UNDERWRITING: As a result of the addition of several co-managers, some of which are not U.S. registered broker-dealers, the following language will be added under the heading "Underwriting" in the prospectus supplement:

"Certain of the underwriters are not U.S. registered broker-dealers and, therefore, to the extent that they offer or sell any of the notes in the United States, they will do so only through one or more U.S. registered broker-dealers in accordance with applicable U.S. law."

DELIVERY OF THE NOTES:

Delivery of the notes is expected on or about April 21, 2011, which will be the 6th business day following the date of pricing of the notes. Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of pricing or the next succeeding two business days will be required, by virtue of the fact that the notes initially will settle in T+6, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade notes on the pricing date or the next succeeding two business days should consult their own advisor.
