## VOTING YOUR SHARES IS QUICK AND EASY

1. **If you have any questions about how to vote your shares, don't hesitate to call Innisfree M&A Incorporated, which is helping Arconic in this matter. From the U.S. and Canada, call TOLL-FREE (877) 750-5836. If outside the U.S. or Canada please call (412) 232-3651.**
2. Employees may hold Arconic shares in a variety of ways. But whether you hold your shares in registered name, in a personal account through a bank or a broker, or through one of Arconic's employee plans, the basic principles of voting are the same—and voting is quick and easy.
3. First, examine any proxy materials you receive carefully. Both Arconic's and Elliott's materials will be clearly marked as such. Elliott's proxy card or voting instruction form will be labeled "Blue" and be printed on either dark or very light blue paper. We urge you to simply DISCARD any Blue proxy card or voting instruction form you may receive.
4. Enclosed with your Arconic proxy materials, you will find a **WHITE** proxy card or voting instruction form. *TIP: The proxy card or voting instruction card is usually the very same piece of paper that shows your address through the window envelope. Be careful not to discard it by accident.*
5. The **WHITE** proxy card provides easy instructions for three methods of voting—
  - by telephone
  - by Internet
  - or by simply signing, dating and returning your vote by mail

You may choose whichever method is most convenient for you. If you decide to vote by telephone or by Internet, you'll want to have handy the Control Number located on your WHITE proxy card or voting instruction form.
6. Remember, if you hold shares in more than one account, you will receive a **WHITE** proxy card or voting instruction form for each of those accounts. Please vote using each **WHITE** proxy card or voting instruction form you receive.
  - If you vote by telephone or Internet, you will need to refer to the Control Number that is unique to each account you own and that is shown on each **WHITE** proxy card.
7. **Finally, remember that only your latest-dated vote counts.** Therefore, if you vote using the Blue proxy card or voting instruction form (*even if you mark "withhold" on Elliott's nominees*), it will cancel any vote you previously executed for that account using a WHITE proxy card or voting instruction form. **And Arconic needs your votes FOR the Arconic nominees on the WHITE proxy card.** (If you inadvertently returned a Blue proxy card or voting instruction form, you can always cancel that vote by simply submitting a later-dated vote using a **WHITE** proxy card or voting instruction form.)

**THANK YOU FOR YOUR SUPPORT**

## Forward-Looking Statements

This communication contains statements that relate to future events and expectations and as such constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include those containing such words as “anticipates,” “believes,” “could,” “estimates,” “expects,” “forecasts,” “guidance,” “goal,” “intends,” “may,” “outlook,” “plans,” “projects,” “seeks,” “sees,” “should,” “targets,” “will,” “would,” or other words of similar meaning. All statements that reflect Arconic’s expectations, assumptions or projections about the future, other than statements of historical fact, are forward-looking statements, including, without limitation, forecasts relating to the growth of the aerospace, automotive, commercial transportation and other end markets; statements and guidance regarding future financial results or operating performance; statements about Arconic’s strategies, outlook, business and financial prospects; and statements regarding potential share gains. Forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, and changes in circumstances that are difficult to predict. Although Arconic believes that the expectations reflected in any forward-looking statements are based on reasonable assumptions, it can give no assurance that these expectations will be attained and it is possible that actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. Such risks and uncertainties include, but are not limited to: (a) deterioration in global economic and financial market conditions generally; (b) unfavorable changes in the markets served by Arconic; (c) the inability to achieve the level of revenue growth, cash generation, cost savings, improvement in profitability and margins, fiscal discipline, or strengthening of competitiveness and operations anticipated from restructuring programs and productivity improvement, cash sustainability, technology advancements, and other initiatives; (d) changes in discount rates or investment returns on pension assets; (e) Arconic’s inability to realize expected benefits, in each case as planned and by targeted completion dates, from acquisitions, divestitures, facility closures, curtailments, expansions, or joint ventures; (f) the impact of cyber attacks and potential information technology or data security breaches; (g) political, economic, and regulatory risks in the countries in which Arconic operates or sells products; (h) the impact of the separation on the businesses of Arconic; (i) material adverse changes in aluminum industry conditions, including fluctuations in London Metal Exchange-based aluminum prices; (j) the impact of changes in foreign currency exchange rates on costs and results; (k) the outcome of contingencies, including legal proceedings, government or regulatory investigations, and environmental remediation; and (l) the other risk factors discussed in Arconic’s Form 10-K for the year ended December 31, 2016, and other reports filed with the U.S. Securities and Exchange Commission (SEC). Arconic disclaims any obligation to update publicly any forward-looking statements, whether in response to new information, future events or otherwise, except as required by applicable law. Market projections are subject to the risks discussed above and other risks in the market.

## Non-GAAP Financial Measures

Some of the information included in this communication is derived from Arconic’s consolidated financial information but is not presented in Arconic’s financial statements prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Certain of these data are considered “non-GAAP financial measures” under SEC rules. These non-GAAP financial measures supplement our GAAP disclosures and should not be considered an alternative to the GAAP measure. Reconciliations to the most directly comparable GAAP financial measures and management’s rationale for the use of the non-GAAP financial measures can be found in the schedules to this communication. Arconic has not provided a reconciliation of any forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measures because Arconic is unable to quantify certain amounts that would be required to be included in the GAAP measure without unreasonable efforts, and Arconic believes such reconciliations would imply a degree of precision that would be confusing or misleading to investors. In particular, reconciliations of forward-looking non-GAAP financial measures such as adjusted EBITDA and adjusted EBITDA margin to the most directly comparable GAAP measures are not available without unreasonable efforts due to the variability and complexity with respect to the charges and other components excluded from these non-GAAP measures, such as the effects of foreign currency movements, equity income, gains or losses on sales of assets, taxes and any future restructuring or impairment charges. These reconciling items are in addition to the inherent variability already included in the GAAP measures, which includes, but is not limited to, price/mix and volume.
