note(s) for a new Note or Notes.

3 The Assignee (a) agrees that it will, independently and without reliance upon the Administrative Agent, the Assignor or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement, (b) appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers under the Credit Agreement and the other Loan Documents as are delegated to the Administrative Agent by the terms thereof, together with such powers as are reasonably incidental thereto, (c) agrees to be bound by the terms of the Credit Agreement and perform in accordance with their terms all of the obligations that, by the terms of the Credit Agreement, are required to be performed by it as a Lender, (d) represents and warrants that it (i) has full power and authority, and has taken all

actions necessary, to execute and deliver this Assignment and Assumption and to consummate the transactions contemplated hereby and (ii) is sophisticated with respect to decisions to acquire assets of the type represented by the Assigned Interest and either it or the person exercising discretion in making the decision to acquire the Assigned Interest is experienced in acquiring assets of such type, (e) confirms it has received or has been given the opportunity to receive such documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Assignment and Assumption and to purchase the Assigned Interest independently and without reliance upon the Administrative Agent, the Assignor or any Lender, (f) specifies as its Domestic Lending Office (and address for notices) and Eurodollar Lending Office the offices set forth beneath its name on the signature pages hereof and (g) if applicable, attaches two properly completed Forms W-8BEN, W-8ECI or successor or form prescribed by the Internal Revenue Service of the United States, certifying that such Assignee is entitled to receive all payments under the Credit Agreement and the Notes payable to it without deduction or withholding of any United States federal income taxes.

4 Following the execution of this Assignment and Assumption by the Assignor and the Assignee, it will be delivered to the Administrative Agent (together with an assignment fee in the amount of \$3,500 payable by the Assignee to the Administrative Agent if required pursuant to Section 9.04(b) for acceptance and recording by the Administrative Agent. The effective date of this Assignment and Assumption shall be the effective date specified in *Section 2 of Schedule I* hereto (the "Effective Date").

5 Upon such acceptance and recording by the Administrative Agent, then, as of the Effective Date, (a) the Assignee shall be a party to the Credit Agreement and, to the extent provided in this Assignment and Assumption, have the rights and obligations under the Credit Agreement of a Lender and (b) the Assignor shall, to the extent provided in this Assignment and Assumption, relinquish its rights (except those surviving the payment in full of the Obligations) and be released from its obligations under the Loan Documents other than those relating to events or circumstances occurring prior to the Effective Date.

6 Upon such acceptance and recording by the Administrative Agent, from and after the Effective Date, the Administrative Agent shall make all payments under the Loan Documents in respect of the interest assigned hereby (a) to the Assignee, in the case of amounts accrued with respect to any period on or after the Effective Date, and (b) to the Assignor, in the case of amounts accrued with respect to any period prior to the Effective Date.

7 This Assignment and Assumption shall be governed by, and be construed and interpreted in accordance with, the law of the State of New York.

8 This Assignment and Assumption may be executed in any number of counterparts and by different parties on separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement. Delivery of an executed counterpart of this Assignment and Assumption by telecopier shall be effective as delivery of a manually executed counterpart of this Assignment and Assumption.

9 This Assignment and Assumption shall be binding upon, and inure to the benefit of, the parties hereto and their respective successors and assigns.

[SIGNATURE PAGES FOLLOW]

**NON-U.S. LENDER INSTITUTIONS:*****I. Corporations:***

If your institution is incorporated outside of the United States for U.S. federal income tax purposes, and is the beneficial owner of the interest and other income it receives, you must complete one of the following three tax forms, as applicable to your institution: **a.) Form W-8BEN** (*Certificate of Foreign Status of Beneficial Owner*), **b.) Form W-8ECI** (*Income Effectively Connected to a U.S. Trade or Business*), or **c.) Form W-8EXP** (*Certificate of Foreign Government or Governmental Agency*).

A U.S. taxpayer identification number is required for any institution submitting Form W-8ECI. It is also required on Form W-8BEN for certain institutions claiming the benefits of a tax treaty with the U.S. Please refer to the instructions when completing the form applicable to your institution. In addition, please be advised that U.S. tax regulations do not permit the acceptance of faxed forms. **An original tax form must be submitted.**

***II. Flow-Through Entities:***

If your institution is organized outside the U.S., and is classified for U.S. federal income tax purposes as either a Partnership, Trust, Qualified or Non-Qualified Intermediary, or other non-U.S. flow-through entity, an original **Form W-8IMY** (*Certificate of Foreign Intermediary, Foreign Flow-Through Entity, or Certain U.S. Branches for United States Tax Withholding*) must be completed by the intermediary together with a withholding statement. Flow-through entities other than Qualified Intermediaries are required to include tax forms for each of the underlying beneficial owners.

Please refer to the instructions when completing this form. In addition, please be advised that U.S. tax regulations do not permit the acceptance of faxed forms. **Original tax form(s) must be submitted.**

**U.S. LENDER INSTITUTIONS:**

If your institution is incorporated or organized within the United States, you must complete and return **Form W-9**

(*Request for Taxpayer Identification Number and Certification*). **Please be advised that we request that you submit an original Form W-9.**

***Pursuant to the language contained in the tax section of the Credit Agreement, the applicable tax form for your institution must be completed and returned prior to the first payment of income. Failure to provide the proper tax form when requested may subject your institution to U.S. tax withholding.***

ALCOA

[See attached.]

October 14, 2008

Citibank, N.A., as a Lender and as Administrative Agent for the Lenders,  
and each of the other Lenders from time to time party  
to the Credit Agreement referred to below  
c/o Citibank, N.A.  
2 Penns Way, Suite 110  
New Castle, Delaware 19720

Ladies and Gentlemen:

I am Counsel of Alcoa Inc., a Pennsylvania corporation ("Alcoa"), and in such capacity am familiar with the 364-Day Revolving Credit Agreement, dated as of October 14, 2008 (the "Credit Agreement"), among Alcoa, Citibank, N.A., as a Lender and as Administrative Agent for the Lenders, and the other Lenders from time to time party thereto. This opinion is rendered to you pursuant to Section 4.01(a) of the Credit Agreement. Capitalized terms used but not defined herein shall have the meanings assigned to them in the Credit Agreement.

In rendering the opinion expressed below, I have examined and am familiar with (i) the Credit Agreement, (ii) the Articles and By-laws of Alcoa, in each case as amended to the date hereof, (iii) certain resolutions of the Executive Committee of the Board of Directors of Alcoa relating to the approval of the Credit Agreement and the borrowings thereunder, and (iv) such other documents as I have deemed appropriate as a basis for the opinion set forth below.

In my examination, I have assumed the genuineness of all signatures, the legal capacity and competency of natural persons, the authenticity of all documents submitted to me as originals, the conformity to original documents of all documents submitted to me as facsimile, electronic, certified or photostatic copies, and the authenticity of the originals of such copies. In making my examination of documents executed by parties other than Alcoa, I have assumed that such parties had the power, corporate or other, to enter into and perform all obligations thereunder and have also assumed the due authorization by all requisite action, corporate or other, and execution and delivery by such parties of such documents and the validity and binding effect thereof upon such parties. As to any facts material to this opinion that I did not independently establish or verify, I have relied upon statements and representations of officers and other representatives of Alcoa and its subsidiaries and of public officials.

Based upon the foregoing and subject to the qualifications, assumptions and limitations stated herein, I am of the opinion that:

1. Alcoa (a) is a corporation duly organized, validly existing and in good standing under the laws of the Commonwealth of Pennsylvania and (b) is duly qualified to do business as a foreign corporation and is in good standing in all other jurisdictions in which the ownership of its properties or the nature of its activities or both makes such qualification necessary, except to the extent that failure to be so qualified would not result in a Material Adverse Effect.
2. Alcoa has corporate power and authority to (a) execute, deliver and carry out the provisions of the Credit Agreement and each other Loan Document to which it is a party in accordance with the terms thereof, and (b) perform its obligations under the Credit Agreement and each other Loan Document to which it is a party, and all such actions have been duly and validly authorized by all necessary corporate proceedings on its part.
3. The Credit Agreement and each other Loan Document to which Alcoa is a party have been duly executed and delivered by Alcoa and each constitutes the valid and binding obligation of Alcoa enforceable against Alcoa in accordance with its terms under the law of the Commonwealth of Pennsylvania, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium or other similar laws of general application affecting the enforcement of creditors' rights or by general principles of equity limiting the availability of equitable remedies (regardless of whether enforcement is sought in equity or at law).
4. No authorization, consent, approval, license, exemption or other action by, and no registration, qualification, designation, declaration or filing with, any Governmental Authority is necessary in connection with Alcoa's execution and delivery of the Credit Agreement or each other Loan Document to which Alcoa is a party, the consummation by Alcoa of the transactions contemplated thereby or Alcoa's performance of or compliance with the terms and conditions thereof.
5. None of the execution and delivery by Alcoa of the Credit Agreement or each other Loan Document to which Alcoa is a party, the consummation by Alcoa of the transactions contemplated thereby or performance by Alcoa of, or compliance by Alcoa with, the terms and conditions thereof will (a) violate any law, constitution, statute, treaty, regulation, rule, ordinance, order, injunction, writ, decree or award of any Governmental Authority to which Alcoa is subject, (b) conflict with or result in a breach or default under its Articles or By-laws, (c) to the best of my knowledge, conflict with or result in a breach or default which is material in the context of the Credit Agreement under any agreement or instrument to which Alcoa is a party or by which it or any of its properties, whether now owned or hereafter acquired, may be subject or bound or (d) result in the creation or imposition of any Lien prohibited by Section 6.01 of the Credit Agreement upon any property or assets of Alcoa, whether now owned or hereafter acquired.

Citibank, N.A., as a Lender and as Administrative Agent for the Lenders,  
and each of the other Lenders from time to time party  
to the Credit Agreement referred to below  
October 14, 2008  
Page 3

6. Except as set forth in the financial statements referred to in Section 3.06 of the Credit Agreement, the Exchange Act Reports or otherwise disclosed on Schedule 3.08 to the Credit Agreement, there is no pending or, to my knowledge, threatened proceeding by or before any Governmental Authority against Alcoa or any of its Subsidiaries which in my opinion is likely to result in a Material Adverse Effect.

7. Alcoa is not an "investment company" as defined in, or subject to regulation under, the Investment Company Act of 1940.

I am a member of the bar of the Commonwealth of Pennsylvania and my opinion is limited to the laws of the Commonwealth of Pennsylvania and the laws of the United States of America. I express no opinion herein as to whether a court would apply New York law to any particular subject matter hereof. To the extent that the laws of the State of New York or, contrary to the agreement of the parties, the laws of any other State govern the documents referenced herein, you may rely on my opinion with respect to such laws to the extent that the laws of such state or states are substantially the same as the laws of the Commonwealth of Pennsylvania, as to which sameness I express no opinion.

This opinion is being furnished only to you in connection with the Credit Agreement and is solely for your benefit and is not to be used, circulated, quoted or otherwise referred to for any other purpose or relied upon by any other person or entity for any purpose without my prior written consent; provided that I hereby consent to this opinion being relied upon by persons becoming Lenders pursuant to Section 9.04(b) of the Credit Agreement after the date hereof as if addressed to such Lenders on the date hereof.

Very truly yours,

/s/ Thomas F. Seligson

Thomas F. Seligson  
Counsel

[FORM OF]

ACCESSION AGREEMENT

ACCESSION AGREEMENT dated as of [•], among [ ] (the "Acceding Lender"), ALCOA INC., a Pennsylvania corporation ("Alcoa"), and Citibank, N.A., as administrative agent (the "Administrative Agent") for the Lenders and Issuers (as defined in the Credit Agreement referred to below).

A. Reference is made to the 364-Day Revolving Credit Agreement dated as of October 14, 2008 (as amended from time to time, the "Credit Agreement"), among Alcoa, the Lenders party thereto and Citibank, N.A. ("Citi"), as Administrative Agent for the Lenders.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Credit Agreement.

C. Pursuant to Section 2.21 of the Credit Agreement, Alcoa has invited the Acceding Lender, and the Acceding Lender desires, to become a party to the Credit Agreement and to assume the obligations of a Lender thereunder. The Acceding Lender is entering into this Agreement in accordance with the provisions of the Credit Agreement in order to become a Lender thereunder.

Accordingly, the Acceding Lender, Alcoa and the Administrative Agent agree as follows:

SECTION 1. Accession to the Credit Agreement. (a) The Acceding Lender, as of the Effective Date, hereby accedes to the Credit Agreement and shall thereafter have the rights and obligations of a Lender thereunder with the same force and effect as if originally named therein as a Lender.

(b) The Commitment of the Acceding Lender shall equal the amount set forth opposite its signature hereto.

(c) The amount of the Acceding Lender's Commitment hereby supplements Schedule 2.01(a) to the Credit Agreement.

SECTION 2. Representations and Warranties, Agreements of Acceding Lender, etc. The Acceding Lender (a) represents and warrants that it has full power and authority, and has taken all action necessary, to execute and deliver this Agreement and to become a Lender under the Credit Agreement; (b) confirms that it has received a copy of the Credit Agreement, together with copies of the most recent financial statements delivered pursuant to Section 5.01 of the Credit Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Agreement independently and without reliance upon the Administrative Agent, any other Agent or any Lender; (c) confirms that it will independently and without reliance upon the Administrative Agent, any other Agent or any Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement; (d) agrees that it will perform, in accordance with the terms of the Credit Agreement, all the obligations that by the terms of the Credit Agreement are required to be performed by it as a Lender and (e) irrevocably appoints Citi as Administrative Agent under the Credit Agreement.

The Acceding Lender authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms of the Credit Agreement, together with such actions and powers as are reasonably incidental thereto.

SECTION 3. Effectiveness. (a) This Agreement shall become effective as of [•] (the "Effective Date"), subject to the Administrative Agent's receipt of (i) counterparts of this Agreement duly executed on behalf of the Acceding Lender and Alcoa and (ii) the documents required to be delivered by Alcoa under Section 2.21 of the Credit Agreement.

(b) Upon the effectiveness of this Agreement, the Administrative Agent shall give prompt notice thereof to the Lenders.

SECTION 4. Foreign Lenders. If the Acceding Lender is organized under the laws of a jurisdiction outside the United States, it will provide, following the Effective Date, the forms specified in Section 2.18(g) of the Credit Agreement, at the times specified therein, duly completed and executed by the Acceding Lender.

SECTION 5. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which, when taken together, shall constitute but one instrument.

SECTION 6. Governing Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

SECTION 7. Severability. In case any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, none of the parties hereto shall be required to comply with such provision for so long as such provision is held to be invalid, illegal or unenforceable, but the validity, legality and enforceability of the remaining provisions contained herein and in the Credit Agreement shall not in any way be affected or impaired. The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Notices. All communications and notices hereunder shall be in writing and given as provided in Section 9.01 of the Credit Agreement. All communications and notices hereunder to the Acceding Lender shall be given to it at the address set forth under its signature hereto.

## ACCESSION AGREEMENT

ACCESSION AGREEMENT dated as of November 4, 2008, among BANK OF MONTREAL (the "Acceding Lender"), ALCOA INC., a Pennsylvania corporation ("Alcoa"), and CITIBANK, N.A., as administrative agent (the "Administrative Agent") for the Lenders (as defined in the Credit Agreement referred to below).

A. Reference is made to the 364-Day Revolving Credit Agreement dated as of October 14, 2008 (as amended from time to time, the "Credit Agreement"), among Alcoa, the Lenders party thereto and Citibank, N.A. ("Citi"), as Administrative Agent for the Lenders.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Credit Agreement.

C. Pursuant to Section 2.21 of the Credit Agreement, Alcoa has invited the Acceding Lender, and the Acceding Lender desires, to become a party to the Credit Agreement and to assume the obligations of a Lender thereunder. The Acceding Lender is entering into this Agreement in accordance with the provisions of the Credit Agreement in order to become a Lender thereunder.

Accordingly, the Acceding Lender, Alcoa and the Administrative Agent agree as follows:

SECTION 1. Accession to the Credit Agreement. (a) The Acceding Lender, as of the Effective Date, hereby accedes to the Credit Agreement and shall thereafter have the rights and obligations of a Lender thereunder with the same force and effect as if originally named therein as a Lender.

(b) The Commitment of the Acceding Lender shall equal the amount set forth opposite its signature hereto.

(c) The amount of the Acceding Lender's Commitment hereby supplements Schedule 2.01(a) to the Credit Agreement.

SECTION 2. Representations and Warranties, Agreements of Acceding Lender, etc. The Acceding Lender (a) represents and warrants that it has full power and authority, and has taken all action necessary, to execute and deliver this Agreement and to become a Lender under the Credit Agreement; (b) confirms that it has received a copy of the Credit Agreement, together with copies of the most recent financial statements delivered pursuant to Section 5.01 of the Credit Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Agreement independently and without reliance upon the Administrative Agent, any other Agent or any Lender; (c) confirms that it will independently and without reliance upon the Administrative Agent, any other Agent or any Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement; (d) agrees that it will perform, in accordance with the terms of the Credit Agreement, all the obligations that by the terms of the Credit Agreement are required to be performed by it as a Lender and (e) irrevocably appoints Citi as Administrative Agent under the Credit Agreement. The Acceding Lender authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms of the Credit Agreement, together with such actions and powers as are reasonably incidental thereto.

SECTION 3. Effectiveness. (a) This Agreement shall become effective as of November 4, 2008 (the "Effective Date"), subject to the Administrative Agent's receipt of (i) counterparts of this Agreement duly executed on behalf of the Acceding Lender and Alcoa and (ii) the documents required to be delivered by Alcoa under Section 2.21 of the Credit Agreement.

(b) Upon the effectiveness of this Agreement, the Administrative Agent shall give prompt notice thereof to the Lenders.

SECTION 4. Foreign Lenders. If the Acceding Lender is organized under the laws of a jurisdiction outside the United States, it will provide, following the Effective Date, the forms specified in Section 2.19(g) of the Credit Agreement, at the times specified therein, duly completed and executed by the Acceding Lender.

SECTION 5. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which, when taken together, shall constitute but one instrument.

SECTION 6. Governing Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

SECTION 7. Severability. In case any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, none of the parties hereto shall be required to comply with such provision for so long as such provision is held to be invalid, illegal or unenforceable, but the validity, legality and enforceability of the remaining provisions contained herein and in the Credit Agreement shall not in any way be affected or impaired. The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Notices. All communications and notices hereunder shall be in writing and given as provided in Section 9.01 of the Credit Agreement. All communications and notices hereunder to the Acceding Lender shall be given to it at the address set forth under its signature hereto.

IN WITNESS WHEREOF, the Acceding Lender, Alcoa and the Administrative Agent have duly executed this Agreement as of the day and year first above written.

## ACCESSION AGREEMENT

ACCESSION AGREEMENT dated as of October 31, 2008, among DEUTSCHE BANK AG NEW YORK BRANCH (the "Acceding Lender"), ALCOA INC., a Pennsylvania corporation ("Alcoa"), and CITIBANK, N.A., as administrative agent (the "Administrative Agent") for the Lenders (as defined in the Credit Agreement referred to below).

A. Reference is made to the 364-Day Revolving Credit Agreement dated as of October 14, 2008 (as amended from time to time, the "Credit Agreement"), among Alcoa, the Lenders party thereto and Citibank, N.A. ("Citi"), as Administrative Agent for the Lenders.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Credit Agreement.

C. Pursuant to Section 2.21 of the Credit Agreement, Alcoa has invited the Acceding Lender, and the Acceding Lender desires, to become a party to the Credit Agreement and to assume the obligations of a Lender thereunder. The Acceding Lender is entering into this Agreement in accordance with the provisions of the Credit Agreement in order to become a Lender thereunder.

Accordingly, the Acceding Lender, Alcoa and the Administrative Agent agree as follows:

SECTION 1. Accession to the Credit Agreement. (a) The Acceding Lender, as of the Effective Date, hereby accedes to the Credit Agreement and shall thereafter have the rights and obligations of a Lender thereunder with the same force and effect as if originally named therein as a Lender.

(b) The Commitment of the Acceding Lender shall equal the amount set forth opposite its signature hereto.

(c) The amount of the Acceding Lender's Commitment hereby supplements Schedule 2.01(a) to the Credit Agreement.

SECTION 2. Representations and Warranties, Agreements of Acceding Lender, etc. The Acceding Lender (a) represents and warrants that it has full power and authority, and has taken all action necessary, to execute and deliver this Agreement and to become a Lender under the Credit Agreement; (b) confirms that it has received a copy of the Credit Agreement, together with copies of the most recent financial statements delivered pursuant to Section 5.01 of the Credit Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Agreement independently and without reliance upon the Administrative Agent, any other Agent or any Lender; (c) confirms that it will independently and without reliance upon the Administrative Agent, any other Agent or any Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement; (d) agrees that it will perform, in accordance with the terms of the Credit Agreement, all the obligations that by the terms of the Credit Agreement are required to be performed by it as a Lender and (e) irrevocably appoints Citi as Administrative Agent under the Credit Agreement. The Acceding Lender authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms of the Credit Agreement, together with such actions and powers as are reasonably incidental thereto.

SECTION 3. Effectiveness. (a) This Agreement shall become effective as of October 31, 2008 (the "Effective Date"), subject to the Administrative Agent's receipt of (i) counterparts of this Agreement duly executed on behalf of the Acceding Lender and Alcoa and (ii) the documents required to be delivered by Alcoa under Section 2.21 of the Credit Agreement.

(b) Upon the effectiveness of this Agreement, the Administrative Agent shall give prompt notice thereof to the Lenders.

SECTION 4. Foreign Lenders. If the Acceding Lender is organized under the laws of a jurisdiction outside the United States, it will provide, following the Effective Date, the forms specified in Section 2.19(g) of the Credit Agreement, at the times specified therein, duly completed and executed by the Acceding Lender.

SECTION 5. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which, when taken together, shall constitute but one instrument.

SECTION 6. Governing Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

SECTION 7. Severability. In case any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, none of the parties hereto shall be required to comply with such provision for so long as such provision is held to be invalid, illegal or unenforceable, but the validity, legality and enforceability of the remaining provisions contained herein and in the Credit Agreement shall not in any way be affected or impaired. The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Notices. All communications and notices hereunder shall be in writing and given as provided in Section 9.01 of the Credit Agreement. All communications and notices hereunder to the Acceding Lender shall be given to it at the address set forth under its signature hereto.

IN WITNESS WHEREOF, the Acceding Lender, Alcoa and the Administrative Agent have duly executed this Agreement as of the day and year first above written.

## ACCESSION AGREEMENT

ACCESSION AGREEMENT dated as of October 31, 2008, among AUSTRALIA AND NEW ZEALAND BANKING GROUP LIMITED (the "Acceding Lender"), ALCOA INC., a Pennsylvania corporation ("Alcoa"), and CITIBANK, N.A., as administrative agent (the "Administrative Agent") for the Lenders (as defined in the Credit Agreement referred to below).

A. Reference is made to the 364-Day Revolving Credit Agreement dated as of October 14, 2008 (as amended from time to time, the "Credit Agreement"), among Alcoa, the Lenders party thereto and Citibank, N.A. ("Citi"), as Administrative Agent for the Lenders.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Credit Agreement.

C. Pursuant to Section 2.21 of the Credit Agreement, Alcoa has invited the Acceding Lender, and the Acceding Lender desires, to become a party to the Credit Agreement and to assume the obligations of a Lender thereunder. The Acceding Lender is entering into this Agreement in accordance with the provisions of the Credit Agreement in order to become a Lender thereunder.

Accordingly, the Acceding Lender, Alcoa and the Administrative Agent agree as follows:

SECTION 1. Accession to the Credit Agreement. (a) The Acceding Lender, as of the Effective Date, hereby accedes to the Credit Agreement and shall thereafter have the rights and obligations of a Lender thereunder with the same force and effect as if originally named therein as a Lender.

(b) The Commitment of the Acceding Lender shall equal the amount set forth opposite its signature hereto.

(c) The amount of the Acceding Lender's Commitment hereby supplements Schedule 2.01(a) to the Credit Agreement.

SECTION 2. Representations and Warranties, Agreements of Acceding Lender, etc. The Acceding Lender (a) represents and warrants that it has full power and authority, and has taken all action necessary, to execute and deliver this Agreement and to become a Lender under the Credit Agreement; (b) confirms that it has received a copy of the Credit Agreement, together with copies of the most recent financial statements delivered pursuant to Section 5.01 of the Credit Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Agreement independently and without reliance upon the Administrative Agent, any other Agent or any Lender; (c) confirms that it will independently and without reliance upon the Administrative Agent, any other Agent or any Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement; (d) agrees that it will perform, in accordance with the terms of the Credit Agreement, all the obligations that by the terms of the Credit Agreement are required to be performed by it as a Lender and (e) irrevocably appoints Citi as Administrative Agent under the Credit Agreement. The Acceding Lender authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms of the Credit Agreement, together with such actions and powers as are reasonably incidental thereto.

SECTION 3. Effectiveness. (a) This Agreement shall become effective as of October 31, 2008 (the "Effective Date"), subject to the Administrative Agent's receipt of (i) counterparts of this Agreement duly executed on behalf of the Acceding Lender and Alcoa and (ii) the documents required to be delivered by Alcoa under Section 2.21 of the Credit Agreement.

(b) Upon the effectiveness of this Agreement, the Administrative Agent shall give prompt notice thereof to the Lenders.

SECTION 4. Foreign Lenders. If the Acceding Lender is organized under the laws of a jurisdiction outside the United States, it will provide, following the Effective Date, the forms specified in Section 2.19(g) of the Credit Agreement, at the times specified therein, duly completed and executed by the Acceding Lender.

SECTION 5. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which, when taken together, shall constitute but one instrument.

SECTION 6. Governing Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

SECTION 7. Severability. In case any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, none of the parties hereto shall be required to comply with such provision for so long as such provision is held to be invalid, illegal or unenforceable, but the validity, legality and enforceability of the remaining provisions contained herein and in the Credit Agreement shall not in any way be affected or impaired. The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Notices. All communications and notices hereunder shall be in writing and given as provided in Section 9.01 of the Credit Agreement. All communications and notices hereunder to the Acceding Lender shall be given to it at the address set forth under its signature hereto.

IN WITNESS WHEREOF, the Acceding Lender, Alcoa and the Administrative Agent have duly executed this Agreement as of the day and year first above written.

## ACCESSION AGREEMENT

ACCESSION AGREEMENT dated as of October 31, 2008, among MORGAN STANLEY BANK, N.A. (the "Acceding Lender"), ALCOA INC., a Pennsylvania corporation ("Alcoa"), and CITIBANK, N.A., as administrative agent (the "Administrative Agent") for the Lenders (as defined in the Credit Agreement referred to below).

A. Reference is made to the 364-Day Revolving Credit Agreement dated as of October 14, 2008 (as amended from time to time, the "Credit Agreement"), among Alcoa, the Lenders party thereto and Citibank, N.A. ("Citi"), as Administrative Agent for the Lenders.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Credit Agreement.

C. Pursuant to Section 2.21 of the Credit Agreement, Alcoa has invited the Acceding Lender, and the Acceding Lender desires, to become a party to the Credit Agreement and to assume the obligations of a Lender thereunder. The Acceding Lender is entering into this Agreement in accordance with the provisions of the Credit Agreement in order to become a Lender thereunder.

Accordingly, the Acceding Lender, Alcoa and the Administrative Agent agree as follows:

SECTION 1. Accession to the Credit Agreement. (a) The Acceding Lender, as of the Effective Date, hereby accedes to the Credit Agreement and shall thereafter have the rights and obligations of a Lender thereunder with the same force and effect as if originally named therein as a Lender.

(b) The Commitment of the Acceding Lender shall equal the amount set forth opposite its signature hereto.

(c) The amount of the Acceding Lender's Commitment hereby supplements Schedule 2.01(a) to the Credit Agreement.

SECTION 2. Representations and Warranties, Agreements of Acceding Lender, etc. The Acceding Lender (a) represents and warrants that it has full power and authority, and has taken all action necessary, to execute and deliver this Agreement and to become a Lender under the Credit Agreement; (b) confirms that it has received a copy of the Credit Agreement, together with copies of the most recent financial statements delivered pursuant to Section 5.01 of the Credit Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Agreement independently and without reliance upon the Administrative Agent, any other Agent or any Lender; (c) confirms that it will independently and without reliance upon the Administrative Agent, any other Agent or any Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement; (d) agrees that it will perform, in accordance with the terms of the Credit Agreement, all the obligations that by the terms of the Credit Agreement are required to be performed by it as a Lender and (e) irrevocably appoints Citi as Administrative Agent under the Credit Agreement. The Acceding Lender authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms of the Credit Agreement, together with such actions and powers as are reasonably incidental thereto.

SECTION 3. Effectiveness. (a) This Agreement shall become effective as of October 31, 2008 (the "Effective Date"), subject to the Administrative Agent's receipt of (i) counterparts of this Agreement duly executed on behalf of the Acceding Lender and Alcoa and (ii) the documents required to be delivered by Alcoa under Section 2.21 of the Credit Agreement.

(b) Upon the effectiveness of this Agreement, the Administrative Agent shall give prompt notice thereof to the Lenders.

SECTION 4. Foreign Lenders. If the Acceding Lender is organized under the laws of a jurisdiction outside the United States, it will provide, following the Effective Date, the forms specified in Section 2.19(g) of the Credit Agreement, at the times specified therein, duly completed and executed by the Acceding Lender.

SECTION 5. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which, when taken together, shall constitute but one instrument.

SECTION 6. Governing Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

SECTION 7. Severability. In case any one or more of the provisions contained in this Agreement should be held invalid, illegal or unenforceable in any respect, none of the parties hereto shall be required to comply with such provision for so long as such provision is held to be invalid, illegal or unenforceable, but the validity, legality and enforceability of the remaining provisions contained herein and in the Credit Agreement shall not in any way be affected or impaired. The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Notices. All communications and notices hereunder shall be in writing and given as provided in Section 9.01 of the Credit Agreement. All communications and notices hereunder to the Acceding Lender shall be given to it at the address set forth under its signature hereto.

Re: Alcoa Inc.  
2008 Form 10-K

Ladies and Gentlemen:

In accordance with General Instruction D(3) to Form 10-K, I wish to inform you that the Consolidated Financial Statements in the Form 10-K do not reflect a change from the preceding year in any accounting principles or practices or in the method of applying any such principles or practices, with the exception of the implementation of Financial Accounting Standards Board Staff Position No. FIN 39-1, "Amendment of FASB Interpretation No. 39" and the measurement date provisions of Statement of Financial Accounting Standards No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans – an amendment of FASB Statements No. 87, 88, 106 and 132(R)." These changes are disclosed in Note A to the Consolidated Financial Statements.

Very truly yours,

/s/ Tony R. Thene
